

ENVIRONMENTAL, HEALTH, AND SAFETY

The purpose of this policy is to provide guidance to Loudoun County Public Schools (LCPS) regarding regulations and procedures within LCPS. LCPS is obligated to maintain compliance with the requirements of all relevant Federal and State agencies including, but not limited to, the Occupational Safety and Health Administration, Virginia Department of Labor and Industry/Virginia Occupational Safety and Health, Centers for Disease Control and Prevention, Virginia Department of Health, the Environmental Protection Agency and the Virginia Department of Environmental Quality.

The LCPS Environmental, Health, and Safety Team, within Support Services, shall have the authority to develop, implement, and revise internal regulations, guidance, procedures, and programs in order to ensure compliance with all Federal and Virginia laws.

The School Board shall be informed of changes to any internal regulations, guidance, procedures and programs along with all supporting Federal and Virginia laws.
