[00:36:05] privilege and a responsibility. And God, we ask that your wisdom would guide all who serve in these positions of public trust. God, we pray first for our society, that our communities would be marked with truth, with compassion, God, and with mutual respect in times when division can easily grow and grant us, God, the spirit of understanding and a commitment to common good.

[00:36:32] God, we pray for the citizens of this commonwealth, for the families working to provide for their loved ones. God, for children growing and learning for educators, for health care workers, for business owners, for those facing hardships and uncertainty. God, may they find opportunity and stability in our economy. God, we also lift up our soldiers and our service members who defend our nation and protect the freedoms we often take for granted. God, watch over them wherever they may serve. God, strengthen their families, heal the wounded, and grant them safety. God, grant them courage and peace. And today, God, not to be selfish in prayer, but to be real specific.

[00:37:10] We bless these senators gathered in this chamber. God, grant them the wisdom in their deliberation, integrity in their decisions, humility in their leadership. God, help them to listen carefully, to seek understanding, and to pursue what is just and beneficial, God, for all people. God, may they work today, be guided by wisdom, shaped by fairness, and carried out in the spirit of service. God, I pray that you grant them wireless wisdom, Infuse them with integrity, cover them with courage.

[00:37:36] Hide them in humility and compound them in collaboration. And God, let there be civility in the chamber. Bless this session, God. Bless these leaders and bless the people of Virginia. May the wisdom guide the decisions, justice, shape their policy and service define their leadership. Grant these leaders clarity and complexity, courage and conviction, and compassion for the people they serve.

[00:37:57] In the only name that matters, all that are in agreement, ought to say amen. I pledge allegiance to the flag of the United States of America and to the republic for which it stands, one nation, under God, indivisible, with liberty and justice for all.

[00:44:29] Madam President, ladies and gentlemen of the Senate, we had a few words yesterday about Congressman Jerry Connolly and I'm here to present you with his wife Smitty and Mark Natividad who's here today to receive the memorial resolution we passed yesterday.

[00:44:50] As you all heard yesterday from many of us, we probably had six, seven different senators who had words to say about Jerry and what he meant to all of us. He was really a giant of Northern Virginia politics. Some of the things that weren't talked about yesterday I want to just mention.

[00:45:06] A lot of people don't realize it, but Congressman Connolly actually studied to become a priest. And he spent his early education in Jesuit study in Catholic school. When it came time to go to college, he decided that he didn't want to be a priest.

[00:45:22] Instead he wanted to serve our community in other ways and he sure did serve. After graduating college he ended up becoming a staffer on the Foreign Relations Committee which was mentioned.

[00:45:40] What was not mentioned though was that he had to work for this chairman named Joe Biden which inspired him, he built a friendship over his entire life with. Jerry went back, as the senior senator from Fairfax County said yesterday, back to Northern Virginia, got very active in the community, joined the Board of Supervisors, Providence District Supervisor before he was elected chairman of the board.

[00:46:05] I first came into contact with him when I was the chairman of the Mount Vernon Democratic Committee in 2004, and I'll never forget, Fairfax County was a very different place back then, and Jerry called me into his kitchen, literally, and we had a meeting in the kitchen to talk about what we're going to do for the Democratic Party.

[00:46:26] One of the things I'll tell you about Jerry is he was a team player. He was a consummate team player when it came to Democratic politics. And we talked about a plan for the county and what we were

going to do to change it. And, you know, boy, did we ever change it. And the Board of Supervisors back then was not what it is today.

[00:46:44] The House of Delegates, I think we had five, six, seven Republican delegates. We had Republican senators. And Ken Cuccinelli was in this chamber at the time, along with Jean-Marie Develites and others. But Jerry really cared about, he had a passion for politics.

[00:47:01] Passion for politics and a passion for policy. He then went on to become a member of Congress in 2008. When that wave election happened, I remember working for him that year. I remember his close election the year after that.

[00:47:17] And after that, he never looked back. he was a devoted servant for our federal federal workers advocate for our federal workers federal workforce eventually became the ranking member of the government oversight committee chairman of it i believe for a little while no he never became chairman of it but he was ranking member um but he was tireless in fighting for our federal workforce um the i also when i elected the state senate i ended up representing a lot of common area with him in prince william county um and did a lot of work with jerry on coal ash on keeping the marinas open down there when they

[00:47:55] they had dredging problems I had worked with he had this he had this staffer I worked with a lot down there her name was Brianna Sewell you all might remember her but she was Jerry's district director it just gives goes to show all the different people that Congressman Connelly's affected you know you you run into his staffers his former staffers all over the place both down here and in Northern Virginia politics but I'll tell you the thing that really struck me about Jerry is when I first ran for office one of my constituents told me that if you're going to be elected official it's really important that you have a vision and Jerry Connolly was a guy not

[00:48:31] only did he have not only was he like had that super Irish loyalty not only did he have a passion for everything that he did but he was a guy that had a vision he had a vision for what he wanted Fairfax County to be he had a vision for what he wanted Northern Virginia to be he had a vision actually had a vision for Virginia they didn't talk about that a lot but he also had a vision for what he wanted our country to be which you really heard him articulate a lot in like the last 10 or 15 years. And he never stopped seeing that vision through. And, you know, we all miss him in Northern Virginia every single day. I think of the things that I used to work with him on,

[00:49:08] the things we work on this year, this whole Metro funding thing we're dealing with right now. I'd probably be on the phone calling him to talk to him about it, try to figure out what to do about it. The silver line was his vision. We wouldn't have a silver line without Jerry Connolly. And as I said yesterday, if Jerry was here today, what he would remind all of you all is that it's five days, the most holy day of the year.

[00:49:34] And as I said, I hope if anybody's out on St. Patrick's Day, you raise a pint to Jerry Connolly because we miss him every day. And Madam President, I would ask if you could read the resolution. Madam Clerk, I'm sorry.

[00:49:50] Senate. Senate resolution number 117, celebrating the life of the Honorable Gerald Edward Connolly. Whereas the Honorable Gerald Edward Connolly, a dedicated public servant and visionary leader, died on May 21st, 2025, and whereas Gerald Connolly was born in Boston, attended Mary Knoll College Seminary in Illinois, and received his Master's of Public Administration degree from Harvard

[00:50:26] University's John F. Kennedy School of Government, and whereas Gerald S. Connolly, Gerald Connolly moved to Washington, D.C. in 1972 with the American Freedom from Hunger Foundation, where he rose from education director to executive director while also serving as executive director of the U.S. Committee for Refugees and Immigrants, and whereas Gerald Connolly served the residents of Fairfax County with extraordinary vision and compassion on the Fairfax County Board of

[00:51:03] Supervisors, including 13 years as a Providence District Supervisor and five years as Chair. Whereas during his tenure on the Fairfax County Board of Supervisors, Gerald Conley fiercely advocated for those he represented from the most vulnerable to the federal workers and contractors, as well as for national and international business interests as vice chair of the Economic Advisory Committee. And whereas the naming of a

[00:51:39] cross-country trail in Fairfax County in Gerald Connelly's honor was a gesture of appreciation for both his advocacy for parks and recreation and the countless improvements across Fairfax County that bear his imprint. And whereas Gerald Conley's legacy encompasses long sought expansion of Metro Rail to Richmond to Washington Dulles International Airport the transformation of Tyson's into an urban center and an innovative commitment to affordable housing as well

[00:52:17] as to other essential services that will benefit future generations of Fairfax County residents and whereas Gerald Conley worked tirelessly on behalf of those he represented making a positive impact not just on Fairfax County but also on the region by serving as the chair of the Northern Virginia Transportation Commission the Northern Virginia Regional Commission and the Board of Metropolitan Washington Council of Governments and whereas Gerald Conley knew the power of county governments working together to improve

[00:52:52] the lives of Virginians and recognize the common challenges facing localities large and small and the power of speaking in one voice and whereas Gerald Conley invested many hours in nurturing relationships with elected officials from the counties across the Commonwealth through his service on the board of the Virginia Association of Counties including as president and by serving as the chair of the Fairfax County Board of Supervisors Legislative committee and whereas after his election to represent the Commonwealth's 11th

[00:53:31] Congressional District in the United States House of Representatives in 2008 Gerald Connelly worked diligently on behalf of his constituents for more than 15 years in the United States Congress and whereas Gerald Connelly never forgot his roots as a county supervisor remaining a staunch advocate for local governments, both as a founding member and co-chair of the Bipartisan Congressional Caucus of Former Local Elected Officials, and as a sponsor of the Restore the Partnership Act, which seeks to strengthen intergovernmental

[00:54:08] collaboration at all levels, and whereas Gerald Conley was a skilled statesman on the international stage and an accomplished legislator, he was ranked by the Center for Effective Lawmaking, is the single most effective member of the 117th United States Congress.

[00:54:30] He sought to make pragmatic changes to affect his constituents' everyday lives, including through his focus on cybersecurity, technology, and government oversight. And whereas to know Gerald Conley was to be invigorated by his sharp intellect, vast erudition of fierce advocacy, charmed by his trademark Irish humor and conviviality, awed by

[00:55:04] his courage and grace in the face of illness and adversity, and enriched by his ethos to live life, to give back to others, and to bloom where you are planted. And whereas Gerald Conley will be fondly remembered and dearly missed by his beloved wife, Catherine, his daughter, Caitlin, and Newman's other family members, friends, colleagues on both sides of the aisle, and residents whose lives he touched. Now, therefore, be it resolved that the Senate of Virginia hereby note with great sadness the loss of the

[00:55:42] Honorable Gerald Edward Conley, whose dedication and legacy of service inspired all who knew him and be it resolved further that the clerk of the Senate prepare a copy of this resolution for presentation to the family of the Honorable Gerald Edward Conley as an expression of the Senate of Virginia's respect for his memory and gratitude for his preeminent legacy of public service.

[00:56:12] I invite the family of our beloved congressman to join me on our dais

[00:56:21] along with our two sponsoring senators. Please come to the dais. It is our honor

[00:57:03] to present this memorial resolution in honor and memory of our beloved congressman. As you heard, there is so much love for the congressman in this room. We all deeply treasure the memories that we have with our time with him, his commitment and service to his constituents and in fact to all Virginians and it is in memory of a truly outstanding Virginian that we are

[00:57:35] honored to recognize and present this resolution to you family members and I

[00:58:03] think let me turn this off the Senate will be at ease the Senate will return

[01:18:22] to the morning hour for the introduction of our distinguished guests in the gallery the chair recognizes the senator from alexandria thank you madam president i rise for two introductions the senator has the floor thank you madam president it's my honor today to recognize members of the national women's political caucus of virginia if they could please stand the national women's political caucus of virginia works to increase women's participation in the political process and to support women seeking elected and appointed office throughout the the Commonwealth. [01:19:42] And senators, I ask that we give the very warm welcome of the Senate to the representatives of the National Women's Political Caucus. chair recognizes the senator from Alexandria. Thank you madam president it's also my honor today to recognize representatives of the Center for Common Ground if they could please stand. Center for Common Ground is a nonpartisan organization dedicated to strengthening democracy by increasing civic participation and ensuring that all voters have access to accurate information and the tools they need to make their voices heard. Through volunteer engagement

[01:20:20] voter education and community outreach the organization works across Virginia and beyond to help citizens participate fully in our democratic process. Last year alone, Center for Common Ground volunteers mailed more than one million handwritten postcards and made over 220,000 calls to voters of color, helping ensure that historically underrepresented communities have the information they need to participate fully in our democracy.

[01:20:41] Madam President, I asked the members of the Senate to join me in welcoming the Center for Common Ground and thanking them for their work. - Thank you, Senator, for that introduction. And thank you again to the representatives now for the Center for Common Ground and the outreach that you are making through the organization to so many voters to educate, to inform, to make sure that we have critical participation in all of our civic processes is so vitally important.

[01:21:07] We're deeply indebted to the work that you do. Senators, I ask that we give the warm welcome of the Senate to the representatives of the Center for Common Ground. The chair recognizes the senator from Arlington.

[01:21:27] Thank you, Madam President. Madam President, I rise for purposes of an introduction. - The Senator has the floor. - Thank you, Madam President. Joining us today in the gallery is my session aide, Amna Luwate, and also Azaria Taylor, who was an intern in my office.

[01:21:45] So Azaria actually is still a junior at VCU. She's majoring in criminal justice, and she has a minor in social work. She's been enormously helpful with our constituent issues. And Ms. Amna Luwade actually was a session aide for the Senator from Charlottesville, Senator Deeds, last session.

[01:22:06] And she came over to my office this session. She's been incredibly helpful. She's recently graduated from VCU. And some of those wonderful bill summaries that I read on the floor were researched and in some cases written by Ms. Amna Luwade.

[01:22:25] So I hope it is the will of the Senate to welcome both those young women. Thank you. - Thank you, Senator, for the introduction. If Amna Lovate and Nazaria Taylor will please stand so that we can recognize you. Well, thank you so much for the work that you have done in the office of the Senator.

[01:22:43] And as she shared, the critical research and background information is always so necessary so that our senators are able to do their work effectively and also efficiently. So thank you for all that you have done. I'm sure that not only did you learn a lot this session, but you contributed as much as possible to the office of the senator.

[01:23:04] Senators, I ask that we give the warm welcome of the Senate to the individuals who are part of the senator's office this session, Amna Levate and Azaria Taylor.

[01:23:22] The chair recognizes the junior senator from Virginia Beach. Thank you, Madam President, I rise for introduction. Senator has the floor. Thank you, Madam President. Today in the gallery, we have the coalition for the 10-1 and Virginia Beach Charter Change.

[01:23:38] Can I please stand? Madam President and members of the Senate, I am incredibly honored today to welcome members from and residents from the city of Virginia Beach, as well as the president from the NAA State Party, CP.

[01:23:59] Here today, what you are seeing in the gallery is the power of community. Among them, there are clergy, there are grassroots leaders, there are Democrats, there are Republicans, there are children,

there are business leaders.

[01:24:15] It's just a strong coalition. And with their help and support, they chose collaboration over division and progress over stagnation. It's been a long, long time coming, a long time coming to the city of Virginia Beach where direct and true representation is all each of us ever asked for.

[01:24:39] And to have them come here today on this rainy day in Richmond shows their dedication, shows their persistence, shows how they persevered, and many a times through the tough obstacles of getting this charter change. Rather, President, there's something to be said when we talk about money in politics.

[01:25:00] This group was outspent, outraised by nearly over $700,000, but yet still managed to go out and receive over 10,000 more votes and to win the referendum for the 10-1 charter change.

[01:25:17] More importantly, they didn't do it for themselves. They did it for each other and our neighbors in the city of Virginia Beach and for our future. We have two young folks who are here with us today in the gallery. And so, Madam President, as someone who served and grew up and is a native of Virginia Beach and served on Virginia Beach City Council, this to me is a glorious day, a glorious day for our city, a beautiful city with a diverse and full history.

[01:25:46] And that coalition standing in the gallery today represents that. And so, Madam President, would you please, and members of the Senate, please offer them a warm, warm welcome of the Senate. Thank you, Senator, for the introduction, and welcome indeed to the representatives from the Coalition for 10-1 and Virginia Beach Charter Change.

[01:26:07] As the Senator pointed out, we know that this was a long and challenging effort, but the success that the group has found, along with the leadership of so many here in the chamber, is indicative of the work that happens when coalitions are built and people work together to bring meaningful change to their communities.

[01:26:31] We also recognize the leadership of the NAACP in this process. Thank you all for joining us. And Senators, I ask that we give the very warm welcome of the Senate to the Coalition for the 10-1 and Virginia Beach Charter Change, as well as leadership from NAACP.

[01:26:52] The chair recognizes the Senator from Eastern Fairfax. Thank you, Madam President, I rise for an announcement. Senator has the floor.

[01:27:09] Thank you, Madam President. Ladies and gentlemen, I just want to give you a little preview of the schedule for today. Today is the day we have to get all the bills into conference. If you note, we have, I forget, it's either 30 or 40 pages of insists and accepting conference committees and receding to conference committees and insisting on conference committees.

[01:27:34] But we also have quite a few bills that are still on third read, which means we need to do probably about four or five rounds of exchanges with the House in order to get all those things in conference. So I think you can expect at least four recesses today.

[01:27:52] I want to make sure everybody understood that. Secondly, we're not going to take up any conference reports today. Clerk staff needs to be focused on getting the communications done in order to get us out of here as early as possible today. So, while there are conference reports that are coming in and being filed, we're not going to take up any of them for floor debate until tomorrow.

[01:28:14] I want to make sure everybody understands that. And then the last thing I just want to say that during one of the recesses, there will be a meeting of the Courts of Justice Committee. Now that there's been a breakthrough in Chesterfield, we have five additional judges that need to be certified.

[01:28:30] We did interview them Friday, so we don't have to do those interviews, but we do need to certify them before they can be eligible to be considered on the floor. that's also going to happen at some point today. So I just want to make sure everybody was aware of the plan for today before we get started here.

[01:28:47] Is there any other business for the morning hour? The clerk will call the calendar. Senate calendar, Thursday, March the 12th, 2026, turning to page 27.

[01:30:52] The chair recognizes the senator from Eastern Fairfax. I move that all the House bills on the unfinished business on pages 29 through 38, House Bill 67 through 1492, be placed in the block to insist and request committees of conference.

[01:31:11] Any senators that are in a move bill from the block, please do so after the clerk has read the number of the bill. The question is, shall the House bills on the unfinished business on pages 29 through 38, House Bill 67 through House Bill 1492 be placed in the block to insist and request committees of conference with the understanding that any senator desiring a bill to be removed from the block will do so after the clerk has read the number of the bill.

[01:31:38] All in favor of that motion, we'll say aye. Aye. Those opposed, no. The ayes have it. The motion is agreed to. The bills are now before us in the block. The clerk will read the number of the bills. Has bill 67 has bill 140 has bill 196 has bill 231 has bill

[01:40:21] The Senator from Northern Fairfax. Thank you, Madam President. While I wish that we could concur, after speaking with Senate Finance staff, I make the recommendation that we reject the House substitute.

[01:40:37] And speaking to the motion? Speaking to that motion. Senator has the floor. We still need to work out a few technical details about the paid family medical leave bill and this gives us a little bit more time to have conversations. The house version will go into conference today as well and so with the recommendation that we reject the house substitute I move the house substitute. With the recommendation that it be rejected the question is shall the senate concur with the house substitute for Senate Bill 2. All in favor of that motion will record their votes aye. Those

That's the only changes I ask that we accept this amendment. Yes, substitute, excuse me. The question is, shall the Senate concur with the House substitute?

[01:42:25] the House substitute for Senate Bill 47. All in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 40, no 0. Ayes 40, no 0. The Senate concurs. Senate Bill 81 has passed the House with a substitute. If you could reject the House substitute. With the recommendation that it be rejected, the question is, shall the Senate concur with the House

[01:43:43] substitute for Senate Bill 81? All in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Aye zero, no's 40. Aye zero, no's 40. The Senate does not concur. Senate Bill 219 has passed the House with the substitute.

[01:44:17] The Senator from the City of Richmond. Thank you, Madam President. Madam President, I move that the Senate concur with the House substitute in speaking to that motion. The Senator has the floor. Yes, thank you, Madam President. The substitute just takes on the guardrails of House Bill 1220 sponsored by a delegate, Delaney.

[01:44:41] I believe we did not have an issue with those guardrails. And so with that, I renew my motion. The question is, shall the Senate concur with the House substitute for Senate Bill 219? All in favor of that motion will record their votes aye.

[01:44:57] Those opposed, no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 24, noes 16.

[01:45:33] - Senator has the floor. - Thank you, Madam President. Madam President, members of the body, this is a task force that's created to try to figure out how we can maximize distributed solar in the Commonwealth. We just have some differences over the work group that will be solved, are already solved, and will be coming before us in a day.

[01:45:53] And so we just need to reject this substitute. And so with the recommendation that we reject, I move we concur. [01:46:49] Madam President, I move that we concur with the House amendments and speak to the motion. Senator has the floor. Thank you, Madam President. The amendments that were made in the House were some things that were requested by the Homeowners Association industry. Non-stock corporations are basically only used mainly by HOAs and to a lesser extent by charities.

[01:47:13] Anyways, there were some peculiarities about how the amendments applied to the HOAs that they wanted to clean up, which this did. There was a couple of technical amendments, I think, that got made in House of Propes. But otherwise, this bill is just an overall rewrite of the entire non-stock act.

[01:47:30] It was recommended by the Virginia Bar Association's corporation section. I think it's pretty uncontroversial. hope we can adopt the house amendments the question is shall the Senate concur with the House amendments for Senate bill 246 all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll it's 40 no zero ice 40 no zero the Senate concurs

Ladies and gentlemen, this is the integrated resource plan bill the Governor vetoed last year with some tweaks that came back out of the Commission on Electrical Utility Regulation.

[01:48:37] There's another bill the Governor had put in which conflicts with this bill relating to co-ops. And so we still need to reconcile the two bills, which we're very close to doing. So we need to put this in conference so we can straighten the two out before we pass both.

[01:48:53] So I just ask that we all vote no on this to get it into conference so they can be cleaned up and reconciled. With the recommendation that it be rejected, the question is, shall the Senate concur with the House substitute for Senate Bill 249? All in favor of that motion will record their votes aye.

[02:15:15] The chair recognizes the senator from Norfolk. Thank you, Madam President. Madam President, I move that the Senate concur with the House Substitute and speaking to that motion. Senator has the floor. Thank you, Madam President. The House Substitute builds upon the framework by moving beyond a study and establishing clear statutory standards for visitation policies within state correctional facilities. First, the substitute creates a new section of the code

[02:15:50] governing visitation, requiring the department to make reasonable efforts to provide meaningful opportunities for in-person visits while maintaining safety and security. Second, it establishes baseline visitation protections, including a minimum visit duration of two hours, additional accommodations for long-distance visitors, and limits on when visitation privileges may be suspended. Suspensions must be documented, time limited, and subject to appeal. Third, the substitute adds transparency and accountability measures requiring the department to collect and publish

[02:16:26] annual data on visitation availability denials duration and capacity utilization finally the house language retains the stakeholder work group expanding its role to develop further recommendations on strengthening family visitation and restoring visitation levels comparable to those before the pandemic in short the house substitute advances the senate's goal supporting rehabilitation through family connection while adding clear policy standards and transparency and i would like to add that we work directly with the department of corrections on this language

[02:21:15] The commission needs to prioritize approving corridors or routes for construction in which the center of the line is located further than 150 feet from any dwelling house, public or private school building, daycare or place of worship unless no other practicable alternative is reached.

[02:21:36] This bill essentially tells the state corporation commission to look for ways to get these lines away from homes if at all possible. And I hope you'll pass the bill. The question is, shall House Bill 1491 pass?

I would love to share the story of this beautiful silver water service as it's called that's been on display on the dais throughout this session. Some of our

[04:35:24] members have asked about the history of this water service. It has been restored to its position on the dais because there is now more room on the dais for us to do so but it has a considerable history

and it's just a beautiful handcrafted piece which I would encourage all of our members to take the time to appreciate and to take a look at closely if you would like to but this is actually a silver piece that was donated by the family of the late lieutenant governor Edward Eccles whose portrait hangs immediately behind our senior

[04:36:03] senator from Virginia Beach and it was presented to the Senate chamber on behalf of his memory and his legacy by his widow and I'd like to just read the resolution that was presented in behalf of the former lieutenant governor who was also a state senator also president pro tem also a member of the House of delegates and his widow presented this in honor of his memory that the Senate chamber may always keep this in reflection of his service and the

[04:36:41] resolution reads whereas the state of Virginia has never had in its membership a member more honored and appreciated than the late Edward Eccles and we have therefore heard with much gratification of the wish of his widow Mrs. Margaret Young Eccles to present some memorial of her husband which would be in some measure expressive of her appreciation of the esteem in which he was held by the members of this body therefore be it resolved that the Senate desires to

[04:37:17] express to Mrs. Eccles their high appreciation of the beautiful silver water service this day presented by her as a memorial to her late husband at Edward Eccles and that this preamble and resolution be spread on our minutes and the clerk of the Senate be and his and he is hereby directed to send a copy to Mrs. Eccles which was agreed to on this day at 12 o'clock and this would have

[04:37:49] been 1914, 1916, when this was delivered to the Senate. Now, Madam Clerk has shared some more interesting stories with me about this beautiful water service. At one point, it was actually not a decorative piece. It was actually in use. Our Senate pages would actually take the picture, scoop up ice and put water in it, and then would provide water to the members of the Senate as they grew thirsty after their long debates about turtles and crabs.

[04:38:28] And so it is a piece that was in service, and now we honor it as a decorative piece, and it remains in the Senate chamber on the dais to be remembered and hold the legacy and the memory of a former lieutenant governor.

[04:38:45] Now the Senate will be at ease.

[05:41:32] The Senate will return to order. The Clerk will report any communications from the House of Delegates. The Chair recognizes the Senator from Eastern Fairfax. Senate Bill 84 returns to us pretty much the way that it was introduced. It is just a little tighter. First, it contains the most current version of the speed camera guardrails, consistent with the work that Delegate Delaney and others have been doing to reform the speed camera system.

[05:56:57] those guardrails include a uniform summons ensuring that funds collected are used to increase pedestrian and motorist safety as well as requirements for clearer signage and public awareness public awareness campaigns. Second it includes authorization for stop sign and pedestrian enforcement in those locations currently authorized for speed cameras and in its technology will be school zones during school hours it does not expand speed camera enforcement this is a proven technology that changes driver behavior and helps to protect some of our most vulnerable citizens

[05:57:34] children and students walking to school we know that we know with absolute certainty that the roads are dangerous for pedestrians and that speed is not the only cause in richmond alone eight pedestrians have been killed since mid-december in pedestrian accidents we also know that while some schools can't afford crosswalk cross crossing guards others do not have the benefit of that nor do they have the benefit of law enforcement this legislation represents a modest step towards keeping our kids safe the bill will improve safety in areas where we need

[05:58:09] it the most and i ask my colleagues to accept the house substitute and remind my colleagues that this bill in a broader form, passed with bipartisan support last year. Thank you. The question is, shall the Senate concur with the House substitute for Senate Bill 84?
