

STUDENT SCHOOL CALENDAR AND STAFF CALENDARS

The School Board has established the following guidelines for LCPS's annual development of a student school calendar and staff calendars.

A. Student School Calendar.

1. The Superintendent or designee will develop a student school calendar, which the Superintendent or designee will submit and recommend to the School Board. The School Board will consider the submitted student school calendar and will ultimately adopt a student school calendar in accordance with state law and applicable Virginia Board of Education regulations.

2. The student school calendar will be established for a minimum of either 180 teaching days or 990 instructional hours, as required by law.

3. The first day for students will be established pursuant to the Code of Virginia.

4. At the discretion of the Superintendent, schools may be closed because of severe weather conditions or other emergencies. When severe weather conditions or other emergencies result in the student school calendar falling short of 180 teaching days or 990 instructional hours, it may require that such loss of time be made up by either extending the calendar or adding instructional hours to meet state requirements. Charter Schools will follow the terms of their charter agreements.

5. The student school calendar will be used to develop all other calendars, including staff calendars.

B. Staff Calendars.

1. The School Board authorizes the Division Superintendent to establish and implement annual staff calendars.

2. Such staff calendars will be established in accordance with state law and applicable Virginia Board of Education regulations.

3. The contract for teachers shall include up to 200 days, including up to 20 days for activities, such as teaching, participating in professional development, planning, evaluating, completing records and reports, participating on committees or in conferences, or such other activities as may be assigned or approved by the School Board, pursuant to Code of Virginia.

STUDENT SCHOOL CALENDAR AND STAFF CALENDARS

4. Teachers new to the school system may report for orientation prior to the scheduled professional development days for all teachers as scheduled by the Superintendent.

5. All other staff calendars will be developed based on the student school calendar and Division needs.
