[00:18:54] House will come to order. Mr. Clerk. Ms. Speaker, some administrative stuff to sort out. We have a communication from the Senate. The Senate has rejected the committees of conference reports and requested a second committee of conference on the following legislation. Senate bills 756, 496, 661, and Senate bill 756. You just said Senate bill 756 twice. They want two and Second and third committees of conference at the same time?

[00:19:28] I stand corrected. There's just three. The Delegate from Alexandria, Delegate Henry. Mr. Speaker, I move that the House accede to the request for second committees of conference on the previously reported legislation. The Delegate from Alexandria, Delegate Henry, moves that the House accede to the Senate's request for second committees of conference on the previously announced legislation.

[00:19:49] As many in favor, the motion will say aye. Those opposed, no. The motion is agreed to. And the Speaker appoints on behalf of the House for committees of conference for House Bill 110, Delegates Lawford, Simon, and Moorfield. For House Bill 110, Delegates Lawford, Simon, and Moorfield for the second committee of conference.

[00:20:08] And then for House Bill 1272, Speaker appoints Delegates Hayes, Kresick, and Kilgore. House Bill 1272, Delegates Hayes, Kresick, and Kilgore, and that's companion legislation to Senate Bill 661. Mr.

Speaker?

[00:20:24] Delegate from Fairfax, Delegate Simon. Mr. Speaker, I've been informed that the conferees on the following bills are unable to reach a compromise and requesting second committees of conference for House Bill 549 and Senate Bill 589.

[00:20:40] So I move that the House requests second committees of conference for House Bill 549 and Senate Bill 589. Delegate from Fairfax, Delegate Simon requests that the House requests second committees of conference on House Bill 549 and Senate Bill 589.

[00:20:57] That's correct. All those in favor, say aye. Aye. All those opposed, no. We have second committees of conference on House Bill 549 and Senate Bill 589. Mr. Clerk. Speaker, members of the House, so we are in the category of House Bills in Conference, and we took several by temporarily, and some preceding that as well.

[00:21:26] So if we go back to page 5 of the printed calendar, COMMENTS REPORT HAS BEEN RECEIVED FOR -- WE ALREADY DID THIS ONE.

[00:21:44] HOW DO WE HAVE -- 238. WE DID 93-3. OK. COMMENTS REPORT HAS BEEN RECEIVED FOR DELEGATE LOPEZ'S HOUSE BILL 238.

[00:22:04] HOUSE BILL 238 IS COMMENTS REPORT RELATING TO LABOR EMPLOYMENT, PAYMENT OF WAGES, MINIMUM WAGE AND OVERTIME WAGES, MISCLASSIFICATION OF WORKERS CIVIL ACTION. COMMENTS REPORT IS ABLE TO THE PUBLIC TO THE MEMBERS NOW BEFORE YOU. Doug, from Arlington, Douglas Lopez. Thank you, Mr. Speaker.

[00:22:19] This bill strengthens our ability to protect Virginia workers against wage theft, misclassification, failure to pay minimum wage and overtime wages. It will give the Department of Labor and Industry and the Attorney General the tools they need to better enforce existing wage laws and help protect exploited workers.

[00:22:35] The bill, after the conference, removes the private right of action from the Prevailing Wage Act, incorporates some anti-retaliation provisions from SB 644, and institutes a good-faith defense for the award of liquidated damages via technical edits from Doley and the Secretary of Commerce and Trade.

[00:22:52] I move that we report the bill. Shall the conference report be agreed to? Yes, second. Clerk will close the roll.

[00:23:07] Ayes, 62. Noes, 35. Ayes, 62. Noes, 35. The conference report is agreed to. Okay, over on page seven, a conference report has been received for Delegate Levere Bowling's House Bill 429.

[00:23:27] So that conference report for Delegate Levere Bowling is a conference report relating to electric utilities, integrated resource plan, state corporation commission, commission on electric utility regulation, work group report. A conference report is available to the public, to the members now before the body.

[00:23:43] Delegate from Henrico County, Delegate LaVere Bowling. Thank you, Mr. Speaker. The conference report on HB 429 reflects the agreement reached between the House and the Senate and aligns this bill with the Senate Companion SB 249, which we'll see later on.

[00:23:58] The language in the conference report is identical between the two measures and represents the negotiated compromise that all our stakeholders came to the table on. It maintains the improvements to the integrated resource planning process, including enhanced transparency, stakeholder participation, and consideration of grid enhancing technologies. Mr. Speaker, I move that the House adopt the conference report. The conference report

[00:24:21] be agreed to. Clerk will close the roll. Ayes 72, noes 24. Ayes 72, noes 24. The conference report is agreed to. Over on page 17 of the printed calendar, conference report has been received

[00:24:48] For House Bill 1393, another bill patron by Delegate LaVere Bowling, House Bill 1393 is a conference report that relates to electric utilities, pilot program for energy assistance and weatherization for certain individuals, cost recovery for certain electrical facilities, conference reports available to the public, to the members before the body.

[00:25:13] Delegate from Enrico, Delegate LaVere Bowling. Thank you, Mr. Speaker. The conference report on this bill focuses on, more importantly, similarities between my and Senator Lucas' Senate Bill 253, but mine is slightly different.

[00:25:29] We found that Dominion's energy share program, we've clarified that at least $13 million in shareholder funding will still be required each year. The bill inherited an enactment clause there that reflects refinements made in the Senate bill, which includes some language in lines 68 through 69.

[00:25:48] We've also expanded the existing opt-out provision related to Dominion's new rate class. And then another thing is that we do have prevailing wage within this piece of legislation. And so with that, Mr. Speaker, I hope the body will support this conference report.

[00:26:04] Shall the conference report be agreed to? Clerk will close the roll. So ayes 61, noes 35.

[00:26:19] Ayes 61, noes 35, conference report is agreed to. So those conference reports came in and took precedence numerically. So now we're back to the three conference reports that went by temporarily. So they're at the end of this category as it stands now.

[00:26:35] So on page five, we took House Bill 196 by temporarily. So it is now before you. House Bill 196 is a conference report relating to the Virginia Residential Development Infrastructure Pilot Program established.

[00:26:52] Sunset. The conference report is available to the public, to the members, and is before you. Dad for President William, Duncan Thomas. Thank you, Mr. Speaker. So House Bill 196 was a loan program that was very similar to House Bill 820. The Senate in Senate Finance ended up putting a subsidy on it that made it almost identical.

[00:27:08] The conference report does make it identical. So what's before you is identical to what you just voted on, 90 to 7, with the conference report for House Bill 820. I move adoption of the conference report. Shall the conference report be agreed to? Kirk will close the roll.

[00:27:32] Ayes. 91, no, 6. Ayes, 91, no, 6. The conference report is agreed to. Over on page 15 of the calendar went by temporarily. It was Delegate Tran's House Bill 1263.

[00:27:49] Mr. Speaker, where we are in the calendar. Delegate from Fairfax, Delegate Tran. Thank you, Mr. Speaker. we are in the calendar mr clerk is there an opportunity to continue taking this by temporarily thank you without objection 263 bob yes let's take it back yes um mr speaker in light of that

[00:28:26] we then go to page 17 page 17 uh house bill 1385 um went by uh temporarily so uh house bill this conference report for house bill 1385 uh relates to gubernatorial appointments confirmation process Virginia Commission on Higher Education Board appointments, membership duties, and committees of and legal counsel for governing boards of public institutions of higher education.

[00:28:50] The conference report is available to the public, to the members. It is now before you. Delegate for Montgomery County, Delegate Franklin. I request that we go by temporarily. Just put it in the back of that one. Without objection. HB 1385 is by temporarily. All right. So those will go to behind the Senate bills in conference because we're getting ready to go into the new category of Senate bills in conference.

[00:29:14] So if we go to page 19, that begins this new category of Senate bills in conference. So we have a conference report for Senate Bill 444, which is, I believe, the lead comferee is Delegate Sewell.

[00:29:36] Senate Bill 44 is a conference report that relates to registration by localities of cemeteries on private property, Planning District 8. The conference report is available to the public, to the members, and it is before you. The delegate from Prince William, delegate soul.

[00:29:54] Thank you, Mr. Speaker. Senate Bill 44, in its initial version, required cemeteries on private property located in Planning District 8 to be required to list this information publicly. With the conference committee report, that language remains permissive and makes a technical change.

[00:30:13] And with that, I move the conference report and ask my colleagues to join me in voting yes. Shall the conference report be agreed to?

[00:30:29] Clerk will close the row. Ayes, 73, noes, 23. Ayes, 73, noes, 23, the conference report is agreed to. Staying on page 19, conference report is received for Senate Bill 59.

[00:30:45] Senate Bill 59, and the lead conferee is Delegate Hayes. This Senate Bill 59 conference report relates to photo speed monitoring devices, photo monitoring systems for traffic signals, proof of violations, certain retired law enforcement officials, registered conservators of the peace, and technicians training.

[00:31:04] The conference report is available to the public, to the members. It is before you now. Doug from Chesapeake, Doug Hayes. Thank you, Mr. Speaker. Mr. Speaker, Senate Bill 59's conference report just matches the bill with my original bill that left the House that passed, the conference report that we accepted, rather.

[00:31:22] And I just ask that we accept this Senate conference report. Shall the conference report be agreed to? Clerk, we'll close the roll.

[00:31:39] Ayes 58, noes 38. Ayes 58, noes 38. The conference report is agreed to. Over on page 20, we have a conference report on Senate Bill 94. Senate Bill 94, a conference report relates to a siting of data centers, assessment, a high-energy use facility.

[00:31:59] Conference report is available to the public, to the members, and is now before the House. That is from Prince William. Delegate Thomas. Thank you, Mr. Speaker. The conference report for Senate Bill 94 is identical to the conference report from House Bill 153, which we passed by a vote of 90 to 2 earlier today. I move adoption of the conference report. Shall the conference report be agreed to?

[00:32:22] Talk will close the roll. Ayes 91, no's 4. Ayes 91, no's 4. The conference report is agreed to. Same page, Mr. Mr. Speaker, we come to Senate Bill 122.

[00:32:39] This is a conference report relating to school boards, student diabetes care, and management in schools. Division-wide plan required. Conference report is available to the public, to the members, and before you know. That is from Prince William. Dougie Thomas. Thank you, Mr. Speaker. This is the cognate to House Bill 1301, which we just adopted earlier today unanimously.

[00:32:58] I move adoption of the conference report. Shall the conference report be agreed to? Struck will close the roll.

[00:33:31] The conference report is available to the public, to the members here, and is before you now. Thank you, Mr. Speaker. As noted, this is a direct cognate to House Bill 1208, which we just passed on a vote of 76 to 20 earlier today, I move the conference report and ask my colleagues to join me in voting yes.

[00:33:52] Shall the conference report be agreed to? Clerk will close the roll. Ayes 85, noes 12.

[00:34:08] Ayes 85, noes 12. The conference report is agreed to. Over on page 21, conference report received for Senate Bill 137. Senate Bill 137, this conference report relates to obstructing health care facility access penalties. Conference report is available to the public, to the members.

[00:34:25] It is now before you. Delegate from Fairfax, Delegate Watts. Thank you, Mr. Speaker. House Bill 1, Senate Bill 137 Conference Report accepts the clarity of the House Bill's language as far as defining specific acts, which can be an offense that impedes access to a reproductive health clinic.

[00:34:52] However, it does not go further than that in the definition of the protection of free speech over the protection of access. I hope it will be the pleasure of the body to accept this conference report.

[00:35:09] Shall the conference report be agreed to? Clerk will close the roll. Ayes, 62, noes, 35. Ayes, 62, noes, 35.

Doug from Arlington, David Lopez. Thank you, Mr. Speaker. This bill creates the Virginia Clean Energy Innovation Bank to leverage public investments in private capital in service of Virginia's clean energy goals.

[00:37:53] The bill helps us accelerate our clean energy developments and better protect communities facing the effects of climate change. This bill now looks exactly like the bill we passed previously from the House side. I move that we report the conference report. Shall the conference report be agreed to?

This is a cognate to the bill we passed earlier that I spoke about, giving localities some flexibility in how to deal with organic waste.

[00:39:00] I urge the House to adopt the conference committee report. Shall the conference report be agreed to? Clerk will close the row.

[00:39:17] Ayes 64, noes 33. Ayes 64, noes 33. The conference report is agreed to. Conference report has been received for Senate Bill 249. Senate Bill 249. Conference report is available to the public, to the members, and it's now before you.

[00:40:29] Doug, for me, and Ryko, Doug LaVere Bowling. Thank you, Mr. Speaker. The conference report for SB 253, first, it moves the rate-making provisions related to data centers to Dominions regularly scheduled by any overview in March of next year.

[00:40:44] This will allow the provisions to be considered along with the overall rate case. Second, it clarifies the exemptions from the GS-5 class for non-data center customers to fit a number of individual circumstances. For example, a potential plant expansion industrial project being under construction or a very large warehouse for a bricks and mortar retailer.

[00:41:03] It also clarifies that once out, these industrial customers remain out of this class. These changes, in effect, create a pure large data center class. And third, it adds the option, and I emphasize option, for the SEC to approve fuel securitization for the past year for Dominion.

[00:41:20] Due to a hot summer and a very cold winter and the current run-up in fuel costs due to events that we've seen across the globe, this is an important option to have to minimize what would otherwise be a significant fuel increase this spring. I'm talking $15 per month for residential customers versus $2 to $3.

[00:41:38] So we have reached agreement. It's a good bill. And I move adoption of the conference report. Shall the conference report be agreed to? Turk will close the roll.

Director from Arlington, Delegate Hope.

[00:57:46] Thank you, Mr. Speaker. Senate Bill 536 has changed from a bill that had a lot to do with lifting the cap of medical malpractice. This bill no longer does that. It keeps the cap on medical malpractice claims the same.

[00:58:02] The cap will stay the same. What this does do, though, is this is more of a data-gathering exercise. This requires confidential mandatory disclosure of mental malpractice costs and claims activity, specifically asks hospitals and insurance companies to open up their books to report specifically on, for insurers, premiums, investment income, et cetera, hospitals, talk about covered providers, expenditures, trying to collect data on claims out there, lawsuits, settlements, verdict.

[00:58:35] This is just an opportunity to find out what's happening out there. open up your books. Let's collect some data. This will ask to report back to the courts committees in September and ask them to report every March as well, too. Again, this is just to collect data. It has no effect on the cap on damages. [01:01:21] And no civil penalty shall be assessed if the violation is corrected within the cure period and the product does not exceed the applicable THC concentration limits to providing that for labeling or packaging violations attributable to the manufacturer the commissioner shall notice notify the manufacturer of record and may not assess a civil penalty against a retailer for a first violation unless the retailer has actual knowledge of the violation and continues selling the product after receiving written notice and three clarifies that for technical violations not involving THC concentration limits or THC per package limits or child-resistant

[01:01:57] packaging, civil penalties may not be assessed based on individual items within a package or the number of identical packages of the same product, but may be issued per package for different products or per inspection event. That's a limit on per product penalty stacking for technical violations.

[01:02:13] And it also clarifies that a person issued a notice of violation in order to cease unlicensed marijuana activity by the board may appeal such order in accordance with the Administrative Process Act. Finally, it adds a prohibited practice under Virginia Consumer Protection Act for selling or offering for sale a substance intended for human consumption orally or by inhalation that contains more than 0.3% total THC or contains more than 2 milligrams of total THC per package. [01:12:13] Conference report is available to the public, to the members, and is now before the House. Doug from Fairfax, Doug, it's Simon. Thank you, Mr. Speaker, members of the House, Senate Bill 725, as it passed the House, was a combination. It increases some of the fees, the tech fees that clerks charge from $5 to $7 or $5 to $8, something like that.

[01:12:34] In exchange for that, what we did in the House, we also asked them to exempt from taxation certain quick claim deeds for no consideration and deeds to correct, fraudulent deeds. And that's what the conference report does. The Senate agreed to it and moved that the House adopt the conference report. Shall the conference report be agreed to?

[01:12:56] Close the roll. Ayes 81, noes 16. Ayes 81, noes 16, the conference report is agreed to. Conference report is received for Senate Bill 756.

[01:13:12] Senate Bill 756 relates to casino gaming, eligible host localities. Conference report is available to the public. It's available to the members in the chamber and is now before the House. The delegate from?

[01:13:28] I'll take it. Ken Reichel, Delegate Willett. Thank you, Mr. Speaker. Mr. Speaker, may this SB 756 go by temporarily? Without objection, SB 756 is by temporarily. There's the other bill.

[01:13:50] Conference report on page 35, at the bottom of page 35, conference report is received for Senate Bill 764. Senate Bill 764. This conference report relates to deferred disposition in a criminal case, license suspension, driving while under the influence.

[01:14:11] Commerce report 764 is available to the public, to the members. It is now before the body. Delegate from Fairfax, Delegate Simon. Mr. Speaker, thank you, members of the House. So this is Senate

Bill 764 from Senator Stanley. And this bill, as it left the House, would have said that we no longer needed the concurrence of the Commonwealth to do a deferred disposition for any offense.

[01:14:37] The substitute actually narrows that down a great deal, which I think makes some of you all may have been nervous about doing that. feeling a lot better about it now. Now what it does is it doesn't say, it says you no longer need the concurrence of the Commonwealth in all cases. It says you don't need the concurrence of the Commonwealth unless it is an offense that's not eligible for sealing under our sealing statute.

[01:14:59] So if you want a deferred disposition and the offense could otherwise be sealed after the fact, where you could say, hey, we're going to treat this like if you do the right things, you rehabilitate yourself, we'll seal this offense and it's like it never happened. Then we say, well, you know what, in that case, Why don't we allow a judge to just defer a sentence on that and make it so that it never happened by dismissing it later on?

[01:15:20] So it sort of aligns that way. But you're very serious crime. So by excluding or requiring the Commonwealth's concurrence for offenses that are on the ceiling list, it means things, your very violent felonies, your domestic violence felonies, things like stalking, things where there's a family member who's the victim, all those things will still require the concurrence of the Commonwealth's attorney before the disposition could be deferred.

[01:15:42] That's sort of the compromise that we've had there. You may not like everything that's on the list, the ceiling list. Some of us think that's too inclusive. Other people may not think it's inclusive enough. But that's sort of the compromise that was achieved on this bill. And so with that, I move the adoption of the conference report. Delegate from Falcao County, Delegate Weber.

[01:15:59] Thank you, Mr. Speaker. Mr. Speaker, would the delegate yield for a question? Would the delegate yield? I yield, Mr. Speaker. All right. So what is the example of things that are on the ceiling list or the violent crimes that you mentioned before, right?

[01:16:15] So, or what, sorry, I guess my question, Mr. Speaker, to the gentleman is, what is an example of a crime that is on the sealing list that can be sealed? The Delegate from Fairfax, that assignment. Thank you, Mr. Barrett. Answer the Delegate. So there's, we have sort of two lists, the long list and the short list of felonies.

[01:16:31] So these are things like murder, rape, forcible sodomy. All those things are on the list. They're ineligible for sealing. Any violation of any offense for which registration on the sex offender crimes against minor registry is required is ineligible for sealing. Any violation, it's a violent felony. Again, a violation that's a hate crime, not eligible for being sealed, any violation that has to do with where a person was found not guilty by reason of insanity, any conspiracy, attempt solicitation.

[01:17:00] So it's a fairly comprehensive list. I think anything that you wouldn't want somebody to get deferred disposition on, you wouldn't want sealed either. And that's why we picked that list to sort of line those things up. I thank the gentleman. Shall the conference report be adopted? Close the row.

[01:17:23] Ayes, 62, noes, 34. Ayes, 62, noes, 34. conference reporters agreed to. Over on page 36, conference reporters received for Senate Bill 777.
