[00:04:40] - Hey, Kevin. - I'm here. - All right, just wanna make sure we are live, correct? - Good to go, yes. Live and all settings on YouTube have been changed.

[00:04:56] So, and I passed the host, so you should be good to go. We can continue on in text if you want, or I can go ahead and leave. You want me to hang for a few minutes or however you wanna do it.

[00:05:13] - I think we are okay. So I'm totally fine if you wanna hop off. And then if I do need anything, I can text you. Yes, I'll keep my phone on me. If there's anything going on, just let me know.

[00:05:28] Thanks, Kevin. No problem, talk to you soon.

[00:05:30] Bye.

[00:07:14] Good morning, everybody that's hopping on. Just to let you know, we are live on YouTube. And so just wanted to let the group know as folks are hopping on that we are live.

[00:07:37] And I will take this screen down once we get started. I just wanted folks that maybe are seeing the live stream

[00:07:43] that this is the executive session.

[00:08:46] Hey, Dan. - Hey, Emily, how are you? - Good, how are you? - Good, thanks. - Just letting folks know that we are live on YouTube. That's why I have this screen up. And once we get ready to get started, I'll pull it down so that everybody can see each other.

[00:09:03] Just want folks that are seeing the live stream to know we're going into executive session. - Okay, thank you. - Good morning, everyone. - Good morning, Patty.

[00:09:18] Good morning, Pam. - Good morning, how are you? - Good, thank you, how are you? - I'm doing well, thank you. - Seems like a decade since we've seen each other in person, I'll tell you. - It does, doesn't it? - Yeah, it really does, it's sad.

[00:09:33] - It is sad. Are you getting out and doing some running? - Yeah, pretty much. I've done a couple of those virtual races, and so, yeah, I'm getting out a lot actually.

[00:09:49] It's the sanity drive. How about you, you doing anything outside of the house? - I don't run, but I do, i'm doing a lot of walking try to walk three to five miles a day or something like that so just just to get out of the house a little bit and now the weather is so gorgeous superintendent duran how are you i'm good how are you doing good thanks see you good morning morning

[00:11:36] blame you you know that right i know it's fine just blame me it's okay and if you hear barking that is my puppy um uh my grandmother is a saint and is here to help me over the next two days but he is still a puppy so hopefully he'll be good and he might make an appearance at some point we'll see

[00:12:13] dr man good morning good morning just for those folks that are joining we are live on youtube um and we will get started as soon as we have all of the board members and staff um

[00:12:46] that are supposed to be here not nancy you are breaking up and i'm going to stop our screen share so that everybody can kind of see each other it looks like nancy you were in here three times

[00:13:05] i know nancy was having some challenges this morning good morning tonya are we expecting everybody emily yes we are emily would it help if nancy gets out and comes back in because i do

[00:13:41] still see the three appearances yeah i'm not sure um nancy you may want to close all of your zooms out um and try to rejoin and let's see what happens there looks like she's doing that here's dr lane adding him in and this is susan williams i just want to remind everybody i'm on the phone

[00:14:14] and say good morning morning thanks susan good morning good morning good morning good morning everyone it's good to see everyone even though it's through zoom i miss you miss you very much i know even what are we six months into this it still is weird feels like a lot longer doesn't it it feels like 10 years almost i miss everyone so much

[00:14:51] yeah i feel like anything that happened before march is uh it feels like years ago yes so we are just waiting on nancy to be able to rejoin and for miss holton and then we should be good to go

[00:15:24] and here is ann admitting her morning all morning good morning and here is nancy let's see if this

[00:15:55] works for her this time. Nancy, can you hear us? Nancy, do we have you, your audio with us? Nancy

[00:16:36] was having VPN problems, so I don't know if that would make a difference. Yeah, she was having some Zoom problems too. I told her I was having the same thing yesterday when we were doing some practice runs, but suggested that she launch from Internet Explorer. Nancy, another option could be that you call in um you know that could be another option if the video part isn't working right now meanwhile emily you need to show us your new edition did you miss it so you haven't missed it yet um i was apologizing to everybody in case they hear barking he is currently downstairs

[00:17:16] hopefully napping um my grandmother is a saint and she is puppy sitting with me the next two days she went with me this weekend to go pick him up and she's just adoring on him um so he will make an appearance sometime but i'm gonna while he's napping we're gonna let him nap all right he was getting up every hour last night so that was really fun but we did we had his um his vet

[00:17:49] check yesterday for the first time and happy healthy little boy so we're good to go all right nancy can you hear us i'm gonna have to call in oh we can hear you you can now yes okay let's see if we can use the sound is fine yes okay i don't know why the video won't work i guess i can just participate without the video yeah i think that should be okay um we had a public hearing on

[00:18:29] monday night for the computer technology standards and there were some there was no video there either so zoom is is struggling this week all right um i think we have everybody and we are live on youtube so president gecker i'll turn it over to you thanks and we'll call the meeting to order um reminder to the public this the purpose of today's meeting is really to go into executive session all motions of course will be by roll call because of zoom uh dr wilson thank you

[00:19:04] president gecker i move that pursuant to virginia code section 2.2-3711a 40 the virginia board of education convene in a closed meeting for the purpose of discussion and consideration of records related to denial suspension or revocation of teacher licenses and that susan williams and melissa sharnes legal counsel to virginia board of education as well as staff members, Dr. James Lane, Nancy Walsh, Emily Webb, Patty Pitts, and Tanya Kish, whose presence will aid in the board's consideration of this matter, participate in the closed meeting.

[00:19:43] Okay, we have a motion, and just for clarification, Susan, are both of you on, or just you? I'm trying to figure that out right now. I don't see another box that would be Melissa, so that's why I'm looking.

[00:19:59] Her phone number is not in the waiting room, so I don't, I do not see her. - Okay, I'm gonna say she's not in there then. - So then I don't think it impacts the motion necessarily, but it just in terms of the record, but it just reflect at the moment that although she's entitled to be in the closed session, she's not currently on.

[00:20:19] Anyway, we have a motion, is there a second? - Second. - Thank you, Dr. Durand. Again, by roll call, Ms. Davis-Faught. - Aye. - Dr. Durand. - Aye. - Ms. Holton. - Aye. - Dr. Amann. - Aye.

[00:20:36] - Dr. Pexton. - Aye. - Dr. Wilson. - Aye. - I vote aye. Okay, let's move into executive session, Emily, thank you. - Give us just a minute so that we can stop the live stream and then we'll get going.
