We've now arrived at the time in the morning hour when we have the honor of welcoming our distinguished guests who are joining us in the Senate gallery.

[00:35:08] And I give my daily reminder that a senator will rise and provide the introduction for their visitors, and then I will offer the welcome of the Senate. I ask that we all hold our applause until I have completed the Senate's welcome the chair recognizes the senator from Washington good good afternoon madam president good afternoon I rise for an introduction the senator has the floor in the gallery members we have members of the internal medicine residency program at Johnson Memorial Hospital in Abingdon Virginia if they

[00:35:43] could rise these residents along with their preceptors are joining us today from washington county to advocate for their profession but also joining them is miss henley wilson a seventh grader from honeacre elementary school who is here to learn about civics in action i would ask that we please give them the warm welcome of the senate thank you senator and thank you so much to our wonderful guests who have joined us from johnston's memorial residency program. Thank you for being here today, and thank you to our seventh grader. Is our seventh grader

[00:36:21] standing? Oh, welcome to you as well. Thank you so much for joining us. I hope you are having a wonderful visit in the Capitol and a wonderful opportunity to talk to many of your legislators, including your senator, Senator from Washington. Senators, I ask that we give the warm welcome of the Senate to our distinguished guests. The chair recognizes the senior senator from Virginia Beach.

[00:36:54] Thank you, Madam President. I rise for the purpose of an introduction. The senator has the floor. Madam President, my seatmate, her husband, Andrew, and their son, Hudson, who is nine, and is in fourth grade at Windsor Elementary School, are with us today in the gallery. And Madam President, they have to uh put up with their mom and their wife being here on the floor with us and here stuck in richmond um doing all these fun things while they're at home doing chores all the time like

[00:37:31] shoveling the driveway and everything else madam president i hope it's the uh will of the senate to give them the warmest welcome of the senate thank you i thank the senator for that introduction and if uh the senator jordan's family will please rise we'd love to welcome you all thank you so much for joining us today in the gallery and thank you for shoveling those driveways. I know with those ice rock hard driveways it's been quite a challenge, but we appreciate you being here in Richmond. We appreciate the support that you are providing to your wife and to your mother

[00:38:06] and certainly appreciate her good work on the behalf of so many wonderful communities. Senators, I ask that we give the warm welcome of the Senate to the family of Senator Jordan. the chair now recognizes the senator from isle of white thank you madam president i rise for an introduction the senator has the floor um first madam president uh any of those that are in general laws will have a very exciting and complex piece of legislation later today but i would ask that my friends that represent a broad spectrum of the peanut industry rise as i

[00:38:46] do an introduction in just a moment um first um the commonwealth has such a rich history and and I am fortunate with along with actually Senator Lucas and Senator Aird and many others in this chamber to represent a large swath of peanut country and a ton of agricultural heritage.

[00:39:05] Today we're joined by three incredible men that you'll see in the gallery. First we're joined by Wes Drake, a 14th generation peanut farmer from Newsom's Virginia, 14 generations growing peanuts, I can't even imagine. But he also represents Virginia on the National Peanut Board making sure that he advocates for agriculture in all parts of the commonwealth especially when it comes to our peanut industry. He's a volunteer firefighter and EMT and has also served on the board of the Virginia Crop Improvement Association. When he isn't growing peanuts he's helping improve crops or help saving lives sometimes all in the same day which is pretty neat I think.

[00:39:43] We're also pleased to have with us today Elijah Barnes, a fourth generation peanut farmer from Southampton County who still shocks peanuts the old-fashioned way. If you have never heard of him, I promise you Google him. He's in many national publications and his story is truly remarkable.

[00:40:00] Since the age of six, he's been farming peanuts, growing other crops, and most of which he donates through a partnership with the Food Bank of Southeastern Virginia and the Eastern Shore. He also manages Izzy's Field, a farm to food bank project funded by Kroger and supported by New Life Church, Pop Sun Farm, and Hubbard Peanut Company. And if that isn't enough, he also is a pastor a mechanic and by all accounts apparently and also an expert fish fire which i'll i'll get to after session i'm hoping i will tell you that just the diversity and the diverse skills that he offers our commonwealth is truly exceptional i hope you get a moment later to google a little about his family's history he's your guy also we're joined

[00:40:38] by marshall rabel a friend of mine and president ceo of the hubbard peanut company in studley virginia if any of you have had the little packs of peanuts across the capital that keep us going more days than we can count, those are his peanuts that are in those little packs that are provided to us through the Peanut Growers Association. He serves on the Franklin-Southampton Economic Development Board, the Franklin-Southampton Chamber of Commerce, and on the American Peanut Council Manufacturers Caucus Board. He's always working to make sure that Virginia peanuts are at the forefront of marketing our region and our Commonwealth, and I'm very grateful for that.

[00:41:14] So, Madam President, I hope it would be the will of this body to give our friends and the peanut industry our farmers and our producers the warm welcome of the Virginia Senate. I thank the senator for that introduction and welcome indeed to the representatives of the peanut industry farmers and producers. Thank you for the work that you do not just at the state level but in representing Virginia and Virginia's peanut farmers on the national level as well. As our senator has pointed out the industry is so vital to the Commonwealth and we appreciate not only the work you do in the industry, but all of the work you're doing throughout your community

[00:41:54] in so many ways. And I know that each of our offices appreciates the packets of peanuts that do keep us going throughout session. Senators, I ask that we give the warm welcome of the Senate to our visitors today representing the peanut industry, farmers, and producers of Virginia.

[00:42:46] The chair now recognizes the senator from Lynchburg.

[00:43:43] Thank you, Madam President. I rise for the purposes of an introduction. The Senator has the floor. Thank you, Madam President and members of the Senate. Today, visiting us from Lynchburg, we have many guests from Virginia University of Lynchburg.

[00:44:00] And if I could ask them to rise, they are now in the gallery. Madam President and colleagues, please join me in welcoming this delegation today. They got here this morning, have had breakfast in the

GAB, and have been talking and meeting with legislators all day and will continue for the rest of the day.

[00:44:20] They are led by their president, Dr. Kathy Franklin. VUL, which was founded in 1886, is one of the oldest and most distinguished HBCUs in Virginia. In 2024, Forbes magazine recognized VUL for having the number one online doctor of healthcare administration program in the entire country.

[00:44:46] Virginia University of Lynchburg seeks to recognize the possibilities in every human being and maximize the gifts the individuals within the context of a nurturing environment which offers students the opportunity to develop into outstanding leaders and scholars. This wonderful university which is celebrating its 140th anniversary this year has provided many generations of students with the opportunity to secure a college education. A large number of these students are first time in their families to attend college. I am proud to

[00:45:26] have this wonderful HBCU in the heart of Lynchburg. Please join me in giving them the warm welcome of the Senate to President Franklin and the entire VUL delegation. Thank you Madam President. I thank the senator for that introduction and welcome indeed to our guests and visitors from the Virginia University of Lynchburg. Thank you President Franklin for for being here today and for speaking on behalf of the university community and the tremendous work that it does and we are honored to have you and I hope you have a wonderful

[00:46:02] visit in the capital, a good opportunity to talk to a variety of our representatives and thank you for the continued leadership that you provide to so many senators I ask that we give the warm welcome of the Senate to the Virginia University of Lynchburg is there any other business for the morning

[00:46:35] hour the clerk will call the calendar Senate calendar for Wednesday January 28th 2026 uncontested calendar Senate bills on third reading the chair recognizes the senator from Eastern Fairfax madam president moved that all the Senate bills on third reading and the uncontested calendars on pages 1 through 5 Senate bill 75 through 608 be placed in their final passage in the block. Any senator desiring to move the bill from the block please do so after the clerk has read the number of the bill. The question is shall the Senate

[00:47:10] bills on the uncontested calendar third reading pages 1 through 5 Senate bill 75 through Senate bill 608 be placed upon their final passage in the block with the understanding that any senator desiring to remove a bill from the block will do so after the clerk has read the number of the bill. All in favor of the motion will say aye. Those opposed, no. The ayes have it. The motion is agreed to. The bills are before us in the block. The clerk will

[00:47:40] read the number of the bills. Senate Bill 75, Senate Bill 124, Senate Bill 133, Senate Bill 320, Senate Bill 321, Senate Bill 389, Senate Bill 436, Senate Bill 441, Senate Bill 445, Senate Bill 608.

[00:48:05] The question is, shall the bills in the block pass? Are the senators ready to vote? Have all senators voted? Do any senators desire to change their vote? The clerk will close the roll.

[00:48:24] Ayes 40, noes 0. Ayes 40, noes 0. The bills in the block pass. Regular calendar. Senate Bill is on third reading. Senate Bill 59, a bill relating to photo speed monitoring devices, photo monitoring system for traffic signals, proof of violation, certain retired law enforcement officials, registered conservators of the peace, and technicians training.

[00:48:51] The chair recognizes the senator from York. Thank you, Madam President. I move that the bill be passed in speaking to the bill. The senator has the floor. Thank you. This is a bill that requires that each person who is administering photo enforcement programs be trained.

[00:49:14] As it stands now, there is no training requirement. And I think it's essential that the people who are doing this kind of work do it consistently and do it properly across for the Commonwealth. This does not add to any existing photo enforcement programs.

[00:49:30] It just requires that everyone be properly trained to do so. And I ask that the body pass the bill. Thank you. The question is, shall Senate Bill 59 pass?

[00:49:45] All in favor of the motion will record their votes, aye. Those opposed, no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 31, noes 9.

[00:50:02] Ayes 31, noes 9. - Senate Bill 59 passes. - Senate Bill 64, a bill relating to Department of Juvenile Justice, commitment of juveniles to department, petition to extend duration of indeterminate commitment.

[00:50:19] - The chair recognizes the senator from Arlington. - Thank you, Madam President. Good afternoon. I move that Senate Bill 64 pass and speaking to that motion. - The senator has the floor. - Thank you, Madam President. What this bill does is when a judge makes an indeterminate sentence to a juvenile, and a juvenile is placed in our detention center, it places an onus on DJJ to petition the court

[00:50:51] within 60 days of the outer limit of the suggested time schedule for length of stay. The DJJ board has a schedule that lists the length of stay by timelines for various offenses.

[00:51:11] So 60 days before the outer limit of a timeline for the offense the juvenile committed, if in fact the juvenile is going to, under DJJ's opinion, should be detained longer, then DJJ has to make a case to the judge.

[00:51:30] They have to talk about whether the child has received educational services, whether the child has received other services, job training, whether the child has been sufficiently rehabilitated so he may not be at risk, he or she may not be at risk to himself or others.

[00:51:49] This is a protection. We have had children on indeterminate sentences at DJJ now for as long as three years. A work group worked almost a year on this bill and it is a recommendation from the Commission on Youth.

[00:52:10] It is my hope that the Senate will pass the bill. Thank you, Madam President. The question is, shall Senate Bill 64 pass? All in favor of the motion will record their votes aye.

[00:52:25] Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. -Ayes 30, noes 10. -Ayes 30, noes 10.

[00:52:56] Madam President, I move the bill pass and speaking to the bill. -The senator has the floor. - Thank you, Madam President. SB 150 is just to allow retired law enforcement to view these videos. That

way, we put the full-time sworn law enforcement officers out on the street. We did this bill last year for the photo monitoring, and this passed the body 30 to 10.
