[00:16:40] Delegate from Chesterfield, Delegate Dowdy. Mr. Speaker, I rise for an introduction. Doug has the floor. Thank you, Mr. Speaker. Today, I am honored to introduce Reverend Dr. Norwood Carson, who

offered today's upliving invocation. Dr. Carson is a devoted pastor, educator, and community servant whose ministry has been rooted in faith, service, and empowerment of others.

[00:17:02] He currently serves as the pastor of Friendship Baptist Church in Hopewell, Virginia, where he has faithfully guided and strengthened the congregation and the surrounding community's spiritual life. If you have the chance to join the church for service, be prepared to be blown away by the choir's joyful singing.

[00:17:18] Reverend Dr. Carson has dedicated his life to ministry, education, and humanitarian service, believing that the church must serve as a force for love, learning, and community uplift. His leadership has extended beyond the pulpit through mentoring as the executive director for the Tabernacle Divinity School through education and community engagement that seeks to improve the lives of families and strengthen faith across generations.

[00:17:42] Throughout his career, Dr. Carson has been recognized for his impact in the faith community and has also served congregations across the region, where his pastoral leadership helped grow membership and develop church leadership. We are grateful for his presence today and for the powerful words of inspiration he shared with us.

[00:17:59] Please join me in thanking Reverend and Dr. Norwood Carson for his continued service, faith, and commitment to uplifting both the church and our community. Welcome, Dr. Carson. Welcome to the Capitol today.

[00:18:26] Delegate for Buckingham, Delegate Garrett. Hey, Mr. Speaker, I rise for the purpose of an introduction. Delegate has the floor. Mr. Speaker, we're joined in the gallery today by present and future greatness, the Goochland Little League Eight Under All-Stars. I'd ask if they could please rise. Mr. Speaker, Goochland County and the 56th District, we try to do things big, and the Goochland Little League All-Stars outscored their opponents in the Virginia State Championship Tournament by a combined total of 31 runs.

[00:18:56] I said present and future greatness, Mr. Speaker, because it's a little known fact that Justin Verlander, future Hall of Famer and soon to be honored and inducted into the Virginia Sports Hall of Fame, perhaps in these chambers, went to Goochland. And in fact, at one point in his career, Justin Verlander pitched to a Goochland catcher, John Hicks.

[00:19:14] So there is a history of greatness and a future of greatness in Goochland. It was embodied by these young men when they went to the DYB World Series and defeated teams from North Carolina, Tennessee, Florida and Louisiana. Finishing third place overall in the World Series Tournament, earning the sportsmanship honor out of all the teams in the World Series.

[00:19:32] Mr. Speaker, I'm convinced that they could have won, but they took mercy on some of those people from the other states, hence finishing third. But Mr. Speaker, I would ask yourself and my colleagues to join me in giving these outstanding young men the warm welcome of the Virginia House of Delegates.

[00:20:03] Outstanding, outstanding. Welcome to the Capitol today. Delegate from Richmond City, Delegate Carr. Thank you, Mr. Speaker. I rise for an introduction. Delegate has the floor. Thank you, Mr. Speaker. Thank you. Today, joining us in the chamber is Mr. Tom Kirkland, an independent licensed optician who owns and operates Tom Kirkland Opticians on 8th Street here in downtown Richmond.

[00:20:27] Tom is joined here in the back of the chamber by his wife, Kim, and upstairs in the gallery by his daughter, Lauren, his brother, Dave, and his sister, Susan Griffin. They're all here today. Ask them to please stand. Tom is celebrating 40 years in business this year, which as a body we commended with House Resolution 176.

[00:20:51] He learned through the old school, the art of opticianry, hands-on apprenticing, before taking his boards to become licensed in 1978. With the dream to meet the community's eyewear needs, Tom sought to bring the hottest selection of designer eyewear and top quality spectacle lens here to Richmond.

[00:21:11] Since the opening of Tom Kirkland Opticians in March 1986, Tom has served as president of the Opticians Association of Virginia and was voted by his peers for Optician of the Year in 2003. Countless opticians have interned under Tom while studying his craft at J. Sargent Reynolds Community College.

[00:21:34] He has also provided safety eyewear to surrounding state offices and private companies for many years. Tom has been the only local Cartier authorized eyewear dealer in central Virginia for 33 years.

[00:21:50] Tom's personalized approach, experience, fitting a wide range of diverse multicultural faces and expertise and filling average to complex spectacle prescriptions has earned him loyal, lifelong customers.

[00:22:06] Many love the shop's family atmosphere where they are greeted by either Tom, his sister, daughter, or wife when they walk in the front door. Others enjoy hearing Tom's personal stories, growing up in Petersburg, Virginia, with fond memories of playing basketball with the great Moses Malone, carrying papers for the progress index for eight years and winning paper boy the year training in karate under grandmaster hulan l willis senior tom earned a title kiyoshi kirkland eight degree black belt and taught karate for 32 years at first baptist church and inner city communities communities all

[00:22:42] free of charge more recently he was featured in the tom kirkland rap song written and performed by local Richmond artist, Monty Torel. Tom's stories are endless, as is his love for people. Today, Tom continues to utilize the latest in optical machinery and lens technology, combining science with art to create functional, amazing eyewear. I hope the body will join me in giving him a warm

[00:23:08] house welcome. Welcome, welcome to the Capitol today. The Delegate from Warren County, Delegate Oaks. Mr. Speaker, I rise for a motion and an introduction.

[00:23:32] The delegate has the floor. I move the House take out of order, H.R. 239, on page 67 from today's calendar. Clerk will report a resolution. House Joint Resolution No. 239, commending the Skyline High School Wrestling Team. Delegate from Warren County, Delegate Oaks.

Mr. Speaker and members of the House, it is my honor to welcome to the gallery the skyline high school wrestling team from warren county i would ask them to please stand mr speaker i am so proud to share with the house that the skyline hawks are the virginia high school league class three state wrestling champions not just for 26 but they won in 25

[00:24:22] earning back-to-back titles in 25 skyline made history at the state championship in lynchburg defeating the runner-up by 39.5 points. That victory marked the first state championship in Skyline High School history and the first state title ever won by a boys' team from Warren County Public Schools.

[00:24:44] Nine Skyline wrestlers placed at the state tournament, including three individual state champions. In 26, the Hawks return, this time as the team to beat, and once again dominated the field at the Salem Civic Center, winning their second consecutive state title by an incredible 68-point margin, with seven wrestlers finishing in the top four.

[00:25:08] Under the leadership of their coach, Kyle Simons, Skyline Wrestling has now won seven consecutive district championships, six regional championships, and has had two wrestlers earn national rankings. I want to tell you, though, just as impressive, the team maintains a 3.8 GPA.

[00:25:30] Nine of those wrestlers carry a perfect 4.0, and many volunteer their time coaching youth wrestlers in the community. Over the past two seasons, 100% of our Skyline graduating wrestlers have pursued higher education, with 86% of them competing at the collegiate level.

[00:25:51] Mr. Speaker, as a delegate representing this community, I could not be more proud of these young men and women. There is a young woman up there who wrestles, since it's women's history, mom. They represent the very best of Virginia through their excellence in athletics, academics, and character.

[00:26:12] One more thing, Mr. Speaker. They could not be outdone by Front Royal Little League, so this is yours. I know, it's great. Mr. Speaker, I ask the House to join me in recognizing the Skyline High School wrestling team for winning the Virginia High School League Class III state championships in 25 and 26, and I move passage of the resolution.

[00:26:39] The delegate from Warren County, Delegate Oates, moves the House, adopt House Joint Resolution No. 239, commending the Skyline High School wrestling team. All those in favor will say aye. Those opposed, no. The motion is agreed to. Congratulations. Man, Coach, that's a disciplined team.

[00:27:07] They didn't even smile. They're like, you got them, man. They ready to wrestle right now. Nobody smiled, man. All right, all right. The delegate from Clark, I mean, from Suffolk County, delegate Clark. Thank you, Mr. Speaker. I rise for an introduction. The delegate has a floor. Mr. Speaker, in the gallery today, we have Nurse Shea Pugh of Windsor High School in Isla White County, and I will ask for Nurse Pugh and her guests to please stand.

[00:27:31] Nurse Pugh was selected as the 2025 School Nurse of the Year by the Virginia Association of School Nurses for her leadership in student mental health support and cardiac emergency preparedness. She helped develop the mental health toolkit for school nurses after collaborating with the Virginia Chapter of the American Academy of Pediatrics and REACH Crisis Service.

[00:27:53] And she has shared that work to help schools better respond to students in need. She also organized a trained cardiac response team at Windsor High School, helped the school earn the Heart Safe School designation from Project ADAM, And in 2023, she earned national certification as a school nurse.

[00:28:12] Her compassion, preparation, and advocacy has made a lasting impact on the health and well-being of young people in Isla White County. And I was so eager to commend her that we already passed her resolution at H.R. 75 a few weeks ago. So I can't wait to present it to you back in the district.

[00:28:28] And I hope it will be the will of the body to give her a warm house welcome. Welcome. Welcome to the Capitol today. Delegate from Fairfax, Delegate Delaney.

[00:28:46] Thank you, Mr. Speaker. I rise for a motion. Doug has the floor. Thank you, Mr. Speaker. I move to take H.J. 236 out of order and speaking to that motion. Doug has the floor. Thank you, Mr. Speaker. H.J.

236 commends Joanne Perry-Maxwell for her service to the Commonwealth.

[00:29:04] And she and her party are in the gallery, so I would ask her to please rise. Joanne has served our Commonwealth for two and a half decades through her public service as an employee of multiple state agencies, most recently as Director of Governance and Legislative Affairs for the Virginia Department of Transportation.

[00:29:23] She worked tirelessly on every assignment, earning the admiration and respect of her peers at every office, agency, and departments that she was assigned to. I hope it is the will of the body to congratulate Joanne Maxwell for cultivating a reputation of reliable, trusted, thorough, insightful advocate for the Commonwealth and for the strong working relationships she forged with members here with our staff and here at the General Assembly and renew my motion to adopt this resolution.

[00:29:52] Delegate from Fairfax, Delegate Delaney moves that the House adopt House Joint Resolution Number 236, commending Joanne Perry-Maxwell. All those in favor will say aye. Aye. Those opposed, no. The motion is agreed to. Congratulations.

[00:30:19] Delegate from Suffolk, Delegate Clark. Thank you, Mr. Speaker. I rise for an introduction. Delegate has the floor. Thank you, Mr. Speaker. of the House. It is my privilege to recognize Suffolk Public Schools. If they could please rise. Suffolk Public Schools is a division serving nearly 14,000 students and guided by a vision to strive for excellence in education, celebrate diversity, and remain committed to the entire school community. At the heart of this work are the students themselves, a talented community of learners who bring curiosity, creativity, and determination into their classrooms every day.

[00:30:55] Suffolk Public Schools encourages students to grow academically, socially, and emotionally while discovering their unique strengths and interests. Today, these students are here to observe democracy in action at the General Assembly. This visit provides them with a firsthand opportunity to deepen their understanding of how our state government works for the people of Virginia.

[00:31:14] Being present in this historic institution allows them to connect classroom learning to real-world governance and to better appreciate the principles upon which our state was founded. Through engaging instruction, enriching extracurricular activities, leadership opportunities, and supportive services, students are empowered to become confident thinkers, responsible citizens, and future-ready graduates.

[00:31:36] We have students from Lakeland, Kings Fork, and Nazman River who I share with Delegate Carnegie as well, and I hope it will be the pleasure of the body to give them a warm house of welcome. Welcome, welcome to the Capitol today. The Delegate from Chesterfield, Delegate Doherty.

[00:32:02] Thank you, Mr. Speaker. I rise for an introduction. Doug has the floor. Mr. Speaker, will our guests from Elizabeth Davis Middle School please rise? These outstanding students represent the Elizabeth Davis Middle School chapter of the National Junior Honor Society, an organization built upon the pillars of scholarship, service, leadership, and character.

[00:32:24] Membership in this organization is a significant achievement. Students must maintain at least a 3.8 grade point average to even be invited to apply. And from approximately 100 eligible students, only the top candidates were selected. These students demonstrate a remarkable commitment to both their school and our community.

[00:32:41] Each member contributes hours of community service monthly, and together they have led meaningful initiatives that benefit others. Recently, they collected more than 500 pounds of food during their holiday food drive, supporting families in need. And they also wrote Valentine's Day cards for senior citizens in nursing homes in our area, spreading kindness and connection to members of their community.

[00:33:02] Beyond the National Junior Honor Society, these students balance rigorous academic schedules that include high school-level coursework while also participating in athletics, theater, music, scouting, peer membership, and church organizations. Many will go on to attend specialty centers and advanced academic programs at the high school level.

[00:33:21] The chapter also practices leadership within its own organization, electing student officers who guide the work of the group. Their president, vice president, secretary, and historian are all here today with their chapter. Mr. Speaker, members of the House, please join me in giving a warm house welcome to the Elizabeth Davis Middle School National Junior Honor Society.

[00:33:41] Welcome, welcome to the Capitol today. Delegate from Newport News, Delegate Simons. Thank you, Mr. Speaker.

[00:33:58] Mr. Speaker, I rise for the purposes of an introduction. The delegate has the floor. In the gallery today, we have the Peninsula Chinese American Association, if they could please stand. PCAA was founded over 40 years ago as a non-profit organization dedicated to educational and cultural purposes.

[00:34:20] In addition to its charitable work, PCAA also oversees a Chinese language school in Newport News and awards annual scholarships to local high school seniors for their academic achievements and community service. And I'm very proud to have had a number of interns from their organization.

[00:34:39] I hope we can give them a warm House welcome. Welcome. Welcome to the Capitol today. Pursuant to House Rule 30, the journal shall reflect that the following members are aware on pressing personal business on a granted leave from today's session.

[00:35:01] Delegate Cohen. Clerk will announce the next order of business. [00:35:22] Clerk shall announce the next item. DELEGATE TRAN: Delegate from Alexandria, Delegate Herring. DELEGATE TRAN: Mr. Speaker, I move that the legislation, as announced by the clerk, go bye for the day.

[00:36:00] DELEGATE TRAN: Delegate from Alexandria, Delegate Herring, moves that the legislation, as announced by the clerk, go bye for the day. As many in favor, the motion will say aye. Those opposed, no.

The motion is agreed to. The clerk shall announce the next order. And the fourth and final portion of the morning hour on this Friday is reserved for a member request for points of personal privilege. Kindly use your request speak button to get into the queue.

[00:36:17] Delegate from Prince William, Delegate Franklin. Good morning, Mr. Speaker. I rise for a point of personal privilege. The delegate has the floor. Thank you, Mr. Speaker. During Women's History Month, I rise to recognize the generations of remarkable women who built the foundation of Stafford and Prince William counties I am honored to represent here in the House of Delegates today.

[00:36:38] Long before Virginia was a state, a Piscataway woman named Mary Katamaquan maintained diplomatic relations between Native tribes and English settlers. In the colonial era, when society believed that women had little value outside their homes, Lacia Corbin Lee inherited thousands of acres of land in Prince William County.

[00:37:00] Her land became Lisa Vane State Park, a central component of the community to this day. And in Stafford County, Mary Lee Custis fought against slavery, even when discouraged from speaking publicly, especially as a white woman speaking out against their family and friends in the pursuit of racial justice.

[00:37:19] Born enslaved, Jeannie Dean raised funds and established the Manassas Industrial School for Colored Youth in Prince William County. Through determination and faith, she created educational opportunities for generations of black students who were turned away from the fundamental right to education everywhere.

[00:37:38] And Kate Waller Barrett from Stafford County was one of the Commonwealth's first female physicians. She helped establish and run the National Florence Crittenden Mission, where she dedicated her life to treating and empowering women facing poverty, exploitation, and injustice.

[00:37:54] Mr. Speaker, these five women lived in different centuries, came from different circumstances, and faced different challenges. But they all shared something in common. They used their courage, their compassion, and their determination to build stronger communities and a stronger commonwealth for generations to come.

[00:38:14] Mr. Speaker, in Stafford and Prince William counties, women have been leading the way with bravery for centuries. So have women in each and every one of the communities represented here in this chamber. This Women's History Month, let's recognize more than the big names.

[00:38:31] Let's celebrate the women who have made their districts homes. Let's honor the women heroes in our very own neighborhoods. And let's remember the women who have put in the work to shape the future of our communities here throughout the Commonwealth. Thank you, Mr. Speaker. That is from Patrick County, Delegate Williams.

[00:38:58] Good morning, Mr. Speaker. Good morning. How are you doing? I don't recognize you without the wig. I know. Mr. Speaker, I rise for a point of personal privilege. The delegate has the floor. In honor of the first day of early voting on the redistricting amendment, I'd like to read some quotes into the record.

[00:39:17] Democrat Governor Abigail Spanberger in 2019. Quote, gerrymandering is detrimental to our democracy and it weakens the individual voices that form our electorates. Opposing gerrymandering should be a bipartisan priority. Democrat Governor Spanberger, while running for governor.

[00:39:33] Quote, short answer is no. i have no plans to redistrict virginia end quote democrat senator louise lucas 2020 this package fully encompassed the kind of reform virginians have wanted for a long time an equitable transparent and bipartisan process to ensure our electric our electoral maps are drawn fairly democrat congressman don byer 2020 gerrymandering is cheating it allows politicians to select their voters when it should be the other way around.

[00:40:07] Democrat Congressman Jennifer McClellan, 2020. Virginia deserves a redistricting process that produces fair maps and ends partisan racial and prison gerrymandering. Former Senator, Democrat Majority Leader Dick Sasslaw, 2020.

[00:40:26] He called arguments against the Independent Redistricting Commission. Pure bull. Former President Barack Obama, State of the Union Address. We have to end the practice of drawing our congressional districts so that politicians can pick their voters and not the other way around.

[00:40:44] Let a bipartisan group do it. Thank you, Mr. Speaker. You missed me. The delegate from Fairfax, Delegate Simon. Mr. Speaker, I rise for a point of personal privilege.

[00:41:02] The delegate has the floor. Mr. Speaker, members of the House, let me begin by saying something here. The death of Stephanie Mentor was a tragedy, a terrible tragedy. And I think what makes it even more tragic is it was the result of systemic failure. But let's be clear, Mr. Speaker, let's be clear about whose failures those were.

[00:41:21] This was an epic failure on the part of ICE, all right? Mr. Speaker, we had some conversation today in the Public Safety Committee, and I think that there was a little bit of a misunderstanding, perhaps, by my friends on the other side of the aisle about how ICE detainers work and how things happen.

[00:41:37] But the individual who's responsible for this crime was in Fairfax County's custody overnight at least eight times. This is the ninth time this individual has been in Fairfax County's custody since 2018. Only once, only once did ICE send a detainer for this person's arrest, and the person was, ICE went ahead and took them into custody in 2018.

[00:42:00] Now remember who was president in 2018, right? This was Donald Trump's ICE, took him into custody for whatever reason. There was an order of removal that was issued, but this individual was never removed. ICE and the Department of Homeland Security didn't follow up on that. And as a result, this person returned to Fairfax County Jail another seven times, right?

[00:42:19] And we heard the litany of times and the charges. And let me tell you something, Mr. Speaker, ICE knew about it every single time. Every single time they were booked, they were fingerprinted, their information on what crime they committed, what they'd done, where they were, was entered into the NICS system, the national database that alerts ICE officers when somebody that's on their list, somebody who has a removal order, is in custody, they know about it.

[00:42:42] Four times, Mr. Speaker, in 2025, all right? So let's think about who was president in 2025, let's think about who was governor in 2025. Four times in 2025 alone, in March, in July, in November, and in December of 2025, this person was in custody overnight. Fairfax County was waiting for a detainer to come down. They entered the information. Virginia law enforcement officers did their job. They said, we've got this person. We know you want them. Here he is. Come get your guy. And no detainer came down, Mr. Speaker.

[00:43:16] So we've got to suggest that this is somehow a lack of cooperation, that somehow we're hiding the ball, that somehow somebody in Fairfax County doesn't want the feds to know where this person is, that couldn't be further from the truth. In Fairfax, we did what we were supposed to do. In fact, with all the publicity about this, the only thing I've heard from DHS so far is a social media post saying, don't let this guy out. I called the sheriff this morning and said, hey, all the publicity, all that we've heard about this, have you received a detainer from ICE yet? The answer is only an informal detainer, Mr. Speaker.

[00:43:48] Haven't even received a detainer yet. And Mr. Speaker, again, you know, it is a tragic thing what happened to Stephanie Mentor, and I appreciate the outrage and I'm frustrated and I'm angry about it and I think it's disgusting as well but I have to tell you what's a little bit disgusting is the glee I think that some of my folks on the other side seem to take in being able to talk about this and try and put the blame on Democrats. Mr. Speaker there's another headline this morning which I haven't heard anybody on the other side talk about or tweet about or share on their social media. Mr. Speaker a January 6th rioter who was pardoned by President Trump was sentenced yesterday for child sex crimes and shooting including child

[00:44:24] molestation. We don't hear anything about that. Mr. Speaker, this is one of 33 people. So from the party of law and order, the party of no second chances, from the party of lock them up and throw away the key, we pardoned all of these January 6th rioters without any thought, without any consideration of whether they have a criminal record, to how dangerous they might be, the fact that they might commit crimes when they go back out in their community. And it continues to happen and we hear nothing about it. Mr. Speaker, members of the House, I take my job as the chair of public safety very seriously. And we all want for Virginia to be the safest state and have the safest communities in the country. And I think we do a very good job of that. Mr. Speaker, we need the federal government, we need ICE to focus on what they promised us that we're going

[00:45:03] to focus on. They said, we're going to focus on getting rid of the worst of the worst. We're going to go after the criminals, the violent criminals. Well, here it is. We've told them five times, six times, eight times, here's your violent criminal. Just do your basic core function of your job. Just look at those NICS alerts when they come across your desk. Go get those folks out of jail take them into custody deport them if you need to nobody wants to stop that nothing any of the bills that you're going to see pass this legislature interfere with that process for violent criminals right there are carve outs there's nothing that will interfere with that process mr speaker i hope that if anybody at dhs is listening i'm telling you and i know that

[00:45:39] there's been some turnover there recently i know that there's that but but i gotta tell you if anybody there is is running that show and is listening now we've got your guy come get him we're happy to turn them over. We don't want folks like that in Virginia. Let's do our jobs, Mr. Speaker. Let's keep Virginia the safest place in the Commonwealth. Thank you, Mr. Speaker.

[00:46:02] Doug from Scott County, Delegate Kilgore. Yeah, I've always heard in politics if you're explaining. Point of personal privilege. Yeah, point of personal privilege. Always heard in politics. Just get up and start yakking, huh? Okay. Yeah, I already started. I'm so excited, Mr. Speaker. I know. Yeah. If you're explaining, you're losing. That's what we've always heard in politics. And for this party to sit there and talk about, hey, ICE is not doing their job, you've put forth all kinds of bills this year to prohibit ICE from doing its job,

[00:46:41] prohibit ICE from going to the courthouses, prohibit ICE from going to these places where they can pick up these violent felons. But the one name that I did not hear, I know you talked to the sheriff, but did you talk to the Commonwealth attorney? The Commonwealth attorney who's letting everybody out and making Fairfax County an unsafe locality.

[00:47:03] That's who we need to be talking about, Mr. Speaker. Thank you. The delegate from James City County, Delegate Anderson. Thank you, Mr. Speaker. Mr. Speaker, I rise for a point of personal privilege.

[00:47:19] The delegate has the floor. Thank you, Mr. Speaker. As the delegate from Patrick County pointed out, in honor of today's redistricting referendum, I just wanted to say a few quotes from my colleagues on the right who have condemned the redistricting maps that are very much unconstitutional and disenfranchising millions of voters across this country by our president. I'm sorry, there aren't any. So with that,

[00:47:46] thank you, Mr. Speaker. Delegate from Patrick County again. Hey, Mr. Speaker. How you doing?

[00:48:04] It's Delegate from Patrick County. Delegate has the floor. Why do you rise? Point of personal privilege. Delegate has the floor. My name was invoked on the House floor, so I feel like I should get up and stand and say something, but I have no idea what she just said or her point, so I'm going to say thank you, Mr. Speaker, and sit down.

[00:48:26] One more week, y'all. One more week. One more week. The delegate from Newport News, Delegate Price. Yes, Mr. Speaker, I rise to a point of a quick point of personal privilege.

[00:48:43] The delegate has a floor. Thank you, Mr. Speaker. I'm not sure if it's the absence of the wig, but as we've seen from our friend, he loves to live in history, and that is where all of his quotes came from. The one quote he did forget to say was, find me five seats.

[00:49:00] And that's the quote that our president has given since all of the other quotes that he listed. And so I will offer another quote here today, first day of early voting. Vote yes, fight back. Quote me on it. The delegate from Buckingham, Delegate Garrett.

[00:49:31] I rise for a point of personal privilege. The delegate has the floor. I'd just like to direct the delegate from James City County to my speech from January of 2026, where I excoriated states for doing things, you know, states like Illinois, Connecticut, New York, Massachusetts, wherein they gerrymandered, wherein I stated the reality that the Texas redistricting is a little bit more complicated than how y'all like to paint it, given that there was judiciary involvement. And where I said in Virginia, maybe we should act a little bit more like those brave Republicans in Indiana who said no to gerrymandering or the brave Republicans in

[00:50:08] this very chamber 12 or 15 years ago when speaker bill howell said no to republican gerrymandering from the state senate so i don't know if she was away on a point of uh pressing personal need or what that day but uh i just wanted to respond with i've been saying it it's got a whole bunch of views on social media which is apparently a metric that's important to some people and i can send it to her if she'd like thank you mr speaker call the calendar calendar for today Friday, March 6th, 2026 for the Virginia House of Delegates, approximately 60 plus bills to deal with today.

[01:16:43] The Senate Substitute is adopted. Top of page 13, we come to House Bill 309, which relates to temporary detention in hospital for testing, observation, or treatment. Legislation originally passed the House, such as the Senate with amendments, and the Senate amendments are now before you. That is from Arlington, Delegate Hope. Thank you, Mr. Speaker.

[01:16:58] I'm going to ask the body to accept the Senate amendments, just to remind the body that this is a bill when someone presents themselves with a meeting criteria for a danger to themselves or others, they can go before a judge and get a TDO. But what happens when someone goes to the emergency room and they need to see that time between entering the emergency room and going before a magistrate or a judge to get a TDO?

[01:17:19] This bill just covers that period of time in between in custody. The Senate amendments just make technical changes. Again, I move that the body accept the Senate amendments. shall the Senate amendment be adopted. Clerk will close the roll. Ayes 97, no 0. Ayes 97, no 0. The Senate amendment is adopted. [01:17:56] amendment. That Senate amendment is before you. Doug from Arlington, Delegate McClure. Thank you Mr. Speaker. Mr. Speaker, as a reminder, HB 331 makes clear that when a person has successfully completed all terms and conditions set by the court for a deferred disposition that the court cannot enter a conviction solely based off the fact that they have not paid all their outstanding court costs.

[01:18:15] The Senate Amendments for HB 331 simply clarifies that the courts may use any lawful method to ensure court fees are collected from the defendants who still have outstanding balances. Mr. Speaker, I move that the House agree to the Senate Amendments and ask that the body vote yes. Shall the Senate Amendment be adopted?

[01:18:36] Clerk will close the roll. Ayes. 65, nos 31. Ayes 65, nos 31. The Senate Amendment is adopted. Now we come to House Bill 433, which relates to newborn screening, evaluation of disorders for inclusion.

[01:18:57] Legislation passed the House, passed the Senate with a substitute, and that Senate substitutes before you. Delegate from Henrico, Delegate LeVere-Bowling. Thank you, Mr. Speaker. I'd like to move that the House agree to the Senate substitute and then that we would reject that motion. And speaking to the substitute, Mr. Speaker.

[01:19:13] Delegate has the floor. The Senate substitute sought to conform HB 433 to SB 374, which now makes it harder for Virginia to develop a streamlined process for adding conditions to our newborn screening process. The initial intention of the bill was to address the gap that the federal secretary of HHS did with disbanding the advisory committee that would normally recommend the conditions that states would add to their newborn screening program.

[01:19:39] So I would like to go to conference on this. So, again, I would renew and ask that the House vote to reject the Senate amendments. Thank you. Shall the Senate substitute be adopted? Clerk will close the roll.

[01:20:00] Ayes 3, no's 94. Ayes 3, no's 94. Senate substitute is rejected. House Bill 443 is legislation that relates to a maximum number of judges in each judicial district and circuit.

[01:20:16] Legislation ready to pass the House. Let's pass the Senate with substitute. Senate substitutes before you. Delphine Arlington, Delegate Hope. Thank you, Mr. Speaker. Members of the body, I'm going to move that we to accept a substitute, a Senate substitute, and ask that the body reject it. This is, we want the House position to prevail to make sure that all of our judges will be funded, and I got great assurances from the chair of the Appropriations Committee that we're going to make that happen.

[01:20:37] So we got to fight for the House position and reject the Senate substitute. Vote red. Shall the Senate substitute be adopted? Clerk will close the row.

[01:20:56] Ayes. One. Nose, 96. Ayes. One. Nose, 96. 446, the Senate's substitute is rejected. [01:21:20] Delegate from Fairfax, Delegate Simon. Mr. Speaker, members of the House, the Senate's substitute contains really just technical changes to some of the definitions to make sure what this bill does, which was to align the passenger rail authority's condemnation authority with that of VDOT. Senate Memories are technical in nature, I hope it's the pleasure of the body to adopt the Senate substitute.

[01:21:38] Move adoption of the Senate substitute. Delegate, shall the Senate substitute be adopted? Close the roll.

[01:21:54] Ayes 78, noes 19. Ayes 78, noes 19, the Senate substitute is adopted. House Bill 496 relates to zoning, commercial and industrial facilities, water use disclosures. Legislation passed the House. Subject passed Senate with substitute, which is now before you.

[01:24:23] The underlying bill we sent from the House simply says that if you have collective bargaining for public sector employees in the transportation sector, You can't outsource that to undermine the collectively bargained wages and work agreements.

[01:25:43] Close the road. Ayes, zero. Nos, 96. Ayes, zero. Nos, 96. The Senate substitute is rejected. Over on page 16 of the printed calendar, House bills with Senate amendments, we come to House Bill 594, which relates to expedited approval for certain affordable housing developments.

[01:51:28] I voted. It was someone else that didn't. The House will be at ease. Can we check to our delegate?

[01:52:07] The delegate from Roanoke, Delegate McNamara, on that first vote, she did vote. All right. Thank you. According to the clerk's recollection. Next order of business. Mr. Speaker, next order of business on page 24. This is the category of House bills as recommendations by the governor.

[01:52:25] So this is the first time we've come to this one. Recommendations by the governor, so the bills have gone past both bodies, gone to the governor, who's now sitting back, so you get one bite at the apples. So House Bill 168 is the first bill in this category.

[01:52:41] House bills is recommended by the governor. HB 168 is an act relating to election of certain governing bodies, conversion to single-member districts. Legislation should pass the House on the 29th of January, so it's passed to the Senate on February 27th, went to the governor, and the governor is offering recommendations that are now before you.

[01:52:57] Doug from Virginia Beach, Doug, I'd ask you. Thank you, Mr. Speaker. Mr. Speaker, speaking to the governor's recommendations. Doug has the floor. Thank you, Mr. Speaker. Mr. Speaker, the governor included the emergency clause on this general law version of the bill because the state court paused Virginia Beach's election system last year before the referendum to see how the voters would decide and how this body would respond, ultimately respond.

[01:53:16] Now the candidate's filing is open for city council school board, and the registrar is holding those filings open until this issue was resolved. So the governor ultimately added the emergency clause simply to provide the certainty needed for this year's election process, which is already underway, and moved the adoption of the governor's recommendation to ask the body to vote yes.

[01:53:38] Shall the governor's recommendation? Shall the bill be amended, of course, with the recommendation of the governor? Madam Clerk? What do you need from this? Clerk will close the roll.

[01:53:54] Ayes 67, noes 30. Ayes 67, noes 30. The governor's recommendation is agreed to. And then lastly, we come to House Bill 187, an act relating to city council, voting districts.

[01:54:13] Again, the legislation originally passed the House January 30th, subsequently passed the Senate February 26th, went to the governor who's reviewed it and is offering recommendations that are now before the body. Delegate from Virginia Beach, Delegate Commerce Fowler. Thank you, Mr. Speaker. Speaking to the recommendation. Delegate has the floor. Thank you, Mr. Speaker.

[01:54:29] The governor has simply added an emergency clause to the bill to amend this charter of the city of Virginia Beach. As my fellow delegate has said, the candidates are already filing for the districts that are in place, and we need some certainty. So, Mr. Speaker, I move adoption of the governor's recommendation, and I urge the body to vote yes.

[01:54:49] Shall the bill be amended in accordance with the recommendation of the governor?

[01:55:03] Close the row. Ayes, 66, no's, 29, abstentions, 1. Ayes, 66, no's, 29, abstentions, 1. The governor's recommendation is agreed to. Ms. Speaker, that completes the work there. There are bills in conference.

[01:55:20] So just for the members' reminder, if you bring a conference report up, then we're going to process it and turn it around and take it up. So, Delegate Reesers, on page 26, page 26, there's a conference report that's been received for House Bill 125, House Bill 125, conference report, this is legislation related to public elementary and secondary schools, teachers, purpose of employment, re-employment of a teacher who has not received continuing contract status, written notice required.

[01:55:57] So the conference report for House Bill 125 is available to the members here, to the public, and is now before the House. Delegate from Loudoun County, Delegate Reeser. Thank you, Mr. Speaker. The conference report conforms HB 125 to its Senate counterpart, SB 117.

[01:56:15] There were some small technical punctuation differences, and we wanted to make sure we didn't reverse them twice. So everything is in order now, and I move that the House adopt the conference report. Shall the conference report be adopted? Clerk will close the roll.

[01:56:38] Ayes, 62, noes, 34, abstentions, 1. Ayes, 62, noes, 31, abstentions, 1. Conference report is done. 62, 34, 1. Yes, sir. And then a conference report has been filed for by Delegate Henson, which is Senate Bill 28 under the Senate Bills in Conference, page 30, if you're following along that way.

[01:57:09] Senate Bill 28, this conference report relates to overtime for certain employees, domestic workers. The conference report is available to the members, to the public, and is now before the body. Delegate from Prince William, Delegate Henson. Thank you, Mr. Speaker. Mr. Speaker, with this conference report dealing with overtime protections for domestic workers in conference, we work with Senate Finance and Appropriation to address the FISC concerns.

[01:57:32] Now, the definition of domestic workers does not apply to any employee providing consumer-directed related services under Title 19 and Title 21 of the Social Security Act. Mr. Speaker, I move the adoption of the report. Shall the conference report be agreed to? Clerk, close the row.

[01:57:57] Ayes. 60, noes. 35, abstentions 1. Ayes. 60, noes. 35, abstentions 1. The conference report is agreed to. Mr. Speaker, that is all the work before the body on this Friday. Per House Rule 51, the House will return to the morning hour. Does the clerk have any additional announcements or communication?

[01:58:13] Yes, sir. Mr. Speaker, I would simply ask to remind you of the conference reports. when you put them in they're here I will try to get your attention to take them up but when they're here you'll just need to be prepared to do them and try to give you as much advance warning as you possibly can.
