Speech-to-text: whisper.cpp, model large-v3-turbo. Produced 2026-10-16. Each paragraph starts with its time [HH:MM:SS] in the meeting video.

[00:12:54] House will come to order. Members, please take your seats. Head page. House is now in session. All persons not entitled to privileges to the floor, please retire to the gallery. The members will rise and be led in prayer by Father John Ziegler, Pastor St. Patrick Church, Fredericksburg, and remain standing for the Pledge of Allegiance to the Flag of the United States of America, which will be led by the Delegate from Alexandria, Delegate Henry. May it please this honorable assembly, may it please, Lord God, most of all, Lord, we're here today to praise you,

[00:13:32] adore you, the one true God, creator of all that is. We thank you for the many blessings you bestowed upon us all and upon this great country in which we're blessed to live. Look with favor upon the distinguished men and women of this honorable assembly, this House of Delegates representing the great people of the Commonwealth of Virginia. Fill them with your wisdom, send your spirit upon them to guide them in their deliberations today and in the days ahead, that they may act in accordance with your holy will in their service to your people.

[00:14:06] Lord God, all authority on earth comes from you. May those who minister in the sanctuaries like myself be true in proclaiming your word, and likewise those who serve in the halls of government act in accordance with your will, each of us remembering the account we must one day render to you, Lord God.

[00:14:25] Help these distinguished men and women in their work to promote and work for the common good, especially to defend and protect life at every stage, especially those who are the most vulnerable and defenseless among us, to defend the right of the free exercise of religion, of its citizenry, and to preserve them from any unwarranted intrusion of that right, to defend and support marriage so that families who are the backbone of society may prosper and their children grow to enjoy the rights which you, Lord, confer upon your sons and daughters.

[00:15:00] And help them to promote the unique integrity of every human being made in your own image and likeness. Finally, I pray that you send your Holy Spirit upon these, your servants, that they may act and work with respect toward one another. While disagreements are at times inevitable, help them to work toward unity and undo any unnecessary bonds of strife.

[00:15:25] Confirm these, your servants, in your peace. And let your light shine upon them. O Lord, let the dawn from on high break upon us all to shine on those who dwell in darkness and the shadow of death and to guide our feet into the way of peace.

[00:15:43] We ask this through Christ our Lord. Amen. To the states of America, and to the republic for which it stands, one nation, under God, indivisible, with liberty and justice for all.

[00:16:25] Just a motion. Okay, so you can keep that one. I don't need it, right? Okay, okay, okay. Okay. The members will answer the roll call by indicating their presence on the—the House will come to order.

[00:16:43] The members will answer the roll call by indicating their presence on the electronic voting board.

[00:16:57] Clerk, close the roll. Mr. Speaker, a quorum is present. Pursuant to House Rule 3, I've examined and approved the Journal of the House of Delegates for March 10, 2026. Motions of resolutions under Rule 39, pursuant to the provisions of Rule 40, are now in order. Does the clerk have any announcements or communications?

[00:17:13] Yes, sir, Mr. Speaker, the communication from the Senate, the Senate has receded from its amendments to House Bill 1221. That is simply informational so that they've receded, and that is a good thing for the House. For another communication, the Senate has insisted, however, on its amendments, request committees of conference on the following legislation. House Bills 5, 433, 443, 496, 549, 1022, and 1279.

[00:17:45] Delegate from Alexandria, Delegate Herring. Mr. Speaker, I move that the House accede to the request of the Senate for committees of conference on the previously reported legislation. Delegate from Alexandria, Delegate Herring moves that the House accede to the Senate's request for committees of conference on the previously announced legislation. As many as in favor of the motion, we'll say aye.

[00:18:02] Those opposed, no. The motion is agreed to. And another communication from the Senate. The Senate has rejected the House amendments to the following Senate legislation. Senate Bills 115, 122, 200, 225, 378, 394, 491, 494, 543, 673, 764, and 827.

[00:18:24] Delicate from Alexandria, Delicate Herring. Mr. Speaker, I move that the House insist on its amendments and request committees of conference on the previously reported legislation. From Alexander, Delegate Herring moves that the House insists on its amendments and request committees of conference on the previously announced legislation. As many in favor, the motion will say aye.

[00:18:40] Those opposed, no. The motion is agreed to. And in light of the seating, we have a number of conferees to announce. Remember, tomorrow is the deadline for getting all bills into conference. We're going to have a lot of this today and tomorrow. For House Bill 443, Speaker points Delegates Hope, Maldonado, and Ballard as conferees as part of the House.

[00:18:58] House Bill 443, Delegates Hope, Maldonado, Ballard, and companion legislation is House Bill 46 and Senate Bill 158. For House Bill 549, the Speaker appoints Delegates Hope, Helmer, and Tata. HB 549, Delegates Hope, Helmer, and Tata.

[00:19:14] For House Bill 667, the Speaker appoints Delegates Maldonado, Coulson, and Pence. HB 667, Delegates Maldonado, Coulson, and Pence. For House Bill 1022, the speaker appoints Delegates Reeser, Fagans, McLaughlin, McLaughlin, and that's House Bill 1022, Delegates Reeser, Fagans, McLaughlin, and companion legislation for Senate Bill 493.

[00:19:35] For House Bill 1279, the speaker appoints Delegates Cole of Fredericksburg, Helmer, and Moorfield. HB 1279, Delegates Cole of Fredericksburg, Helmer, and Moorfield. For House Bill 1385, the Speaker appoints Delegates Franklin of Montgomery, Carr, and Zare.

[00:19:51] H.B. 1385, Delegates Franklin of Montgomery, Carr, and Zare. For House Bill 1524, the Speaker appoints Delegates McGuire, Simon, and Wilt. H.B. 1524, Delegates McGuire, Simon, and Wilt, and that's companion legislation to Senate Bill 312. For House Bill 1525, the Speaker appoints Delegates McGuire, Simon, and Oates.

[00:20:11] House Bill 1525, Delegates McGuire, Simon, and Oates will be conferees and part of the House. For going to Senate legislation, Senate Bill 158, the Speaker appoints on behalf of the House Delegates Hope, Maldonado, and Ballard, which is companion legislation to House Bill 443 and House Bill 46.

[00:20:29] For Senate Bill 270, the Speaker appoints Delegates Simon, Willett, and Scott of Spotsylvania. SB 270, Delegates Simon Willett-Scott of Spotsylvania, and that's companion legislation to House Bill 931. For Senate Bill 313, the Speaker appoints Delegates Tran, Carroll, and Leftwich.

[00:20:48] SB 313, Delegates Tran, Carroll, and Leftwich. And for Senate Bill 516, Speaker appoints Delegates Herring, Ward, and Weber. SB 516, Delegates Herring, Ward, and Weber, and companion legislation to House Bill 828.

[00:21:06] Senate Bill 524. Speaker points Delegates Willett, Gardner, and Cherry. SB 524. Delegates Willett, Gardner, Cherry. And that's companion legislation to House Bill 656. Senate Bill 640. Senate Bill 640. Speaker points Delegates Tran, Coulson, and Kent. SB 640. Delegates Tran, Coulson, and Kent.

[00:21:24] Senate Bill 685. Speaker points Delegates Reeser, Cohen, and Tata. 685. Delegates Reeser, Cohen, and Tata. And that's companion legislation to House Bill 1278. For Senate Bill 777. The Speaker points Delegates Lawford, Sullivan, and Webber, SB 777, Delegates Lawford, Sullivan, and Webber.

[00:21:42] And finally, for Senate Bill 783, Speaker points for the House, Delegates Lopez, Simon, and O'Quinn, SB 783, Delegates Lopez, Simon, and O'Quinn. Speaker, remind the body that on your LIS member page, you can click, see all the things I've just announced.

[00:21:58] If you're listed as the first conferee, you're the lead conferee and the driver of the train and the onus is on you to sort out the conference report, however. With that, pursuant to House rule 40, Speaker,

use your request to speak button for the agenda. It was listed for reference up on the voting board. Delegate from Spotsylvania, Delegate Scott.

[00:22:15] Thank you, Mr. Speaker. I rise for an introduction. Delegate has the floor. Thank you, Mr. Speaker. Mr. Speaker, members of the House, I would like to introduce the Reverend John Ziegler who gave the invocation today, if he'd please stand. Reverend Ziegler was born in Detroit and went to Catholic elementary and secondary schools before graduating from Michigan State.

[00:22:35] After that, he worked as a district manager for Chrysler Corporation for three and a half years and later attended and graduated Cleveland Marshall College of Law in Cleveland, Ohio. From 1984 to 1990, he worked as an assistant district attorney in Dallas County, Texas, before discerning a call to the Catholic priesthood.

[00:22:53] He received his formation at Mount St. Mary's Seminary in Emmitsburg, Maryland, and was ordained in 1996. His current position is pastor of St. Patrick Catholic Church in Fredericksburg, and he is now in his 13th year of priestly service for the people of God in the Diocese of Arlington.

[00:23:15] I would ask the body to join me in giving him a warm house welcome. Welcome. Welcome to the Capitol, and thank you for the prayer this morning.

[00:23:31] The delegate from Virginia Beach, delegate, ask you. Thank you, Mr. Speaker. Mr. Speaker, I rise for the purpose of an introduction. Doug has the floor. Thank you, Mr. Speaker. Mr. Speaker, today in the gallery are students from Bayside High School in Virginia Beach, home of the Marlins. If they're here, can they please rise? Mr. Speaker, Bayside serves students in grades 9 through 12 and offers a strong academic program, including advanced placement courses and the Health Sciences Academy that prepares students for careers in medicine and allied health.

[00:23:57] Bayside students also distinguish themselves through athletics, extracurricular activities, and service to their school and community. On behalf of the House, I welcome Bayside High School to the Capitol and thank their students, educators, and families for their positive contributions they make to Virginia Beach in the Commonwealth. Ms. Speaker, please join myself, Delegate Bloxham, Delegate Figgins, in giving these outstanding students a warm house welcome.

[00:24:25] Welcome. Welcome to the Capitol today. Y'all in here deep, too. The delegate from Henrico, Delegate McQuinn. Thank you, Mr. Speaker. Mr. Speaker, I rise for a motion.

[00:24:41] The delegate has the floor. Thank you, Mr. Speaker. I move that the House would take out of order H.R. 373 on page 53 of today's printed calendar. The clerk will report a resolution. Under the category of commending resolutions laid on the Speaker's table, House Resolution 373, commending the Richmond Free Press.

[00:25:03] The delegate has the floor. Thank you, Mr. Speaker. And I move the adoption of the resolution, and I request to speak to the motion. The delegate has the floor. Thank you, Mr. Speaker. Mr. Speaker, I rise today to recognize the Richmond Free Press and its three decades of dedication to journalism and community empowerment in Richmond and the Commonwealth of Virginia.

[00:25:25] And today we have in the back of the room Regina Boone, April Coleman, and Tracy Oliver. Some were hired by the Free Press. There are others. We ask them to stand, please. Ms. Regina Boone is the daughter of Raymond and Jean Boone, who were the owner's editor of the Free Press.

[00:25:50] For generations, the Richmond Free Press stood as an important voice in our city. It informed readers about the issues that shaped their lives and the neighborhoods. It reported on local government, schools, churches, businesses, and community leaders.

[00:26:08] It told stories that might otherwise have gone untold, unnoticed, and ensured that the experiences and the concerns of many Richmond residents were part of the public conversation. The newspaper earned the trust of its readers through consistent reporting and a clear commitment to the community it served.

[00:26:29] Each of us, week after week, were ready to go to the Box on Thursday to get our free press. We documented the challenges and the progress of our city and provided a record of moments that shaped Richmond's history. The closing of the Richmond Free Press marks the end of a meaningful chapter for our community.

[00:26:50] While the paper may no longer publish new editions, its work and its influence will remain. The reporting produced over the years has preserved important stories and helped strengthen civic life in Richmond. We extend our appreciation to the editors, the reporters, the photographers and staff who devoted their time and talent to this publication.

[00:27:14] Their dedication to informing the public and uplifting the community deserves our recognition and our thanks. They use the platform of the paper to deliver excellence and service, and to them, we extend a deep appreciation and gratitude.

[00:27:32] Mr. Speaker, I ask that this body would please join me in recognizing the contribution of the Richmond Free Press and the lasting impact it has had on the city of Richmond and the Commonwealth of Virginia, this country, and the world.

[00:27:48] Thank you, Mr. Speaker. I ask my colleagues to join me. The delegate from Henrico, Delegate McQuinn, moves that the House adopt House Resolution 373, commending the Richmond Free Press. All those in favor will say aye.

[00:28:04] All those opposed, no. The motion is agreed to. Congratulations.

[00:28:16] The delegate from Chesterfield, Delegate Doherty. Thank you, Mr. Speaker. I rise for a motion. The delegate has the floor. I move that the House take up out of order House Resolution 273 on page 50 of today's calendar.

[00:28:35] And I also move that when the House adjourns, we do so today in the honor and memory of Michael A. Newsome. Clerk will report a resolution. Memorial resolutions laid on the speaker's table, House Resolution 273, celebrating the life of Michael Antoine Newsome.

[00:28:53] Thank you, Mr. Speaker. Can the friends and family of Mike please rise? Michael A. Newsome, or Mike to most, lived a life defined by service, leadership, and an unwavering commitment to the Richmond community.

[00:29:08] A native of New York City, he made Richmond his home and became a highly admired figure whose influence reached across higher education, civic engagement, and community service. He was a proud graduate of Virginia Union University where he earned a bachelor's degree in business administration in 1983.

[00:29:27] And then Mike remained deeply committed to his alma mater throughout his life, ultimately serving as president of the university's National Alumni Association. As a student, he joined Kappa Alpha Psi Fraternity Incorporated through the Alpha Gamma chapter and continued his lifelong commitment to the fraternity as an active member and served as their first poll march within the Richmond alumni chapter.

[00:29:49] For more than four decades, Mike Newsome served Virginia Commonwealth University with Distinction, where I had the pleasure of working with him, rising to role of Senior Associate Vice President for Research, Finance, and Administration in the Office of Research and Innovation. Through his work, he helped strengthen university's research enterprise while fostering a supportive environment that enabled generations of students, faculty, and staff to succeed.

[00:30:14] Beyond the university, he was deeply committed to the community and in spiritual service through his church speaking spirit ministries and through his wellness initiative blue moon wellness where he helps individuals pursue healthier lifestyles through nutrition and holistic health practices he's remembered for his genuine warmth steadfast leadership and a dedication to uplifting others mike newsome leaves behind a legacy that will continue to inspire his friends family fraternity brothers colleagues and the entire richmond community mr speaker members of the house in a moment after after the resolution has passed i hope that you'll join me in giving his family

[00:30:53] and friends i'm here to celebrate the life of mike newsom a warm house welcome the delegate from chesterfield delegate doherty moves the adoption of house resolution 273 celebrating the life of michael antoine newsom all and that when the house adjourns today to adjourn in the honoring memory of Michael Antoine Newsome. As many as favor the motion will rise. The motion is agreed

[00:31:25] to. Thank you. The delegate from Hampton, Delegate Thornton. Good morning, Mr. Speaker. I rise for the purpose of an introduction. The delegate has the floor. Mr. Speaker, we must stop because we all know one, we are one, or we've engaged with one, and that is a bully. Today, I'd like to introduce the Parents Against Bullying and asked them to rise.

[00:32:05] Parents Against Bullying was founded by parents who witnessed firsthand how the trauma of bullying can affect children's lives. Their message is about healing, restoration, education, and also elevation.

[00:32:22] Because they go throughout the Commonwealth with their program, Puppeting, to show other kids the effects of bullying. And they also do this throughout the Commonwealth.

[00:32:38] They do it out Hampton Roads. And they also do mentorship, summer camps, and school visits. The organization is supported by individuals such as the former president, Lady Michelle Obama, the United States Attorney General, and also United States Senator Mark Warner.

[00:33:03] Mr. Speaker, I ask that we give them a warm house welcome. Welcome.

[00:33:20] Welcome to the Capitol today. The Delegate from Henrico, Delegate Willett. Thank you, Mr. Speaker. Mr. Speaker, I rise for a motion. Delegate has the floor. Mr. Speaker, I would like to take up out of order H.R. 235, which is located on page 51 of today's calendar.

[00:33:36] The clerk will report a resolution. House Resolution No. 235, commending Kathy Glazer. Delegate from Henrico, Delegate Willett. Thank you, Mr. Speaker. I move adoption of the resolution and

request to speak to the motion. Doug, that's the floor. Mr. Speaker, I'd like to recognize Kathy Glazer's career in service as she retires after 14 years as president of the Virginia Early Childhood Foundation.

[00:33:59] I ask that she please rise. Mr. Speaker, Kathy Glazer has been an advocate for Virginia's youngest learners and the families who support them. Her leadership in early childhood policy began in the Keenan administration, where she served as executive director of the governor's working group on early childhood initiatives, later as the director of the Office of Early Childhood Development.

[00:34:19] In those roles, she spearheaded transformative efforts, including the Smart Beginnings Network and establishment of the Virginia Early Childhood Foundation. Since joining the foundation in 2012, Kathy has guided the organization through a period of tremendous growth and impact. Under her leadership, the foundation has evolved from a small grant-making organization into a leading public-private intermediary that supports innovation, strengthens regional partnerships, and advances strategic policy for early childhood care and education across the Commonwealth.

[00:34:49] During her tenure, the foundation built a very capable team and a strong operational infrastructure, enabling the organization to administer major public initiatives and sustain a multi-million dollar partnership, partnerships that have expanded opportunities for young children and families.

[00:35:05] Kathy's influence is also extended beyond Virginia through collaboration with partners across the country. She has developed policy guides and frameworks that have shaped the national conversation around early childhood education. Mr. Speaker, Kathy Glazer's commitment to the well-being and success of Virginia's children has left a lasting mark on our Commonwealth.

[00:35:25] Her work has helped ensure that more children enter school ready to learn and that more families have access to the support they need during the earliest and most important years of their life. Mr. Speaker, our children are in a better place today to learn because of Kathy Glazer. For her extraordinary leadership and dedication to public service, it is my honor to move the adoption of the resolution for Kathy Glaser.

[00:35:45] And once that is done, thank her for the profound impact she has made on Virginia's children, families, and future. The delegate from Herico County, Delegate Willett, moves that the House adopt House Resolution 235, commending Kathy Glaser. All those in favor of the motion will say aye.

[00:36:03] Those opposed, no. The motion is agreed to. Congratulations and thank you. The delegate from York County, Delegate Downey.

[00:36:21] Thank you, Mr. Speaker. I rise for a motion. The Delegate has the floor. Mr. Speaker, I move that the House take up out of order, House Resolution 374, on page 53 of today's calendar. Kirk will report a resolution. House Resolution 374, commending the Bruton High School Girls Swim and Dive Team.

[00:36:42] Delegate from New York County, Delegate Downey. Thank you, Mr. Speaker. I move the adoption of the resolution. I request to speak to the motion. The Delegate has the floor. Thank you, Mr. Speaker. In the gallery today are swimmers and coaches and families of the Bruton High Panthers Girls Swim Team. I would ask them to please stand to be celebrated.

[00:37:00] Mr. Speaker, I'm honored to recognize the outstanding swimmers from Bruton for their amazing accomplishment at the Class 1 and 2 state championship meet in February of this year. Bruton

was dominant in winning the state championship this year by a wide margin, winning 7 of 11 events and setting a state record in one of the relay events.

[00:37:16] What is even more amazing, Mr. Speaker, is that this is Bruton Girls Swim Team's fifth consecutive state championship title. That's right, five straight titles. Over the past five seasons, this group of swimmers has broken nine out of 11 team records and has broken two state championship records.

[00:37:35] Mr. Speaker, this accomplishment comes about because of hard work, persistence, and hours and hours spent in the pool. I would also like to give credit to the parents and coaches that have supported the swimmers and their team during this championship run. As a Bruton alumnus and a former Bruton swimmer myself, I'm incredibly honored to have been part of this team as a volunteer coach over the past 10 years.

[00:37:56] Once again, I would like to commend the Bruton High Panthers girls swim team for their fifth consecutive state championship and move to adopt the resolution. The Delegate from York County, Delegate Downey, moves that the House adopt House Resolution 374, commending the Bruton High School girls swim and dive team.

[00:38:12] All those in favor shall say aye. All those opposed, no. The motion is agreed to. Congratulations. Five years in a row. I'm trying to do five years here in a row. My bad.

[00:38:36] The Delegate from Fairfax, Delegate Simon. Mr. Speaker, I rise for a motion. The delegate has the floor. Mr. Speaker, I move that Senate Bill 20 on page 10 of the calendar be re-referred to the Committee on Education.

[00:38:52] Delegate from Fairfax, Delegate Simon moves that the Senate Bill 20 found on page 10 of the calendar be re-referred to the Committee on Education. All those in favor say aye. Aye. All those opposed, no. Senate Bill 20 is re-referred to the Committee on Education. Delegate from Fairfax, Delegate Cohen. Thank you, Mr. Speaker.

[00:39:08] I rise for a motion. Delegate has the floor. I moved to take up H.R. 224 on page 50, and I'd like to speak to that resolution. The delegate has the floor. Thank you, Mr. Speaker. Today, I rise with a heavy heart, but also with immense pride to honor Sook Kim of Springfield, if his family and fellow pilot friends wouldn't mind rising.

[00:39:32] A man who embodied what it truly means to live with purpose. Sook was born in Seoul, South Korea, and raised in Burke, Virginia. His story is truly the American dream. Excelling in academics, in athletics, building a successful career in finance, by every conventional measure, he had made it.

[00:39:52] But Sook Kim was not a conventional man. Inside him burned a childhood passion, a love of flight. And so with the unwavering support of his beloved wife and three children, Sook had the courage to change course entirely and live his dream of becoming a pilot.

[00:40:10] But Sook did not take the disguise for himself alone. he discovered Pilots and Paws, a nonprofit dedicated to transporting rescue animals to their forever homes. And in it, he found his calling within his calling. Sook flew mission after mission, volunteering his time, his plane, and his expertise to give shelter animals a second chance. On November 24th, 2024, Sook Kim took off on one such mission of mercy, carrying three dogs to their new homes and families he flew into challenging weather he faced difficult conditions

[00:40:46] and in the face of all of it he stayed committed to the animals in his care to the mission that mattered to him that flight would be his last we cannot grieve sookim's loss without also celebrating who he was he was a devoted husband a loving father he was a neighbor a friend a colleague who inspired everyone around him through his quiet and steady kindness. He touched more lives than he ever knew, not just the animals he saved and the families they joined, but also every

[00:41:22] person who saw him and decided they wanted to be more like him. To Anna, Lee, Isaac, and Mason, to all who loved him, Virginia is grateful for your husband, your father, your brother. We are better for having had him among us. Mr. Speaker, we will remember the pilot who flew with compassion, the father who showed his children what courage looks like, the man who gave his life doing what he loved in service to the most vulnerable. May he rest in peace, and may we all fly a little

[00:41:59] closer to the example he set. I'd ask to yield the rest of my time to the delegate from Norfolk, Delegate Anthony. The delegate from Norfolk, Delegate Anthony. Thank you, Mr. Speaker. I rise as a student pilot working towards my private pilot certificate in remembrance of a beloved individual from the Virginia aviation community.

[00:42:22] And last year when I came across posts circulating within the community about the tragic loss of Suit Kim, pilots across the country shared the news and reflected on the kind of person he was. And Suit Kim realized a dream that many aviators share, the ability to take to the skies.

[00:42:41] And however, what truly stood out about his life was how he chose to use that privilege. And over the years, he helped save hundreds of animals who might have otherwise faced euthanasia simply because the shelters were out of space.

[00:43:00] He also encouraged other pilots to participate, bringing more people into that work and expanding the reach of those rescue flights. And, of course, as the delegate from Fairfax mentioned on his final mission, he was doing what he had done many times before, transporting rescue dogs so they could have a second chance at life.

[00:43:24] And two of those dogs named Whiskey and Pluto survived the crash. In the months after his passing, fellow pilots and volunteers continued the work he cared about. They organized more flights, transported more animals, and built a growing network of aviators and rescuers who carried forward the mission that meant so much to him.

[00:43:50] Many began referring to that continuing effort as Suk's army, honoring the example he set and the compassion that guided his life. And for those of us who are learning to fly, his life offered an important reminder.

[00:44:07] Aviation is not only about reaching the sky or checking off a bucket list item or fulfilling a personal dream. It can also be a way to serve others and make a difference in the lives of those who cannot help themselves.

[00:44:24] Sook Kim used the gift of flight in that way. It has been an honor to stand with the delegate from Fairfax and honoring the life of Sook Kim. May Sook Kim have blue skies and gentle tailwinds.

[00:44:39] Thank you, Mr. Speaker. The delegate from Fairfax, Delegate Cohen, moves that the House adopt House Resolution 224, celebrating the life of Sook Kim. And that when the House adjourns today, it adjourns in the honor and memory of Sook Kim.

[00:44:57] Those in favor of the motion shall rise. The motion is agreed to.

[00:45:15] Delegate from Chesterfield, Delegate Doherty. Thank you, Mr. Speaker. I rise for an introduction. The delegate has the floor. Thank you, Mr. Speaker.

[00:45:30] Can our guests from Virginia University Technology Transfer Offices please rise? It is my distinct honor and pleasure to welcome the representatives of Virginia's world-class university technology transfer offices here today. These university workers are engines of innovation. The men and women who staff our technology transfer offices serve as a vital bridge between the laboratory and the marketplace, protecting discoveries, forging partnerships with industry and ensuring that the public investments made in research yield lasting

[00:46:05] public benefit. Here's some statewide statistics that they have contributed to. We have had 115 technologies that were successfully licensed for commercial applications, 27 new licenses granted to new technology startups, the majority located right here in Virginia, creating jobs and companies in our own backyard. These aren't just numbers though. Behind each license is a discovery, an inventor, a company, and in many cases a patient, consumer, or community whose life is improved by Virginia-born innovation. A couple of examples from VCU researchers. Someone has developed a vaccine for Lyme disease that is licensed for veterinary care currently and is in phase three

[00:46:44] human trials. Lyme disease affects hundreds of thousands of Americans each year, and treatment remains a significant challenge. Researchers have also developed a novel technology known as nerve tape, and this breakthrough approach helps repair damaged peripheral nerves. This has reached the market as of spring of 2025 and is quickly becoming the treatment of choice for nerve repair across the country. Researchers at UVA have received FDA approval for a groundbreaking treatment of acute myeloid leukemia, one of the most aggressive and deadly blood cancers known to

[00:47:19] medicine. The research was done in partnership with the University of Michigan and Cura Oncology, who has licensed the IP. In another landmark achievement, a major medical device company has licensed a specific controlled algorithm for insulin pumps. This technology is based on neural network and represents the first machine learning enabled technology ever licensed by UBA. And then last but not least are Virginia Tech's researchers, who were recently featured by Time Magazine as an example of transformative medical technology in the nano knife system.

[00:47:54] It's a non-thermal technique that ablates soft tissue, including tumors with remarkable precision, and will lead the way in cancer research. The discoveries described here represent only a fraction of the innovation emerging from Virginia's universities each year.

[00:48:09] The General Assembly supports these amazing technology transfer offices, and this means that more companies are formed, more jobs are created, more patents are protected, and more lives are improved. They are making Virginia more competitive, more prosperous, and more resilient. Mr. Speaker, members of the House, please join me in giving our guests from Virginia's University Tech Transfer Offices a warm House welcome.

[00:48:37] Welcome. Welcome to the Capitol. The Delegate from Alexandria, Delegate McPike. Thank you, Mr. Speaker. I rise to the purpose of an introduction. Delegate has the floor. Thank you, Mr. Speaker. In the gallery today are the owners and operators of a beloved institution in my district, Table Talk Restaurant.

[00:48:57] I would ask them to rise. Mr. Speaker, earlier this week, this body passed House Joint Resolution 194, which honored Tabletalk for achieving a rare milestone in any business, 50 years of continuous operation. This is a particularly remarkable achievement in the restaurant industry. As anyone who's ever been the excited customer of a new restaurant knows, most restaurants don't make it.

[00:49:17] It's a hard business with narrow margins serving customers with fickle tastes. 17% of restaurants close in their first year, 70% close in their first decade. The ones that last do so because they provide more than just a good meal. They provide a friendly place for their community to gather.

[00:49:34] That is exactly what Table Talk has done for the last five decades in the city of Alexandria. It's been a place where Alexandria meets and eats. It's a place that's been a host location for parties, events, and local clubs. It's been a place where generations of Alexandrians have held celebrations and long-sought reunions.

[00:49:50] For 50 years, it's been a place the community could rely on to always make you feel at home, and I am confident it will continue to do so for another 50 years and more. Table Talk is an Alexandria institution, which is why I was proud that this institution passed a resolution honoring them on Monday and why I'm happy to have them with us here today.

[00:50:07] And so, Mr. Speaker, I hope the members will join me in congratulating Table Talk on 50 years of success in Alexandria and give them a warm house welcome.

[00:50:23] I forgot to say welcome. Welcome to the Capitol. Thank you. The clerk will announce the next order of business.

[00:50:38] Mr. Speaker, second portion of the morning hour, the announcement of member requests to move legislation from any uncontested calendar block to the regular calendar. There are five, all in that first category of today. When we get to the calendar, Senate Bill's third reading, uncontested.

[00:50:55] Page two of the printed calendar, Senator Surveld's SB 246, out of the block to the regular calendar. On page 4, Senator Rome's SB 43 and Senator Williams-Graves's SB 196 out of the block over to the regular calendar.

[00:51:12] On page 5, Senator Surville's SB 251 out of the block into the regular calendar. And then finally, on page 8, Senator Deeds' SB 515 is out of the block and over to the regular calendar. The third portion of the morning hour is reserved for the announcement of a member to request for legislation to abide for the day, and if such, the majority leader's motion to effectuate that.

[00:51:31] There are three on that, going back to that first category on the calendar, third reading uncontested, page 7, Senator Bagavie's SB-447 is by for the day, it requests Delegate Tran. On new category, Senate Bill's third, regular, but page 9, Senator Durant's SB-602, by for the day of the request, again, of Delegate Tran.

[00:51:56] And then finally, in the fast-forwarding further ahead into the commending resolutions, Delegate Glasses, H.J. 311, is by for the day, again, at the request of Delegate Tran. Delegate from Alexandria. Delegate Herring. Mr. Speaker, I move that the legislation, as announced by the Clerk, go by for the day.

[00:52:12] Delegate from Alexandria. Delegate Herring moves that the legislation, as announced by the Clerk, go by for the day. As many in favor, the motion will say aye. Those opposed, no. The motion is

agreed to. The Clerk will announce the next order. And the fourth and final portion of the morning hour reserved for member requests for points of personal privilege. kindly ask that you use your request speak button to get into the queue. The delegate from Fairfax, Delegate Sebo. Thank you, Mr. Speaker. I rise for a point of personal privilege. The delegate has the floor. Thank you, Mr. Speaker. For most of Virginia's history, the General Assembly has looked very different than it does today. For generations, women's voices were largely absent

[00:52:50] from these halls. And when voices are absent, so are the issues that affect them. But over the years, As more women have stepped forward to serve in this chamber, something important has happened. The conversation has changed.

[00:53:06] The priorities have broadened, and issues that were once invisible are finally being addressed. Mr. Speaker, this session is a powerful example of that progress. I am so grateful, and I have the privilege, to be serving alongside 41 women, Many of which are championing legislation that addresses women's issues that have too often been overlooked, underfunded, or simply not talked about at all.

[00:53:37] For example, my friend Delegate Keys Gamara, she carried legislation prohibiting harmful ingredients in cosmetic products, recognizing that women deserve transparency and safety in the products they put on their bodies every day.

[00:53:53] My friend Delegate LeVere Bowling advanced legislation expanding access to remote monitoring for pregnant and postpartum patients, ensuring mothers receive care during one of the most critical periods of their lives. My friend Delegate McClure expanded access to doula care, which research consistently shows improves maternal health outcomes and provides critical support to mothers during childbirth.

[00:54:19] To my friend Delegate Tran, who carried legislation requiring reasonable workplace accommodations for perimenopause and menopause, something almost half the population experiences but our laws in society ignore. Delegate Cousins led a series of bills addressing the needs of pregnant and postpartum individuals in our correctional facilities, ensuring better reporting, stronger lactation policies, and safer alternatives to incarceration during pregnancy.

[00:54:48] And I was proud to champion HB 988 legislation this body passed to require ingredient labeling for menstrual products because women deserve to know what they are putting in their bodies. Mr. Speaker, taken together these bills represent something bigger than any one policy issue. They represent what happens when lawmakers better reflect the people they represent. Because when women are at the table, issues like maternal health, postpartum care, menstrual health, menopause, caregiving, and family well-being are no longer treat it as a side conversation. They are fundamental parts of our policy agenda.

[00:55:29] Having 42 women in this chamber has changed what gets discussed. It's changed what gets signed into law, and it's changed Virginia for the better. Thank you, Mr. Speaker. Delegate for my album all. Delegate law firm.

[00:55:56] Mr. Speaker, that's a hard speech to follow, which I totally say ditto to, but I stand for, uh sorry a point of personal privilege the delegate has the floor thank you mr speaker today in honor of women's history month i would like to talk about the power of a legacy and in my district how the incredible legacy

of grace tinsley has shaped our community grace tinsley was a woman of many talents she was a pioneer community servant and a political

[00:56:31] activist throughout her lifetime. She grew up attending all black segregated schools in Charlottesville and obtained her nursing certificate at the University of Virginia Hospital in the late 50s. She served there for 18 years before becoming the first ever school nurse at Charlottesville High School. Grace's legacy in Charlottesville is defined by her continued boundary breaking and steadfast commitment to public service. She became the first black woman on the school board only six years after charlottesville schools desegregated

[00:57:06] she used her platform to fight for equal education and opportunities for all students grace also brought the first public defender's office to charlottesville ensuring representation for all grace was a tough smart and determined woman and her power to create opportunity for charlottesville extends beyond her lifetime. In 2007, the Grace Tinsley Memorial Scholarship Program was founded, and since then, 72 low-to-moderate income seniors at Charlottesville High School

[00:57:41] have been receiving their scholarships. Recipients demonstrate Tinsley's core values of courage, humor, perseverance, and a dedication to bettering their community. As a former board member of this scholarship program, I can attest to how Grace's legacy inspires investment in education and changes students' lives. Grace Tinsley represents the best of Charlottesville and the best of Virginia. Of course, she is remembered for her historic contributions to Charlottesville schools, but more importantly, her legacy of her service enables generations of students to seek out

[00:58:19] futures they never imagined would be in their grasp. I hope we can all follow the example set by grace tinsley and have our commitment to our constituents our communities and our commonwealth be so great that it inspires future generations to continue our work long after we've left this chamber thank you mr speaker clerk will call the calendar calendar for today wednesday march 11th for the virginia house of delegates there are about 150 pieces of legislation to be dispensed with

[00:58:59] We turn to the first category, Senate Bill's on third reading, uncontested calendar block, page 2. Senate Bill 246 is out of the block over to the regular calendar. On page 4, Senate Bill's 43 and 196 are likewise out of the block over to the regular calendar.

[00:59:14] Therefore, first bill in the Senate Bill's third reading, final passage on contested block is Senate Bill 214. Legislative amendment reenacts two sections of the Code of Virginia relating to the Commission on Civics Education website. Legislation report committee on rules. The delegate from Fairfax, Delegate Helmer.

[00:59:31] Thank you, Mr. Speaker. Mr. Speaker, this is Senator Boyce-Go's Civic Education Commission on it that is required to develop and include certain enumerated items on its website. I hope it is the will of the body to pass the bill. Over on page 5 of the printed calendar, Senate Bill 251, over to the regular calendar, out of the block.

[00:59:47] Therefore, continuing with the block is Senate Bill 260, legislation to amend and reenact Section of the Code of Virginia relating to the Department for Aging and Rehabilitative Services, Senior Isolation Prevention. Legislation, again, report committing on rules. Delegate from Fairfax, Delegate Helmer. Thank you, Mr. Speaker. Mr. Speaker, the bill is exactly as the clerk has described.

[01:00:05] I hope it is well of the body to pass the bill. Continuing with the uncontested calendar block, we come to Senate Bill 280, which seeks to amend the Code of Virginia relating to the Autism Advisory Council repealed. Autism Advisory Board established a social report of Committee on Rules with an Amendment of Nature Substitute. The Delegate from Fairfax, Delegate Cohen.

[01:00:21] Mr. Speaker, the substitute for SB 280 gets this bill back in its original intent by reverting the Senate's proposed governor's advisory board, staffed by DBHDS, to a proper autism commission. I'd ask that the House adopt the Committee on Rules Substitute.

[01:00:37] Shall the Committee Substitute be agreed to? All those in favor, say aye. All those opposed, no. The Committee Substitute is agreed to. Delegate from Fairfax, Delegate Cohen. I just ask that the bill be passed. Thank you. Continuing with the block, we come to Senate Bill 384, which seeks to amend the Code of Virginia related to the Virginia Information Technologies Agency, Artificial Intelligence, Independent Verification Organizations.

[01:01:00] Legislation, again, reported committee on rules. The delegate from Chesapeake, Duncan Hayes. Thank you, Mr. Speaker. Senate Bill 384 is to cognate to my House Bill 797 that passed the body, 79 to 19. The bill directs the Joint Commission on Technology and Science to evaluate feasibility and impact of developing framework, independent verification organizations.

[01:01:20] I hope it's the will of the body to pass the bill. Senate Bill 447 is by for the day, therefore out of the block, continuing with the block, we come to Senate Bill 450, which would direct the Department of Education to convene a stakeholder workgroup for the purpose of conducting a comprehensive review of and making recommendations on the alternative licensure pathways for public school teachers in the Commonwealth, the Legislative Report Committee on Rules.

[01:01:43] Doug from Prince William, Doug Goodfranklin. Thank you Mr. Speaker. Mr. Speaker, SB 450 directs the Department of Education to convene a stakeholder work group for the purpose of conducting a comprehensive review of and making recommendations on the alternative licensure pathway for public school teachers in the Commonwealth. Hope it is the will of the body to pass this bill.

[01:02:02] Over on page 8, we come to Senate Bill 498, Legislation Amendment and reenact various sections of the Code of Virginia to repeal one other, all relating to the Commission on School Construction and Modernization, revisions, elimination of the Sunset, a Legislation reporting committee on rules. The Delegate from Virginia Beach, the Delegate to ask you.

[01:02:18] Thank you, Mr. Speaker. And Mr. Speaker, SB 498 is syndicated to my HB 544. SB 498 keeps the Commission on School Construction and Modernization alive and strengthens its work on fixing crumbling schools across the Commonwealth. It removes the Commission's sunset, and tightens its duties to that state keeps a sustained data-driven focus on school modernization and helps the body pass.

[01:02:37] Senate Bill 515 is out of the block to the regular calendar. Therefore, the last bill in third reading regular uncontested calendar block is SB 682, legislation to amend and reenact the Code of Virginia relating to the Alzheimer's Disease and Related Disorders Commission, Sunset Extension. Legislation, again, reporting committee on rules.

[01:02:54] Doug, from Henrico, Delegate Lofield Bowling. Thank you, Mr. Speaker. SB 682 is the cognate to my House Bill 431, which renews Virginia's Alzheimer's Disease and Related Disorders Commission,

which supports families and caregivers as dementia impacts more Virginians every day across the Commonwealth.

[01:03:09] With that, Mr. Speaker, I ask that we move past the double bill. Shall the bills pass? Close the roll. Ayes 99, noes 0.

[01:03:25] Ayes 99, noes 0. The bills pass. Continuing with today's calendar, we come to a new category, Senate bills on third reading regular calendar. 18 plus or so bills in this category, page 9, Senate Bill 602 is by for the day, Senate Bill 20 is not before you.

[01:03:45] So the first bill in this new category is Senate Bill 47. It is legislation to amend and reenact Section of the Code of Virginia related impersonation of a law enforcement officer while committing additional acts. Penalties, legislation reporting committee for courts of justice with amendment nature substitute and then subsequent report by the committee on appropriations.

[01:04:02] Delegate from Fairfax, Delegate Watts. Thank you, Mr. Speaker. I move the committee substitute. Shall the committee substitute be agreed to? All those in favor say aye. All those opposed, no. The committee substitutes agree to the delegate from Fairfax, Delegate Watts. Thank you, Mr. Speaker. Senate Bill 47 makes it a felony to impersonate a law officer while committing or attempting enumerated violent offenses, including abduction or kidnapping, forced labor, as well as sexual offenses, including sexual battery.

[01:04:34] And also, while circumventing or trying to circumvent any kind of security in trying to enter a building. Hope it will be the pleasure of the body to move the, to pass the bill.

[01:04:51] Shall the bill pass? Clerk will close the roll. Ayes 75, noes 24. Ayes 75, noes 24. The bill passes.

[01:05:08] Over on page 11, we come to Senate No. 59, which is legislation amended to reenact sections of the Code of Virginia relating to photo speed monitoring devices, photo monitoring system for traffic signals, proof of violation, certain retired law enforcement officials, registered conservators of the peace, and technicians training.

[01:05:24] Legislation Report Committee on Transportation with Amendment Nature Substitute. Delegate from Fairfax, Delegate Delaney. Thank you, Mr. Speaker. I move the committee substitute. Shall the committee substitute be agreed to? All those in favor, say aye. Aye. All those opposed, no. The committee substitute is agreed to. Delegate from Fairfax, Delegate Delaney. Thank you, Mr. Speaker. This bill authorizes retired law enforcement officers, registered special conservators of the peace, and technicians employed by a locality to confirm evidence from photo speed monitoring devices and other monitoring devices upon completion of a training course developed and approved by the Department of Criminal Justice Services.

[01:05:56] I move pass it to the bill. Shall the bill pass? Mr. Speaker. The delegate from Roanoke, Delegate Rossul. Mr. Speaker, speaking to the bill. The delegate has the floor. Mr. Speaker, ladies and gentlemen of the House, you know, being in the majority has its perks. But unfortunately, we like never get to speak against bills on the floor.

[01:06:18] And I got to watch Delegate Garrett. Not without consequences. All kinds of consequences. Delegate Garrett gets to have all the fun. But this bill is about tyranny. Who are technicians?

[01:06:37] We are going to train these random technicians. You can grab any old, I don't know, senator off the street and train them to process these tickets, these photo tickets, speeding tickets, whatever it may be. My family only hate texts me about three things, Mr. Speaker, when it comes to legislation.

[01:06:57] Number one, gas prices. Number two, Northern Virginia tolls. And number three, when they get these tickets. And now we're going to have some random new people, Mr. Speaker, called technicians. And we're going to train these technicians to now send out more of these tickets.

[01:07:15] Mr. Speaker, I encourage us to stand up to the tyranny, Mr. Speaker, and vote against this bill. Senate Bill 859, power to the people, Mr. Speaker. Delegate from Buckingham, Delegate Garrett.

[01:07:41] Mr. Speaker, it's been like a week since I said I love you. Speaking of the bill. The delegate has the floor. I could conclude my remarks by looking at my colleague from Roanoke and then the speaker and saying, what he said, but I can't help myself. What an incredible moment for the Commonwealth of Virginia where we have bipartisan comity. That's with a T, not a D-E-Y. I just find the burden shifting of a speeding ticket where you are guilty until proven innocent and then the Commonwealth amending

[01:08:20] its laws to facilitate the issuance of such tickets, which I find to be unconstitutional on their face to be a problem. So, wow. Thank you to my colleague from Roanoke, Mr. Speaker. I would urge my colleagues to vote against the tyranny. The delegate from Fairfax supporting tyranny.

[01:08:43] The delegate from Fairfax, Delegate Delaney. Mr. Speaker, I call the rules. Mr. Speaker, speaking of the bill. As the chair of transportation, I hear, I would like to speak to, you know, hearing all of my colleagues perspective on this and just add the perspective not necessarily an opinion but the perspective of the committee as we heard this bill and you will be hearing shortly about some language for my speed cameras guardrails bill and and the need to lock in and restrain the practice

[01:09:17] that is happening across the commonwealth but i do just want to take a moment to note that this bill does require a training to be developed, whereas currently there is none. So I want to contrast what this bill and our House patrons' similar bill, which we will be hearing shortly as well, do bring to the table, different in contrast to what current practice is. So current practice, there are law enforcement and retired law enforcement able to certify these tickets.

[01:09:45] But there is no training. And we've heard anecdotes of cars being towed on a tow truck getting a ticket because the license plate got noted and that's who got the ticket. We've heard anecdotes of police cars with their sirens and lights going, getting a ticket, going through a speed camera. So I do want to just offer the perspective that of what this bill actually does is yes, it does expand who can certify. And that is a policy decision for this body. This is not my bill. This is a policy decision for this body. It does expand who can certify them. However,

[01:10:24] it requires that everyone who will certify these will be DCJS trained by a training that currently does not exist. And I think the intent would be that we can ensure that when those tickets are certified, they're being certified by someone who knows what they're looking at, knows how to assess whether this is a true violation or not, so that when that citation comes, it is based on facts rather than perhaps whatever it's based on right now.

[01:10:51] And I will have more time to get into that when I have my own speed camera bill, which is my own bill, which is not this bill, but that is my perspective as chair that I wanted to offer. So thank you, Mr. Speaker. Shall the bill pass?

[01:11:20] Clerk will close the roll. Ayes 40, nose 59. Ayes 40, nose 59. You guys tell Senator Diggs, y'all.

[01:11:42] Mr. Speaker, members of the House, continue with Senate Bill's third reading, final passage, regular calendar, Bottom of page 11, Senate Bill 81, now before you seeks to amend and reenact sections of the Code of Virginia related enforcement of federal traffic infractions by state and local law enforcement officers, photo speed monitoring devices, planning District 8.

[01:12:03] Legislation report committee on transportation with an amendment nature substitute. Delegate from Fairfax, Delegate Cresick. Thank you, Mr. Speaker. Senate Bill 81 is a cognate to my House Bill 77, which passed this body 97 to 0. Mr. Speaker, I move the Transportation Committee substitute.

[01:12:20] Shall the committee substitute be agreed to? All those in favor say aye. All those opposed no, the committee substitute is agreed to. Thank you, Mr. Speaker. What that does, if you like that last bill result, you're going to love this, because what this does is it conforms the Senate bill, which has speed cameras in it, to ours that doesn't have it.

[01:12:36] So we're removing the speed cameras. Mr. Speaker, I move the bill pass. Shall the bill pass? Clerk will close the roll.

[01:12:55] Ayes 91, nos 8. Ayes 91, nos 8. The bill passes. Over on page 12, we come to Senate Bill 84, Legislation amend and reenact three sections of the Code of Virginia relating to speed safety cameras, placement and operation, violation enforcement, civil penalties, report.

[01:13:13] Legislation again, report committee on transportation with an amendment nature of substitute. Delegate from Fairfax, Delegate Seabolt. Thank you, Mr. Speaker. I move the committee substitute. Shall the committee substitute be agreed to? All those in favor say aye. All those opposed no, the committee substitute is agreed to. The delegate from Fairfax, Delegate Seabolt. Thank you, Mr. Speaker.

[01:13:29] Well, if you love the last two bills, you're really going to love this one, Mr. Speaker. We're really going to love it. Okay, so SB 84 is the cognate of my HB 1330, which adopts guardrail language because there currently is no guardrail language in the code, as the chair of transportation mentioned.

[01:13:51] Good governance practices and allows for the use of stop sign of pedestrian crossing monitoring devices because we want to ensure that our children who are walking to school get there safely. So, Mr. Speaker, I move the passage of this bill. Shall the bill pass?

[01:14:12] Clerk will close the roll. Ayes 67, noes 32. Ayes 67, noes 32. The bill passes. Senate Bill 219 now before you. Six to amend and reenact a section of the Code of Virginia, again relating to photo speed monitoring devices, summons, reports.

[01:14:32] Legislation report committee on transportation with an amendment nature substitute. Delegate from Fairfax, Delegate Delaney. Thank you, Mr. Speaker. I move the committee substitute. Shall the committee substitute be agreed to? All those in favor say aye. All those opposed no, the committee substitute is agreed to. Delegate from Fairfax, Delegate Delaney. Thank you, Mr. Speaker. So this bill requires a second summons for a vehicle speed violation captured by a photo speed camera to be mailed for failure to appeal in court.

[01:14:54] After a failure to appeal, after a second summons, then the DMV will be mandated to refuse to renew vehicle registration certificate or the license plate issued for such a vehicle until the required civil

penalties and any administrative fees have been paid.

[01:15:12] This bill does that. That is primary purpose, but I do want to make sure that I add that this bill did come with guardrail language that mirrored my House Bill 1220. We updated that language in Senate Transportation. As you recall, when that language left the floor, we were talking about still working on some of the accountability for localities. So the language that we've continued to work on for my House Bill 1220 is also mirrored in this bill as well. So I do want to remind the body of what that bill does. That bill restricts the use

[01:15:47] of any funds generated from the cameras to local safety projects. It directs the Office of the Supreme OES to develop a uniform summons that will be used consistently. It has signage requirements, date of retention requirements that tightens up the current law. And then the final kind of change from what left this body was we were continuing to look for how do we make sure that localities are held accountable when there is a willful violation of the law.

[01:16:15] And we have worked that out and had support from localities in that final testimony for the bill where a court can offer injunctive relief, compensatory relief, when a locality is found to be willfully violating the Code of Virginia. And so those are some of the additional pieces of policy that are added to this bill that That will be part of my House Bill 1220 when that comes back shortly, but I wanted to inform the body on those changes since those were important to previous discussion, and I move passage of the bill.

[01:16:47] Shall the bill pass? Clerk will close the roll. Ayes 66, noes 33. Ayes 66, noes 33.

[01:17:03] The bill passes. Senate Bill 249 now before you. Seeks to amend and reenact three sections of the Code of Virginia relating to electric utilities, integrated resource plans, state corporation commission, commission on electric utility regulation, workgroup report. Legislation was reported from the Committee on Labor and Commerce with an amendment, Nature Substitute.

[01:17:22] Delegate from Henrico, Delegate LaVere Bowling. Thank you, Mr. Speaker. I'd like to move adoption of Labor and Commerce Substitute. Shall the Committee Substitute be agreed to? All those in favor, say aye. All those opposed, no. The Committee Substitute is agreed to. Delegate from Henrico, Delegate LaVere Bowling. Thank you, Mr. Speaker. SB 249 with the substitute is now the cognate to my House Bill 429, which strengthens how Virginia's electric utilities develop their integrated resource plans.

[01:17:46] The bill simply improves the planning process by requiring more comprehensive modeling across generation transmission and distribution and by directing utilities to evaluate grid-enhancing technologies and advance conductors before defaulting to major new infrastructure build-out.

[01:18:02] It also increases transparency and structured public participation while preserving appropriate confidentiality protections and maintaining the distinction between IRPs as planning tools and CPCN proceedings for specific project approvals. Mr. Speaker, I move that we pass the bill.

[01:18:19] Shall the bill pass?

[01:18:29] Clerk will close the roll. Ayes 66, noes 32, abstentions 1. Ayes 66, noes 32, abstentions 1, the bill passes. Over on page 13, we come to Senate Bill 250, which seeks to amend and reenact multiple sections of the Code of Virginia related to electric utilities, small portable solar generation devices, residential

landlord and tenant act, legislation reported for the Committee on Labor and Commerce with an amendment. Nature substitute. Delegate from Hampton. Delegate Ward. Thank you, Mr.

[01:18:54] Speaker. Mr. Speaker, I move the substitute. Shall the committee substitute be agreed to? All those in favor, say aye. All those opposed, no. The committee substitute is agreed to the delegate from Hampton. Delegate Ward. Thank you, Mr. Speaker. Mr. Speaker, first, this bill prevents a locality from prohibiting the use of small portable solar generation devices on residential structure. And what the bill, the substitute does is it adds an enactment clause requiring stakeholder work groups and delaying the effective date of the first enactment to January 1, 1027.

[01:19:28] It's similar to House Bill 395, which passes House 97 to 1. Mr. Speaker, I move passage of the bill. Shall the bill pass? Clerk will close the roll.

[01:19:49] Ayes, 96, no, 0. Ayes, 96, no, 0. The bill passes. Senate Bill 446 now before you seek to amend and reenact three sections of the Code of Virginia relating to limited duration licenses and driver privilege cards and permits, expiration. Legislation report committee on transportation with Amendment Nature Substitute.

[01:20:07] Delaney from Arlington, Director Lopez. Thank you, Mr. Speaker. Mr. Speaker, I'd like to move the committee substitute. Shall the committee substitute be agreed to? All those in favor, say aye. All those opposed, no. The committee substitute is agreed to. Delaney from Arlington, Director Lopez. Thank you, Mr. Speaker. This bill extends the validity of limited duration licenses, driver privilege cards and permits, and identification privilege cards to a period of time consistent with the validity of driver's licenses.

[01:20:27] Bill passed out of the Transportation Committee 15 to 6, and is the cognate of my bill, HB 9-11, which has already passed the Senate. I move we pass the bill. Shall the bill pass?

[01:20:44] Close the row. Ayes, 64, noes, 34. Ayes, 64, noes, 34. The bill passes. Continuing with Senate Bill 448, it is legislation that seeks to amend to reenact sections of the Code of Virginia relating to electric utilities, energy storage resources, Department of Energy to Develop Model Ordinances, Work Groups, Reports.

[01:21:09] Legislation Report Committee on Labor and Commerce with an amendment nature substitute. And, Mr. Speaker, Delegate Wilt has a floor amendment drawn to the committee substitute, which is available to the members and to the public via the legislative information system.

[01:21:25] Delegate from Fairfax, Delegate Sullivan. Thank you, Mr. Speaker. I move the committee substitute. Shall the committee substitute be agreed to all those in favor, say aye. All those opposed, no. The committee substitute is agreed to the delegate from Fairfax, Delegate Sullivan. Thank you, Mr. Speaker. Mr. Speaker, with that, this bill is now identical to my HB 895, which passed this body 68 to 31 and passed the Senate yesterday.

[01:21:45] It increases both short and long-duration energy storage targets for Dominion and NAPCO with robust SEC oversight over viability and cost, and requires that a significant portion of the long-duration storage be built in the Coalfield region of Virginia.

[01:22:00] The substitute deleted a couple of enactment clauses, provided additional SEC oversight, made some minor technical amendments. This bill represents peace in the valley among all the stakeholders, Mr. Speaker, and I move that the bill pass. Delegate from Rockingham, Delegate Will. Mr. Speaker.

Delegate has the floor. Delegate Simon. Mr. Speaker, I move that the floor amendment be passed by. Delegate from Fairfax, Delegate Simon moves the floor amendment be passed by. All those in favor say aye. Aye. All those opposed, no. No. Ayes and nays. We have two minutes to debate.

[01:22:33] Delegate from Rockingham, Delegate Will. Thank you, Mr. Speaker. I would urge the motion to pass by. Excuse me. Yes, I'm sorry, Mr. Speaker, speaking to the motion to pass by. Doug has the floor. Thank you, Mr. Speaker. Ladies and gentlemen of the House, I would ask the body to reject that motion. This language is very simple.

[01:22:50] It's an enactment language that brings about and encourages affordability and reliability for our electric customers. And what it also does is continue to encourage and enable the State Corporation Commission to do the same. That's one of their top priorities.

[01:23:08] But the thing that I'm concerned about, Mr. Speaker, is that this year we've seen a lot, a lot of bills in this whole universe. I mean, there's a lot, a lot of things. And I'm concerned that our customers are going to get caught up in all these things that we're doing, and it's going to end up costing.

[01:23:28] At the end of the day, Mr. Speaker, I know that you and everyone in here were committed to our constituents, that we protect their electric rates in the form of affordability, but also encouraging and sustaining reliability.

[01:23:45] And so I know that some would say, well, this already exists in the State Corporation Commission. Mr. Speaker, if that were so, this is just an exclamation point on what the State Corporation Commission is able to do. And, again, I would ask somebody to reject the motion to pass by.

[01:24:04] Doug from Fairfax, Doug, it's time. Mr. Speaker, very briefly, I ask that we vote yes on the motion to pass by the exclamation point. I think the delegate said it correctly. This doesn't add anything that doesn't already exist in the existing law, unnecessary and superfluous. I think we'll all vote green on the motion to pass by.

[01:24:19] Thank you, Mr. Speaker. Shall the motion to pass by be agreed to? Turk will close the roll. Ayes, 64, noes, 35.

[01:24:37] Ayes, 64, noes, 35. The motion to pass by is agreed to. Shall the bill pass? House will be at ease.

[01:25:12] Turk will close the roll. Ayes, 66, noes, 33. Ayes, 66, noes, 33. The bill passes. Senate Bill 651 is legislated that seeks to amend and reenact sections of the Code of Virginia related to qualifying localities, underground electric distribution and transmission improvements, A levy on utility customers by ordinance.

[01:25:32] Legislation report, Committee on Labor and Commerce with an amendment. Nature substitute. Delegate Ward. Thank you, Mr. Speaker. Mr. Speaker, I move the substitute. Shall the committee substitute be agreed to? All those in favor say aye. All those opposed, no. The committee substitute is agreed to the Delegate Ward from Hampton, Delegate Ward. Thank you, Mr. Speaker. What this bill does, it authorizes a qualifying locality to enter into an agreement with an electric utility to place new and proposed underground electric distribution or transmission lines or facilities underground.

[01:26:02] And what the substitute does, it just conforms Senate Bill 651 to House Bill 1487, which passes House 62 to 36. I move passage of the bill. Shall the bill pass? Close the roll.

[01:26:27] Ayes 63, noes 35. Ayes 63, noes 35. The bill pass. Senate Bill 823 is legislative that seeks to amend and reenact sections of the Code of Virginia related to regulation of contractors, solar installation companies, sale, lease, or power purchase of solar energy systems.

[01:26:44] Legislation report on Labor and Commerce with Amendment Nature Substitute. Delegate from Fairfax, Delegate Shen. Thank you, Mr. Speaker. Mr. Speaker, I move adoption of the committee substitute. Shall the committee substitute be agreed to all those in favor, say aye. All those opposed, no. The committee substitute is agreed to. Delegate from Fairfax, Delegate Shen. Thank you, Mr. Speaker.

[01:27:00] Senate Bill 823 is the companion to House Bill 1439, which we passed on February 17th with a vote of 97 to 0. We've added a few more amendments to add transparency measures with the input of the Office of Attorney General as well as DEPOR, and that's what the substitute does, Mr. Speaker.

[01:27:18] I would move that the bill pass. Shall the bill pass? Clerk will close the roll. Ayes 95, nos 4.

[01:27:34] Ayes 95, nos 4. The bill passes. Next, we come to Senate Bill 2. Senate Bill 2 is a legislation that seeks to amend and re-enact multiple sections of the Code of Virginia relating to paid family and medical leave insurance program. Notice of requirements, civil action.

[01:27:51] Legislation reported from the House Committee on Labor and Commerce with Amendment Nature Substitute, substitute reported by the Committee on House Appropriations with Amendment Nature Substitute, which is different. And then Delegate Bloxam has a floor amendment drawn to one of the substitutes, the appropriation substitute.

[01:28:13] Okay, and Delegate Bloxam has two floor amendments that are drawn to the Committee on Appropriation Substitute. The delegate from Prince William, Delegate Sewell. Thank you, Mr. Speaker. Mr. Speaker, SB2 will establish a paid family and medical leave program here in the Commonwealth of Virginia after a brief pit stop and conference.

[01:28:29] So with that, I move the Labor and Commerce substitute and ask that the House reject it. Shall the committee substitute be agreed to? All those in favor say aye. All those opposed, no. The committee substitute is rejected. The delegate from Prince William, Delegate Sewell. And, Mr. Speaker, the substitute from the Committee on Appropriations is a technical fix at the request of the Department of Human Resource Management.

[01:28:56] And with that, I move the appropriation substitute and ask the body to accept it. Shall the committee substitute be agreed to? All those in favor say aye. All those opposed, no. The committee substitute is agreed to. Delegate from Prince William, Delegate Sewell. So the bill establishes paid family medical leave in the Commonwealth of Virginia, as previously noted, and we're excited to do so.

[01:29:18] Would you move, do you want to be able to pass? I move that the bill pass. The Delegate from Alchemac, Delegate Bloxham. Mr. Speaker? The Delegate from Fairfax, Delegate Simon. Mr. Speaker, I move that the floor amendment be passed by. Delegate Fairfax, move that the floor amendment be passed by. All those in favor, say aye.

[01:29:34] Aye. All those opposed, no. Both from him. I'd prefer to take both of them by. We've got to do them separate. We've got to do them separate. All right, I mean, if he wants to sever them, obviously.

[01:29:51] The Delegate from, we'll have two minutes before we go on the board. The Delegate from Alchemac, Delegate Bloxham. Thank you, Mr. Speaker. Speaking to the motion to pass by. The delegate has

the floor. Thank you, Mr. Speaker. A delegate used to serve in this chamber used to say he'd rather be a confident duplicator than a risky originator.

[01:30:09] So what we're going venturing out here is a program that's been tried in one or two states. We're stepping out, and our program is the most generous, the fastest to be able to get into it, and the widest door to get on the train.

[01:30:26] So if it is truly one cup of coffee a day as all this supposedly cost, I'm good with that. I drink one cup. Actually, I drink two cups, Mr. Speaker. And I'll say the First Amendment is the price of two cups of coffee a day.

[01:30:43] And all it says is that if we hit the two cups of coffee a day cost, the General Assembly will look at the program. The costs are out of control. We need to look at the program. We need to control the benefits.

[01:30:59] We need to control the runway to get on the program. We need to control how many people get, how many family members. We can try to control it. So if we can do that, that's the First Amendment. The Second Amendment says we've tried the First Amendment, and the cost is still going up.

[01:31:18] Sir, we just talked on the One Amendment. You're going to have a chance to speak on the Second Amendment. Sorry, Mr. Speaker. So the First Amendment is simple. It just gives us the ability to look at it and readjust it if, by chance, the patron says the cost will never get that high, we'll never see it again.

[01:31:38] But when the bill goes to the VEC, they're not concerned about cost. They're just concerned about the trust fund balance, which means they will control what our people in their payroll gets deducted.

[01:31:54] And that's a dangerous precedent letting a bureaucrat, 400 of them, at the VEC tax their payroll. Thank you, Mr. Speaker. The delegate from Fairfax, Delegate Simon. Mr. Speaker, I would just encourage the members to vote yes on the motion to pass by. I understand what's happening here.

[01:32:10] They've created it up at a super high rate, and I think they're going to probably try and spin this vote as somehow a vote in favor of this really high payroll tax, which it is not. This is a procedural maneuver. We want to get this floor amendment passed by. I suspect what's going to happen with this bill, once it gets back to the Senate, it's going to go into conference.

[01:32:26] There'll be time to address things like this at that point. But I encourage for the moment for members to vote green on the motion to pass by. Thank you, Mr. Speaker. Shall the motion to pass by be agreed to? Clerk will close the roll.

[01:32:45] Ayes, 64, noes, 35. Ayes, 64, noes, 35. The motion to pass by is agreed to. Second floor amendment. Second floor amendment, Mr. Speaker, is available. The delegate from Fairfax, Delegate Simon. Mr. Speaker, I move to pass by the second floor amendment. Delegate from Ackermack, Delegate Bloxham.

[01:33:03] Thank you, Mr. Speaker. Rising to speak against the motion. Let me do my eyes and nays. I missed the step. The clerk is giving me dirty looks. Shall the motion to pass by be agreed to? All in favor, say aye. All opposed, say no. No. Eyes and nays. Okay, eyes and nays have been called for.

[01:33:20] So now, the delegate from Alchemist, Delegate Bloxell. Thank you, Mr. Speaker. I'll be fast. This is the kill switch. If it goes to three cups of coffee a day, which I can't drink three cups of coffee. I get twitchy. My eyes start flashing. So this is just three cups of coffee a day.

[01:33:37] If the price that comes out of your paycheck is at the level of three cups of coffee, the program dies. Now, you might say, why would I just kill the program? This gives the incentive to the VEC to control costs.

[01:33:55] Otherwise, they have absolutely no incentive to control any costs. They're just going to pass the raise into the payroll pool, and we will all just be bludgeoned, and there's no way to stop it. Thank you, Mr. Speaker. Shall the motion to pass by be agreed to?

[01:34:11] Clerk will close the roll. I-64, nose 35. I-64, nose 35.

[01:34:28] The motion to pass by is agreed to. Shall the bill pass? Mr. Speaker. The delegate from Roanoke, Delegate McNamara. Mr. Speaker, speaking to the bill. Delegate has the floor. Thank you, Mr. Speaker. We voted on this bill a number of times now, but I wanted to remind the body and remind the public again just what this bill does.

[01:34:47] It creates a new tax on your paychecks and on payrolls, just like Social Security. The difference is the amount that comes out of your paychecks will be set by an unelected bureaucrat who can't be voted out. If we want smaller checks for Virginians, vote yes for this bill.

[01:35:07] Thank you, Mr. Speaker. Shall the bill pass? Clerk will close the roll.

[01:35:26] Ayes 64, noes 35. Ayes 64, noes 35. The bill passes. Over on page 16, we come to Senate Bill 223, which seeks to establish a distributed energy resources task force.

[01:35:42] This legislation reports clearly on rules with an amendment nature of a substitute. Delegate from Fairfax, Delegate Helmer. Thank you, Mr. Speaker. I move the committee substitute. Shall the committee substitute be agreed to? All those in favor say aye.

[01:36:00] All those opposed, no. The committee substitute is agreed to. Thank you, Mr. Speaker. This bill is now in the posture of the cognate that we passed out of this body by myself, and I hope we will pass the bill. Shall the bill pass? Clerk will close the roll.

[01:36:22] Ayes 68. Ayes 69. Excuse me. Ayes 69. Nays 30. Ayes 69. Nays 30. The bill passes. House Bill, excuse me, Senate Bill, Senate Bill 276 would direct the Department of Corrections to convene a workgroup for the purpose of identifying policies or actions that would ensure meaningful opportunities for in-person visitation with incarcerated persons at state correctional facilities by approved visitors.

[01:36:45] Report, Legislation Report Committee on Rules with Amendment Nature Substitute. Delegate from Norfolk, Delegate Anthony. Thank you, Mr. Speaker. I move the committee substitute. Shall the committee substitute be agreed to? All those in favor, say aye. All those opposed, no. The committee substitute is agreed to. Delegate from Norfolk, Delegate Anthony. Thank you, Mr. Speaker. This substitute conforms to the visitation standards adopted in my bill, House Bill 173, which is the fully vetted Department of Corrections bill that passed out of this House, 65 to 31, carries no fiscal impact, also addresses the visitation practices at state correctional facilities.

[01:37:17] I move that the bill passed. Shall the bill pass? Clerk will close the roll. Ayes, 64, noes, 34.

[01:37:34] Ayes, 64, noes, 34. The bill passes. Senate Bill 504 now before you seeks to amend and reenact a section of the Code of Virginia relating to vested rights, rulings, or orders of the local circuit court. Legislation reporting committee on counties, cities, and towns. The delegate from Fairfax, Delegate Helmer.

[01:37:53] Thank you, Mr. Speaker. SB 504 by Senator Deeds is about vested rights. It establishes procedures for rulings or orders in the local circuit court. It provides that the landowner's vested rights in a specific residential project will not be affected by a subsequent ruling or order of the local circuit court applicable to a zoning ordinance amendment.

[01:38:13] when such ruling or order affects at least 25 individual parcels within a locality unless the significant affirmative governmental act approving such residential project is the direct subject of the ruling order. I move passage of the bill. Shall the bill pass? Clerk will close the vote.

[01:38:37] Ayes 63, noes 36. Ayes 63, noes 36. The bill passes. Senate Bill 658. Now, before we would direct the Secretary of Administration to convene a workgroup on automatic voter registration.

[01:38:53] This is the Legislature Report Committee on Rules with an Amendment, Nature Substitute. Delegate from Fairfax, Delegate Hellman. Thank you, Mr. Speaker.

[01:39:09] The bill is exactly as the clerk described. It establishes a study of statutory improvements for voter registration and move the committee substitute. Shall the committee substitute be agreed to? All those in favor say aye. All those opposed, no. The committee substitute is agreed to.

[01:39:25] The delegate from Fairfax, Delegate Hellman. Move the passage of the bill. Shall the bill pass? My bad. We're both looking at each other like, you going to say something? No, I'm going to say something. Thank you, Madam Clerk. Keep me on line. Clerk will close the roll.

[01:39:46] Eyes 64, nose 35. Eyes 64, nose 35. The bill passes. Senate Bill 801, now before you, seeks to amend and reenact Section Code of Virginia relating to official emblems and designations. Song Emeritus repealed. Legislative reporting on rules.

[01:40:02] Doug from Fairfax, Delegate Helmer. Thank you, Mr. Speaker. Senate Bill 801, make sure we stop having a racist song as our official state song. I move passage of the bill. Shall the bill pass? Say it like that.

[01:40:22] I think I'm going to vote no. Clerk will close the roll. Ayes 79, noes 18. Ayes 79, noes 18. The bill passes. Senate Bill 832. Now, before you, seeks to amend the Code of Virginia relating to vulnerable road user safety zones, vulnerable road user safety improvement fund, civil penalty reports, legislation reported from the Committee on Rules.

[01:40:50] The delegate from Fairfax, Delegate Hellman. Mr. Speaker, I love that the title of rules bills is very descriptive. The bill is exactly as the clerk describes and establishes a look at road user safety zones. I move passage of the bill. Shall the bill pass?

[01:41:08] Teeter pants. Close the roll. Ayes 64, noes 35. Ayes 64, noes 35, the bill passes.

[01:41:24] And then returning, we have five bills. A delegate from Fairfax, Delegate Simon. Mr. Speaker, having voted on the prevailing side by which we took Senate Bill 447 on page 7 of the calendar by for the day. So having voted on the prevailing side by which we took 447 by for the day, I move that we reconsider that vote and move that bill to the regular calendar so we can vote on it today.

[01:41:49] Delegate from Fairfax, Delegate Simon moves that having voted on the prevailing side by which we passed by Senate Bill 447 found on page 7, has that we reconsider that vote, that we move it to the regular calendar and vote on it today. All those in favor, say aye. Aye. All those opposed, no.

[01:42:05] The motion is agreed to. Delegate from Fairfax. Mr. Speaker, another motion. The delegate has the floor. Mr. Speaker, having voted on the prevailing side by which we failed to pass Senate Bill 59 on page 11, I move that we reconsider that vote.

[01:42:22] The delegate from Fairfax, having voted on a prevailing side by which we failed to pass Senate Bill 59, ask that we reconsider that vote. All those in favor say aye. Aye. All those opposed, no. Senate Bill 59 is reconsidered and before us.

[01:42:39] Mr. Speaker, another motion on Senate Bill 59. I move that bill go by for the day. Without objection, Senate Bill 59 is go by for the day. Thank you. One more, Mr. Speaker. I'll wait. Why don't you just do it now so we don't have to hear from you again? The delegate from Fairfax, the delegate from Fairfax, Delegate Simon.

[01:43:00] You may still hear from me again, but I'm going to go ahead and move that, having voted on the prevailing sidebar, which we passed, Senate Bill 84, on page 12 of the calendar, that we reconsider that vote. Delegate from Fairfax, having voted on the prevailing sidebar, which we passed, Senate Bill 84 moves that we reconsider that vote.

[01:43:17] All those in favor say aye. All those opposed, no. Senate Bill 84 is back before us as well. The spirit move that that bill go by temporarily. The delegated from Fairfax moves that Senate Bill 84 go by temporarily, which is we're already at the end of that point.

[01:43:34] We only have two bills. It gives us a little more time, Mr. Speaker. We won't go after the amendments. It'll be in this portion. Understood. So that's just five, two minutes. All right, Mr. Speaker, let's go ahead and take it by for the day. Okay, I'm trying to help you make a good choice here. You're really fighting back.

[01:43:50] Jeez, the bill is by for the day. Thank you, Mr. Speaker. Mr. Clerk, that one bill that's still active now. Well, we have several that got moved back to work. The delegate from Power 10, delegate where? Thank you, Mr. Speaker. Since we're in this posture, going back on things, I have a motion as well.

[01:44:10] The delegate has the floor. Thank you, Mr. Speaker. On Senate Bill 47, having voted on the prevailing side by which we passed that bill on page 10, I move that we reconsider that vote so that members may have a chance to correct their votes on this. We have a vote on the prevailing side by which we passed Senate Bill 47.

[01:44:29] Delegate Compolitan, Delegate Ware moves that. We reconsider that vote. All those in favor say aye. All those opposed no. That bill is back before us. Okay, Mr. Clerk, figure it out. Are we going to vote on it? Yes. Yeah, Senate vote.

[01:44:45] So Senate Bill 47 is legislation to amend and re-indact sections that could have generated an impersonation of a law enforcement officer while committing additional act penalties. Substitutes have been adopted, and reconsideration is now before you. I would say to my colleagues that prior discussions on this bill in a different setting, I think were misguided and I would encourage my colleagues to vote for the bill.

[01:45:17] We finally pro-law enforcement. Shall the bill pass? Clerk will close the roll. Ayes, 99, no zero.

[01:45:33] Ayes, 99, no zero. The bill passes. we have another yeah so miss speaker um we need to go back and pick up the five bills that were uh moved from the uh uncontested the regulars so going back to page two of the printed calendar correct page two senate bill 246. senate bill 246 is um now before you that is uh legislation that seeks to amend and reenact a wide variety of sections of the code of virginia repeal a number a number of others, they're all relating to the Virginia Non-Stock Corporation Act.

[01:46:11] Legislation report committee on labor and commerce with amendments, and then delegate hope has floor amendments as well. From Arlington, delegate hope. Thank you, Mr. Speaker, I move the committee on labor and commerce amendments.

[01:46:27] Shall the committee amendments be agreed to, all those in favor say aye. Aye. All those opposed, no, the committee amendments will agree to the delegate from Arlington, Delegate Hope. Thank you, Mr. Speaker, and I do have some floor amendments. They are technical corrections. They should be live on the Internet now, but it's just referring to different parts of the code.

[01:46:44] The clerk will put the floor amendments? Yes, floor amendments. As a delegate of floor amendments, line 8 of the engrossed after 13.1-852.1, strike 13.1-852 and insert 13.1-853. And on line 25 of the engrossed after 13.1-852.1, strike 13.1-852 and insert 13.1-853.

[01:47:05] And move the line amendments. Shall the line of floor amendments be agreed to? All those in favor say aye. Aye. Opposed, no. The floor amendments are agreed to deductible all and deductible. All right. Mr. Speaker, after all that, this bill is similar to the Cognate House Bill 439 that passed here 98 to 0 last month.

[01:47:24] The bill makes technical changes to the Virginia Non-Stock Corporation Act. Among the revisions, I won't go through all of them, authorizes certain actions to derive from bylaws in addition to articles of incorporations. It makes changes to articles and bylaws, authorizes inclusion of exclusive forum provision to bylaws, et cetera, et cetera.

[01:47:43] So that's the bill. I hope I move passage of the bill. Shall the bill pass?

[01:48:03] Ayes 99, no zero. Ayes 99, no zero. The bill passes. All right, next we go to page four. If you're following that way, the bill before you next is Senate Bill 43. Senate Bill 43 would direct the Department of Energy to evaluate and assess the benefits and impacts of and best practices and implementation recommendations for demand response programs.

[01:48:23] Legislation reporting on rules. Delegate from Fairfax, Delegate Helmer. Mr. Speaker, Senate Bill 43 is as the clerk described. It evaluates best practices for demand management programs. I move passage of the bill. Shall the bill pass?

[01:48:40] Clerk will close the roll. Ayes 71, nos 28. Ayes 71, nos 28. The bill passes.

[01:48:55] Continuing on page four of the printed calendar, next up in third reading regular, we come to Senate Bill 196. Legislation amendment reenact sections of the Code of Virginia relating to Brown v. Board of Education Scholarship Program. Permissible use of scholarship funds. Legislation report committee on rules.

[01:49:11] Doug from Fairfax. Doug, can you help me? Thank you, Mr. Speaker. Mr. Speaker, Senate Bill 196 expands permissible uses of scholarship funds under the Brown v. Board of Education Scholarship

Program by permitting eligible students and their land descendants to use such funds to attend an accredited two-year or four-year institution of higher education outside the Commonwealth, but it establishes an initial annual cap of $5,000 for any such scholarship.

[01:49:33] I move passage of the bill. Delegate from Virginia Beach, Delegate Tater. Thank you, Mr. Speaker. Speaking of the bill. Delegate has the floor. Mr. Speaker, I serve on the Brown v. Board of Education Scholarship Committee, and this bill, as the delegate said, expands the eligibility to lineal descendants who wish to attend out-of-state to institutions of higher education.

[01:49:51] There was a lot of discussion about this decision because it does involve sending money out of state, but the committee concluded that there is sufficient money to fund this judgment. Also, it will only affect a small number of students, and we felt it was important to honor the descendants of those affected, so I urge my colleagues to pass this bill.

[01:50:09] Shall the bill pass? What are we on? Close the roll. Ayes 93, nos 6.

[01:50:25] Ayes 93, nos 6. The bill passes. Next, we come to Senate Bill 251. Senate Bill 251, which top of page 5 of the printed calendar, that is legislative to direct the State Corporation Commission to evaluate electric utility performance in the Commonwealth's report.

[01:50:46] Legislative report rules with an amendment. That's from Fairfax, Dr. Helmer. Thank you, Mr. Speaker. Mr. Speaker, Senate Bill 251 directs the State Corporation Commission to independently consider whether elements of an effective performance-based regulatory framework to evaluate and potentially improve electric utility performance and cost control incentives in the Commonwealth are in the public interest and develop related legislative recommendations.

[01:51:08] The bill requires the Commission to include its findings and recommendations in a report required by existing law by March 1st, 2027. I move the committee amendment. Does it do all that with the committee amendment? The committee amendment does all that, Mr. Speaker. Shall the committee amendment bill agree to all those in favor say aye?

[01:51:25] Aye. All those opposed, no. The committee amendment is agreed to. The delegate from Fairfax, delegate Helmer. Mr. Speaker, I move passage of the bill. The delegate from Rockingham, delegate Runyon. Thank you, Mr. Speaker. Speaking to the bill. Delegate has the floor. Mr. Speaker, one of this bill's central directives is to consolidate rate adjustment clauses into base rates.

[01:51:44] While proponents call this simplification, it actually reduces transparency, Mr. Speaker. Ratepayers currently see exactly what they're paying for for fuel costs, renewable energy compliance, and infrastructure separately. For example, a $400 bill, which isn't unusual in these days, consumers are paying $9.54 for clean energy projects, $19.96 for a renewable energy portfolio, and $29.20 for the offshore Virginia wind farm.

[01:52:13] That's right, 15% of their bill. Ratepayers, with some effort, can see how much they're paying for the policies this body has passed. Mr. Speaker, bundling these into base rates makes it harder for consumers to understand what is driving their bills and easier for utilities to obscure cost increases.

[01:52:35] This bill directs the creation of performance incentive mechanisms for utilities, but provides no ceiling on what those incentives might cost ratepayers. In other states, poorly designed performance

incentives have allowed utilities to earn millions of dollars in bonuses for meeting targets they would have achieved anyway.

[01:52:53] Without explicit cost caps in this legislation, we risk creating a system where ratepayers fund utility shareholder windfalls. Mr. Speaker, I urge the body to vote no on this bill. Shall the bill pass? Close the roll.

[01:53:20] Excuse me. I-62, nose 33. I-62, nose 33. The bill passes. Over on page 7, we come to Senate Bill 447. This is legislation that seeks to amend the Code of Virginia relating to Virginia, Boys and Men's Advisory Commission, establish, report, legislation, report, committee on rules with an amendment nature substitute.

[01:53:39] Delegate from Prince William, Delegate Thomas. Thank you, Mr. Speaker. I move the committee substitute. Shall the committee substitute be agreed to? All those in favor say aye. All those opposed, no. Hold on, let me do that again because that was the quietest aye. I don't know if we got the substitute passed or not. We have like one aye. You didn't even say aye.

[01:53:56] Shall the committee substitute be agreed to? All those in favor say aye. Aye. Okay, y'all are here. All those opposed, no. The committee substitute is agreed to. The delegate from Prince William, Delegate Thomas. Thank you, Mr. Speaker. Mr. Speaker, with that, Senate Bill 447 is now identical to my House Bill 1188 that just passed from the body down the hall a few minutes ago.

[01:54:20] It passed this House 94 to 4. The only changes from what this House saw before is a slight change in the composition from 23 members down to 18 members. And with that, Mr. Speaker, I move passage of the bill. Shall the bill pass? Clerk will close the roll.

[01:54:45] Ayes 92, nos 6. Ayes 92, nos 6. The bill passes. And then over on page 7, we come, excuse me, over on page 8, we go to page, excuse me, Senate Bill 515. I believe it's the last bill in this category, third reading, regular.

[01:55:03] SB 515 is legislation seeks to amend and reenact various sections of the Code of Virginia repeal, one or two others, all relating to the Commission on Electric Utility Regulation, scope, and name change. Legislation Report Committee on Rules of the Amendment, Nature Substitute. Director from Fairfax, Dougie Helmer. Thank you, Mr. Speaker. I move the committee substitute.

[01:55:19] Shall the committee substitute be agreed to all those in favor say aye? Aye. All those opposed, no. The committee substitute is agreed to deduct from Fairfax, Dougie Helmer. Mr. Speaker, if you hate the commission being called the sewer, this is the bill for you. This renames the commission to the Energy Commission in Virginia, and it gives it some new authorities that move passage of the bill.

[01:55:38] Shall the bill pass? Clerk will close the roll. Ayes 73, noes 25.

[01:55:54] Ayes 73, noes 25. The bill passes. All right. Continuing with today's calendar, we come to a new category, House bills with Senate amendments. There's a lot of those in there, some 80 bills with Senate amendments.

[01:56:13] On page 18, we begin in this new category, Delegate McClure's House Bill 20 is first up. It relates to minimum wage, farm laborers or farm employees, temporary foreign workers, legislation originally passed the House, passed the Senate, and the Senate substitutes now before you.

[01:56:32] Delegate McClure. Delegate McClure: Thank you, Mr. Speaker. Mr. Speaker, the Senate substitute unfortunately retains the H2 exemption, but this bill takes a critical step in finally including farm workers in the Virginia minimum wage act. The Senate substitute conforms my bill to its Senate cognate, SB 121, which already passed this body. Therefore, Mr. Speaker, I move that the House agree to the Senate substitute and ask that the body vote yes.

[01:56:51] Shall the Senate substitute be adopted? Clerk will close the roll. Ayes 64, noes 35.

[01:57:08] Ayes 64, noes 35. The Senate substitute is adopted. House Bill 27 now before you. That relates to overtime for certain employees, domestic workers, and live-in domestic workers. Legislature passed the House, passed the Senate with the substitute, and that Senate substitute is before. Delegate from Prince William, Delegate Henson.

[01:57:24] Thank you, Mr. Speaker. Mr. Speaker, House Bill 27 is identical to Senate Bill 28, which wins the conference. This Senate substitute does everything that we did in conference, which means the definition of domestic worker in this bill does not apply to any employee providing consumer direct related services under Title 19 and 21 of the Social Security Act.

[01:57:45] Mr. Speaker, I move that we accept the Senate substitute. Shall the Senate substitute be adopted? Clerk will close the roll. Ayes, 63, noes, 35, abstentions, 1.

[01:58:04] Ayes, 63, noes, 35, abstentions, 1. The bill passes. I mean, the Senate substitute is adopted. So next up is House Bill 55, House Bill 55, which relates to noise abatement, monitoring systems, local authorities, civil penalties, legislation originally passed the House, passed Senate with amendments, Senate amendments are before you.

[01:58:24] Delegate from Fairfax, Delegate Sullivan. Thank you, Mr. Speaker. HB 55, affectionately known as the muffler bill, creates a pilot program addressing aftermarket mufflers. The Senate amendment deletes Planning District 16 from the pilot. I move that the House adopt the amendment.

[01:58:41] Shall the Senate amendment be adopted? Although, yeah, Madam Clerk. Nobody said anything about tyranny with this. Sam Rasool, I'm going to get you later. Clerk, we'll close the roll.

[01:58:57] Ayes, 65, noes, 34. Ayes, 65, noes, 34. The Senate amendment is adopted. Next up, we come to House Bill 67, which would direct the director of the Department of Energy to identify and develop training resources to advance workforce development in the offshore wind industry.

[01:59:15] Legislation passed the House, passed Senate with substitute, which is before you. The Delegate from Virginia Beach, Delegate Fagans. Thank you, Mr. Speaker. HB 67 is a workforce development bill that prepares Virginians for our growing offshore wind workforce economy. The bill passes the House 85 to 12, and while the Senate tried their best, the Senate substitute did not improve the bill, and they had accepted the House version of the bill, rejecting the substitute restores the bill to the original version that we passed, so I move that we reject the substitute and vote no.

[01:59:39] Should the Senate substitute be adopted? Clerk will close the roll. Ayes 2, Nose 96. Ayes 2, Nose 96.

[01:59:55] The Senate substitute is rejected. House Bill 95. Mr. Speaker. The Delegate from Alexander, Delegate Herring. Mr. Speaker, I rise for a motion. The Delegate has the floor. Mr. Speaker, I move that the

House stand in recess until 1-0-2. The Delegate from Alexander, Delegate Herring, moves that the House stand in recess until 1-0-2 or 1-0-3?

[02:00:14] 1-0-3. My math is bad. Alexander, Delegate Harris moves at House standing recess until 1.03 p.m. All those in favor, say aye. Aye. All those opposed, no. House is in recess until 1.03 p.m. Hurry up, y'all.

[02:09:38] House will come to order.

[02:15:47] Mr. Clerk. Continuing with House bills with Senate amendments, we're on page 19, several bills into this large category. We come first back, picking back up after the recess, to House Bill 95. House Bill 95 relates to Virginia Residential Landlord and Tenant Act, Landlord Remedies, non-compliance with federal agreement payment plan legislation passed the House passed it with amendment that Senate amendments before you. Delegate from Alexandria, Delegate McPike.

[02:16:14] Thank you, Mr. Speaker. House Bill 95 is a bill by former Delegate Bennett Parker, which passed the House 64 to 35 on February 2nd. It requires that landlords provide tenants who own no more than one month's delinquent rent with a payment plan that will allow them to pay off that debt. The Senate amended the bill only with a delayed enactment clause to January 1, 2027.

[02:16:32] I move that the House accept the Senate amendment to HB 95 and ask that members vote yes. Shall the Senate amendment be adopted?

[02:16:49] Clerk will close the vote. Ayes 64, noes 33. Ayes 64, noes 33. The Senate amendment is adopted. House Bill 140, now before you, relates to a commission on federally recognized tribes, purposes, powers, and sunset extended. Legislation originally passed the House, passed the Senate with a substitute, which is now before you.

[02:17:06] Delegate from Fairfax, Delegate Cresick. Thank you, Mr. Speaker. As a reminder to the body, my bill, HB 140, extended the sunset for the commission on updating Virginia law to reflect federal recognition of Virginia tribes. However, the Senate amendment to this bill stripped out language already codified in the code relating to tribal sovereignty, government-to-government relationship between the federally recognized tribes and the Commonwealth, and downgraded tribal nations to simply tribes.

[02:17:34] Additionally, it shortens the commission's extension to just one year. You can remove all these words from the code, but it doesn't change the fact that we have seven tribes in Virginia that have sovereignty. So I would ask that we move the Senate amendments and we adopt them and vote no.

[02:17:51] Shall the Senate substitute be adopted? Clerk will close the row. Ayes, one, noes, 97.

[02:18:07] Ayes, one, noes, 97. The Senate substitute is rejected. Over on page 20, we come to House Bill 170, relates to real estate appraisers' educational requirements for licensure, fair housing, and appraisal bias course. Legislation originally passed the House, passed it with an amendment, which is before you now.

[02:18:23] Delegate from Virginia Beach, Delegate Askew. Thank you, Mr. Speaker. Mr. Speaker, HB 170 updates to Virginia's real estate appraiser education requirements to include specific training on fair housing, appraising, biases, and anti-discrimination. The Senate substitute simply changes audited to review to match how these courses are currently being overseen, And I ask the body to accept the Senate substitutes.

[02:18:43] Shall the Senate substitute, Senate amendment be adopted. Close the roll. Ayes 65, ayes 66, excuse me, noes 32.

[02:18:59] Ayes 66, noes 32, the Senate amendment adopted. House Bill 196 is legislative that relates to Virginia residential development infrastructure pilot program established. Sunset legislation originally passed the House, passed that with substitute, which is now before you. Delegate from Chris Williams, Delegate Thomas. Thank you, Mr. Speaker.

[02:19:14] House Bill 196 establishes a loan fund to localities for infrastructure. However, the Senate placed an entirely different regime over the bill, and so I move the Senate a substitute and ask that we reject them and vote no. Shall the Senate substitute be rejected? I mean, adopted.

[02:19:37] Clerk will close the row. Ayes 2, noes 96. Ayes 2, noes 96. The Senate substitute is rejected. House Bill 217 now before you relates to purchase, sale, transfer, et cetera, of assault firearms and certain ammunition feeding devices prohibited.

[02:19:54] Penalties. Legislation originally passed the House. Substitute passed the Senate with the Senate substitutes to help before you. This is from Fairfax. Delegate Helmer. Thank you, Mr. Speaker. Mr. Speaker, House Bill 217 with the Senate substitute is exactly the same posture as the assault weapons ban we passed on the Senate bill out of the House last week.

[02:20:10] I move that we accept the Senate substitute. Delegate from Patrick County, Delegate Williams. Yes, Mr. Speaker. Speaking to the bill. Delegate has the floor. Yes, Mr. Speaker, it sounds like somebody in the Senate was listening because we now have a bunch of answers as to whether or not you can sell your firearm.

[02:20:29] 18.2.287.4-1B, any person who imports, sells, manufactures, purchases, or transfers an assault firearm is guilty of a Class 1 misdemeanor. And then in 18.2308.25 E, any person who shall sell or no person shall sell an assault firearm as defined in that new section in that other bill for money, goods, services, or anything else of value.

[02:21:00] And then it says any person who willfully and intentionally sells an assault firearm as defined in that other section to another person or purchases an assault firearm from another person, they're guilty of a class one misdemeanor too.

[02:21:16] And then it does carve out that you can transfer an assault weapon as a gift to immediate family members. But interestingly enough, you are only allowed to transfer the assault firearm upon death through inheritance.

[02:21:40] But in this bill, there's no carve out or exception for inheritance of the magazines that go with it. So it effectively phases out large-capacity ammunition and magazines.

[02:22:00] And I think that's the ultimate goal on a lot of these bills. But I just thought I'd point out that it makes it very clear that you are losing your Second Amendment rights now. So thank you, Mr. Speaker. Delegate from Scott County, Delegate Kilgore.

[02:22:18] Thank you, Mr. Speaker. Speak to the Senate amendments. Delegate has the floor. Mr. Speaker, ladies and gentlemen of the House, what this bill is going to do, it's not anything about safety. It's not going to save one life. But what it is going to do is make criminals out of law-abiding citizens out here across the Commonwealth.

[02:22:38] Mr. Speaker, as I've said when this bill was going through, this bill will be overturned. It's not constitution, not constitutional. It goes against president. The Supreme Court has already decided, so we'll be back again on this bill, I'm sure.

[02:22:55] Thank you, Mr. Speaker. Dullet from Buckingham, Doug at Garrett. Thank you, Mr. Speaker, speaking of the bill. Dullet has the floor. So I know that people expect me to stomp my feet and give an impassioned plea, but these are serious questions.

[02:23:11] I know we're past second reading, so we can't ask questions, but it strikes me that we would like for people to want to come and live in Virginia, Mr. Speaker, and I don't think there's any clarity on whether if you move to Virginia already owning one of these firearms and you choose to bring it with you, you're importing it. So are we criminalizing, I guess, Republicans who might own these firearms from moving to Virginia?

[02:23:31] Is that the intent, Mr. Speaker? I don't know. I've looked in the code and I've looked at this bill and 1524 and a couple others. There are at least three different definitions in the Virginia code for the same thing that don't reconcile with one another.

[02:23:46] And I would submit, Mr. Speaker, that this is what legislation looks like when you ram it through, because perhaps you have some other political agenda. Maybe I don't know what your aspirations might be, but and you don't reconcile it with the rest of the code. Now, it's not my job in the minority to babysit the sanctity of the Virginia code.

[02:24:03] That's why, Mr. Speaker, we have multiple definitions for what an assault weapon is and why some places say woman and some places say birthing individual and some places say mother. But it's no way to legislate. And ultimately, someone will have to clean up this mess when it's all over with. I would like to point out, though, that as I read this bill, you have a takings clause problem amongst others.

[02:24:23] right? The second amendment we've discussed by virtue of making people alienate their own personal property by virtue of wanting to live here, move here. So not that anyone would want to move here when this legislative agenda is done, but it's something to think about. I would urge my colleagues to vote no. Thank you, Mr. Speaker. Doug from Fairfax, Doug at Helmer.

[02:24:46] Thank you, Mr. Speaker. Speaking of the bill. Doug has the floor. Thank you, Mr. Speaker. This bill is very simple. There have been a lot of things that are highlighted by the other side that are actually not true. If you own a weapon today and you own it lawfully today, you can continue to own it.

[02:25:05] If you want to, after the bill is signed into law, sell it to a federally licensed firearm dealer, you can still sell it to a federally licensed firearm dealer. The term of whether you can import, under which you can import a firearm into the Commonwealth are actually quite clear. You can do it if you are a military person or their family member who is stationed here.

[02:25:23] Otherwise, you can't. And if the question is, are we trying to diminish the number of high-capacity magazines and assault firearms in the Commonwealth of Virginia that are used most commonly in the country's and the Commonwealth's worst mass shootings? If we are trying to diminish the high-capacity magazines that have resulted in so much misery and death because that moment in which someone needs to reload is prolonged and therefore more people die, that is what this bill is about.

[02:25:52] That is what this bill does. Too many of our children are afraid to go to school. Too many of the people in our communities are afraid that they someday will be the victim of a mass shooting with a weapon that was designed for use in a war zone. That is what this bill deals with. It is about protecting the ability to safely own a firearm for self-defense, if you would like.

[02:26:11] But it does not advocate or put us in the position of advocating for weapons of war in our communities. Our communities are not battlefields. They shouldn't be. And this bill is about making sure they aren't. Thank you, Mr. Speaker. The delegate from Cameron County.

[02:26:33] Delegate's there. Thank you, Mr. Speaker. Speaking to this bill, Doug has the floor. Mr. Speaker, breaking it down just very simply, this bill was unconstitutional when it left here. It's unconstitutional now. The D.C. Court of Appeals just found magazine bans based on size unconstitutional. And I'd remind the body that Bruin held that restrictions on arms, quote, in common use for legal purposes, end quote, are likely unconstitutional, especially if they have no founding era historical precedence.

[02:27:02] Thank you. Shall the Senate substitute be adopted? Clerk will close the roll.

[02:27:20] Ayes 60, noes 35. Ayes 60, noes 35. The Senate substitute is adopted. Over on page 21, we come to House Bill 231, which relates to the Autism Advisory Council.

[02:27:40] Name change, membership, staffing, powers, and duties. Legislation originally passed the House. Let's pass the Senate with a substitute, which is before you. Delegate from Fairfax, Delegate Cohen. Thank you, Mr. Speaker. Like my colleague from Georgia, the Senate took everything good that we did over here and made it bad.

[02:27:56] The Senate substitute on HB 231 diverges from the original intent of the bill, replaces the Autism Commission with a governor's council staffed by DBHDS. So I would encourage my colleagues, I will move the Senate substitute and ask that we reject, please say no, to what's happening across the hall.

[02:28:16] Shall the Senate substitute be adopted? Close the roll. Ayes 1, noes 98. Ayes 1, noes 98, the Senate substitute is rejected.

[02:28:33] House Bill 238 relates to labor and employment, payment of wages, minimum wage, and overtime wages, misclassification of workers' civil actions. Legislation originally passed House, substitutes before you. Doug from Arlington, Doug Lopez. Thank you, Mr. Speaker. This bill strengthens our ability to protect Virginia workers against wage theft, misclassification, failure to pay minimum wage and overtime wages by giving the Department of Labor and Industry and the Attorney General the tools they need to better enforce existing wage laws and help protect exploited workers.

[02:29:02] Mr. Speaker, I'd like to move that we reject the committee substitute. It has some changes, including a reenactment clause, that we just want to work out some spinal details. Shall the Senate substitute be adopted? Close the row.

[02:29:22] Ayes, excuse me, ayes, 0, noes, 98, abstentions, 1. Ayes, 0, noes, 98, abstentions, 1. Senate substitute is rejected. Senate bill, excuse me, House bill, House bill 246, now before you, relates to affirmative defense or reduced penalty for mental illness, neurocognitive disorder, or intellectual or developmental disability.

[02:29:41] The legislation originally passed the House, so it's passed that with amendments. Senate amendments are before you. Senator from Fairfax, Senator Watts. Thank you, Mr. Speaker. House Bill 246

deals with allowing, as an affirmative defense, behavior due to a mental or cognitive disorder in the charge of assault and battery on a law enforcement officer.

[02:30:03] The amendments put it in the same posture as the Senate cognate, which passed this House by a vote of 56 to 39, I move the Senate amendments and urge their adoption. Shall the Senate amendment be adopted?

[02:30:28] Clerk will close the row. Ayes. 59, noes 39. Ayes 59, noes 39. The Senate amendment is adopted. Over on page 22, we come to House Bill 285, which would establish a distributed energy resource task force report sunset.

[02:30:46] Legislation originally passed the House, passed that with a substitute, Senate substitutes before you. Delegate from Fairfax, Delegate Helmer. thank you mr speaker uh going to move the senate substitute and move acceptance of the senate substitute and ask that we vote no uh we just need to get this bill into conference thank you mr speaker shall the senate substitute be adopted clerk will close the row ayes one no's 98. ayes one no's 98 the senate substitute is rejected house bill 298 relates to public

[02:31:23] elementary or secondary school students evidence-based restorative disciplinary practices legislation originally passed the house has passed senate with the substitute which is before you That's from Richmond City, Delegate McQuinn. Mr. Speaker, yes, I move that the House will agree to the Senate amendment, and I will state it.

[02:31:40] Thank you, Mr. Speaker. Mr. Speaker, the Senate amendment says that, number one, the bill requires schools to consider at least one evidence-based restorative disciplinary practice. Number two, it requires that BDOE will provide guidance, profession development, and technical system by January 1.

[02:32:04] The school division begins implementation on January 1, 2027. And then it transfers the implementations with two amendments. When exclusionary discipline is used with a restorative approach, school must document the rationale within the student's disciplinary record.

[02:32:19] I ask that we would adopt, again, the Senate's amendments. Shall the Senate substitute be adopted? So we'll close the row.

[02:32:35] Ayes 65, noes 34. Ayes 65, noes 34. The Senate substitute is adopted. House Bill 303 relates to divorce, adultery, filing, parties living separate and apart. Legislation originally passed the House, passed Senate with amendments, and those are now before you.

[02:32:51] Delphine Fairfax, Delegate Sullivan. Thank you, Mr. Speaker. This bill, this unfortunately named bill, actually makes divorce proceedings less acrimonious, less expensive, less stressful, and easier on children. The Senate's amendment adds an enactment clause which will create a workgroup to consider whether Virginia should move to a no-fault divorce system.

[02:33:09] It does no harm to the underlying bill. I move that the House adopt the Senate amendment. Shall the Senate amendment be adopted? Close the roll.

[02:33:27] Ayes, 64, noes, 34. Ayes, 64, noes, 34. The Senate amendment is adopted. House Bill 356 relates to the Department of Housing and Community Development. Excuse me. Local housing policy report to the department. Legislature originally passed the House, passed that with amendment, which is?

[02:33:44] Delegate from Prince William. Delegate Thomas. Thank you, Mr. Speaker. Mr. Speaker, House Bill 356 is a bill that has reporting requirements on localities of the Commonwealth based on how much

housing they're producing. All the amendment would do is change that report date from August to September. With that, I move adoption of the Senate amendment and ask that we vote yes.

[02:34:01] Shall the Senate amendment be adopted?

[02:34:14] Ayes 74, noes 24. Ayes 74, noes 24. The Senate Amendment is adopted. House Bill 361 relates to earned sentence credits, incarceration while awaiting trial or pending an appeal. Legislature originally passed the House, so it's passed a Senate with a substitute which is before you.

[02:34:32] Delegate from Fairfax, Delegate Sebo. Thank you, Mr. Speaker. Mr. Speaker, HB 361 ensures all time a person spends in confinement shall be used in calculating a person's earned sentence credits. The Senate substitute delays the enactment date for two years.

[02:34:48] I think we may be able to shorten that a bit. So, Mr. Speaker, I move the Senate amendment and ask the body to vote no. Shall the Senate amendment be adopted? Senate substitute.

[02:35:05] The clerk will close the roll. Ayes, one, noes, 98. Ayes, one, noes, 98. The Senate substitute is rejected. Over on page 24, we come to House Bill 374, which relates to Manufactured Home Lot Rental Act. Legislation originally passed the House, passed that with substitute, which is before you.

[02:35:22] Delegate from Fairfax, Delegate Cresick. Thank you, Mr. Speaker. House Bill 374 amends the Manufactured Home Lot Rental Act to strengthen resident rights for the thousands of Virginians living in parks. The Senate substitute clarifies that a notice of violation shall only be considered properly resolved when the owner or operator receives notice from the locality that such notice of violation has been properly cured or that the locality confirms that adequate progress has been made towards remediation of such violation.

[02:35:49] Additionally, it removes the requirement for manufactured home park registration in order to reduce the fiscal impact. I move the Senate substitute is adopted and to vote yes. Shall the Senate substitute be adopted? Clerk will close the vote.

[02:36:14] Ayes 65, noes 34. Ayes 65, noes 34. The Senate substitute is adopted. House Bill 375 relates to Manufactured Home Lot Rental Act right of first refusal, resident entities and localities. Legislation originally passed the House, passed Senate amendments before you.

[02:36:32] Delegate from Fair Press, Delegate Creasy. Thank you, Mr. Speaker. House Bill 375 provides residents of manufactured home parks. The locality of park is located or a qualified nonprofit, a right of first refusal when the park owner decides to sell the park. The Senate amendments clarify that in the case of mobile home park owner plans to sell and the third-party buyer later changes the price by more than 5%, the owner has to treat it like a brand-new offer and give residents or the local government another chance to match it.

[02:36:59] but only if they haven't already said they plan to exercise their right of first refusal. I move that the Senate amendments are adopted and that we vote yes on adoption. Should a Senate amendment be adopted? So close the roll.

[02:37:21] Ayes 66, noes 32. Ayes 66, noes 32. The Senate amendment is adopted. House Bill 425 relates to the Department of Medical Assistance Services, remote monitoring services through pregnancy and postpartum for high-risk pregnant patients and patients with advanced maternal age reimbursement.

[02:37:37] Legislation originally passed the House, passed it with a substitute, which is before you. Delegate from Henrico, Delegate Verbole. Thank you, Mr. Speaker. Mr. Speaker, the Senate substitute fundamentally changes my HB 425's original intent. It makes it a Section 1 bill that DMAS has and already currently performs.

[02:37:55] So I believe this to be an unnecessary substitute and would like to stand on the House's stance of tangibly serving our pregnant and postpartum individuals in their time of need. HB 425, as originally passed by this body, is a targeted maternal health bill that strengthens Medicaid coverage for remote patient monitoring during pregnancy and the postpartum period while improving cost efficiency and maintaining strong clinical impact. With that, Mr. Spieger, I would move adoption of the Senate committee substitute and ask that we reject the motion.

[02:38:29] Shall the Senate substitute be adopted? For that long speech, we ought to all vote yes. Clerk will close the roll. Aye zero, nose 99. I-0, no, 99. The Senate substitute is rejected.

[02:38:46] House Bill 429. Different bills, same patron. This one relates to electric utilities, integrated resource plan, state corporation commission, commission on electric utility regulation, work group report. Legislature passed the House. Pass that with substitute, which is before you. Debbie for Miracle. Debbie LeVere-Bowley. Thank you, Mr. Speaker.

[02:39:03] We actually saw the Senate cognate to this bill just some minutes ago, and so I'd like to move adoption of the Senate committee substitute and ask that we reject the substitute. Shall the Senate substitute be adopted?

[02:39:30] Clerk will close the roll. Ayes, 0, no, 99. Ayes, 0, no, 99. The Senate substitute is rejected. Over on page 26, we come to House Bill 430. This legislation relates to the new College Institute, name, membership, and composition of board of directors.

[02:39:45] Legislation passed the House, passed the Senate with amendments, not the Senate amendments before you. That's for my record. That's very boldly. Thank you, Mr. Speaker. HB 430 is now identical to SB 299, Resolving a nearly seven-year battle on updating composition of board directors for NCI, I move the Senate's committee to substitute and ask that we accept the motion.

[02:40:03] Delegate from Washington County, Delegate O'Quinn. Thank you, Mr. Speaker. Will the patron yield for a question? Will the patron yield? Mr. Speaker, I do yield. Patron will yield. Thank you, Mr. Speaker. I would ask the patron, some of us over on this side were just having a discussion, and we were hoping that you could hold those flags just a little higher.

[02:40:22] We're having trouble seeing them on this side. So I was curious if she could comply with that request. Mr. Speaker, I will comply with that request. So whatever she does, y'all do the opposite. Shall the Senate Amendment be adopted?

[02:40:53] Clerk, close the row. Ayes, 93, no, 6. Ayes, 93, no, 6. The Senate Amendment is adopted. House Bill 461 now before you relates to special education. Student age range restrictions in educational settings. Legislation originally passed. The House has passed. The Senate Amendment is now before you.

[02:41:10] Jackson Fairfax, Delaware Colvin. Mr. Speaker, thank you. The amendment changes the words placed in to assign to on line 11, which brought the Virginia Council of Administrators of Special Education on board to support HB 461 that prohibits children with disabilities.

[02:41:27] That would be great. And kindergarten to sixth grade from being placed in a classroom where the students are more than four years apart in age. So I would ask my colleagues to please move the Senate amendment and ask them to accept the amendment. Thank you. Shall the Senate amendment be adopted? Clerk, close the row.

[02:41:50] Aye's 71, no's 28. Aye's 71, no's 28. The Senate amendment is adopted. Over on page 27, we come to House Bill 554. Legislation relates to state officers and employees, state agencies to establish alternative work schedules, reporting requirement.

[02:42:05] Legislation rigid, pass the House, pass the Senate with substitute, which is before you. Doug from James City County, Dale Anderson. Thank you, Mr. Speaker. Mr. Speaker, the Senate substitute now requires that the state telework policies be publicly posted on the DHRM website. after each biennial review, additional requirements that cannot currently be practically implemented have been removed, as well as the 2022 requirement tied to restoring the telework agreement.

[02:42:28] And finally, the regional telework provisions was removed to avoid the creation of inconsistent policy standards. With that, Mr. Speaker, I move the House adopt the Senate substitute and I ask the body to vote yes. Shall the Senate substitute be adopted?

[02:42:48] Close the roll. Ayes 65, noes 32. Ayes 65, noes 32, the Senate substitute is adopted. House Bill 561 relates to driving while intoxicated, refusal of tests, repeat offenders, ignition, interlocks. Legislation passed the House.

[02:43:04] Subject passed Senate with amendments, which are before you. That's from Arlington, David Hope. Thank you, Mr. Speaker. This bill explained House Bill 561. The Senate added some clarification amendments, which are just that clarification, and I'm going to move that the body adopt the Senate amendments.

[02:43:21] Shall the Senate amendment be adopted? Clerk will close the row. Ayes. Ayes 90, noes 7.

[02:43:38] Ayes 90, noes 7. The Senate amendment is adopted. Over on page 28, we come to House Bill 569, which relates to prevailing wage rate for public works, contracts, definitions, civil penalty. Legislature originally passed the House. Passed Senate with a substitute, which is before you. That's from Virginia Beach.

[02:43:54] Delegate Fagan. Thank you, Mr. Speaker. With HB 569 for prevailing wage for public works funded by local and state dollars, allowing opt-in for locally funded projects and setting rates for every two years. The Senate substitute does include changes that the House version still needs to work on.

[02:44:11] As such, Mr. Speaker, I would move the substitute and then we ask to reject it and vote no so the bills may go into conference. Shall the Senate substitute be adopted? Clerk will close the roll.

[02:44:28] Ayes 0, nos 98. Ayes 0, nos 98. The Senate substitute is rejected. Council 581 relates to smart solar permitting platform established, residential solar energy systems. Legislature passed the House. Pass that with substitute, which is before you.

[02:44:44] Jennifer from Northwick, Douglas Glass. Gratitude, Mr. Speaker. A little bit different. This is House of 580 deals with name, image, voice, and likeness use without permission. I read the wrong bill. I apologize. No worries. I got this. We got this together.

[02:45:00] It allows individuals to sue and stop unauthorized covering the Senate substitute. Makes it accommodate to Senate Bill 753. I move that the bill pass. The amendment to be accepted.

[02:45:17] I'm just making sure, shall the Senate substitute, the clerk, he's throwing me off right now, shall the Senate substitute be adopted? I've read the wrong bill, sorry.

[02:45:35] Clerk, close the row. Ayes 95, ayes 96, no zero. Ayes 96, no zero, the Senate substitute is adopted. Now we come, not 581, but to 590, House Bill 590, now before you.

[02:45:52] Now, this legislation relates to smart solar permitting platform established residential solar energy systems. This is Delegate Hernandez's bill. It led to pass the House. It led to pass the Senate with the substitute, which is before you. Delegate from Norfolk, Delegate Hernandez. Thank you, Mr. Speaker. As a reminder, this bill is aiming to make the process of getting rooftop solar easier, cheaper, and faster by a better permitting process.

[02:46:13] The Senate substitute is pretty good. Gets us most of the where we want to be, but is missing a couple of the implementation provisions. So I'm going to go ahead and move the Senate substitute and ask that we vote no. Should the Senate substitute be adopted? Clerk will close the roll.

[02:46:33] Aye zero, no's 98. Aye zero, no's 98. The Senate substitute is adopted. House Bill 614 is legislation that requires commission on civics education to review and make recommendations on the inclusion of the contributions, perspectives, and experiences of historically marginalized communities in the history and social science standards of learning and curriculum framework report.

[02:46:55] Legislation originally passed the House Senate, subsequently passed the Senate with the substitute, which is now before the body. Delegate from Roanoke City, Delegate Ossoul. Thank you, Mr. Speaker. The Senate substitute simply shifts the work from the Commission on Civics Education to the Department of Education. I hope we pleasure the body to adopt the Senate substitute.

[02:47:12] Shall the Senate substitute be adopted? Club will close the roll. Ayes 63, noes 34. Ayes 63, noes 34.

[02:47:28] The Senate substitute is adopted. House Bill 616 relates to the Department of Housing and Community Development, Virginia Residential Landlord and Tenant Act, tenant records. Legislation originally passed the House. Some have passed the Senate with amendments. Senate amendments are before you. Delegate from Norfolk, Delegate Anthony.

[02:47:45] Thank you, Mr. Speaker. The Senate amendments clarify the rent ledger requirement. So tenants requesting their account record can obtain documentation separating base rent from other charges, which is often needed for housing assistance programs. The amendment also adds a delayed enactment, but preserves the purpose of the bill.

[02:48:03] Mr. Speaker, I move that the House agree to the Senate amendments and vote yes. Shall the Senate amendment be adopted? Clerk will close the roll. Ayes 65, noes 33.

[02:48:21] Ayes 65, noes 33. The Senate amendment is adopted. Over on page 30, we come to House Bill 627, which relates to covenants not to compete. Health care professionals, civil penalty. Legislation readily passed the House, passed the Senate with the substitute, which is before you.

[02:48:37] Delegate from Alexandria, Delegate Herring. Thank you, Mr. Speaker. Well, the clerk described most of the bill, the substitute, as additional protections for employers. I move that the Senate substitute

and ask that the members vote yes. Shall the Senate substitute be adopted?

[02:49:01] Clerk will close the row. Ayes 95, nos 2. Ayes 95, nos 2. The Senate substitute is adopted. House Bill 650, which relates to prohibiting certain acts and furthers the federal immigration enforcement in certain protected areas.

[02:49:16] Exceptions, penalties. Legislation originally passed the House. The House will pass the Senate with the substitute, which is before you. Detective Albemarle, Delegate Carson. Thank you, Mr. Speaker. House Bill 650 provides immigration-related due process protections in protected and sensitive spaces, so our schools, universities, courthouses, and voting places.

[02:49:34] It passes body 63 to 35. The Senate substitute reduces those place-based protections to just our courthouses. I think we can do more, and I would like to go to conference. So, Mr. Speaker, I move that the House adopt the committee substitute, but kindly request that my colleagues vote no.

[02:49:51] Shall a Senate substitute be adopted? Clerk will close the roll. Ayes. Zero, no's 98.

[02:50:06] Zero, no's 98. The Senate's substitute is rejected. House Bill 656 relates to mental health and substance abuse disorders, network adequacy standards, comparative analyses, report emergency regulations. Legislation originally passed the House, so it's passed the Senate with the substitute which is before you. Then from Enrico, Doug Willett.

[02:50:22] Thank you, Mr. Speaker. Mr. Speaker, HB 656 strengthens mental health parity in Virginia by ensuring mental health and substance use disorder care is covered and accessible in the same terms as medical and surgical care. The Senate substitute adds a delayed enactment clause, which we can live with. Mr. Speaker, I move the House to adopt the Senate substitute and ask the body to accept the motion.

[02:50:43] Shall the Senate substitute be adopted? Clerk will close the roll. Ayes 92, noes 6. Ayes 92, noes 6.

[02:51:00] Senate substitute is adopted. House Bill 672 relates to appliance minimum energy and water conservation standards, heating, ventilation, air conditioning facilities, and home appliances, Department of Energy. Legislation originally passed the House, passed it with a substitute which is before you.

[02:51:15] Then from Prince William, Debra Maldonado. Thank you, Mr. Speaker. Mr. Speaker, just as a reminder, this Energy and Water Conservation Standards Bill is another bill, an effort for us to make sure utility bills stay affordable for Virginians. The Senate put two amendments on that are good.

[02:51:31] It delays when it would take effect, which is 12 months after the federal government removes the high energy efficiency standards, if it does. It also requires the Department of Energy to begin looking at the cost and funding needed, if any, to implement and administer a new program.

[02:51:47] And that report would be due to the chairs of our respective finance and appropriations committees by December 1, 2026. Mr. Speaker, I ask that the House agree to the Senate substitute and vote yes. Should the Senate substitute be adopted? Ayes 64, noes 35.

[02:52:14] Ayes 64, noes 35. The Senate substitute is adopted. House Bill 675, this legislation actually relates to a protection of employees, coercion, or threat based on immigration status, civil penalty. Legislation originally passed the House, passed Senate with a substitute with amendment, and the substitute with amendments now before you.

[02:52:31] Delegate from Prince William, Delegate Maldonado. Thank you, Mr. Speaker. Mr. Speaker, as a reminder, this bill helps protect against workplace coercion based on immigration status. The substitute expands the enforcement mechanism to include the Attorney General and individual rights of action.

[02:52:49] Mr. Speaker, I move that we adopt the Senate substitute with amendment and vote yes. Shall the Senate amendment be adopted?

[02:53:04] Clerk will close the row. Ayes 64, noes 35. Ayes 64, noes 35. The Senate amendment is adopted. Continuing with this category, we come next to House Bill 678.

[02:53:21] That is legislation related to the Virginia Residential Landlord and Tenant Act, Terms and Conditions of Rental Agreement, Notice of Rent Increase. Legislation passed the House, then passed the Senate with the amendment, which is now before you. For the trifecta, the delegate from Prince William, Delegate Maldonado. Thank you, Mr. Speaker. The clerk read this perfectly.

[02:53:38] The only thing I will add is that the amendment has a delayed enactment date of January 1, 2027. I move that the Senate amendment be adopted and that we vote yes. Shall the Senate amendment be adopted? Clerk calls the roll.

[02:53:57] Ayes 73, noes 24. Ayes 73, noes 24. The Senate amendment is adopted. House Bill 684 relates to photo speed monitoring devices, photo monitoring systems for traffic signals, proof of violation, registered conservators of the peace and technicians employed by a locality training.

[02:54:18] Legislation passed the House, subsequently passed the Senate with a substitute as amended also with an amendment. So the Senate substitute with amendments before you. The deadline from Alexander, Doug O'Heron. Thank you, Mr. Speaker. I may that this bill go by for the day. Without objection, HB 684, cognate to the Diggs bill that you guys killed, goes by for the day.

[02:54:37] Over on page 32, therefore, we come next to House Bill 768. HB 768 relates to custody and visitation arrangements for minor custody evaluation.

[02:54:53] Legislature originally passed the House, passed Senate with amendments which are before you. That's from Alexander. Delegate Herring. Thank you, Mr. Speaker. This bill does make it clear that judges can order custody evaluations. The Senate Amendments creates an advisory group because the availability of evaluators is shrinking, and the committees, of course, of justice for both chambers wants to assess the availability.

[02:55:16] So I move that we adopt the Senate Amendments. Shall the Senate Amendment be adopted?

[02:55:31] Ayes 99, noes 0. Ayes 99, noes 0. The Senate Amendments adopted. Over on page 33, we come to House Bill 830, which relates to pharmacy benefit managers' requirements, application of law report. Legislation originally passed the House, passed the Senate with substitute, which is before you.

[02:55:49] The Delegate from Albemarle, Delegate Carlson. Thank you, Mr. Speaker. This bill is a PBM reform bill, an accountability bill, and in its original form passed this body unanimously. The substitute conforms my bill to the Senate version, which also passed this body unanimously. The change is a clarifying change requested from appropriations.

[02:56:06] Mr. Speaker, I move the House adopt the Senate substitute. Shall the Senate substitute be adopted? Clerk will close the row. Ayes.

[02:56:23] 98, noes zero. Ayes, 98, noes zero. The Senate substitute is adopted. House Bill 834 now before you relates to the Virginia Residential Landlord and Tenant Act, Fire or Casualty Damage, Termination by a Landlord. Legislature originally passed the House, passed the Senate with an amendment which is before you now. The delegate from Arlington, Degra McClure.

[02:56:39] Thank you, Mr. Speaker. Mr. Speaker, as a reminder, HB 834 makes it easier for tenants to adjust and cope in the aftermath of a fire or casualty incident. The Senate Amendment simply adds a delayed enactment. So, Mr. Speaker, I move that the House agree to the Senate Amendment and ask that the body vote yes.

[02:56:54] Shall the Senate Amendment be adopted? Close the roll. Ayes, 66, noes, 32. Ayes, 66, noes, 32.

[02:57:10] The Senate Amendment is adopted. House Bill 848 relates to the Virginia Residential Landlord and Tenant Act. Material noncompliance by a landlord, rent escrow relief. Legislation originally passed the House, so it's passed that with an amendment which is before you. The delegate from Richmond City, Delegate Cousins. Thank you.

[02:57:25] HB 848 improves access to the legal system by removing the requirement that Senators be current on rent to file an affirmative action against the landlord for failing to meet safe housing standards. The Senate amendment adds a delayed enactment date of January 1st, 2027.

[02:57:43] Mr. Speaker, I begrudgingly move that the House agree to the Senate amendment. Shall the Senate amendment be adopted? Begrudgingly. Begrudgingly. Clerk will close the row.

[02:57:59] Ayes 70, noes 29. Ayes 70, noes 29. The Senate amendment is adopted, begrudgingly. Over on page 34, we come to House Bill 892, which relates to electric utilities. Integrated resource plan, State Corporation Commission, to investigate electric load forecast.

[02:58:18] Legislature will pass the House, pass the Senate, what's the substitute which is before you? Delegate from Fairfax, Delegate Sheehan. Thank you, Mr. Speaker. Mr. Speaker, I would move that the House, I would move the Senate substitute and ask that my colleagues remain rejecting the Senate substitute. Mr. Speaker, speaking to that motion?

[02:58:35] Sure. Thank you, Mr. Speaker. Just as a reminder, House Bill 892 left this body on February 11th on a vote of 63 to 32, and the Senate added a very undesirable reenactment clause on it, Mr. Speaker.

[02:58:51] So I'm hoping to go into conference on this one. Okay. Shall the Senate substitute be adopted? Clerk will close the roll. Ayes, zero, noes, 99.

[02:59:08] Ayes, zero, noes, 99. The Senate substitute ejected. House Bill 895 relates to electric utilities, energy storage, resources, Department of Energy to develop model ordinances, work groups, reports. Legislation passed the House, passed the Senate with the Senate substitutes before you. Delegate from Fairfax, Delegate Sullivan.

[02:59:24] Thank you, Mr. Speaker. HB 895 is the same bill we passed about 45 minutes ago. I move that the House adopt the Senate substitute. Shall the Senate substitute be adopted?

[02:59:42] Close the roll. Ayes 68, noes 30. Ayes 68, noes 30. The Senate substitute is adopted. House Bill 896 is legislation relating to substantial risk orders, substantial risk order training program established, annual report.

[02:59:58] Legislation passed the House, passed the substitute, it's now before you. Done from Fairfax, Delegate Sullivan. Thank you, Mr. Speaker. HB 896 is the bill that has DCJS set up a training on risk orders and their use for law enforcement and others. The amendment added a delayed enactment to July 1, 2027 and directs DCJS to evaluate potential federal funding sources for the program.

[03:00:20] I move that the House adopt the Senate substitute. Should the Senate substitute be adopted? Close the row. Ayes 64, noes 35.

[03:00:36] Ayes 64, noes 35. The Senate substitute is adopted. Next up, we come to House Bill 903. This would require the State Corporation Commission to convene a workgroup to design an effective regulatory framework to improve electric utility performance in the Commonwealth. The legislation passed the House originally, passed the Senate with a substitute with amendment, and the Senate's substitute with amendment is now before you.

[03:00:58] For the trifecta, the delegate from Fairfax, Delegate Sullivan. Thank you, Mr. Speaker. Last one for the day for me. This is another bill we passed just a few moments ago relating to performance-based regulation. The Senate's substitute with amendment simply moves the due date for the SEC's report from March 1, 2027 to july 1 2027 i move that the house adopt the senate substitute with amendment shall the

[03:01:22] senate amendment be adopted close row ayes 84 noes 13 ayes 84 noes 13 the senate substitute is adopted uh house bill 905 uh relates to persons other than ministers who may perform rights of marriage clerk issuance of order bond requirement legislation passed the house passed set with Amendment and Senate Amendments are before you.

[03:01:52] Delegate from Arlington, Delegate Lopez. Thank you, Mr. Speaker. This bill simplifies the process to become a marriage officiant in Virginia by allowing court clerks who already process these applications and certificates to approve officiants rather than circuit court judges. This will make the process faster and more accessible for married couples to be in their officiants and also help free up court dockets that are already too busy.

[03:02:11] Mr. Speaker, I move that we accept the Senate Amendments that make the bill better. Shall the Senate Amendment be adopted? Clerk will close the roll.

[03:02:28] Ayes. 73, No. 24. 73, No. 24. The Senate members adopt it. House Bill 916 relates to concealed handgun permit, demonstrated competence. Legislation originally passed the House, passed the Senate with a substitute. Senate substitute is now before you.

[03:02:45] Senator from Arlington, Dr. Lopez. Thank you, Mr. Speaker. This bill removes reference to the NRA and the USCCA and instead approves any concealed carry courses that teach efficient and effective responsible use of concealed handguns for self-defense outside of the home Two, all state laws regarding firearms.

[03:03:01] And three, proper weapon storage techniques. Mr. Speaker, this bill simply moves the bill back to the posture it was when it left the House. I'd like to move and accept the Senate substitute. Should the Senate substitute be adopted?

[03:03:25] Clerk will close the vote. Ayes 72, noes 27. Ayes 72, noes 27. The Senate substitute is adopted. Over on page 36, we come to House Bill 930, which relates to protection of employees, retaliatory action prohibited.

[03:03:41] Legislation passed the House, passed Senate with a substitute, which is now before you. Delegate from Fairfax, Delegate Simon. Mr. Speaker, members of the House, this bill was a perfectly fine bill when we sent it over to the Senate. It did some nice things for employees. They got all confused about it. They combined it with two other House bills.

[03:03:57] They added a reenactment clause. I don't know what they're thinking, Mr. Speaker, but I'm going to go ahead and move the substitute because I have to state this in the affirmative. I hope that we send them a very angry message, 99 red lights on this terrible, terrible substitute. I move the Senate substitute, and I should all vote no.

[03:04:12] Shall the Senate substitute be adopted? Clerk will close the row. Eyes, one, no, it's 98.

[03:04:31] Eyes, one, no, it's 98. The Senate substitute is rejected. I don't want to be so angry with them. All right, Mr. Speaker. Next up, we come to House Bill 934.

[03:04:48] This is legislation related to alcoholic beverage control, government stores, distiller's licenses as agents of the board. Sale of alcoholic beverages legislation passed the House, passed that with the substitute which is before you. Doug from Fairfax, Delegate Simon. Mr. Speaker, I know that you are a kinder, gentler speaker now.

[03:05:04] We're all going to get along with the Senate. But I have to tell you, we sent out a nearly identical version of this bill out of the House one week ago today. We went ahead and advanced the Senate cognate to this bill, and they went ahead and monkeyed with it anyway, Mr. Speaker. They went ahead and took out some language on this, but very nicely and gently, because I'm sure they just made a simple mistake, and we can all work this out in conference.

[03:05:28] I hope that we very gently press the red button and also reject the substitute, but with the hopes that we can work together and come to a kumbaya moment, Mr. Speaker. Shall the Senate substitute be adopted? The clerk will close the roll.

[03:05:48] Ayes two, nose 97. Ayes two, nose 97. The Senate substitute is rejected. They don't want to be kind and gentle to those two folks. We come next to House Bill 972, relating to voter registration.

[03:06:04] List maintenance activities, cancellation procedures, record matches, required identification. Okay, looky there. I did that again. My apologies. Excuse me. Backing up one, coming to House Bill 969, which directs the Department of Criminal Justice Services convening a work group to develop policy and legislative recommendations to address firearm violence.

[03:06:25] Legislation passed the House, passed that with substitute, which is before you. Then from Newport News, Delegate Price. Thank you, Mr. Speaker, House Bill 969 seeks to do the work to establish the Virginia Gun Violence Prevention Center. But we have a few more changes that we want to make. So I move that we accept the Senate substitute, but I ask that we all vote no.

[03:06:43] Shall the Senate substitute be adopted? The clerk will close the roll. Ayes, zero. Nose, 97. Abstentions, one. Ayes, zero.

[03:06:59] Noes, 97. The Senate substitute is rejected. Now we come to House Bill 972 by Delegate Price. This one relates to voter registration, list maintenance activities, cancellation procedures, record matches, required identification information, data standards, legislation passed the House, passed Senate with amendments, and they are now before you.

[03:07:17] Delegate from Newport News, Delegate Price. Yes, Mr. Speaker, House Bill 972 is the voter list maintenance omnibus and establishes a floor for confidence in data being used to cancel a voter's registration and a notification process for each type of cancellation. Among other ways of maintaining the voter rolls without purging eligible voters, it passed the House 62 to 35.

[03:07:41] The Senate amendments removed language that was no longer needed about unique identifiers for out-of-state death certificates. I move that we would accept the Senate amendments. Shall the Senate amendment be adopted? Clerk will close the roll.

[03:08:02] Ayes, 64, noes, 34. Ayes, 64, noes, 34. The Senate amendment is adopted. Over on page 37, we come to House Bill 974, also by Delegate Price.

[03:08:18] This one relates to a witness impeachment, evidence designation, review process. Legislation passed the House, passed it with amendments which are before you. That's from Newport News, Delegate Price. Thank you, Mr. Speaker. Mr. Speaker, everyone deserves due process. So House Bill 974 establishes due process for police officers being placed on the Brady list.

[03:08:39] It passed 64 to 33 out of the House, but unanimously out of the Senate. The Senate amendments clarify that this bill pertains to the isolated incident that needs to be shared with the defendant, but not with every unrelated defendant or case. We have heard from both Commonwealth's attorneys and law enforcement in support of the bill, and I move that we would accept the Senate amendments.

[03:09:01] Shall the Senate amendment be adopted? Close the row. Ayes 70, noes 28.

[03:09:17] Ayes 70, noes 28. The Senate amendment is adopted. Next, we come to House Bill 1005, which relates to the Virginia Residential Landlord and Tenant Act, rental payment methods, prohibited fees. Legislation originally passed the House, passed the Senate with a substitute, which is before you. From Fairfax, Delegate Tran. Thank you, Mr. Speaker.

[03:09:34] This bill deals with rent collection fees for basic maintenance and receipts for tenants. The Senate substitute conforms the bill to Senate Bill 313, and we need to work out a couple of things in conference. I move that the House rejects the Senate substitute. Shall Senate substitute be adopted?

[03:09:58] Clerk, close the roll. Ayes 0, no's 98. Ayes 0, no's 98. The Senate substitute is rejected. Over on page 38 of today's calendar, House bills with Senate amendments. We come next to House Bill 1007, which relates to Virginia birth related neurological injury compensation program and fund.

[03:10:16] Board of Directors, plan of operation, filing of claims, awards, and coverage for expenses or services. Legislature passed the House with substitute which is before you. Delegate Tran. Thank you, Mr. Speaker. This bill deals with what is known as the Birth Injury Fund.

[03:10:31] The Senate substitute conforms the bill to Senate Bill 398. We still have some differences we need to work out. I would like to move that the House rejects the Senate substitute. Shall the Senate substitute be adopted? Clerk will close the roll.

[03:10:49] Ayes 0, no's 99. Ayes 0, no's 99. The Senate substitute is rejected. House Bill 1030, now before you, relates to discretionary parole eligibility guidelines. This legislation originally passed the House. Subject passed that with the substitute, which is now before you.

[03:11:05] Doug from Rockingham. Doug at Will. Thank you, Mr. Speaker, and ladies and gentlemen of the House. House Bill 1030 gives discretionary guidelines to the parole board when determining suitability for parole. The Senate substitute makes several changes recommended by DLS to further clarify that this is a tool for the board to use in assessing the suitability for release of an inmate who is already eligible for parole, not to determine eligibility for parole, move the Senate substitute and ask the body to vote yes.

[03:11:36] Chair, the Senate substitute be adopted.

[03:11:47] Close the roll. Ayes, 98, noes, 0. Ayes, 98, noes, 0. The Senate substitute is adopted. House Bill 1046 relates to the Virginia Public Procurement Act, additional public works contract requirements. Legislature passed the House, passed Senate with substitute, which is before you.

[03:12:03] Senator from Richmond City, Senator Carr. Thank you, Mr. Speaker. HB 1046 creates increased transparency on the use of independent contractors. The Senate conformed it to their version of this bill, which misses a few important details. I move the Senate substitute with the recommendation that we reject by voting red so that we can resolve the details in conference.

[03:12:25] Shall the Senate substitute be adopted? Closed the roll. Ayes 0, noes 98. Ayes 0, noes 98. The Senate substitute is rejected.

[03:12:42] House Bill 1092, down before you, relates to protection of employees, standards for heat illness prevention. Legislation ready to pass the House, so it's passed the Senate with the substitute, which is before the body. Dr. From Norfolk, Dr. Hernandez. Thank you, Mr. Speaker. This legislation would create the first ever heat stress protections for workers.

[03:12:59] There are still some differences between the House and the Senate version, so we'd like to sweat out those differences in conference. So I'm going to go ahead and move the substitute and ask the House to reject it. Shall the Senate substitute be adopted? We're going to make you sweat. the senate substitute can be adopted. The clerk will close the row. Ayes zero. Nose 98. Ayes zero.

[03:13:26] Nose 98. The senate substitute is rejected. Over on page 39 we come to house bill 1095. Relating to high school students completion of certain applications for student financial aid required opt-out exemptions. Legislature will pass the house. Pass the senate with the substitute which is before you. Senator from Lowne County. Delegate Singh. Mr. Speaker the purpose of this legislation is to unlock free money for students, up to 85 million. The House version required high school seniors to complete the free application for federal student aid or opt-out, but as a result of stakeholder engagement, this bill now sets a five-year goal for increasing completion rates with

[03:14:03] guidance from the Department of Education and CHEV. The following entities are comfortable with the Senate substitute, Department of Education, CHEV, Virginia Association of School Superintendents, the Virginia School Board Association. Therefore, Mr. Speaker, I move the Senate substitute and recommend that we vote yes. Shall the Senate substitute be adopted?

[03:14:25] Close the row. Ayes. 63. Noes, 35. Ayes, 63. Noes, 35. The Senate substitute is adopted. House Bill 1161 relates to the Government Data Collection and Dissemination Practices Act. Dissemination of personal information to federal government civil penalties. Legislation regularly passed the House, passed the Senate with the substitute which is before you. That is for Fairfax.

[03:14:47] Thank you, Mr. Speaker. This bill sets guardrails on the state and local government's ability to share Virginia's personal data. It makes clear that state and local governments may only release personal information when necessary or required, and that's enumerated in the bill.

[03:15:04] The substitute adds an exemption so that state agencies and local governments can share information for a proper purpose as already defined in the code and allows the Department of Juvenile Justice to share information that deal with investigations and intelligence gathering. I move that the House accept the Senate substitute. Shall the Senate substitute be adopted? Clerk will close the row.

[03:15:32] Ayes 67, nos 32. Ayes 67, nos 32. The Senate substitute is adopted. House Bill 1189, before you now, relates to emergency services and disaster law, declaration of state of preparedness. Legislation originally passed the House, it passed the Senate with a substitute.

[03:15:49] Delegate from Washington County, Delegate O'Quinn. Thank you, Mr. Speaker. The Senate substitute now directs the Department of Emergency Management to figure out how to best implement this state of preparedness designation. Mr. Speaker, I would ask that we accept the Senate substitute.

[03:16:07] Shall the Senate substitute be adopted? Clerk will close the roll. Ayes. 98, no zero. Ayes, 98, no zero.

[03:16:23] The Senate substitute is adopted. House Bill 1217 relates to a keeper of a livery stable liens requirements. Legislation originally passed the House, so it passed that with amendments, which are now before you. Delegate from Warren County, Delegate Oates. Thank you, Mr. Speaker.

[03:16:40] Mr. Speaker, HB 1217 creates a clear process for a lien for unpaid charges related to boarding livestock, affectionately known as Free the Cows. The Senate Amendment adds a provision of an agreement between the parties and direction for action after the 30-day explanation, which was already in Virginia Code Section 4334.

[03:17:08] The Senate amendments essentially beef up the bill.

[03:17:24] Adoption of the Senate amendments and ask my colleagues to vote yes. Shall the Senate amendment be adopted?

[03:17:47] Clerk will close the roll. Ayes 95, noes 4. Ayes 95, noes 4. The Senate amendment is adopted. Over on page 40 of today's calendar, we come to House Bill 1220, which relates to photo speed monitoring devices, placement and operation.

[03:18:11] The legislation passed the House, passed it with the substitute, which is now before you. Delegate from Fairfax, Delegate Delaney. Thank you, Mr. Speaker. The Senate substitute conformed my bill to a different bill, so I am going to move the Senate substitute and ask that we reject it so that we can get it back to my guardrails bill in conference.

[03:18:29] Shall the Senate substitute be adopted? Close the roll. Ayes 1, noes 98. Ayes 1, noes 98. Senate substitute is rejected.

[03:18:45] House Bill 1229 would require the Department of Education to take certain actions relating to the use of seclusion and restraint in public schools. Report legislation passed the House, passed the Senate with the substitute, which is now before you. Delegate Scott. Thank you, Mr. Speaker. The Senate substitute adds an additional report on the data collected on the use of restraints and seclusions that they've already collected.

[03:19:05] And so I move the Senate amendment and ask that we accept it. Shall the Senate substitute be adopted? Clerk will close the roll. Ayes 96, nos 1.

[03:19:23] House 96, No. 1, the Senate substitute is adopted. House Bill 1263, now before you, relates to collective bargaining by public employees, individual home care providers, Virginia Home Care Authority established, public employee relations board established, exclusive bargaining representatives.

[03:19:43] Legislation passed the House, substitute passed the Senate with a substitute, and that Senate substitutes before you. Done from Fairfax, Delegate Tran. Mr. Speaker, this bill deals with collective bargaining for public sector employees. We have a lot of details we need to work out with the Senate, and I urge us to reject the Senate substitute.

[03:19:59] I move the Senate substitute, and I urge us to vote no. Shall the Senate substitute be adopted? Clerk will close the roll. Ayes, zero.

[03:20:15] Nos, 99. Ayes, zero. Nos, 99. The Senate substitute is rejected. House Bill 1266, now before you, this would direct the Secretary of Natural and Historic Resources to publish an update version of the Environmental Justice and the Permitting Process Guidance Memo to consider how to assess the cumulative impacts of certain permits.

[03:20:34] Legislation passed the House, passed the Senate with a substitute, which is before you. Delegate from Fairfax, Delegate Tran. Mr. Speaker, as Mr. Clerk said, this bill deals with the publication of the Environmental Justice and Permitting Process Guidance Memo. The Senate substitute was technical. We had some extraneous language when we moved the bill from the House to the Senate, and then it also added a second public town hall.

[03:20:57] I would move the House, accept the Senate substitute. shall the senate substitute be adopted clerk close the roll ayes 65 noes 34 ayes 65 noes 34 the senate substitute is a hospital 1313 relates to workers compensation exacerbation of certain disorders incurred by law enforcement officers and firefighters legislation should pass the house has passed that with substitute which is before you delegate from albemore delegate costum thank you mr speaker mr speaker house bill 1313 makes clear that first responders can make workers

[03:21:35] comps claim for work-related PTSD with or without physical injury. It passed this body 97-0. Senate Finance took a different approach to the bill, but it has the same goal. They also added on that it's prospective, not retroactive. I've spoken with stakeholders.

[03:21:51] We believe that it is still going to benefit our first responders, and so I would ask, I would move that we adopt the Senate substitute. Shall the Senate substitute be adopted? Clerk will close the roll. Ayes 98, no's 1. Ayes 98, House Bill 1353 would direct the Commissioner of Health to convene a multidisciplinary work group to evaluate the feasibility of a statewide maternal health safety initiative reports.

[03:22:25] Legislation passed the House, passed the Senate with the substitute, which is now before you. The Senate from Fairfax, Delegate Cohen. Thank you, Mr. Speaker. This substitute adds two stakeholder groups to the maternal health work group created by HB 1353, so I move the Senate substitute and ask that we accept it.

[03:22:41] Shall the Senate substitute be adopted? Close the roll. Ayes 96, noes. Ayes 98, noes 0. Ayes 98, noes 0.

[03:22:56] The Senate substitute is adopted. House Bill 1361 relates to Virginia Residential Landlord and Tenant Act. Civil action for unlawful detainer, termination notice, energy submetering equipment. Legislation passed the House, passed that with amendment, which is now before you. That's from Prince William, Doug Amar Donato.

[03:23:12] Thank you, Mr. Speaker. Mr. Speaker, just as a reminder, this bill helps protect not only landlords, but also tenants by making sure that their ledgers are clear and shows charges, payments, and balances owed to and by tenants before facing court proceedings. The amendment merely delays the effective date to July 1, 2027. I move that we adopt the Senate Amendment and vote yes.

[03:23:34] Shall the Senate Amendment be adopted? Clerk will close the roll. Ayes 71, noes 28.

[03:23:50] Ayes 71, noes 28. The Senate Amendment is adopted. On page 42, we come next to Delegate Doherty's House Bill 1363 relating to family abuse protective orders, conditions imposed upon issuance. Legislation passed the House, passed the Senate with the amendment, which is now before you.

[03:24:06] Delegate from Chesterfield, Delegate Doherty. Mr. Speaker, House Bill 1363 is exactly as the clerk reported, and the Senate amendment adds minimal clarifying permissive language. I move that the House vote green and adopt the Senate amendment. Shall the Senate amendment be adopted?

[03:24:22] Clerk will close the vote. Ayes 92, no 6. Ayes 92, no 6. The Senate amendment is adopted.

[03:24:39] House Bill 1366 relates to the Department of Social Services' corrective action plans and assumption of temporary control of local boards and local departments. Legislation passes the House, passes the Senate with a substitute, which is before you. The Senate from Albemarle, Delegate Carlson. Thank you, Mr. Speaker. House Bill 1366 allows the State Department to provide corrective action to local departments in need of assistance.

[03:24:59] It's part of a suite of DSS reform bills responsive to improving our child welfare system. The Senate handled these bills differently, lumping them into one, and conversations are ongoing. So I move that we adopt the Senate substitute, but ask my colleagues to reject that motion. Shall the Senate substitute be adopted?

[03:25:19] Clerk will close the roll. Ayes, zero. Noes, 96. Ayes, zero. Noes, 96. The Senate substitute is rejected. House Bill 1370, now before he relates to the Board of Behavioral Health and Developmental Services, Regulations, Service Providers, Emergency Medical Drills.

[03:25:39] legislation passed the house subsequently passed senate uh with substitute and the senate substitutes is now before you from chesterfield delegate mater thank you mr speaker mr speaker this bill requires the board of behavioral health and developmental services to adopt regulations for providers that deliver services to those with disabilities mental health disorders and substance use disorders we worked with the department of behavioral health and developmental Services, which led to the substitute, which includes minor changes such as changing the phrase medical drills to medical simulations and pushing back the enactment clause from September 1 to

[03:26:16] December 1, 2026. Mr. Speaker, I move that the House agree to the Senate amendments and vote yes. Shall the Senate substitute be adopted? Clerk will close the row. Ayes 94, noes 4. Ayes 94, Nose 4.

Senate substitute is adopted. On page 43, we come to House Bill 1382, which relates to domicile and residential requirements for annulment, affirmance, or divorce, members of the armed

[03:26:54] forces in the United States, and civilian employees of the United States. Return from station. Legislation passed the House. Subject passed Senate with an amendment, and that Senate amendment is before you. Thank you, Mr. Speaker. House Bill 1382 allows certain family law actions to proceed once jurisdictional requirements are met.

[03:27:11] The Senate Amendment is technical and does not change the intent of the bill, though I'll admit they may have improved it slightly by striking the word upon on line 30. Mr. Speaker, I move the adoption of the Senate Amendment and ask that the House vote yes. Shall the Senate Amendment be adopted?

[03:27:32] Clerk will close the row. Ayes 97, noes 2. Ayes 97, noes 2. The Senate Amendment is adopted. House Bill 1392, now before you, It relates to powers and duties for operation of local and regional correctional facilities and courthouse security.

[03:27:52] Attorney access to courthouses and communication and visitation with incarcerated clients. Penalty legislation passed the House, passed the Senate with substitute with amendments which are before you. Thank you, Mr. Speaker. House Bill 1392, as some may recall, simply lays out procedures by which attorneys can enter courts and have access to their clients with confidentiality.

[03:28:18] the changes in the Senate are technical in nature they added after the word or regional the word local and they struck the study that I didn't think needed to be there in the first place but at any rate I would ask that we vote for this the amendment thank you shall the Senate amendment be adopted closed roll ayes 84 noes 13 abstentions one ayes 84 noes 13 abstentions one the

[03:28:55] Senate amendment is adopted. Page 44 we come to House Bill 1393 which relates to electric utilities, pilot program for energy assistance and weatherization for certain individuals, cost recovery for certain electrical facilities. Legislation passed the House, passed the Senate with substitute which is before you.

[03:29:11] Thank you Mr. Speaker. The Senate substitute narrows the bill by removing provisions relating to prevailing wage and apprenticeship requirements for energy projects in coordination with the percentage of income payment program. In And they're placed at as provisions directing the SEC to ensure that certain costs associated with serving very large high load customers are allocated to those customers rather than to the broader rate payer base.

[03:29:35] I feel as though there's still some work to be done here, so I move adoption of the Senate Committee substitute and ask that we reject that motion. Should the Senate substitute be adopted?

[03:29:50] Clerk will close the row. Ayes, 1. Ayes, 0. Nose, 99. Ayes, 0. Nose, 99. The Senate substitute is rejected. House bill rejected? Yes, rejected. I apologize. House Bill 1439, now before you, relates to a regulation of contractors, solar installation companies, sale, lease, or power purchase of solar energy systems, civil penalty.

[03:30:14] Legislation passed the House, passed the Senate with substitute, which is before you. Delegate from Fairfax, Delegate Shin. Thank you, Mr. Speaker. Mr. Speaker, House Bill 1439 is the companion to SB 823, which we just passed 95 to 4. The bills – oh, I would move that – wait.

[03:30:31] Oh, yeah, sorry, you're not talking to me. Okay. The bills now are in misalignment and are not identical. I'd like them for them to stay identical as they move through this process, Mr. Speaker. So I would move that we agree to the Senate substitute and ask that we reject the Senate substitute. Should the Senate substitute be adopted?

[03:30:53] Clerk, close the roll. Ayes, zero. Noes, 99. Ayes, zero. Noes, 99. The Senate substitute is rejected. House Bill 1443. This relates to owners of sewage treatment works, land application, marketing, or distribution of sewage, SLUD, perifluoroalkyl and polyfluoroalkyl substance testing requirements.

[03:31:19] Legislature passed the House, passed the Senate with substance, which is before you. Now, see, he got that pronunciation, finally. Oh, he did well. It just took him two months, two months. Google is your friend, the delegate from Arlington, David Lopez. So, thank you, Mr. Speaker.

[03:31:38] Perifluoroalkyl and polyfluoroalkyl substances are also known as forever chemicals. Oh, fancy. are increasingly common in our environment and have been linked to serious health concerns. This bill is the product of months of negotiations and would require sewage distributors to collect regular samples for PFAS analysis and would also help Virginia monitor and reduce the impacts of PFAS on our land, water, and food supply.

[03:32:05] Mr. Speaker, I'm very proud of the work that's been negotiated with the wastewater industry, the administration, and the environmental community. I move that we accept the Senate substitute. Shall the Senate substitute be adopted? Clerk will close the row.

[03:32:26] Ayes 74, noes 24. Ayes 74, noes 24. Senate substitute is adopted. House Bill 1444 in relation to the Virginia Clean Energy Innovation Bank established. Report. Legislation passed the House. Passed Senate with substitute. It is before you.

[03:32:42] Senator Marlinson, Doug Lopez. Thank you, Mr. Speaker. This bill would create the Virginia Clean Energy Innovation Bank to leverage small public investments and much larger private capital in the service of Virginia's clean energy goals that helps us accelerate clean energy development and better protect communities facing the effects of climate change.

[03:32:58] Mr. Speaker, I move that we accept the Senate substitute. Shall the Senate substitute be adopted? Clerk will close the roll.

[03:33:16] Ayes, 64, noes, 35. Ayes, 64, noes, 35. The Senate substitute is adopted. House Bill 1476 relates to law enforcement civilian oversight bodies, closed meetings, disclosure of certain law enforcement records. Legislation passed the House, passed Senate with amendments, and those Senate amendments are before you.

[03:33:33] Doug from Richmond City, Douglas Schmidt. Thank you, Mr. Speaker. As the description says, HP 1476 is a bill to allow civilian review boards to have access to sensitive case files in order to complete investigations of complaints brought by victims against officers' alleged misconduct. The Senate amendments add additional privacy protections for these files and add a technical amendment to include all forms of oversight boards.

[03:33:55] I move the Senate amendment and ask the body to adopt the Senate amendment. Shall the Senate amendment be adopted?

[03:34:16] Close the vote. Ayes 60, nos 38. Ayes 60, nos 38. The Senate amendment is adopted. Over on page 46, we come to House Bill 1482. This is legislation that relates to law enforcement officers' restriction on wearing facial coverings, required identification, civil liability penalty.

[03:34:34] Legislation passed the House, passed the Senate with substitute, which is before you. Delegate Schmitt. Thank you, Mr. Speaker. Just as a reminder, HB 1482 is a cognate to Senate Bill 352, and there's a public safety bill putting guidelines on how and when law enforcement wear facial coverings.

[03:34:51] The two versions are not quite lined up, and we still have to incorporate input from the administration and AG's office, which we can do in conference. Therefore, I move the Senate substitute and ask the body to reject the substitute by voting no. Should the Senate substitute be adopted? Close the row.

[03:35:13] Ayes, zero. Nose, 99. Ayes, zero. Nose, 99. The Senate substitute is rejected. House Bill 1490 relates to the Department of Social Services, centralized hotline for reports or complaints of child abuse or neglect, response to complaints within 24 hours for children under three years of age.

[03:35:31] Legislation passed the House, passed the Senate with substitute, which is now before you. Delegate from Fairfax, Delegate Tran. Thank you, Mr. Speaker. The House Bill 1490 establishes a statewide centralized intake and validity determination process for reports of child abuse and neglect and requires a 24-hour response to reports of child abuse or neglect for children under age 3.

[03:35:52] This bill is accognite to Senate Bill 640, and we have some differences we need to work out in committee. I would move that the House reject the Senate substitute and vote no. Shall the Senate substitute be adopted? Ayes 0. Noes 99. Ayes 0. Noes 99. The Senate's upshoot is rejected. House Bill 1492. Now before you, it relates to impersonating a federal law enforcement officer. Penalties. Legislation passed the House, then passed the Senate with a substitute.

[03:36:29] Delegate from Fairfax. Delegate Shen. Thank you, Mr. Speaker. Mr. Speaker, House Bill 1492 addresses the unlawful impersonation of a federal law enforcement officer. The Senate made some changes to the bill to try and bring it into alignment with SB 47, but they were not successful in doing it that way, and so this bill is out of alignment.

[03:36:46] And, Mr. Speaker, we just passed SB 47 unanimously, and so to try and get this identical, I would ask that we – I would move that – sorry, I'm sorry. I would move the Senate amendments and ask that we reject the Senate amendments. Shall the Senate substitute be adopted? Closed row.

[03:37:07] Ayes 0, noes 99. Ayes 0, noes 99. The Senate substitute is rejected. And lastly, in this category, House Bill 1523, which relates to Certified Violence Prevention Professionals Certification. Legislation passed the House, passed the Senate with substitute, which is before you. Delegate for Fairfax, Delegate McGuire.

[03:37:24] Thank you, Mr. Speaker. HB 1523 is my bill directing VDH to create a voluntary licensure program for Certified Violence Prevention Professionals. The Senate substitute adds a definition of Certified Violence Prevention Professional. Mr. Speaker, I move that the House agree to the Senate amendment.

[03:37:41] shall the senate substitute be adopted clerk will close the row ayes 64 noes 35 i 64 noes 35 senate substitute is adopted mr speaker members of the house that completes that section of the calendar

so we move to a new category resolutions uncontested calendar eight pieces of legislation in this uncontested calendar block uh top of page 47 you fall along that way uh first up in the

[03:38:16] uncontested block is Senate Joint Resolution 12. Senate Joint Resolution 12 relating to the portrait of the Honorable Yvonne Von Miller. SJR 12 was reported from the Committee on Appropriation. Delegate from Newport News, Delegate.

[03:38:34] Reporters from the Committee on Rules, I apologize. Delegate from Newport News, Delegate Price. Yes, thank you. Mr. Speaker, Senate Joint Resolution 12 is the cognate of Delegate McQuinn's for the portrait of former delegate, former Senator Yvonne Miller, and I move that the resolution would pass.

[03:38:55] Continuing with the block, we next come to Senate Joint Resolution 23, which would direct the Joint Legislative Audit and Review Commission to study the need for and feasibility of creating a Secretariat of Rural Affairs in the Commonwealth. Report legislation, again, passed by the Committee on Rules.

[03:39:12] Delegate from Fairfax, Delegate Helm. Thank you, Mr. Speaker. Senate Joint Resolution 23 studies the feasibility of creating a Secretariat of Rural Affairs. I move passage of the resolution. Next up in the block, Senate Joint Resolution 56, designated March 14th in 2026 and in each season of the evening year as Black Midwives Day in Virginia.

[03:39:33] Legislation again, report committee on rules. Doug from Fairfax, Doug Goodhelm. Senate Joint Resolution 50, Mr. Speaker, Senate Joint Resolution 56 does exactly what the clerk said it does. Next up in the block, we come to Senate. Move passage. It's on block. So, Senate Joint Resolution 59 on top of page 48 now comes for you.

[03:39:53] It is a legislation that would designate the first Thursday in May in 2026 and in each preceding year as a National Day of Prayer in Virginia. This legislation, again, is the Board Committee on Rules. Delegate from Fairfax, Delegate Helmer. Thank you, Mr. Speaker. Mr. Speaker, this creates a National Day of Prayer in Virginia. I move passage of the resolution.

[03:40:09] Senate Joint Resolution 111 reconstitutes or would reconstitute the Booker T. Washington Commemorative Commission as a joint commemorative commission. This is a legislation report committee on rules with an amendment. Delegate from Fairfax, Delegate Hellman. Thank you, Mr. Speaker.

[03:40:24] I move the committee amendment. Delegate committee amendment will agree to. All those in favor, say aye. Aye. All those opposed, no. The committee amendment will agree to. Delegate from Fairfax, Delegate Hellman. Thank you, Mr. Speaker. Mr. Speaker, Senate Joint Resolution 111 reconstitutes as joint commission the current Booker T. Washington Commemorative Commission. I move passage of the joint resolution.

[03:40:41] Top of page 49, we come next into this uncontested counter-block to House Joint Resolution 116, confirming the appointment of Fritz Cecine as Director of the Division of Legislative Automated Systems. This legislation, again, was reported, also was reported, excuse me, by the Committee on Rules.

[03:40:57] Then from Alexander, Doug Geharry. Thank you, Mr. Speaker. The Clerk described the resolution. I move his passage. House Joint Resolution 203, I would direct the Joint Rules Committee to develop plans for a special commemorative session or event involving the members of the General

Assembly to be held in Williamsburg on October 7, 2026 in recognition of the 250th anniversary of the first Virginia General Assembly meeting in regular session following independence from Great Britain.

[03:41:25] Legislation report committee on rules with amendment nature substitute. Delegate Austin. Thank you, Mr. Speaker. Mr. Speaker, I move committee substitute. Shall the committee substitute be agreed to, all those in favor say aye. Aye. All those opposed, no. The committee substitute is agreed to. Delegate Austin. Delegate Austin. Thank you, Mr. Speaker. Mr. Speaker, H.J. 203 accepts an invitation from Colonial Williamsburg for the Virginia General Assembly to hold a commemorative legislative session on October the 7th, 2026 at the Colonial Historical Capitol in recognition of the 250th anniversary of the Assembly's first meeting following American independence.

[03:41:56] I move adoption of resolution. Rounding out the resolution's uncontested counter block is House Resolution 139, which would encourage the United States Navy to select Naval Air Station Oceania in Virginia Beach as the home base for new squadrons of F-35C Lightning II stealth strike fighters.

[03:42:18] Legislation again reported committee-owned rules. That's from Virginia Beach. Delegate Fagans. Thank you, Mr. Speaker. The clerk said we are beginning the process of looking at as the F-18 Super Hornets begin to phase out. It will be time for soon that the F-35C's to move a squadron.

[03:42:34] We would love for those F-35C's to move to Naval Air Station Oceana and move passage of the resolution. Shall the resolutions be agreed to?

[03:42:50] The clerk will close the row. Ayes, 99, no, 0. Ayes, 99, no, 0. The resolutions are agreed to. Over to page 50, new category. One resolution in this category, resolution's regular calendar.

[03:43:07] Resolution's regular calendar, Senate Joint Resolution 26. Now, before you would direct Joint Legislative Audit and Review Commissioner J. Lark to study the potential impacts of expanded discretionary parole eligibility report. Legislation reported from the Committee on Rules. Senator Farfax, Senator Helmer.

[03:43:24] Thank you, Mr. Speaker. Senate Joint Resolution 26 is a J. Lark study on the expansion of discretionary eligibility for parole and move passage of the Joint Resolution. shall the resolution be agreed to clerk will close the row ayes 65 noes 33 i 65 noes 33 the resolution is agreed to um continuing with um the calendar a new category memorial resolutions laid on the speaker's table the memorial resolutions be adopted in block are listed on

[03:44:00] pages 50 and 51 of the printed calendar with the exception of house resolutions 224 273 and 280 therefore the two bills remaining in the block all those in favor of adopting the memorial resolutions laid on the speaker's table that's listed on pages 50 and 51 with the exception of those announced by the clerk will please rise resolutions are agreed to um uh new category commending resolutions laid on the speaker's table the commending resolution adopted and blocked are

[03:44:33] listed on pages 51 through 54 with the exception of house resolution 206 210 235 as well as house House Joint Resolutions 267, 311, House Resolution 321, House Resolution 373, and 374.

[03:44:53] The remaining bills not mentioned all remain in the Committing Resolutions block. With the exception of those resolutions announced by the Clerk, all those in favor of adopting the Committing Resolutions laid on the Speaker's Tables found on pages 51 through 54 of the printed calendar will say aye, those opposed no, the resolution is agreed to.

[03:45:11] And, uh, Ms. Speaker, so that's, uh, that category. We have House bills and Senate bills in conference. We have two, um, that are ready, one on page 65 of the printed calendar, um, uh, that is, um, uh, Delegate, uh, Sullivan, I believe, is the lead House conferee on page 65 for House bill, uh, excuse me, for Senate bill 140.

[03:45:35] Uh, this legislation, uh, for the conference report, uh, relates to the Department of Fire program, it's mental health awareness training. So the conference report for SB 140 is available to the members here of IHOD, to the public, and is now before you.

[03:45:54] Delegate from Fairfax, Delegate Sullivan. Thank you, Mr. Speaker. This conference report relates to a bill relating to mental health treatment programs for our firefighters. This is an important bill to our firefighters and to all Virginians so that our firefighting heroes can address issues associated with their service.

[03:46:18] I move adoption of the conference report. Shall the conference report be agreed to?

[03:46:31] Close the roll. Excuse me. Ayes 98, noes 1. Ayes 98, noes 1. The conference report is agreed to. And then the last conference report, fortuitously, is Senate Bill 158. Senate Bill 158, which Delegate Hope was the lead patron on that, lead conferee, excuse me. Senate Bill 158 relates to the maximum number of judges in each judicial district and circuit. Conference report is available to members via IHOD, to the public, via the legislative information systems now before you.

[03:47:07] Delegate from Arlington, Delegate Hope. Thank you, Mr. Speaker. Later on this afternoon, we're going to vote on judges at the lower court level. These are judges that have been approved by the counsel on judicial circuits and I would ask the body to approve the conference report.

[03:47:24] Shall the conference report be agreed to? So we'll close the row. Ayes 99, noes 0. Ayes 99, noes 0.

[03:47:41] The conference report is agreed to. So Mr. Speaker, at this time, this posture, we don't have any further business but... The delegate from Alexandria, Delegate Herring. Thank you, Mr. Speaker. I rise for motion. Delegate has the floor. Mr. Speaker, I move that the House stand to recess until 335, and if I could speak to that motion briefly. Delegate has the floor. Thank you, Mr. Speaker. We're going to recess so the course committee can meet briefly. Then we will come back to the floor and do judges, vote on judges. So that's why we need time.

[03:48:15] Thank you, Mr. Speaker. Delegate Heron moves that the House stand to recess until 335. As many in favor, the motion will say aye. Those opposed, no. The motion is agreed to the House is in recess until 3:35.
