[03:15:15] legislation house bills 868 and house bills 982 uh just let the body know so we i think there's 170 ish conference reports um we are awaiting conference reports for about 147 so there's about 150 outstanding conference reports so um speaker kyle asks that uh we will send out an email i will send out an email later uh once we get off the floor that has everyone how to find it, go check on it and all that so that you know what you're responsible for or on, and then go forth and do things, because those conference boards have to be in, because that's all we're going to be doing tomorrow.

[03:15:54] I'm a speaker with that, and the caucuses will be meeting beforehand at some point tomorrow morning, but that's all the announcement I have at this time. Delegator from Prince William,

Delegatorian. Thank you, Mr. Speaker. Mr. Speaker, can we return to the first morning hour for an announcement?

[03:16:11] The delegate has the floor. Mr. Speaker, as you are aware, the deadline for presenting a budget conference agreement is today. I'm sorry to report that there will be no such agreement at this time.

[03:16:32] Unfortunately, as many of you have seen on social media, the other body has taken the position that a budget cannot be finalized, at least in their view, without eliminating the data center sales tax incentive.

[03:16:51] This is not a position the House can or should agree to. The House produced a strong and responsible budget. It expands support for core government services and increases investment in housing, public and higher education, and health and human services.

[03:17:16] This budget makes targeted investments to ease pressures facing our citizens. By strengthening access to affordable health care, supporting housing stability, expanding child care availability, and keeping higher education within the reach for the next generation.

[03:17:37] Let me be clear. The data center industry supports 74,000 jobs in Virginia. It generates $5.5 billion in labor, income, and contributions. $9.1 billion to Virginia's GDP every year.

[03:17:58] In addition, the data center generates more than $2 billion, $2 billion in local tax revenue annually. But eliminating the sales tax exemption would cost Virginia far more than lost tax revenue.

[03:18:17] Virginia's reputation as a reliable place to do business would be called into question. Companies across industries, not just the data center sector, may begin to wonder whether Virginia is a partner they can depend on.

[03:18:35] At a time when the Commonwealth is already navigating the economic fallouts of federal retrenchment, we must ask ourselves, do we really want to pull the plug on economic growth? I repeat, we cannot and we will not.

[03:18:53] While I would very much like to stand here today and announce a final budget agreement, I cannot concede to the notion that we should manufacture short-term revenue gains by putting Virginia's long-term economic future at risk.

[03:19:10] The House remains ready to negotiate. We remain ready to pass a responsible budget, and we remain ready to invest in the priorities that matter most to Virginians, such as education, health care, housing, and job opportunities.

[03:19:27] But that budget must protect both the economic strength of our Commonwealth and the commitments that have made Virginia one of the most attractive places in the nation to invest and grow. But let me be absolutely clear. Virginia does not strengthen its future by breaking its word to employers who invested here in good faith.

[03:19:54] Virginia does not grow its economy by pushing the very industry that helped make us the world's digital capital. And Virginia does not solve its physical challenges by trading long-term prosperity for short-term revenue headlines. What we need is a budget that protects our citizens, grows our economy, and honors our commitment.

[03:20:17] This is the budget the House passed. This is the budget we will continue to fight for. Thank you, Mr. Speaker.

[03:20:31] The delegate from Alexandria, Delegate McPike. Thank you, Mr. Speaker.

[03:20:48] I rise for an introduction in the gallery. The delegate has the floor. Mr. Speaker, after a long absence, I would like to welcome back our good friend and my predecessor, my state senator, Elizabeth Bennett Parker, who is with us in the gallery today. You've got great timing.

[03:21:15] Would you like to stand? All right. She may not like to stand, but we do have a Zoom function on the camera, Mr. Speaker. And I hope that at this moment where we need as much bicameral comedy as possible, she would accept a warm house welcome.

[03:21:38] Welcome. Welcome back to normalcy. The delegate from Roanoke, Delegate McNamara. Mr. Speaker, I asked to return to the first morning hour for a very, very brief point of personal privilege.

[03:21:55] The fourth morning hour. Fourth morning hour, excuse me. Yes. This one time just for you. I'm going to let you do this groceries too high speech. Go ahead. The delegate has the floor. Mr. Speaker, groceries are too high, as is car tax and so forth. Talk to the president.

[03:22:11] I did want to—I appreciate the update on where we are in the budget, and I would also say, you know, am I also clear in understanding that a Democratic House and a Democratic Senate and a Democratic governor cannot produce a budget on time? And thank you, Mr. Speaker.

[03:22:30] Had to get that shot in, huh? The delegate from Alexandria, Delegate Herring. Mr. Speaker, I move that when the House adjourns today, it adjourned to reconvene tomorrow at 11 a.m. The Delegate from Alexander, Delegate Herring, moves that when the House adjourned today, it adjourned to reconvene tomorrow at 11 a.m.

[03:22:49] As many faiths, the motion will say aye. All those opposed, no. The motion is agreed to Delegate from Alexander, Delegate Herring. Mr. Speaker, a move that the House do now adjourn. Delegate from Alexander, Delegate Herring, moves that the House do now adjourn to reconvene tomorrow at 11 a.m. 11 a.m.
