

PARENTAL NOTIFICATION FOR SCREENING AND ASSESSMENTS

A. Definition. For the purposes of this regulation, the term “notification” means written information provided to parents or legal guardians that includes the ability to track both the recipients and the date on which the notification was delivered.

B. Notification of Screening.

1. The division shall notify the parents or legal guardians of all students participating in a screening. Notification shall be provided prior to the opening of the screening window and shall include a written message delivered to each parent or legal guardian. A corresponding notification shall be posted within the student information system.

The notification shall identify:

- a. The specific screening that will be administered;
- b. The beginning and end dates of the screening window; and
- c. The purpose of the screening.

2. All screening scores and sub-scores shall be made accessible to parents or legal guardians through the student information system as soon as practicable following the close of the screening window.

C. Additional Assessments. Should additional assessments be administered to determine a student’s need for intervention, each school shall provide the resulting scores and sub-scores to the parents or legal guardians of the assessed students.

D. Intervention Plan Notification. Parents or legal guardians shall be notified of any intervention plan developed for the student as a result of assessment data.

An intervention plan shall include, at a minimum:

- 1. The skill or skills being addressed;
- 2. The intervention provided;
