[00:41:53] Join me in welcoming realtors from the Chesapeake Bay and Rivers Association of Realtors, the Richmond Association of Realtors, the Southside Virginia Association of Realtors, the Virginia Peninsula Association of Realtors, and the Williamsburg Area Association of Realtors.

[00:42:09] - Thank you, Senator, for that introduction. And if our Virginia Realtors will please stand. You represent just about every locality throughout the Commonwealth, and we are so delighted that you are here today in the Senate Gallery, as our Senator shared, your work in housing advocacy, making sure that

we are addressing the issues of concern for so many Virginians and making available housing needs and responding to the situation that we see for so many thousands of Virginians is critically important.

[00:42:42] Thank you for your daily service in this regard. Senators, I ask that we give the warm welcome of the Senate to our representatives from Virginia realtors.

[00:43:01] The chair recognizes the Senator from Charlottesville. - Madam President, I rise for two introductions. - The Senator has the floor. The first introduction I would like to make is for the Virginia Community Healthcare Association. If they would rise, I'd appreciate it.

[00:43:16] I'd like to bring your attention to this important group with us today, representing our federally qualified health centers, including 208 delivery sites throughout Virginia. There are over 50 community health center advocates walking the halls today, sharing the comprehensive health care services FQHCs provide in the communities and some of their pressing issues in front of the General Assembly this session. In 2024, the health care centers serve over 422,000 patients, of which 90% are low income. Health centers improve access

[00:43:53] to primary care and integrated specialty services such as preventative, behavioral, substance abuse treatment, oral, vision, and pharmacy services. They provide invaluable service the people we represent madam president i would appreciate appreciate it if you would give them the warm greetings of the senate thank you senator for that introduction and welcome to our representatives from the virginia community health care association as the senator outlined your work is absolutely essential to so many communities so many families who reach out for

[00:44:26] the the essential services that you are providing we know how critical your areas of responsibility are for so many throughout Virginia. We thank you for the dedication and the work that you do every day. Senators, I ask that we give the very warm welcome of the Senate to the representatives of the Virginia Community Health Care Association. Senator from Charlottesville.

[00:44:55] Madam President, I have a second group, the Virginia Pace Alliance, if they would rise. Now, the Virginia Pace Alliance, there's a facility in Charlottesville, but there are facilities in numerous places throughout Virginia, and they specialize in providing services to people who want to stay in their homes despite their aging or disabled condition.

[00:45:17] They want to be able to sleep in their own beds at night. These people are providing valuable services, and I'd ask you to give them the warm greetings to the Senate. Thank you, Senator, for that introduction, and welcome to Virginia Pace Alliance. We know how valuable your work and your responsibilities are for so many in our community who either wish to age in place or who need the services and the support systems that you are providing.

[00:45:48] Thank you for this dedicated effort. It is a true community public service that you provide. We are so indebted to the work that you do. Senators, I ask that we give the warm welcome of the Senate to the representatives of Virginia Pace Alliance.

[00:46:12] The chair recognizes the senator from Eastern Henrico. Thank you, Madam President. I rise for three introductions. The senator has the floor. Thank you, Madam President.

[00:46:27] Madam President and members, joining us today in the gallery are advocates, families, and representatives of the autism community for today's Autism Advocacy Day, and so I'd ask that they please

stand. Madam President, Autism Advocacy Day brings together self-advocates, family members, service providers, and community partners to advocate for enhanced services and supports for autistic individuals and their families across our commonwealth.

[00:46:54] Madam President, approximately one in 31 children have been diagnosed with autism, and more than 250,000 Virginians are autistic. At a time when we are seeing efforts at the federal level that risk undermining critical supports and investments, I am especially proud of the work that Virginia has undertaken over the last two years to thoughtfully and deliberately examine how we can do better.

[00:47:20] This body has worked to establish a commission specifically tasked with studying autism services and supports here in our commonwealth. And so Autism Advocacy Day participants are here today to elevate these realities and to work with us to strengthen the systems that support their families.

[00:47:38] And so, Madam President, I ask that you and the members of this body join me in giving them a warm Senate welcome. - Thank you, Senator, for that introduction and welcome to the coalition that speaks and advocates on behalf of our autism communities.

[00:47:54] Thank you so much for all the work that you do representing families all across Virginia, representing individuals who need our support and resources. Your work is truly invaluable, and we're so glad that you are here, hoping you have good conversations with your representatives all throughout the day.

[00:48:12] Senators, I ask that we give the warm welcome of the Senate to our representatives from the Virginia Autism Coalition. The senator from Henrico.

[00:48:29] - Thank you, Madam President. Now it is with great pleasure that I recognize and welcome Dinwiddie High School leaders of the Dinwiddie Emerging Leaders Academy who are joining us here in the Capitol today. Madam President, established in 2024, the Dinwiddie Emerging Leaders Academy was created to invest in the next generation of leaders by equipping high school juniors and seniors with the skills, knowledge, and confidence to serve their communities.

[00:48:57] And Madam President, I tried to convince a number of them in my office today to please run for office the future because we will not be here forever and nobody wanted to do so so i hope that throughout the rest of their meetings and their visit in the capitol that we can convince them about the importance of service and that they are the future of this body and so i hope that you would join me in also giving them a warm senate welcome thank you senator for that introduction and will our students who are part of the Dinwiddie Emerging Leaders please stand. Thank you so much for the work that you are doing not just developing your leadership

[00:49:36] skills but demonstrating your leadership skills. We know that within the conversations you are having with our representatives you are highlighting the issues and the priorities that are so important, important not just for your generation but for all of our communities we are so delighted that you are here and I echo the senator's words we are looking at you to take leadership roles you don't have to run for office though the senator is hopeful that one of you will or two or three or more but you will certainly and surely take

[00:50:12] leadership roles in very very important ways so senators I ask that we give the warm welcome of the Senate to our representatives from Dinwiddie Emerging Leaders. Senator from Henrike. And finally Madam President it is with great pleasure that I recognize and welcome Mr. David Brown and his civics

and economic students from Charles City County High School and I would ask that they please stand. This class is comprised of seventh and eighth grade students.

[00:50:47] Yes excuse me seventh and eighth grade students currently studying Virginia state government for the house of in the senate and the governor's office and the vital role that each office plays and madam president i had so much fun with these seven graders and asked them if they had any laws that they would like to see us introduced and while one student made the reference that we needed to do something about the littering that we saw in their community they made a motion and approved a vote that we should ask eighth grade students one saturday out of the month to be obligated to pick up the trash they see in their communities

[00:51:26] so i told them that you know one day in the future maybe there'll be a member who can take that on but they are committed to being those eighth graders to pick up the trash in their community so madam president they're already thinking about future laws and i'm really excited about that i hope you would give them the warm welcome of the senate thank you senator for that introduction and thank you. Thank you to I believe it's Mr. David Brown the teacher. Thank you so much for bringing your students with you from Charles City County Schools. We are delighted to have you. I'm excited about the proposal that

[00:52:01] you are going to be spearheading the campaign to pick up trash. Fully agree that a clean environment is a reflection of the care and concern that we have not just for the environment but for the people and everyone who lives in that environment. So thank you for your dedicated service. We're gonna look to you for leadership in this area. Senators, I ask that we give the very warm welcome of the Senate to the students from Charles City County School. The

[00:52:40] chair recognizes the senator from Northern Fairfax. Good afternoon, Madam President. Good afternoon. And today we have- For what purpose does the senator Rice. Thank you, Madam President. I rise for an introduction. The senator has the floor. Thank you, Madam President. Today we have members from Repro Rising Virginia and their grassroots advocates who are here today for Repro Advocacy Day. If they would like to stand up, that'd be great. Thank you.

[00:53:12] Repro Rising Virginia has been advocating to protect and expand access to abortion, birth control, and the full range of reproductive health care for the last 24 years. They represent there 50,000 members across the Commonwealth who support the Constitutional Amendment for Reproductive Freedom, as well as the right to and access to contraception. Today we have more than 80 citizen advocates here from across the Commonwealth from as far away as Bristol, Virginia, who have spent the morning meeting with legislators about the two birth control bills making their

[00:53:50] way through the General Assembly and their support for the Constitutional amendment. I had a good conversation with them this morning and I ask that you give all of our our guests from Repro Rising Virginia and their volunteers a very warm Senate welcome. Thank you Senator for that introduction and welcome to our representatives and advocates with Repro Rising Virginia. I too had a wonderful conversation with you this morning and thank you for all the work you're doing. I hope you've been having some productive meetings with our legislators throughout the day, and please know that you are making a real difference in the lives of so many

[00:54:29] in this very critical area of health care. Senators, I ask that we give the warm welcome of the Senate to the representatives from Repro Rising, Virginia. The chair recognizes the senator from Eastern

Fairfax. Madam President, I rise for an introduction. The senator has the floor. Madam President, ladies gentlemen of the Senate. Today is the final day of some high school kids I have visiting me

[00:55:06] from my district, the 34th District in Eastern Fairfax today, as part of my Polar Institute, which is a program that I named after former Senator Toddy Polar in my seat. We bring down some kids to see us in action, making bills. Today with us we have Will Lincoski, Muzumal Javed, Nicola Granieri, Jeffrey Kimball, Nora Fitzpatrick, Haley Rush, Layla Michael, Rokia Amini, Harika Filzer, Nora Baker, and their chaperones,

[00:55:43] former delegate Chris Amundsen, and Maria Varel. These kids have an average GPA of 3.9. They come from Hayfield Secondary School, West Potomac High School, my alma mater, Gonzaga High School College in D.C., and Edison High School. And Madam President, they met with the Governor this morning, they met with you and the Attorney General yesterday, the Secretary of Finance, the Secretary of Natural Resources, lobbyists, journalists.

[00:56:05] They sat in on your committee meetings. You might have seen them around. They're a very accomplished group of young men and women. And they're having a whole lot of fun. And hopefully none of them will get any ideas about running against me in the future. I would hope you could give them the warm welcome of the Senate. Thank you, Senator, for that introduction.

[00:56:22] And I just have to echo your words. I had the honor of meeting the representatives, the students, from the Puller Leadership Institute yesterday. And the questions were among the toughest that I've ever received. So a very bright and talented group of young leaders.

[00:56:42] And we certainly do hope that you will take up the senator's request that one of you challenge him in the future for his seat. Thank you so much for putting in the time and the effort for doing this hard work of engaging on such critical issues.

[00:57:01] Senators, I ask that we give the warm welcome of the Senate to the students who are part of the Puller Leadership Institute.

[00:57:19] The chair recognizes the senator from Rockingham. Madam President, rise for two introductions. The senator has the floor. Madam President, I believe that just joining us in the gallery a moment ago is the seventh grade class from Redeemer Classical School from the big city of Kieseltown, Virginia.

[00:57:48] Redeemer Classical School started in 2004 and provides a classical model of education with a Christian perspective. They're a fine looking group of seventh graders. I will tell you that this school, despite only being in existence for 22 years now, has 295 students, a piece of trivia, that's about 100 students more than the K through 12 school system in one of the counties that I represent.

[00:58:21] The school is doing very well. And a page, a former page, Vera Rose, came from this school last year. And this group is accompanied by teachers, Grace Winninger and Ashley Hormel and several parent chaperones and I would ask you to extend the warm welcome of the Senate to this outstanding group of students from Redeemer Classical School. Well thank you Senator for that introduction and welcome to the seventh grade class of Redeemer Classical School thank you for bringing your teachers with you thank you for bringing your

[00:58:59] parent chaperones with you and thank you as the senator said for doing all the hard work that you are doing in excelling in your academics and in certainly learning about state government by visiting us here at the Capitol. I hope you're having wonderful conversations as you visit with our legislators in their offices and that you are having a very, very productive day and learning so much. Senators, I ask that we give the very warm welcome of the Senate to

[00:59:30] our 7th graders from Redeemer Classical School. Senator. Second, recognition or introduction. I'm sure Madam Clerk will give me the evil eye if I should be doing this at the end rather than the beginning, but I hope everybody had an opportunity to stop by and visit with the Virginia Poultry Federation, which was feeding us out in the courtyard today.

[01:00:06] They brought barbecued chicken. If you haven't had some, I suggest that you send a page out. Poultry, as you know, is one of our largest commodities. It is our largest agricultural commodity in Virginia, and the poultry industry contributes billions of dollars annually to our state's economy and supports tens of thousands of jobs from family farmers to truck drivers to processors and plants and the feed industry.

[01:00:39] It is an absolutely essential part of our economy. And also joining them today is a group from the West Rockingham Ruritan Club that spent last night grilling and barbecuing 400 chicken halves for our legislators' lunch today.

[01:00:59] They provide wonderful services and service to our communities, the Ruritan Clubs do across the Commonwealth of Virginia. So I extend my thanks and would ask you to extend the greeting and thanks of the body to the Virginia Poultry Federation and the West Rockingham Ruritan Club.

[01:01:20] Thank you, Senator, for those words. And while they're not in our gallery because they're busy serving barbecued chicken outside, we certainly acknowledge the critical importance of the poultry farmers in our communities and the work of Virginia Poultry Federation.

[01:01:40] It is such a critical and essential industry and employs so many Virginians. So we thank you, Senator, for that service provided by the Western Rockingham Ruritan Club. Senators, I ask that we provide a round of applause and thanks for the work of the Federation and the Ruritan Club.

[01:02:09] The chair recognizes the Senator from Roanoke. Thank you, Madam President. I'd ask that the journal reflect that the Senator from King George is away from the Capitol Day on pressing personal business.

[01:02:26] The journal will so reflect. Thank you, Senator. Is there any other business for the morning hour? The clerk will call the calendar. 4th, 2026. Page 3. Uncontested calendar. House bills on third reading.

[01:02:56] The senior senator from Prince William. Thank you, Madam President. I move that all House bills on third read on the uncontested calendar, except for maybe one of them, On page 3 through 13, House Bill 225 through House Bill 1469 be advanced to their final passage in the block after the adoption of any amendments thereto, and that Intercenter may desire to remove a bill from the block may do so after the clerk has read the number of the bill.

[01:03:24] The question is, shall the House Bills on the uncontested calendar third reading, pages 3 through 13, House Bill 225 through House Bill 1469 be placed upon their final passage in a block after the

adoption of any amendments thereto with the understanding that any senator desiring to remove desiring a bill be removed from the block will do so after the clerk has read the number of the bill all in favor of that motion will say aye any opposed no the ayes have it the motion is agreed to the bills are now before us in the block the clerk will read the

[01:08:16] House Bill 1469 reported from the Committee on Transportation. The question is, shall the House bills in the block pass? That is, all bills except for House Bill 385 on page 5.

[01:08:33] All in favor of that motion will record their votes aye, those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 39, no 0. Ayes 39, no 0. The bills in the block pass.

[01:08:53] Returning to page 5, House Bill 385. The chair recognizes the senator from Alexandria.

[01:09:08] Thank you, Madam President. I move the bill pass and speaking to the bill. The senator has the floor. thank you madam president house bill 385 would allow abc employees to conduct tastings within abc stores currently tastings can only be conducted by employees or representatives of a liquor company it also clarifies that abc may sell other items connected to distilled spirits including but not limited to garnishes again i move the bill pass the chair recognizes the senator from franklin county thank you madam president will the senator please rise for a question will the senator from

[01:09:46] alexandria yield madam president i yield the senator from franklin county has the floor madame president first question i would ask her of many would be would she not agree madame president that she and her new seatmate are recently arrived from the lower or lesser chamber as we like to call it would the senator agree to that uh madame president i would agree that uh i my seatmate and i have recently arrived from the lesser chamber

[01:10:21] uh senator from franklin county you know although i should stop there i never i never do madame president will the gentlelady rise for yet another question will the senator yield for a second question madam president i yield senator from franklin county and would the gentlelady agree with me would the senator agree with me that both her and her seatmate

[01:10:57] the senator from richmond city they would agree that it is nicer here more open people are friendlier just a better place to be would she agree with that senator from alexandria uh madam president i would respond to the senator that i have been greeted with kindness um upon my arrival here and i am grateful to be here senator from franklin county madame president will the senator yield for another question will the senator yield for a third question madam president i yield senator from franklin county has the floor thank you madam president i would ask the senator to

[01:11:35] build on that a little bit would she not agree that the people that are here in the senate whether it be staff or the senators themselves are smarter and better looking than those in the lesser chamber senator from alexandria does not have to answer that question but the senator from Alexandria May. Madam President thank you for the the kindness I believe there are many very intelligent and good-looking people in this chamber. Senator from Franklin County. For another question. Will the senator yield for a fourth

[01:12:11] question? Madam President I will continue to yield. Madam President I would ask the senator is is it not also better for both her and her newly arrived seat seatmate, the Senator from Richmond, to be over in the Senate here today, especially after this Senate's basketball team put a whoopin' on the House last night.

[01:12:33] I agree with me. Although I believe the Senator from Franklin County did not play in the game last night, the Senator from Alexandria may respond.

[01:12:51] Madam President, I would say that I cannot speak for my seatmate, but I believe it is great to be in a winning body madam president just a couple more questions will she yield for one more senator will you yield for another question madam president I will yield senator from Franklin County thank you madam president I'd ask the senator would she and her newly arrived seatmate the senator from Richmond they like to explain why when they come over here to this august body that they introduce bills on the floor and expect us to vote for bills on the

[01:13:30] floor that have to do with gambling and liquor isn't that madam president a bill more like for me senator from Alexandria madam president I would say to the senator that unfortunately I believe that the deadline for co-patronage has passed but I would be happy to work with him in the future on bills like this Final question, Madam President, if she will yield.

[01:13:56] Will you yield for one final question, Senator? Madam President, I will yield for one final question. Senator from Franklin County. Madam President, I would ask the Senator to look at subsection E of the statute, which she hopes to amend, which looks like mostly grammatical amendments.

[01:14:14] And can she tell me, under subsection E, what the first word is in subsection E, please? Madam President, the first word in subsection E is no. Ah, Madam President, speaking to the bill. Senator has the floor.

[01:14:30] For the first bill, then we should all take her last words as guidance on how we should vote on this piece of legislation, which is, Madam President, no. Thank you. Thank you, Senator.

[01:14:47] The Chair recognizes the Senior Senator from Prince William. Thank you, Madam President. Would the Senator from the City of Alexandria rise for a question and yield? Will the Senator yield for a question? Madam President, I yield. Senator from Prince William.

[01:15:02] Thank you, Madam President. This question may benefit those that may be watching, but is this the Senator's first bill presenting on the floor of the Senate, which happens to be also a House bill? Senator from Alexandria. Madam President, I would say to the Senator that yes, this is the first bill I'm presenting on the Senate floor.

[01:15:23] And Madam President, will the Senator yield for another question? Will the Senator yield for a second question? Madam President, I yield. Senator Prince William. I think the Senators from Franklin has established what sort of place the Senate is and the importance of it and would the Senator on line 58 of the bill, would she be establishing that places of work are places to drink?

[01:15:50] Senator from Alexandria. Madam President, I would say to the Senator that no, this bill refers solely to the operation of government stores, ABC stores, and so this would authorize ABC employees to conduct tastings within those stores as liquor company employees are currently authorized to do.

[01:16:10] Will the Senator yield for a follow-up question? Will the Senator yield for another question? Madam President, I yield. Senator from Prince William. Thank you, Madam President. Now that we've established the fact that the Senator is in fact patroning a workplace drinking bill under Line 58, is it the center's position that, in fact, Line 58 does, in fact, state authorized employee under that same section?

[01:16:33] Is she now endorsing employees drinking on the job, Madam President? Senator from Alexandria. Madam President, I would say to the Senator that this Line 58 allows an authorized employee of the authority to conduct a tasting within a government store.

[01:16:49] Madam President, speaking to the bill. Senator has the floor. Yes, I think I have to agree with the Senator from Franklin at this point in time, Madam President. The Senator has clearly established that an endorsement of drinking on the job, in fact authorized tastings, how many tastings would in fact taste for our government employees to be inebriated on the job.

[01:17:10] Next, next we'll know we'll find raccoons in bathrooms of our ABC stores. Little did we know that the raccoon was just the start and this good Senator has now brought us a bill for more animals to be invited, more dangerous things and acts to take place our government facilities, Madam President, urge caution, grave caution across this bill.

[01:17:30] Thank you, Madam President. Seeing no other senators who wish to speak, the question is, oh, the junior senator from Loudoun. There you go. Thank you, Madam President. Would the senator from Alexandria yield for a question? Will the senator yield for a question?

[01:17:49] And Madam President, I yield. Senator from Loudoun. Thank you, Madam President. right in this bill i was trying to read this through because i came from the food and beverage industry before i got to the general assembly would the center from alexandria answer why they took out garnish or garnishment applied to the rim of a glass of distilled spirits i thought that adds a lot of you know value it adds a garnish to it senator from alexandria madam president to the senator i would say that the bill clarifies that abc may sell other items

Also to note the presumption is rebuttable if authorities determine that the woman is a threat to herself or to others or she poses a right flight risk. [01:45:03] The senator from Colonial Heights. Thank you, Madam President. Rise for a point of personal privilege. The senator has the floor. Madam President, that we had a big win last night for truth, justice, and the American way.

[01:45:22] We had an exceptional team that had true grit and heart, and just really a lot of Virginians from all across the Commonwealth, from big cities and large counties to small towns and villages and hamlets across the commonwealth republicans and democrats black white asian christian jewish muslim but last night we were all just virginians working together for a common

[01:45:59] goal to defend the honor of the senate of virginia it took us into overtime but we hung tough and were successful we had a lot of great participation senator from Shenandoah senator senior senator from Virginia Beach the senator from Eastern Fairfax and interns in his office interns from the senator from Northern Fairfax's office chief of staff for the senator from Eastern Henrico the senator from Western Henrico the co-coach in our win last night who will speak after me the

[01:46:37] senator from central Fairfax and his staff staff from the senator from Richmond City's office and and chief of staff for the senior senator from Fairfax the senator from Roanoke who had the strong arm last night the enforcer as we call him and then a nice young man interning in the senator from Rockingham's office was able to come out and help us with this win as well but But it's a nice opportunity to paraphrase one of the former members from that side of the aisle.

[01:47:14] He said it a little differently, but the Democrats are the opposition, but the House is the enemy. And we all came together last night to get a big win. And so please get a look at the trophy.

[01:47:30] And I want to yield to the Senator from Western Henrico, our co-coach. Senator from Western Henrico. Madam President, rise for point of personal privilege.

[01:47:46] Senator has the floor. Thank you, Madam President. Madam President, we were the nobody believes in us team, and we showed them what's up. We won last year. Nobody thought we could win two years in a row. But now people are talking about a dynasty, the Virginia Senate dynasty.

[01:48:07] There's less of us. We're older. Maybe a little slower, but we got more grit and determination than have all of them put together. But I can barely stand right now, so I'm going to be-- I'm very quick.

[01:48:23] I tested my endurance last night. But the folks texted me to just let us know the final numbers. And so they're still totaling up the numbers, but we raised more than $78,000 for Massey.

[01:48:38] We went-- Yeah. We went into the night with $65,000. We added over $13,000 the night of. I was harassing people when I was doing the governor's lobbyist game, making sure everybody knew they had to pay more because they hadn't given enough, you know what I'm saying?

[01:48:57] And so we got it at $78,000. I think we're going to end at least over $80,000. And so a good night all the way around. But now, folks, the three-peat is on. And as we all know, the third one's the hardest one. See all, we need to bring some people back. I'm looking at a senator from Virginia Beach, you know what I'm saying?

[01:49:15] We've got to bring some people back. We've got to exercise a little bit more. We've got to make sure we have a solid bench again like we did. We've got to find some interns again. They were helpful. All right. But it was a fun night. And go Senate. Thank you, Senator.
