

## PERSONNEL TRAINING – VIRAL INFECTIONS

Loudoun County Public Schools recognizes the importance of protecting students and staff from viral infections, in accordance with VA code [§ 22.1-271.3](#)

All school personnel having direct contact with students, will receive training in the causes, prevention, transmission modes, and effects of blood-borne pathogens, specifically, hepatitis B and human immunodeficiency viruses or any other infections that are the subject of regulations promulgated by the Safety and Health Codes Board of the Virginia Occupational Safety and Health Program within the Department of Labor and Industry.

Adopted: 4/23/24
