[00:35:03] The chair recognizes the senator from Botetourt. Thank you, Madam President. I rise for an introduction. Senator has the floor. Thank you Madam President. Today we are joined in the gallery by AARP Virginia State President Joyce Williams if she would stand. [00:35:40] She was recognized as the Virginia Teacher of the Year in Social Studies in 1982 and then later became the first woman to serve as a middle school principal in Roanoke County. She continues to shape young lives as a Sunday school teacher at Bonsac Baptist Church in Roanoke.

[00:35:57] I've gone to church with Joyce for a long, long time. I've known her for many, many years. After retiring from Roanoke Public Schools, Joyce continued her life of service as a member and leader of a bunch of volunteer organizations. She's led hunger prevention programs like Let's Give Lunch and Soup for Seniors.

[00:36:15] And in her years as an active member and volunteer for AARP Virginia, Joyce served in several roles, including as community ambassador, president of the AARP Virginia Southwest Roanoke chapter, and then as state president, which is the organization's highest volunteer position in the state.

[00:36:32] And she's traveled across the Commonwealth to tirelessly elevate the voices of millions of older Virginians through direct advocacy of elected officials and by participating in more than 1,000 volunteer events. She is stepping down as AARP state president later this year.

[00:36:48] And in advance of her upcoming birthday, which she fittingly shares with International Women's Day, We wanted to commend Joyce. We did yesterday with a commending resolution, which we passed, that I'll be presenting to her a little later, and for her lifetime of modeling faith, family, leadership, and service to others in the Commonwealth. It's just an honor to have her here with us, and I hope that we were able to give her the warm welcome of the Senate.

[01:04:38] And the amendment further clarifies that the attorney for the Commonwealth may file a child in need of services petition. And if the child is found to be in need of services, the court can proceed pursuant to relevant law.

[01:04:54] And with that explanation, Madam President, I renew my motion that the Senate concur with the House Amendment. The question is, shall the Senate concur with the House Amendments for Senate Bill 18? All in favor of that motion will record their votes aye.

[01:05:09] Those opposed, no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 23, noes 17. Ayes 23, noes 17.

[01:05:26] The Senate concurs. Senate Bill 25 has passed the House with an amendment. Senator from Eastern, Prince William.

[01:05:41] Thank you, Madam President. Madam President, I move that the Senate concur with the House amendment in speaking to that motion. Senator has the floor. Thank you, Madam President. Before crossover, the Senate Finance and Appropriations Committee added the phrase that from such funds as may be appropriated to the start of the first line.

[01:05:58] After crossover, the House Appropriations Committee struck that same phrase. This is the only difference between the two bills. The question is, shall the Senate concur with the House Amendment for Senate Bill 25? All in favor of that motion will record their votes aye. Those opposed no.

[01:06:14] Are the senators ready to vote? Have all the senators voted? Do any Senators desire to change their vote? The Clerk will close the roll. Ayes 21, Nose 19.

[01:06:31] Ayes 21, Nose 19, the Senate concurs. Senate Bill 34 has passed the House with a substitute. Senator from Arlington. Good afternoon, Madam President. Madam President, I move that we concur with the House substitute in speaking to the motion.

[01:06:48] Senator has the floor. Thank you, Madam President. The House substitute is now identical to the Senate bill that passed out of this body, 33 to 6. The underlying bill, you may remember, had to do with guardianship and conservatorship and retaining the right to vote.

[01:07:07] The substitute makes the technical amendments we had in the Senate version and ensures that individuals who had lost their right to vote under the conservatorship or guardianship can petition the court to have a determination, a new determination made.

[01:07:23] With those changes, I hope it is the will of the body to concur with the House substitute. The question is, shall the Senate concur with the House substitute for Senate Bill 34? All in favor of that motion will record their votes aye. Those opposed, no. Are the senators ready to vote?

[01:07:40] Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes, 24, noes, 16. Ayes, 24, noes, 16. The Senate concurs.

[01:08:00] Senate Bill 62 has passed the House with a substitute. Senator from Portsmouth. Thank you, Madam President. Madam President, I move that we concur with the House substitute. And speaking to the motion, Senator? Yes, ma'am. Madam President, what the bill does is relating to the modification of sentences for marijuana-related offenses.

[01:08:24] The question is, shall the Senate concur with the House substitute for Senate Bill 62? All in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted. Do any senators desire to change their vote?

[01:08:41] The clerk will close the roll. Ayes 21, noes 19. Ayes 21, noes 19. The Senate concurs. Senate Bill 83 has passed the House with amendments. Senator from West Central Fairfax.

[01:08:57] Thank you, Madam President. I move that the Senate concur with the House amendment and speaking to that motion. Senator has the floor. Thank you, Madam, Madam President. The House

Amendment aligns it with the House Cognite bills and a couple of these substantial changes are that we struck out the language that requiring the minimum standards for attorney visitation with client includes opportunities on weekends and after 5:00 p.m., along with making sure that we added law enforcement back in so that the credentialed attorneys are exempt from security if law enforcement officer officers are as well and with that i renew my

[01:09:34] motion that we concur with the house amendment senator from eastern fairfax and president that bill go by temporarily please without objection senate bill 83 goes by temporarily senate bill 106 has passed the house with amendments senator from franklin county thank you madam president good morning to you i now move that we concur with the house amendments to senate bill 106 and speaking to to that motion? Senator has the floor. Thank you, Madam President, members of the body. This is a bill that was last year we made what we call gas station heroin illegal, putting it on schedule one.

[01:10:11] But the enforcement has been shoddy at best. You may have heard me telling you this because it's still being sold. And so what we're trying to do in the bill, the purpose of the bill was to actually put it to the owners that are selling it as well by finding them if that product is on their shelves and or that they sell that in the house what we determined to do and I agreed with of course was to actually strike line 12 where we called it sodium or tianipatine sulfate if we had it that way then they would have had to do more testing which would be more complex more costly and we just replaced it with the word tianipatine and then at the bottom we we made

[01:10:50] sure that this civil bill would not affect prosecution of anyone in possession or retailing Tiena Patun in a criminal matter. So for those reasons, Madam President, I move that we concur with the House Amendments. The question is, shall the Senate concur with the House Amendments to Senate Bill 106? All in favor of that motion will record their votes, aye. Those opposed, no.

[01:11:14] Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 40, no 0. The Senate concurs. Senate Bill 123 has pass the house with the substitute. Senator from York. Thank you madam president. I move that the Senate concur with the house substitute and speaking to that motion. Senator has the floor. This bill is about how school board members are appointed in the city. The house substitute removed some language

[01:11:51] that dealt with school board members succeeding themselves after serving two terms but does not materially affect the way the bill was originally drafted. I I ask that the members concur with the substitute. The question is, shall the Senate concur with the House substitute for Senate Bill 123?

[01:12:14] All in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 40, no 0. Ayes 40, no 0.

[01:12:30] The Senate concurs. Senate Bill 137 has passed the House with the substitute. senator from western fairfax madam president with the recommendation it'd be rejected i move the house substitute be agreed to will the senator speak senator has the floor thank you madam president um so the uh other chamber got really fancy on this bill and decided to rewrite it completely and i thought well if they want their own own bill they should go get their own bill so

[01:13:08] So I move that we reject this. The feeling of the Senate seems to be resonating this morning.

[01:13:26] With the recommendation that it be rejected, the question is, shall the Senate concur with the House substitute for Senate Bill 137? All in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted?

[01:13:43] any senators desire to change their vote. The clerk will close the roll. Ayes 1, noes 39. Ayes 1, noes 39. The Senate does not concur. Senate Bill 142 has passed the House with amendments. Senator from Hanover. Madam President, with the recommendation it be rejected, I move the Senate accept the House amendment and speaking to that. Senator has the floor. Madam President, the House, like the

[01:14:20] concept but there are two other bills dealing with the same code section and after a conversation with delegate hope we thought best to put it in conference to make sure we could line all three bills up together with the recommendation that it be rejected the question is shall the Senate concur with the house amendment to Senate bill 142 all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close

[01:14:56] the roll I zero knows 40 I zero knows 40 the Senate does not concur has bill 158 this past the house with a substitute senior senator from Loudon thank you madam president sorry madam president I move that we reject the house substitute and speaking to that motion senator has the floor madam president in the house they slapped on the Court of Appeals judges to our regular judge bill and we think that that is a question that maybe should end up in conference

[01:15:35] and so I would move that we reject their house substitute with the recommendation that it be rejected the question is shall the Senate concur with the house substitute for Senate bill 158 all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted. Do any senators desire to change their vote? The clerk will close the roll. I 0, no's 40. I 0, no's 40. The Senate does not concur. Senate Bill 164

[01:16:13] has passed the House with a substitute with amendments. Senior Senator from Prince William. Thank you Madam President. I move that we concur with the House amendments and speaking to the motion. Senator has the floor. As you can see in the calendar, these are technical amendments that were requested by the stakeholders the amendments will now align up to the house version which is also passed and on its way to the governor so this will also avoid conference so thank you madam president with the recommendation that it the question is shall the Senate concur with the house amendments for Senate bill 164 all in favor of that motion will record their votes aye those opposed no are the

[01:16:53] senators ready to vote have all the senators voted do any senators desire to change their vote. The clerk will close the roll. Ayes 40, no 0. Ayes 40, no 0. The Senate concurs. Senate Bill 189 has passed the House with amendments. Senator from Norfolk. Thank you, Madam President. Madam President, I move that the Senate concur with the House substitute and

[01:17:29] speaking to that motion. Senator has the floor. Senate Bill 189 adjusted transparency and accountability and consumer debt collection proceedings. The House substitute makes two clarifying changes. First, it corrects a drafting error by replacing the word notion with motion in the bill text on line 15, so I second that emotion. And then second, and more substantively, the House substitute adds a definition of consumer debt. It clarifies that consumer debt

[01:18:04] refers to obligations arising from transactions primarily for personal, family, or household purposes. This definition aligns the statute with commonly understood legal definitions and ensures that the requirements apply specifically to consumer debt collection cases rather than civil litigation. The House substitute therefore clarifies the scope of the bill while preserving the consumer protection and transparency provisions adopted by the senate and again i remove my renew

[01:18:39] my notion for the motion that we accept and concur the house substitute with considerable emotion the question is shall the senate concur with the house amendments for senate bill 189 all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the Senators voted. Do any Senators desire to change their vote? The Clerk will close the roll.

[01:19:09] Ayes 37, noes 3. Ayes 37, noes 3. The Senate concurs. Senate Bill 227 has passed the House with amendments. Senator from Eastern Fairfax. Thank you, Madam President. I would move that we concur with the House amendments and speak of the motion. Senator has the floor. Thank you, Madam President. Ladies and gentlemen, this is the bill that has to do with pre-dispute arbitration provisions in the house civil sub they identified some ambiguities in the bill

[01:19:46] that needed to be clarified about um individuals employed in the commonwealth so they um cleaned that up to make it clear that um that the pre-dispute arbitration provision only applied to virginians uh who are employed in virginia and and not out-of-state people who come to virginia for a Virginia-based job, I think is what the change was.

[01:20:11] And so the amendment was mainly, I think, clarifying and not particularly substantive. The bill, I think, came through. It might have gone out of here unanimous, I think. And the bill's really almost unanimous. The bill's not really much different than when it left.

[01:20:27] I'd hope we could adopt the amendment. The question is, shall the Senate concur with the House amendments to Senate Bill 227? All in favor of that motion will record their votes aye. Those opposed, no. are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll eyes 40 no zero eyes 40 no zero the senate concurs senate bill 230 has passed the house with the substitute senator from eastern fairfax uh thank you madam president i move that we concur with the house substitute and speak of that motion

[01:21:06] senator has the floor um thank you madam president this one's a little different this is a bill that went over to the house basically had a reenactment clause and a study on it it was basically totally neutered and while it was over there I was able to figure out a way to eliminate any kind of fiscal impact from the bill mainly by removing all provisions relating to automatic processing of expungements and also removing the ability of anybody to expunge a greater included charge when they're convicted of a lesser included charge that way it did not really expand

[01:21:41] the universe of things that were available for expungement, so the state police and OES both say now it has no fiscal impact. So the bill that stands before you, it has the rest of the sort of expungement cleanup stuff in it. To be very quick, it eliminates what we call is the otherwise dismissed standard for expungement. So in other words, if you're just found not guilty, you're eligible for expungement now as long as there's no finding of guilt. It says that you can file multiple charges in one petition. So you don't have to file 10 petitions if there's 10 charges. They'll save people a lot of money and a lot of hassle and attorney's fees. It also says

[01:22:21] that if the Commonwealth attorney chooses to file an answer, they have to state why they're objecting to an expungement. They just can't file an answer just saying we object without anything other information. The bill also makes clear, it clarifies a whole bunch of different ambiguities in the law. There's some conflicting circuit court opinions about whether or not you can expunge protective orders or emergency protective orders that are connected to criminal charges it makes it clear that you can as long as they're specifically identified it also makes it clear that if you expunge if you appeal an expungement denial to an appellate court or if the commonwealth appeals it the case in the court of appeals or the supreme court can be brought under a pseudonym

[01:23:00] kind of defeats the whole purpose of getting an expungement if your name is on the court of appeals opinion then it's all over google that's basically what the bill does it's mainly technical lawyer stuff but if you ask any criminal defense practitioners they'll tell you it'll clarify a lot of areas of law and improve the process um and i believe um um anyway i hope we get past the bill um i think it'll improve our expungement process in this final vote the question is shall the senate concur with the house substitute for senate bill 230. all in favor of that motion will record their

[01:23:34] votes i those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote. The clerk will close the roll. Ayes 26, noes 14. Ayes 26, noes 14. The Senate concurs. House Bill 330 has passed the House with a substitute. Senior Senator from Loudoun.

[01:24:03] Thank you, Madam President. Madam President, I move that we concur with the House substitute in speaking to that motion. Senator has the floor. This is a bill that I carried at the request of the Virginia Criminal Sentencing Commission. It just made it easier for them to get access to court records that are available to the public and for probation to get access to court records that are available to the public to make it where they can prepare sentencing guidelines and examine sentencing guidelines data and prepare reports which primarily the sentencing Commission does to benefit this body in the house they just clarified in the bill that the access to the records are non-confidential records and which was the intent of the bill anyway and to

[01:24:40] madam president with that I move that we concur with the house substitute the question is shall the Senate concur with the house substitute for Senate bill 330 all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll I was 40 no zero eyes 40 no zero the Senate concurs Senate bill 342 has passed the house with amendment senior senator from Loudon thank you madam president madam president I move that we concur with house amendments and speaking to that

[01:25:16] motion. Senator has the floor. This is the bill that seeks to protect our conservation easements here in the Commonwealth of Virginia by encouraging utilities to if they to place utilities not through conservation easements in in the house they just clarified that the proceeding to that there are separate should be separate proceedings and the the proceeding to determine what the value would be if they wanted to run utilities through the conservation easement should be separate from the just compensation determination it would tend to land under an easement holder so those should

[01:25:52] be separate separate proceedings madam president and so with that i move we concur the question is shall the senate concur with the house amendment for senate bill 342 all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted. Do any senators desire to change their vote? The clerk will close the

[01:26:21] roll. Ayes 37, noes 3. Ayes 37, noes 3. The Senate concurs. Senate Bill 351 is passed the House with a substitute. Senator from Central Fairfax. Thank you, Madam President. With the recommendation that the House substitute be rejected, I move that the substitute be agreed to and speaking to that motion. Senator has the floor. Thank you, Madam President. This bill really is to preserve the integrity of our courthouses by requiring a judicial warrant for any arrest inside the courthouse and protecting people

[01:26:58] on their way to and from the courthouse. The house cognate had significant differences and we are almost there in an agreement. We hope to do that in conference. So with that, I renew my motion that we reject their substitute. The question is, with the recommendation that it be rejected. The question is, shall the Senate concur with the House substitute for Senate Bill 351? All in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk

[01:27:35] will close the roll. I zero, no's 40. I zero, no's 40. The Senate does not concur. Senate Bill 352 has passed the house with the substitute senator from central Fairfax thank you madam president with the recommendation that the house substitute be rejected I move that the substitute be agreed to and speaking to that motion senator has the floor thank you madam president this is related to face covering in law for law enforcement and the restrictions as well the cognate bill there's still some significant difference given that the Senate has the better version I hope

[01:28:13] that we can take this to conference and reject the substitute. With the recommendation that it be rejected, the question is, shall the Senate concur with the House substitute for Senate Bill 352? All in favor of that motion will record their votes, aye. Those opposed, no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close

[01:28:44] the roll. I zero, no's 40. I zero, no's 40. The Senate does not concur. Senate Bill Bill 364 has passed the House with the substitute.

[01:29:00] Senator from Eastern Prince William. Thank you, Madam President. Madam President, with the recommendation that the House substitute be rejected, I move that the substitute be agreed to in speaking to that motion. Senator has the floor. Thank you. The House Public Safety substitute turns the bill into a work group.

[01:29:17] The majority of stakeholders and the administration will prefer the Senate version of the bill, will house the center within the department of criminal justice services with the recommendation that it be rejected the question is shall the senate concur with the house substitute for senate bill 364 all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change

[01:29:50] their vote. The clerk will close the roll. Ayes zero, noes 40. Ayes zero, noes 40. The Senate does not concur. Senate Bill 382 has passed the House with a substitute. Senator from Eastern Fairfax.

[01:30:12] Thank you, Madam President. With the recommendation we reject the House substitute, I would move we concur and speak to that motion. Senator has the floor. Ladies and gentlemen, this is the smart solar permitting bill which is the bill to create a sort of standard streamlined solar process or process for applying for permits and so permitting through solar permitting on your house there's a couple more small amendments that are needed to this to get it lined up with the with the house bill and so I would ask that we put it in conference so I can tweak that up before we take a

[01:30:47] final vote to ask the reject the house sub with the recommendation that it be rejected the question is shall the Senate concur with a house substitute for Senate bill 382 all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll I zero knows 40 I zero knows 40 the Senate does not concur Senate bill 438 it's passed the

[01:31:26] has with an amendment the senior senator from Henrico thank you madam president move that the Senate concur with the house amendment and speaking to that senator has the floor thank you madam president madam president is the bill that allows for Sunday voting to son two Sundays proceeding the second and third Sunday proceeding the election date and this gives a little bit of discretion and continues with the 11 to 5 time frame, but allows for it to be five hours within that time frame.

[01:32:02] And so I would ask that we concur. The question is, shall the Senate concur with the House Amendment to Senate Bill 438? All in favor of that motion will record their votes aye. Those opposed no.

[01:32:17] Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 21, noes 19.

[01:32:35] Ayes 21, noes 19. The Senate concurs. Senate Bill 496 is passed the House with a substitute. Senior Senator from Fairfax. Thank you, Madam President. With the recommendation that it be rejected, I move that the House substitute be agreed to in speaking to that motion.

[01:32:55] Senator has the floor. Thank you, Madam President. The underlying bill we sent over to the House dealt with handguns stored in unattended vehicles. Our bill required that they be locked with a Class 4 misdemeanor. The substitute asked for the guns merely to be out of sight and with a civil penalty.

[01:33:16] So I reiterate my motion that we reject the House substitute. With the recommendation that it be rejected, the question is, shall the Senate concur with the House substitute for Senate Bill 496?

[01:33:32] All in favor of that motion will record their votes aye. those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll i zero knows 40 i zero knows 40 the senate does not concur senate bill 528 has passed the house with the substitute senator from franklin county thank you madam president i move that we concur with the house substitute and speaking to that on senate bill 528. senator has the floor thank you madam president uh when i saw this in the calendar I'd forgotten what they did over there in the house.

[01:34:10] I was in a hurry to get out of there as a court sub. And so I had to go through it. And it looks like what they did was just kind of strike one section to make it consistent, where in this case, it is for restoration, giving the ability of the courts not to have to either keep a misdemeanor, someone who's charged with a misdemeanor in jail while waiting for a hospital bed, but to find alternative resolutions to competency that are outside the jail system or the hospital bed, thereby freeing up the hospital bed.

[01:34:37] one of the one of the sections didn't kind of strike and so was inconsistent on temporary detention orders when it came to misdemeanor so they just cleared that up and that's what I all I could tell is what they did to it and so I'd ask that we concur with the house substitute the question is shall the senate concur with the house substitute to senate bill 528 all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted, do any senators desire to change their vote? The clerk will

[01:35:13] close the roll. Ayes 40, nos 0. The Senate concurs. Senate Bill 540 is passed the House with the substitute. Senator from Rockingham. Madam President, I move that we concur with the House substitute. Speaking of that. Senator has the floor. Madam President, this bill applied a presumption of undue influence to trusts and other testimony documents that would be the same as the one that's applied in

[01:35:47] will contests. The House narrowed this a little bit, eliminated the reference to transfer on death accounts and deeds, and applies it just to trusts in the same manner that it has been applied to wills. So with that I would move that we concur with the House substitute. The question is, shall the The Senate concur with the House Substitute for Senate Bill 540.

[01:36:13] All in favor of that motion will record their votes aye. Those opposed no. Are the Senators ready to vote? Have all the Senators voted. Do any Senators desire to change their vote?

[01:36:33] The Clerk will close the roll. Ayes 40, noes 0. Ayes 40, noes 0. The Senate concurs. Senate Bill 559 has passed the House with the Substitute.

[01:36:48] Senator from Orange. Thank you, Madam President. I'd ask that we concur with the House Substitute. explaining that. Senator has the floor. Madam president, it was my first time over in the house sub criminal that was chaired by a non-attorney so it took me an hour to get out of there with two changes to the bill. The house decided they would change an A to any and a took out the word forgery and put in such so it's a technical fix they wanted to change and it took an hour so I'd ask that we just concur it didn't change the bill in any way the question is shall

[01:37:28] the Senate concur with the House substitute for Senate bill 559 all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll ayes 38 noes 2 ayes 38 noes 2 the Senate concurs. Senate Bill 582 has passed the House with the substitute. Senator from

[01:38:05] Central Fairfax. Thank you, Madam President. I move that the Senate concur with the House amendments and speaking to that motion. Senator has the floor. Thank you, Madam President. This bill extends the deadline to cure defective absentee and provisional ballot from Friday after the election to Monday. The two changes that the House made was when the Electoral Board determines a provisional ballot is invalid due to a material error or omission on the form instead of notifying the voter in writing or simply by email.

[01:38:36] They changed it so that the individuals would be notified by phone or email. The second changes they made was to ensure that the enactment clause was put in so that this would start after September 1st of 2026. With that, I renew my motion that we concur with the House amendments.

[01:38:55] The question is, shall the Senate concur with the House substitute for Senate Bill 582? All in favor of that motion will record their votes aye. Those opposed, no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote?

[01:39:14] The clerk will close the roll. Ayes 21, noes 19. Ayes 21, noes 19. The Senate concurs. Senate Bill 643 has passed the House with a substitute. Senator from Eastern Fairfax. Thank you, Madam President. With the recommendation that we reject the House substitute, I would move that we concur with the House substitute.

[01:39:38] Senator has the floor. Thank you, Madam President. Ladies and gentlemen, this is the bill that has to do with underage handgun purchases. There's some additional amendments that have been requested on this to make clear what we're doing about a certain case in Lynchburg. And so I need to put this in conference to be able to make those last couple changes.

[01:39:56] So I'd hope that we reject this substitute. With the recommendation that it be rejected, the question is, shall the Senate concur with the House substitute for Senate Bill 643? All in favor of that motion will record their votes aye. Those opposed, no. Are the senators ready to vote?

[01:40:13] Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Aye zero, no's 40.

[01:40:30] Aye zero, no's 40. The Senate does not concur. Senate Bill 647 has passed the House with an amendment. Senator from Washington. Thank you, Madam President. I move that the Senate concur with the House Amendment and speak to that motion.

[01:40:46] Senator has the floor. The amendment aligns my bill with the House Companion and increase a work group that establishes guidelines for drone usage by law enforcement agencies in very limited circumstances. I renew my motion that we concur.

[01:41:01] The question is, shall the Senate concur with the House Amendment to Senate Bill 647? All in favor of that motion will record their votes aye. Opposed? No. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll.

[01:41:19] Ayes 40, noes 0. Ayes 40, noes 0. The Senate concurs. Senate Bill 688 has passed the House with a substitute. Senator from Eastern Fairfax. Thank you, Madam President. I asked that bill to go by for the day so I can figure out what's going on before I take final action.

[01:41:39] Without objection, Senate Bill 688 goes by for the day. Senate Bill 727 has passed the House with a substitute. Senator from Richmond City. Thank you, Madam President. I move that the Senate concur with the House substitute in speaking to that motion.

[01:41:55] Senator has a floor. The House substitute, Madam President, simply clarifies the definition of semi-automatic rifles, pistols, and shotguns under current Virginia law for the purpose of existing restrictions on carrying certain loaded firearms in public spaces.

[01:42:11] This is in short, it clarifies technical definitions within existing law to make it easier to understand and enforce. And with that, Madam President, I renew my motion. The question is, shall the Senate concur with the House substitute for Senate Bill 727?

[01:42:29] All in favor of that motion will record their votes, aye. Those opposed, no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? motion was to concur senator the role the role is still open the role is still open senators may
