

SUPPORTING PREGNANT STUDENTS

Loudoun County Public Schools is committed to providing comprehensive support and a nurturing environment for students who are suspected to be pregnant or are pregnant, to ensure their continued educational success and overall well-being. Pregnancy should not interrupt a student's right to access their free public education.

A. GUIDELINES.

School counselors, school social workers, school psychologists, school nurses, and other school-based staff members shall be aware and adhere to the following guidelines:

1. Confidentiality. All information regarding a student's pregnancy or self-reported suspected pregnancy shall be treated as a medical condition. Per LCPS Regulation 8610-REG, Student Records, pregnancy-related information shall be handled with the utmost confidentiality, shared only with necessary school staff to provide appropriate support and accommodations. School staff are not permitted to promise confidentiality regarding a student's pregnancy from parents/guardians, or appropriate school authorities.
2. Parents and Guardians. School staff shall make every effort to support and encourage students to discuss their pregnancy concerns with their parents or guardians within a reasonable amount of time, including offering a meeting with the student and their parents/guardians. If no such meeting is agreed to, school staff will notify parents/guardians when a student who is under eighteen years of age, reports suspected pregnancy. If the student is 18 or an emancipated youth, school staff will not notify the parents/guardians without permission from the student.
3. Counseling Services. If a student requests counseling services regarding their pregnancy or needs a referral for such services, school staff members will refer the student to the public health department. School-based mental health staff are also available to discuss academic planning, emotional well-being, and future goals.
4. Distribution of Literature. School staff will direct students to the public health department for available literature.
5. Information on Rights. School staff shall ensure students are aware of their rights under Title IX and Loudoun County School Board policies, including the right to participate in all school academics, activities, and programs. Students are protected from harassment and discrimination based on pregnancy or related conditions.
6. Academic Accommodations and Transition Planning. The school staff will work with students and parents/guardians, as appropriate, to create individualized learning plans which may include homebound instruction, reduced course load, or alternative scheduling and/or programs. The school staff will have a Return-to-Learn

SUPPORTING PREGNANT STUDENTS

meeting to plan the transition to the regular classroom or alternative placement options after the pregnancy-related absence as per School Board Policies [5360](#), Medical Homebound Instruction, and [5365](#), Home-Based Instruction.
