

ACCESS CONTROL ON LOUDOUN COUNTY PUBLIC SCHOOLS (LCPS) PROPERTY

Loudoun County Public Schools (LCPS) encourages the participation of parents and the community in public schools. LCPS recognizes its primary responsibility to provide a safe and supportive learning and work environment, its authority to vet visitors and to act when anyone disturbs the tranquility of or prevents the orderly conduct of LCPS operations, instruction or activities.

Loudoun County Public Schools' properties are intended for use by students, staff and the public. In accordance with Policy 6310 Facility Use, individual community members may access outdoor areas for their intended purposes when not being used for any official school or LCPS business or by an organization which has been previously approved for use. Any person who, without the consent of a school official authorized to give such consent, goes into or enters upon, the premises of any LCPS property for any purpose other than a planned and scheduled activity may be barred from further access to the LCPS property either on a temporary or permanent basis in addition to any consequences related to violations of the law.

The Superintendent is directed to develop regulations that identify conditions that govern acceptable access of LCPS facilities as well as establish the practices and procedures through which staff and administration will manage disturbances that arise on any or all LCPS property and that provides for an appeal process after a no trespassing letter is issued. The procedures will also address the use of LCPS property during a no-trespass period.
