Pishko, Madam President, we managed to keep this a surprise, who is being commended by this body on the occasion of his retirement after more than 40 years of distinguished service

[00:49:16] to the city of Norfolk and the Commonwealth of Virginia. Attorney Pishko served as the city attorney for the City of Norfolk for decades, providing trusted legal counsel to generations of elected officials, city managers, and municipal departments. His work ensured that local government operated with integrity, sound judgment, and respect for the rule of law. Throughout his career, Attorney Pishko played a key role in nearly every aspect of municipal governance, including land

[00:49:52] use, economic development, public safety, and environmental matters. Under his leadership, the City Attorney's Office supported critical institutions such as the Norfolk School Board, the Norfolk Employees Retirement System, the Community Services Board, the Chrysler Museum of Art, and the Late Taylor Transitional Care Hospital. The resolution that will be before us later today reflects not only Mr. Pischko's professional excellence, but also his steady leadership through times of growth and times of challenge for

[00:50:31] the City of Norfolk. Madam President, it is fitting that we pause to acknowledge Bernard Pischko's extraordinary career and thank him for his decades of service. During the time I served on City Council, we did not always agree. However, I learned to respect him and appreciate him and appreciate his

deep love for protecting the city and the citizens of Norfolk. On behalf of this body, I wish him continued success and fulfillment in his well-earned retirement. Can we

The chair recognizes the senator from Prince Edward. Thank you, Madam President. Madam President, today we recognize

[00:59:00] the senator. I'm sorry. What purpose do you rise? I rise for the purposes of an introduction. The senator has the floor. Thank you, Madam President. Today we recognize Virginia's homeschool families and HEAV, the Homeschool Educators Association of Virginia, a statewide member-supported nonprofit founded in 1983. Homeschooling for bona fide religious reasons was legalized in Virginia in 1976, and I

only recently learned that the bill that led to the 1976 law was apparently introduced by none other than Virginia State Senator and later the first black governor of Virginia, the widely respected and revered Honorable Doug Wilder. But home education as

[00:59:40] alternative to public and private schools was not legalized until 1984. Incidentally that was a year after my parents started homeschooling my siblings and I. In 1983 a group of moms who eventually became HEAV set up a card table in the Capitol to begin the homeschool movement we know as we now know it in Virginia. For more than 40 years families across the Commonwealth have chosen home education as a lawful and respected path for raising and educating their children today more than 66 000 students are homeschooled across the commonwealth representing one of the largest home education communities in the nation homeschooling has

[01:00:17] grown substantially both in numbers and acceptance with many families beginning homeschooling during the covid pandemic finding that their children thrived under a creative well-rounded education directed by their parents during that time homeschooling participation grew over 49 and continues to grow about 5% annually. Homeschooling families reflect the full fabric of Virginia: military families, small business owners, foster and adoptive families, and families from all walks of life, all united by shared commitment to taking direct responsibility for their children's education. HEAV serves these

[01:00:55] families year-round by equipping parents with information, training, and support, and by maintaining a consistent, constructive presence in Richmond to monitor legislation and educate policymakers on issues affecting home education. Today we are honored to recognize the thousands of Virginia families who are investing daily in the education, character, and future of the next generation, their children. I ask that we welcome HEAV and Virginia's homeschooling families who are with us today in the gallery and thank them for their dedication to their children and to the future of our great Commonwealth.

[01:01:27] I thank the senator for that introduction and welcome to the Home Educators Association of Virginia. Thank you for what you are providing in education services to your individual families and as an organization working collectively to advance the interest of home education here in Virginia. I hope you have it having productive meetings with our legislators today and I hope the young people who are here with you are enjoying their experience of visiting our state capitol. Senators, I ask that we give the warm welcome of the Senate to the representatives of the Home Educators Association of

[01:02:28] Thank you. In the gallery today we have two dedicated public servants from the historic City of Williamsburg. With us today are Vice Mayor Pat Dent and Councilmember Stacy Kern-Shearer. Vice Mayor Dent is a man who has spent his entire life in service to the safety and well-being of his neighbors. Before joining the City Council, Pat served the City of Williamsburg for decades in the Fire Department, eventually retiring as Fire Chief. His transition from the front lines of public safety to City Council was a natural one. He brings a

[01:03:07] steady hand, a wealth of institutional knowledge, and a true servant heart to everything he does. Alongside him is Councilmember Stacey Kern-Shearer. Stacey is not only a local leader but an attorney and distinguished legal educator. She served as a nonpartisan legislative attorney for the United

state senate for the first decade of her legal career she then went on to became become a clinical professor of law at william and mary where she spearheaded initiatives to provide pro bono legal

[01:09:13] chair recognizes the senator from alexandria speaking to the bill madam president the senator has the floor um i wanted to encourage my colleagues to support the bill and assure them that if they're concerned about data privacy and the release of driver data i spoke with the dmv commissioner this morning and assured me that under section 209 he's been advised that he is not authorized to release data on things like driver license number name social security number

[01:09:47] address etc because he cannot do that without explicit permission when you read the full set of code sections together and that they've been advised that in the past by the Attorney General's office and this bill wouldn't provide for data going out but rather to access data that would help the DMV do its job more smoothly.

[01:10:11] Senator, senior senator from Virginia Beach. Madam President, I thank my friend the senator from Alexander for working with me on this. this has been a long process with DMV but we work together to make sure that all issues and concerns on data privacy were addressed and the DMV Commissioner was fantastic with responding to us on this thank you and with that I move the bill pass the question is shall Senate bill 135 pass all in favor of the motion will

[01:10:49] record their votes aye those opposed no are the senators ready to vote have all the Senators voted. Do any Senators desire to change their vote? The Clerk will close the roll. Ayes 32, Nos 8. Ayes 32, Nos 8. Senate Bill 135 passes. Senate Bill 583, a bill relating to parking, stopping and standing enforcement, bus obstruction monitoring systems, civil penalty.

[01:11:24] reported there's two floor amendments sorry the chair recognizes the senator from central fairfax thank you madam president madam president i move to reconsider the vote by which uh senate bill 583 was recorded to be engrossed in advance to its third reading the question is shall the vote by which the senate bill 583 was engrossed in advance to his third reading be agreed to all All in favor of that motion will record their votes aye.

[01:12:00] Those opposed no. Are the Senators ready to vote? Have all the Senators voted? Do any Senators desire to change their vote?

[01:12:19] The Clerk will close the roll. Ayes 40, noes 0. Ayes 40, noes 0. The motion is agreed to. Senator from Central Fairfax. Thank you, Madam President. Madam President, I move that the reading of the amendments be waived.

[01:12:37] The question is, "Shall the reading of the floor amendments be waived?" All in favor of that motion will say "aye." Aye. Any opposed? No. The ayes have it. The reading of the floor amendments is waived. Senator from Central Fairfax. Thank you, Madam President.

[01:12:53] I move that the floor amendments be agreed to and speaking to that motion. Senator has the floor. Thank you, Madam President. Ladies and gentlemen, before you, we have a couple of line amendments to remove other specified vehicles from line 23 and along with line 28 due to some concerns one of my colleagues had on the other side to ensure that this is a favorable vote in the future and that and with

[01:13:32] that madam president I ask that we agree to the floor amendments. Thank you senator the question is shall the floor amendments be agreed to? All in favor of the motion will say aye. Any opposed? No. The ayes have it. The floor amendments are agreed to. Senator from Central Fairfax. Thank you, Madam President. Madam President, I move that the bill be engrossed in advance to its third reading.

[01:13:57] The question is shall Senate Bill 583 be engrossed in advance to its third reading? All in favor of of that motion will say aye. Any opposed, no. The ayes have it. The bill is engrossed and advanced. Senate Bill 595, a bill relating to mechanics and storage liens, vehicle data, and there is a floor substitute. The chair recognizes the senior senator from Virginia Beach. Thank you, Madam

[01:14:37] President. Madam President, I'd like to reconsider the vote by which the bill was ordered to be engrossed and advanced to its third reading. The question is, shall the vote by which the Senate, by which Senate Bill 595 was ordered to be engrossed and advanced to its third reading be reconsidered? All in favor of the motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change

[01:15:10] their vote. The clerk will close the roll. Ayes 40, noes 0. The motion is agreed to. Senior Senator from Virginia Beach. Thank you, Madam President. Madam President, I'd like to waive the reading of the floor substitute. The question is, shall the reading of the floor substitute now be waived?

[01:15:30] All in favor of that motion will say aye. Aye. Any opposed, no. The reading of the floor substitute is waived. Senior Senator from Virginia Beach. Madam President, I move we agree to the floor substitute and speaking to that. Senator has the floor. Madam President, this substitute retains the requirement that DMV ascertain the vehicle's owner and lien holder information for the enforcement of the mechanics and storage liens and that for abandoned vehicles, this bill removes the requirement that when such vehicle is titled out of state, such data has to be

[01:16:08] ascertained from such other jurisdiction rather than any other source of data. So, Madam President, with that, I move that the floor substitute be accepted. The question is, shall the floor substitute be agreed to?

[01:16:25] All in favor of that motion will say aye. Aye. Any opposed, no. The ayes have it. The floor substitute is agreed to. Senior Senator from Virginia Beach. Madam President, I move we engrossed and advanced the bill to its third constitutional reading.

[01:16:42] The question is, shall Senate Bill 595 now be engrossed and advanced to its third reading? All in favor of that motion will say aye. Any opposed, no. The motion is agreed to. Senate Bill 74, a bill relating to affordable housing, local ordnance authority.

[01:17:07] The chair recognizes the senior senator from Prince William. Thank you, Madam President, move the bill pass and speaking to the motion. The Senator has the floor. Thank you, Madam President. So this takes an existing code section limited to only a handful of localities and allows all localities in Virginia

to have affordable housing ordinance and Virginia is facing a huge affordable housing crisis and necessitates creative solutions.

[01:17:33] That's not just isolated to Northern Virginia. It's every part of our Commonwealth has a shortage. According to JLARC, we're several hundred thousand units behind. And we know that impacts all of our families, no matter where we live in the Commonwealth. Inclusionary housing programs are an effective way to increase affordable housing in neighborhoods that have ample access to transit, employment, and community services.

[01:17:54] Studies from JLARC, McGuire Woods, and others show that this is desperately needed. It's time that we enable our localities to have additional tools and toolbox through additional collaboration and public hearings before adoption so they can get what tools are right for their community this is not a one-size-fit-all bill this allows them to adapt to the needs of their communities which is i think is essential in building that community collaboration that is needed for programs like this to be successful and ask the bill pass the question is shall senate bill 74 pass all in favor of that motion will record their votes

[01:18:31] aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote. The clerk will close the roll. Ayes 21, nos 19. Ayes 21, nos 19. Senate Bill 74 passes. Senate Bill 328, a bill relating to housing for local employees, grants for home

[01:19:05] ownership. The chair recognizes the senior senator from Loudoun. Thank you, Madam President. Madam President, I move passage of the bill and speaking to that motion. The senator has the floor. Madam president this is a housing bill that is if you care about public servants being able to live in the localities where they work so this is our school teachers our ambulance drivers our firefighters our police officers allowing people to be able to to live in the communities they serve this bill lifts the cap the maximum grant cap of $25,000 localities can set whatever provisions they want

[01:19:45] around these agreements, but it just says that you're not limited, the localities are not limited to only providing $25,000 to these public service employees in providing housing to people. This is particularly helpful in areas where housing is very expensive, like where I live up in Loudoun County, where the median sales price is $745,000. $25,000 doesn't you a long way on the road to trying to purchase a house there. In Loudoun County, most recently, I got a lot of questions in committee about maybe this is helping some, you know, constitutional

[01:20:24] officers or some quid pro quo deal or something like that. I would say these types of programs have been around for a long time and been used by localities across the state to benefit public service employees in Loudoun. These grants have most recently gone to people like teaching assistants for special ed, PE teachers, math teachers, custodians, social studies teachers, and people like that. Madam President, I think it's a great bill and again just gives localities some more flexibility in helping people get housing without any passage.

[01:21:02] Thank you, Madam President. The chair recognizes the senator from Roanoke. Madam President, just speak briefly to the bill. Senator has the floor. Thank you, Madam President. I appreciate the program offered by this bill.

[01:21:18] I thought it was a good idea that former Delegate Thelma Drake started about 20 years ago with a $5,000 limitation. I thought it was good that former Delegate Jackson Miller brought this bill and

increased it to its current limit. And I think that if we were further increasing it to a reasonable amount, that would be a worthy debate we should have.

[01:21:40] So I just have significant issues with it being completely unlimited. I don't have unlimited confidence in anyone, and I don't think that we should grant unlimited confidence to anyone. Thank you, Madam President. The Senator from King George.

[01:21:56] Thank you, Madam President. Would the Senator yield for a question, the Senator from Loudoun? Will the senior Senator from Loudoun yield? I'll always yield for a question from Senator from King George. Thank you. Senator has the floor. president this is a great program and it's something that that we very much need and i've been doing zoning work for probably 30 some years and i was never aware that you could do that and and so oftentimes when you did a a big project you would offer a sum of money to a non-profit and then the teacher or the policeman or whomever you're targeting in that community could get a

[01:22:34] grant from that nonprofit and so I'm reading this I've never seen this statute before I just wanted to ask the senator when the locality does it and it's a governmental entity how is that not discriminatory and thus un constitutional senior senator from Loudoun madam president senator from King George County um I these programs have been around for a long time and and every locality I think does they're slightly differently and I think if you look at lines 18 and 19 it talks about the ordinance and how they can establish terms and conditions to ensure the integrity of the home ownership grant

[01:23:11] program I haven't ever heard anyone question the constitutionality of these programs just I guess off the top of my head what I would say is that we're not talking about any type of a protected class whenever we talk about you know these these public servants and who who these these bills are geared towards and And so, you know, not to be a constitutional nerd here on the floor, but I guess it would be a rational basis test.

[01:23:36] And I guess I think the answer would be that there's a rational reason to provide these types of employees some help in being able to live where they work, Madam President. Madam President. Senator from King George.

[01:23:52] I appreciate exactly what the Senator's saying. This is something that we've been trying to do for years. And I understand this is an underlying bill, but you are still allowing one person in the government to decide who gets the grant.

[01:24:12] And it was always my understanding that that was per se discriminatory and thus unconstitutional. And so maybe not, but it runs contrary to what I thought the law had always been. maybe we should tighten it up, maybe it's okay, but I just, I offer that for the Senator.

[01:24:33] It can be a very good program, and it's something we desperately need, because honestly, there's no such thing as affordable housing in Virginia today. Thank you, Senator. Did the Senator from Prince Edward wish to speak? Thank you, Madam President. I'd rather speak to the bill.

[01:24:51] Senator has the floor. Madam President, I can appreciate the intent of the bill, particularly in areas where cost live in is is exceedingly high you know where I'm hung up on this is we because we're a Dillon rule state a lot of the legislation that that we pass is permissive to the localities which leaves the localities making a lot of the final decisions that affect things like housing prices I know that's not the case everywhere and it's not there universally what I'm concerned about is it's just like we should live in the

environment that we have created I'm concerned about removing the incentive because sometimes you don't understand unless you can feel

[01:25:31] it firsthand so i'm concerned about particularly in some of the localities um where where i'm from where nobody's really making a lot of money of removing the incentive for localities to make decisions that help to push down the cost for their constituents even with the best of intentions if you don't feel it it may not always be quite as evident so that's why i'll be voting against this bill but i understand the intent of it um but i just wanted to make that point thank you thank you senator the senior senator from loudon thank you madam president no one else um is in queue to speak to the bill i just want to say um i think some what keeps getting said is one person

[01:26:09] one person gets to decide these decisions are not made by one person um the bill talks about localities localities make these decisions in in public ways and these programs are very public so that people can access them it's not it's not limited to one decision and just to push back a little bit my locality i i understand um a little bit the statements about you know pushing down housing prices and things like that um but that it's very expensive to live in northern virginia madam president it just is and and this is one way without taking away any money from the state these are not state funds these are local funds that could be used to um help help help the people

[01:26:48] that we want to be able to respond to fires respond to car accidents um teach our students to be able to live where they work madam president and so i just think it's a really good way to give locality some more flexibility to make sure that those folks can can live where they work thank you madam president with that i moved passage the question is shall senate bill 328 pass all in favor of the motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close

[01:27:26] the roll. Ayes 25, noes 14. Ayes 25, noes 14. Senate Bill 382 passes. Rule 36-1. Senate Bill 346, a bill relating to zoning manufactured housing. The chair recognizes the senator from Western Henrico. Thank you, Madam President. Madam President, I move the bill pass in speaking to that motion. Senator has the floor. Thank you, Madam President. Madam President, members of

[01:28:05] Senate bill 346 is about prohibiting localities from adopting and enforcing local ordinances that discriminated against qualified manufactured home projects this is about getting the most affordable type of housing available to folks it is important to note that it manufactured home still must follow the whatever the local ordinance is when we adopted a substitute we did two big things that I'll mention I can go into detail on if you have question one is distinguish between personal and real property personal property and agricultural areas but real property in other areas which is a benefit to the

[01:28:43] homeowner in the locality and we added language clarifying that it was only for manufactured homes built in the previous five years so it's moving forward I move that the bill passed the question is shall Senate bill 346 pass all in favor of that motion will record their votes aye those opposed no are the Are senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll.

[01:29:18] Ayes 38, noes 2. Ayes 38, noes 2. Senate Bill 346 passes. Senate Bill 454, a bill relating to zoning by right multifamily development. There are four floor amendments.

[01:29:41] The chair recognizes the senator from Western Henrico. Thank you, Madam President. Madam President, I move that we reconsider the vote by which the bill was ordered to be engrossed in advance to its third reading. The question is, shall the vote by which Senate Bill 454 was ordered to be engrossed in advance to his third reading be reconsidered?

[01:30:03] All in favor of that motion will vote aye. Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll.

[01:30:19] - Ayes 40, noes zero. - Ayes 40, noes zero. The motion is agreed to. Senator from Western Henrico. - Madam President, I move we waive reading of the floor amendments. - The question is, shall we waive the reading of the floor amendments? All in favor of the motion will say aye.

[01:30:34] - Aye. - Those opposed, no. - Aye. - Let's try that again. All in favor of the motion will say aye. - Aye. - Those opposed, no. - The ayes have it. The reading of the floor amendments is waived. Senator from Western Henrike.

[01:30:50] - Madam President, I move we agree to the floor amendments in speaking to that motion. - Senator has the floor. - Thank you, Madam President. Madam President, members of the body, this is just putting it back in language that accidentally got dropped from the original version to the substitute that we adopted, clarifying that this is just for business and commercial areas.

[01:31:06] And so they're technical in nature, going back to what that's supposed to be. So I move that we accept the amendments. The question is, shall the floor amendments now be agreed to? All in favor of the motion, we'll say aye.

[01:31:22] Any opposed, no. The ayes have it. The floor amendments are agreed to. Senator from Western Henrico. Madam President, I move we engrossed and advance the bill to its third reading. The question is, shall Senate Bill 454 now be engrossed and advanced to its third reading? All in favor of the motion, we'll say aye.

[01:31:39] Aye. Any opposed, no. The bill is engrossed and advanced. Madam President, I move that we suspend the rules and dispense with the third constitutional reading. The question is, shall we now suspend the rules and dispense with the third constitutional reading?

[01:31:58] All in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 40, noes 0.

[01:32:15] Ayes 40, noes 0. senate bill 454 is now in front of us thank you mad president president members of body move the bill passed and speaking to that motion senator has the floor thank you mad president president members of body uh senate bill 454 is housing near jobs uh we just talked about how there is a housing crisis and how affordability is an issue uh and i'll give the three stats that i've been giving because i think they're important we are hundreds of thousands of units short in virginia We have three of the top 10 metro region areas in the country for rent increases and most of our

[01:32:49] localities have seen a greater than 50% increase in the cost of a mortgage in the last five years. And so this is a bill that seeks to start to remedy that through supply. This is a bill we've been working on for a couple years now. I'll just real briefly go through the sections and close, but subsection A of the bill explains who this applies to. Subsection B says that localities will allow multifamily residential in 75% of

commercial and business zoned areas. BNC put parameters around that, what can be done, what cannot be done, and it's important to note localities

[01:33:26] still have a lot of control over the administrative process on this to make sure we're complying with local environmental regulations, flood control, drainage, site plans, etc. Section E kind of lists off some exemptions to that around military and around tree canopy but i'll just close by saying this is a bill that will really get at the supply issue we've seen it happen before it works texas new hampshire arizona rhode island maine montana and nevada have passed versions of this bill if we want to make housing affordable we need to build it this bill will do that and so i hope that uh the senate will pass senate bill 454. the chair recognizes the senator from western

[01:34:06] Prince William. Thank you, Madam President. Madam President, speaking to the bill. Senator has the floor. Thank you, Madam President. Madam President, I usually don't co-patron a whole lot of these bills, but this one's a little bit different. Main reason for something that the patron didn't mention is that this is also a great way to reduce road congestion. And by having more housing near jobs in particular, my hope is that along I-66, Route 28, Route 29, Prince William Parkway even, and throughout Northern Virginia, especially my district, that this is going to hopefully do a little bit something to get a few more cars off the road each day and get people you know having a reasonable commute so that they can get home and they can actually work in the

[01:34:43] same communities that they live in so thank you madam president the question is shall Senate bill 454 pass all in favor of that motion will record record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll. Ayes 21, noes 19. Ayes 21, noes 19. Senate Bill 454 passes. Senate Bill 717,

[01:35:20] relating transit-oriented housing overlay districts report. The chair recognizes the senator from Central Fairfax. Thank you, Madam President. I move that the bill pass and speaking to that motion. Senator has the floor. Thank you, Madam President. Senate Bill 717 requires localities to establish one or more transit oriented housing overlay district covering qualifying areas to permit the construction of higher density housing notwithstanding any ordinance limiting density to single family detached units.

[01:35:54] And the bill will help lower housing costs by increasing the supply of homes adjacent to train stations and buses. Increasing the housing near these locations will reduce highway congestions and improve funding stability for public transportation system in the qualifying area it is it has been reduced down to just one mile radius to prioritize housing where most residents will be able to walk or bike to get to transit the allowable density within a quarter miles of the transit hub is six stories

[01:36:28] and 30 units per acre localities can exempt parcels if including them in their overlaying district would have an unreasonable adversary impact on localities and the Board of Zoning Appeals approves as well.

[01:36:44] The historic districts and prime agricultural lands are also excluded from this. This bill has been thoughtfully crafted to not only increase our stock of affordable housing but to do so in a way that ensures that transit systems we have transit systems that we have invested in are also accessible to people who can use them.

[01:37:05] Madam President, with that, I ask that the bill be passed. The question is, shall Senate Bill 717 pass? All in favor of that motion will record their votes aye, those opposed no. Are the senators ready to

vote?

[01:37:23] Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 20, noes 19.

Ayes 21, noes 19. Senate Bill 717 passes. Senate Bill 776, a bill relating to requiring fines, costs, restitution for damages, support, or community service from probation or failure to pay. The

[01:39:27] chair recognizes the senator from Mecklenburg thank you madam president I move passage of the bill and speaking to that the senator has the floor despite what the what the definition of this or the the line says this only has to do with fines and cost probationers will find themselves out on probation and if they can't if they're indigent and can't pay their fines and costs they might find themselves back in prison because of those those failure to pay those fines and costs

[01:40:04] but this would allow them to work with their probation or probation officer to set up a payment plan it doesn't do away with the fines and costs but it'll set up a system for them to be able to if proven indigent and unable to pay not unwilling to pay but unable to pay that they can um it will make them not have to go back and be re-incarcerated but be able to work on a payment plan so that they're not re-incarcerated but be able to stay out and continue working their job and working on their probation instead of going back to jail um move

[02:39:04] senator from Franklin County. Thank you, Madam President. I rise for a point of personal privilege. The senator has the floor. Thank you, Madam President, members Members of this body, many of you remember a great Southside gentleman who unfortunately got a call last night from a friend of mine who is now a judge and who knew this person very well to let me know that Charlie Poindexter, a long-serving representative in the House of Delegates of Southside and Southwest Virginia, had passed away.

[02:39:39] So today I rise with a heavy heart to honor the life and memory of a dear friend, a faithful public servant, and one of the finest men Southwest Virginia has ever produced. The Honorable Charles Douglas Charlie Poindexter of Glade Hill, Virginia, my neighbor who passed away at the age of 83.

[02:39:56] Charlie Poindexter was the real thing. He was a man of deep conviction, quiet strength, and unwavering devotion to his community, his commonwealth, and his country. He was a farmer, an engineer, a father, a husband, and for more than two decades a dedicated public servant who never forgot where he came from and never forgot who he was serving.

[02:40:17] He worked in the defense industry, intelligence community. You wouldn't know this, but Charlie worked very hard to keep America safe in his original occupation and he did it with the same humble, no-nonsense approach that Charlie brought to everything. But for all his accomplishments on the national stage, keeping our country safe, Charlie's heart was always in the hills of Franklin County.

[02:40:39] He never stopped farming that family land there nearby to my farm in Glade Hill. It was the 1792 Poindexter family home place. On hot summer days when most of us were staying inside, staying cool in the air conditioning, you could find Charlie out there on a tractor harvesting hay, doing hard work that his father had done before him.

[02:40:57] He had a great set of beagles, so you notice that connection as well, that he loved very much and treated so very well. But that was Charlie. He could have lived anywhere, but he chose to come home. His call to public service began with eight years on the Franklin County Board of Supervisors, where he represented the Union Hall District and learned firsthand the needs and challenges facing our rural community in Southside, Virginia.

[02:41:21] In 2007, he was elected to the Virginia House of Delegates. Many of you served with him, representing the 9th District, Patrick County, Franklin County, and Henry Counties, the very heart of Southside, Virginia. He would go on to serve seven terms in the House from 2008 to 2022, 14 years of faithful and principled service.

[02:41:43] And I want this body to just understand what you need to know about my friend, Charlie Poindexter. He was not a politician. He was one of those true citizen legislators in the truest form. His staff would tell you he'd never changed from the day-to-day when he walked into the General Assembly building to the day that he left and went back to the farm.

[02:42:05] Charlie always remained true to himself, true to his values, and true to his constituents. When he was not in session or in his district office there in Glade Hill, Charlie could be found in his father's shop, talking with neighbors and friends, tinkering with something like an old Cadillac that he continued to have on the road for years and years and years. Charlie served us faithfully. He was a man of faith himself, a Methodist who lived and believed his beliefs through service to others. He was a loving husband to his wife who survives Janet and a devoted father to their six children. Charlie Boyndexter's roots ran deep

[02:42:41] in Franklin County and he honored that heritage every single day of his life. When we lose a man like Charlie Poindexter we don't just lose a former colleague we lose a piece of what makes Southside Virginia special. We lose that rare combination of brilliance and humility of national accomplishment and local devotion of quiet strength and unwavering principle that we all should hold dear as we serve in this vaunted chamber. Charlie once said to me the public service is about making an impact. He told me that every day and reminded me that that's why I was here as well. Well, ladies and gentlemen, Charlie Poindexter

[02:43:21] made an impact on my life and on others lives. He made an impact on the people of Patrick Franklin and Henry. He made an impact on this General Assembly. And he made an impact of all of us who were privileged to call him friend or had the opportunity to serve with him. May God bless his memory, Madam President. May God comfort his family during this difficult time and I thank you madam president thank you senator the chair recognizes the senator from Richmond City madam president I rise for the purpose of two announcements senator has the floor
