It's my honor to introduce Christy Proctor, the executive director, board members from the rural Center and Brian David who's the chair of the Rural Council, the partner organization. They're also graduates of the Virginia Rural Leadership Institute and there are other supporters of the Rural Center in the gallery. [00:40:00] Virginia and the Council for Rural Virginia. The Rural Center works across the commonwealth and across the aisle to elevate rural voices and serves as a trusted resource for legislators and community leaders alike. And I would bring your attention to a rural snapshot that's been created on the internet.

[00:40:23] It's kind of a tool that's very innovative and very useful, and I'm not sure there's anything else like it in the country. The Rural Leadership Institute is one of the center's signature initiatives. This program brings together emerging and established leaders from across rural Virginia to deepen their understanding of opportunities for the rural Commonwealth, rural Virginia, their rural communities to build lasting cross-sector relationships and to return home better equipped to lead.

[00:40:53] VRLI also requires all graduates to complete a community impact project to ensure that We're bringing a return on investment to our rural communities right away. Please join me and, Madam

President, I would certainly appreciate it if you would give this group from the Rural Center the warm greetings of the State Senate.

[00:41:12] Thank you, Senator, for that introduction, and thank you, indeed, to all who are joining us from the Virginia Rural Center, named after our dedicated public servant, Frank Ruff. [00:55:24] personal level that ATFA is a very very important part of our community and the ways that they serve and the ways they bring people together to learn about each other to learn about our differences to find our commonalities and I'm very grateful to them for doing that and if you go to their headquarters in my district you also may get some very good baklava and Turkish coffee and I hope you will all join us tonight and join me in welcoming ATFA with us today thank

[01:01:29] And with that explanation, Madam President, knowing how important articles are in a sentence, I renew my motion that we concur with the House Amendment. The question is, shall the Senate concur with the House Amendment for Senate Bill 5?

[01:01:44] All in favor of that motion will record their votes, aye. Those opposed, no. Are the Senators ready to vote? Have all the Senators voted? - Do any senators desire to change their vote?

[01:05:54] Ayes 38, noes 2. Ayes 38, noes 2. The Senate concurs with a House Amendment. Senate Bill 313 has passed the House with a substitute.

[01:06:09] The Senator from Alexandria. Thank you, Madam President. With the recommendation that the House substitute be rejected, I move that the substitute be agreed to in speaking to that motion. The Senator has the floor. Thank you, Madam President. The House substitute contains most of the same elements as Senate Bill 313 as it left this body.

[01:06:24] However, it eliminates one provision that ensures that fees charged for paying rent via credit card, debit card, or electronic payments are kept to the actual out-of-pocket expenses landlords incur from a third party. I renew my motion that with the recommendation that it be rejected, I move that the House substitute be agreed to. Thank you, Madam President. Madam President, this just gets this bill in line with the bill that's already passed both houses. it's a technical amendment that changes three words and so I move that we adopt the house substitute the question is shall the Senate concur with the house substitute for Senate bill 327 all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the

[01:07:58] senators voted do any senators desire to change their vote the clerk will close the roll. Ayes 20, noes 20. Ayes 20, noes 20. The chair votes aye. [01:08:37] Senate concur with the House substitute and speaking to that motion. Senator has the floor. Thank you, Madam President. When Senate Bill 429 left here uncontested, as did the Senator for Colonial

Heights bill, Senate Bill 555, when we got over to the House, the House chose to just put the two together into one bill. And that's the only thing that was done here. And so again, I would just renew the motion that we concur with that amendment. The question is, shall the Senate concur with the House substitute for Senate Bill 429. All in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to

[01:09:17] vote? Have all the senators voted. Do any senators desire to change their vote? The clerk will close the roll. Ayes 40, noes 0. Ayes 40, noes 0. The Senate concurs. Senate Bill 445 has passed the House with a substitute. The senior senator from Thank you, Madam President.

[01:10:04] I renew my motion. The question is, "Shall the Senate concur with the House substitute for Senate Bill 445? All in favor of that motion will record their votes aye, those opposed no. Are the Senators ready to vote?

[01:10:21] Have all the Senators voted? Do any Senators desire to change their vote? The Clerk will close the roll. Ayes 40, noes 0. Ayes 40, noes 0. The Senate concurs.

[01:10:39] Senate Bill 487 has passed the House with a substitute. senior senator from Prince William. Thank you Madam President. Move that we concur with the House substitute in speaking to the motion. Senator has the floor. Thank you Madam President. You might recall last week we had a substitute on in our chamber on House Bill 562 which is the cognate and it simply changed the words electric utility to electric cooperative. So with adopting the House substitute we are now in alignment with what we passed last week and move its adoption. The question is shall the Senate concur with the House

[01:11:15] substitute for Senate Bill 487. All in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 40, no zero. Ayes 40, no zero. The Senate concurs. Senate Bill 516 has passed the House with a substitute. Senator from Charlottesville. Madam Chair with a recommendation that we reject the amendment or reject the House substitute. I move that we adopt the House substitute. I'd like to speak to that.

[01:11:52] Senator has the floor. Madam President, ladies and gentlemen of the Senate, this bill came from the sewer. It was carefully negotiated with all the electric providers basically to provide information, a database on electricity disconnections. The House has made some amendments that I think they're going to recede from once it goes back over there. So we don't have this bill go to conference. So I ask you to reject the amendment or reject the substitute and give the House the opportunity to do the right thing. This came from the sewer.

[01:52:33] the senator from Eastern Fairfax all right madam president with bill passes we get that motion senator has the floor thank you madam president so I was a little bit confused about this when it came through because I thought we'd made these amendments in in house courts I'm sorry Senate courts and not Senate finance but I went back and looked at the sub to figure out what the amendments were so the changes here this is the firearm liability bill that the senator from Eastern Prince William carried the cognitive which is currently in

[01:53:11] conference. We basically adopted the House position on this, which had, I think, three changes. One is that the nuisance does not have to be criminal in nature in order for it to be found a nuisance. Secondly, the House added language that the nuisance does not have to be specifically intended to create a nuisance, but instead they didn't like that language they changed it to acted with the intent to create a nuisance instead of specifically intended to create a nuisance they just thought that was a better way to phrase it and then the

[01:53:47] third thing was um um they changed the um the savings clause in subsection g um which i think made it a little clearer and then they had a couple other word changes which were not material that's what they did it was mostly i think clarifying if you didn't like the bill you're still not going to like it if you like the bill you should like it better i think these changes were necessary to keep the bill out of conference i'd hope we can adopt it the question is shall house bill 21 pass all in favor of the motion will record their votes aye those opposed no

[01:54:24] are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll ayes 21 nose 19 ayes 21 nose 19 house bill 21 passes

[01:54:44] on page 32 house bill 55 the senior senator from henrico thank you madam president um i'm going to i don't know what part should be in senator we've already adopted the amendment so we're on passage

[01:55:24] i think we had a question though there was a question from the senator from king george okay so in response to that question senator may may speak in response to the question from Thank you, Madam President, because it seems as if everyone is watching because everyone has sent me the response to his question and the Senator from Western Fairfax would like to respond.

[01:55:56] The Senator from Western Fairfax has the floor. Thank you, Madam President. I'm rising to respond to the question and also in support of the bill more broadly if I can. Senator has the floor. Thank you, Madam President. So the short answer is yes, you are able to dispute just the way you would with a speed camera in court.

[01:56:22] It's in the lines of the bill, I believe lines 360 through 368. And just more broadly speaking in support of the bill, so this was passed last year. you all know may know that aftermarket mufflers are already illegal in the Commonwealth they are a nuisance for many of us in our districts we oftentimes have constituents that complain about them but it is very hard to enforce them

[01:56:56] and so what this bill will do is basically create a two-year optional pilot where they will use these systems to pick up and ticket folks with these illegal mufflers it does have a provision that says a conspicuous sign shall be placed within a thousand feet of any noise abatement monitoring system so it's not going to be a surprise to folks any locality that uses these monitoring systems has to annually certify compliance with this section and

[01:57:35] make all records pertaining to the systems available for inspection and audit by the Commissioner of Highways or the Commissioner of the Department of Motor Vehicles or any such designee and it it really is I think a limited way to see will this work when to address the concerns that many of our constituents have brought forth to us year after year in a tight manner and I hope it will be the will of the body to pass it. Senator from King George. Madam President, would

[01:58:12] the senator from Fairfax yield for a question? Will the senator yield? I can't remember which part of Fairfax, I apologize. Western, I'll yield. Western Fairfax. The senator yields. Thank you Madam President. I would ask the senator what, obviously this is much like a license plate reader or a camera and they're taking people's license plates down or or getting a picture of that information what happens with that data okay senator from Western Fairfax um they're good that did up answering the question madam president senator has the floor

[01:58:49] thank you got my cheat sheet here try to answer your questions the data is protection protected it's only used for enforcement of these violations the images collected must be exclusive exclusively used as I said for these violations it cannot be open to the public it can't be sold for sales solicitation marketing etc it can't be disclosed to any other entity except as maybe necessary for the enforcement of an exhaust system violation and it cannot be used in court in a pending action or proceeding unless the action or

[01:59:27] proceeding relates in some way to this exhaust system violation and it will be purged and not retained later than not 60 days after the collection of the civil penalties senator from King George would the senator yield for another question senator will you yield I'll yield senator has the floor ask the senator is Is there any penalty if this is, they'll be set up, but this is a company that's going to do this and they'll make money off of it.

[02:01:08] Ayes 18, Noes 22, House Bill 55 does not pass. Page 33, House Bill 301. Senator from Western Henrico.

[02:01:25] Thank you, Madam President. Madam President, move in passage of the bill and speaking to that. Senator has the floor. Thank you, Madam President. members of the body, House Bill 301 allows adult adoptees to access their original birth certificate. Under current law, if an adoptee's adoptive parents request an amended birth certificate, the original is sealed. Requests for an amended birth certificate are typically submitted in order to establish a certificate that lists the adoptive parents as the birth parents for purposes of school enrollment, etc. In most cases, the adoptive parents aren't told and don't realize that this request causes the original birth certificate to be sealed this bill removes such sealing provision to ensure all adoptees are

[02:02:03] treated equally that is what the bill does and I move passage the senator from Isle of Wight thank you madam president speaking to the bill senator has the floor thank you madam president I come from a place of probably understanding more than most people in this chamber as someone who's adopted but let me tell you my concerns about the bill first of all I think everybody has a right to know where they're born and where they come from, and they should be able to have a copy of that. The contention I have with this bill comes from a place of understanding where there's no redaction provided for the birth parents in

[02:02:38] that information. I believe everyone should have access to original copy. I just also realized that there should be a redaction in that moment. Someone makes a decision 20, 30, or 40 years ago. I think that if something was sealed, that person still has rights. Sometimes there are painful chapters or

moments in time that some somebody may have put behind them and this will seek to open that chapter. So for those reasons I would ask we vote against this bill. The senator from Roanoke. The question is shall House Bill

[02:03:15] 301 pass? All in favor of the motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote. The clerk will close the roll. Ayes 33, noes 7. Ayes 33, noes 7. House

[02:17:54] The chair recognizes the Senator from Franklin County. Thank you, Madam President. I rise for a point of personal privilege. Before the senator begins, I remind our members that it is the decorum of the Senate that we be seated during points of personal privilege.

[02:18:16] The senator from Franklin County has the floor. Madam President, I rise today on a point of personal privilege because I believe this body needs to hear a name. A name that has been drowned out by press conferences, political talking points, and executive orders designed to score points on cable news.

[02:18:39] I rise on a point of personal privilege on behalf of my caucus. to say her name. Her name was Stephanie Minter. She was 41 years old. She was a mother. She was from Fredericksburg right here in the Commonwealth of Virginia, the state that we're all sworn to protect. Her family described her as a happy, jovial individual, a beam of light in dark places. And on the evening of February 23rd, Stephanie Minter stepped

[02:19:11] off a bus at a stop on Richmond Highway in Fairfax County. She never made it home. She She was stabbed to death, multiple wounds to her upper body, and left in the bus stop shelter to die.

[02:19:28] The man charged with her murder is Abdul Jalla, a 32-year-old citizen of Sierra Leone who entered this country illegally in 2012. And present, he had been arrested more than 30 times. His prior charges here in the Commonwealth of Virginia included rape, malicious wounding, assault and battery, identity theft, felony drug possession, weapons violations, contributing to the delinquency of a minor.

[02:19:58] 30 arrests, Madam President. Not three, not five, but 30. In 2020, ICE lodged a detainer against Jolla. An immigration judge issued a final order of removal.

[02:20:16] The system worked. It did exactly what it was supposed to do. The federal government identified a dangerous individual who threatened the lives of the citizens that we serve. They flagged him, and they ordered him removed from this country.

[02:20:32] Rightfully so. But my president was not removed. He stayed. He stayed because Fairfax County has a documented history of refusing to honor immigration detainers. Because charges were repeatedly dropped. Because a system that was designed to protect people like Stephanie Minter was systematically dismantled by policies that prioritize political ideology over public safety.

[02:20:59] And this is not an isolated case. In late 2025, another criminal illegal alien from El Salvador killed a man in Fairfax County just one day, one day, after that same county jail refused to honor an ICE detainer. One day.

[02:21:17] So what was the response that we've had? Currently, our governor's office responded, released a statement saying that they still will not honor an ICE detainer against the illegal alien with 30 prior arrests who murdered the 41-year-old unless a signed judicial warrant is turned over to them.

[02:21:35] As a lawyer, I can tell you, signed judicial warrants only occur in matters where there is a federal charge or investigation, so that is a hill too high to climb. Madam President, I want to hear, I want you all to hear, and consider this timeline.

[02:21:53] On the evening of February 23rd, Stephanie Minter was murdered at a bus stop by a man with 30 prior arrests, who should have not been here that day. Had he been deported years ago, Stephanie Minter would still be alive.

[02:22:10] Less than 24 hours later, on National Telegraph Vision, the Democrat response to the State of Union, the Speaker stated that ICE agents were poorly trained federal agents and accused them of terrorizing communities. Ladies and gentlemen, those are the agents whose job it is to remove people like Abdul Jalla from our communities.

[02:22:31] Those are the agents who lodged the detainer that was ignored by our locality. Those are the agents who, if allowed to do their jobs in cooperation with Virginia law enforcement might have ensured Stephanie Minter made it home to her son that night.

[02:22:47] And the response from our leadership in the Commonwealth was instead to demonize ICE on national television, while Stephanie Minter's body was barely cold.

[02:23:04] The Department of Homeland Security has reported that seven of the ten safest cities in America cooperate with ICE. Cooperation works. States that maintain their 287G partnerships saw hundreds and even thousands of dangerous individuals removed from their communities virginia has chosen a different path we've been told that it's about trust about de-emphasizing fear-based policing about not engaging in enforcement theater and i get that but madam president there is nothing theatrical about what happened to stephanie

[02:23:40] mentor there was nothing abstract about the knife wounds to her upper body there is nothing theoretical about a 10 year old boy in fredericksburg who will now grow up without the love and attention of his mother. Ladies and gentlemen, we can debate immigration policy in this chamber, we can disagree on the proper scope of federal authority, but we cannot, we must not look the families of the Commonwealth in the eye and tell them that their safety is secondary to political posture. Stephanie Minter's obituary said that the world would miss out on the beam of light we came to know so well.

[02:24:18] Her family said that though she has taken new wings, the beauty she brought into this world remains forever in their hearts i did not know stephanie mentor but madam president i do know this she deserved better from the commonwealth of virginia she deserved a system that works she deserved leaders who prioritized her life over a press release i ask that every member of this body regardless of party to remember her name and the next time that a vote comes to this floor

[02:24:55] about cooperation with federal law enforcement when we've seen many about honoring detainers about whether virginia will be a safe harbor for violent repeat offenders i ask you to think about what happened at that bus stop on richmond highway in fairfax county because stephanie minter's family can't and they never will thank you madam president thank you senator the chair recognizes the senator from mecklenburg thank you madam president i rise for a point of personal

[02:25:30] privilege the senator has the floor thank you madam president um earlier today i had the honor of introducing the family of Virginia Bell who was a constituent from Chase City in Mecklenburg who passed away last November at the age of 111 making her the oldest living Virginian at the time. I just want to take a brief moment to tell you a little more about Miss Bell. Miss Bell was born in Northview just months before the start of World War I. She witnessed monumental events like the Great Depression, World War II, the Cold War and 9/11. She lived to see polio and

[02:26:07] smallpox wiped away and to see America go from traveling in the Model T to traveling to the moon. She also witnessed Virginia transform from the era of Jim Crow and the massive resistance to become our modern, vibrant Commonwealth. Ms. Bell saw much of this arc of history from the farm she

shared with her husband, Henry. In an era where African-American families lived as sharecroppers and tenant farmers, Mr. and Ms. Bell owned their farm. In 1949, they built the home where Ms. Bell lived independently until 2014 when she moved into assisted care at the age of 100. There they

[02:26:44] raised four children, which resulted in a family of eight grandchildren, 18 great-grandchildren, and two great-grandchildren. Ms. Bill, no that was great-great-grandchildren. Ms. Bill was a renowned cook and homemaker. Her home was always known to be spotless. She grew flowers and vegetables in her garden and mowed the grass with a manual pushmore, but it was her skills in the kitchen that made her a local legend. Known for her fried chicken, her coconut pie was said to be so delicious that members of her family would fight for the last slice. And Ms. Bell did all of her cooking on a wood stove. When the work was done, Ms. Bell engaged in her hobbies. She

[02:27:22] crocheted, solved jigsaw puzzles and word search puzzles, and played board games with her grandchildren. Finally, Ms. Bell was a woman of deep faith who was baptized as a child in her local Creek. She regularly attended Northview Baptist Church. The current pastor is Reverend Robert L. Falcon, who serves as the 11th pastor since the establishment in 1876. The church will be celebrating its 150th anniversary in July. When the church moved to a new brick building, Ms. Bill donated one of the stained-glass windows. As Ms. Bill grew older, her longevity earned her more and more recognition. President Obama issued a proclamation on her 100th

[02:28:02] birthday. The mayor of South Hill attended her 110th birthday celebration, and the County Board of Supervisors issued a proclamation in her honor. Virginia Bale was a woman who lived a life focused on family. She loved friends and neighbors she adored in her faith in the Lord. We all should be so lucky to live a life like hers, which, as she said in her own words, was about living right and treating people the way I want to be treated. Thank you, Madam President. Thank you, Senator.

[02:28:29] The chair recognizes the senator from Rockingham. Madam President, I apologize to my colleagues, but having voted on the prevailing side by which House Bill 301 passed, I would move to reconsider that vote on page 33, I'm sorry.

[02:28:55] Returning to page 33, House Bill 301, the question is, shall the vote by which House Bill 301 passed be reconsidered? All in favor of that motion will record their votes, aye.

[02:29:13] Those opposed, no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 38, no zero.

[02:29:31] The motion is agreed to. Senator from Rockingham. And Madam President, with further apologies, I'd ask that that go by for the day. Without objection, House Bill 301 now goes by for the day. Is there any other business to come before the Senate?
