

STAFF LACTATION SUPPORT

Loudoun County Public Schools site administrators, (such as a principal, director or building administrator), shall designate a non-restroom space in each LCPS work location as an area in which any mother who is employed by the Loudoun County School Board may take breaks of reasonable length during the work day to express milk to feed her child. The area must be shielded from public view, be safe, clean, and free of toxic and hazardous materials; and have access to electricity.

[Former Policy 3-5]

Adopted: 6/24/14

Revised: 8/20/15, 10/18/17
