[00:00:35] - The Senate will come to order. The senators will please take their seats. Those persons not entitled to the privileges of the floor will retire to the gallery. The senators and all who are in attendance will please stand if you are able. We will be led in prayer this morning by the Reverend Heather Ray of Leesburg United Methodist Church in Leesburg.

[00:00:59] And following the prayer, everyone will please remain standing and be led in the Pledge of Allegiance to the flag of the United States of America by Gillian Conway, Assistant Coordinator of Committee Operations from the Senate Clerk's Office.

[00:01:16] - I invite you to bow your heads in prayer with me. Let us pray. Gracious and loving God, we give you thanks for the beauty that graces this Commonwealth of Virginia, for rolling hills and winding rivers, for towns and neighborhoods, and for the people entrusted to the care of those gathered in this chamber.

[00:01:35] In all of it, awaken us again to the truth that every person bears your image and that your presence meets us even here in the work before us. Be with these senators and all who serve alongside them. Grant them wisdom and clarity as they deliberate.

[00:01:50] Help them to see one another with compassion. Give them patience in moments of disagreement. Grant them courage that seeks the common good. And send them a spirit of humility and cooperation. Shape their work so that it reflects justice, mercy, and a shared hope for the flourishing of all.

[00:02:08] May what is done here ripple outward beyond these walls, bringing care to the vulnerable, dignity to every neighbor, and a deeper unity within this commonwealth we share. And today, O God, we lift before you the Fairfax family, and all who carry grief too heavy for words.

[00:02:25] We entrust to your tender care their children, whose world has been shaken. Surround them with compassion, shelter them in your peace, and gather around them a community that will walk beside them now and in the days to come. us all in the way of love that bears, believes, hopes, and endures. Amen. I pledge allegiance to the flag of the United States of America and to the republic that stands, one nation,

[00:02:57] under God, indivisible, with liberty and justice for all. The clerk will call the roll. All those

[00:03:26] present, please vote aye. The clerk will close the roll. You have a quorum, Madam President. - Senate Journal for Saturday, March the 14th, 2026.

[00:03:45] - The Senator from Portsmouth moves that the reading of the journal be waived. All in favor of waiving the reading of the journal will record their votes aye, those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote?

[00:04:04] The clerk will close the roll. - Ayes 33, noes six. - Ayes 33, noes six. The reading of the journal is waived. The Clerk will report any communications from the House of Delegates. We do not have any, Madam President.

[00:04:21] The Clerk will report any communications from the Governor. We do not have any, Madam President.

[00:04:37] We've now arrived in the morning hour, but this morning I'm going to call upon the Senator from Eastern Fairfax. Good afternoon, Madam President.

[00:04:53] Good afternoon. Madam President, I move that we suspend the rules and grant the privileges of the floor to certain distinguished persons. The question is: Shall the rules be suspended and the privileges of the floor be granted to a distinguished person? All in favor of that motion will record their votes aye.

[00:05:11] Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 39, noes 0.

[00:05:26] Ayes 39, noes 0. The rules are suspended and the privileges of the floor are granted. The chair recognizes the senator from Washington for the purpose of presenting the distinguished guest. Madam President and members of the Senate, today I rise with great pride to recognize a remarkable voice in American literature, one who has brought national and international attention to the stories, struggles, and strength of Appalachia, Barbara Kingsolver.

[00:05:56] Madam President, Ms. Kingsolver is the recipient of the Pulitzer Prize in Literature for her extraordinary novel, "Demon Copperhead." In this powerful work, she captures the lived experience of so many in our region, telling the story of a young boy navigating poverty, foster care, and ultimately the devastating effects of addiction.

[00:06:18] For those of us in Southwest Virginia, reading this book feels like looking in a mirror, seeing our communities, our challenges, and our strength reflected back with honesty and compassion. It is a story that resonates deeply in Southwest Virginia because it's rooted in truth.

[00:06:36] But this honor is not the result of a single work alone. Ms. Kingsolver's literary career has long reflected the deep commitment to storytelling that matters. From the Poisonwood Bible to bean trees to animal vegetable miracle, her writing has consistently explored themes of family, justice, resilience, and the importance of place.

[00:06:57] Her work has reached readers around the world, yet it has always remained grounded in the values and experiences that define communities like ours. Madam President, what makes Barbara Kingsolver especially deserving of this recognition is that her commitment to Southwest Virginia extends far beyond the written word. She has taken meaningful steps to give back to the very communities that inspire her work. Using proceeds from her writing, she has invested and reinvested in efforts to combat the opioid epidemic, including supporting the establishment of higher ground women's recovery residents in Lee County. At a time when

[00:07:35] so many families in our region have been impacted by addiction. Her actions represent not only compassion, but a deep and abiding sense of responsibility. She has not only told our story, she has helped write a better future for it. Members of the Senate, it is also worth noting that this body previously adopted a Senate resolution commending Ms. Kingsolver for her literary achievements and her contributions to the Commonwealth. Unfortunately, due to her schedule that time she was unable to join us for a formal presentation but with the consistent encouragement

[00:08:11] of many many fans and members of this chamber as well as almost every person sitting on that dais barbara is here with us today um barbara king solver has ensured that the voices of southwest virginia are heard respected and understood far beyond our borders she has reminded the world that the people of this region are defined not by hardship alone but by resilience dignity and most importantly hope joining her on the floor of the senate today is her husband stephen hop

[00:08:50] and madam president i ask that the clerk please read the resolution senate resolution number 83 commending barbara kingsalver whereas barbara kingsalver an acclaimed author and long-time resident of Washington County, received the Pulitzer Prize for Fiction in 2023 for her latest novel, Demon Copperhead. And whereas after growing up in rural Kentucky, earning degrees in biology from DePaul University and the University of Arizona, and living in Tucson for two decades,

[00:09:28] Barbara Kingsolver settled with her family on a farm in Washington County in 2024. And whereas Barbara Kingsolver began her career as a freelance writer and author in 1985 and published her first novel, The Bean Trees, in 1988. To wide acclaim, she has since published several best-selling novels, including Pigs in Heaven in 1993, The Poisonwood Bible in 1998, The Lacuna in 2009,

[00:10:01] And whereas in her celebrated non-fiction work, Animal Vegetable Miracle, A Year of Food Life from 2007, Barbara Kingsolver detailed a year of her life growing vegetables and raising animals on her Washington County farm.

[00:10:18] And whereas Barbara Kingsolver's Demon Copperhead, which artfully transposes aspects of Charles Dickens' David Copperfield On to the story of a boy from modern-day Appalachia, also received Britain's prestigious Women's Prize for Fiction, making her the first author to receive the award twice,

having also won in 2010 for the Lacuna, and whereas Barbara Kingsolver has garnered a number of prestigious honors in recognition of her accomplishments as a writer, including the National Humanities Medal in 2000,

[00:10:55] the Dayton Literary Peace Prize in 2011. And whereas Barbara Kingsolver's contributions to both the American and world literary canons are evidenced by her work's inclusion in many high school and college curriculums around the country and translated into more than 30 languages.

[00:11:16] And whereas in 1998, Barbara Kingsolver established the Bellwether Prize for Fiction, now known as the Penn Bellwether Prize for Socially Engaged Fiction, which has since helped to launch the careers of several new writers. And whereas Barbara Kingsolver's efforts as an author, as an active member, and engaged member of her Washington County community, and as a voice for Appalachia, have made an impact on countless lives and continue to bring great pride to the Commonwealth.

[00:11:50] Now, therefore, be it resolved by the Senate of Virginia that Barbara Kingsolver hereby be commended for receiving the 2023 Pulitzer Prize for Fiction, and be it resolved further that the Clerk of the Senate prepare a copy of this resolution for presentation to Barbara Kingsolver as an expression of the Senate of Virginia's admiration for her achievements.

[00:12:14] Senator, I ask that you and our distinguished guests join me on the dais for the presentation of the resolution. Barbara, it's such an honor to have you join us today in the Senate Chamber, and this is a recognition of your remarkable service, not just to the field of literary arts,

[00:12:54] not just to your distinguished career as a writer of America and a writer in Virginia, but also to the profound service that you are providing in giving back to those communities that you have honored through your writing and communities that we know that you love.

[00:13:29] The Senate will be briefly at ease as our members greet our distinguished guests.

[00:23:51] The Senate will return to order.

[00:30:45] We've now arrived at the time in the morning hour when we have the honor to welcome our distinguished guests who are joining us this morning in the Senate gallery. I give my daily reminder about our procedure. senator will rise and offer an introduction to their guest i ask that we all hold our applause until i've had the opportunity to provide the welcome of the senate the chair recognizes the senior senator from loudon thank you madam president madam president i rise for the purposes of an introduction the senator has the floor thank you madam president madam president um

[00:31:21] in the gallery today um is the reverend heather ray who gave our invocation this morning if she would stand with her family um madam president uh i'd just like to take a moment and thank my friend um and from leesburg or who works in leesburg pastor reverend ray for joining us in richmond today and providing the senate with invocation for this reconvene session reverend ray is a proud virginia native who serves as associate pastor at leesburg united methodist church a methodist congregation that has been worshiping in leesburg since 1766. the church is deeply committed to serving the loudon county community and being an active caring presence for its neighbors

[00:32:00] reverend ray shares in ministry with her husband reverend reverend daniel ray who is with her today who serves at duncan memorial united methodist church in berryville that's senator french's district together they are raising two beautiful children nora and alton and they are with her in the gallery today

along with her mother-in-law carol ray reverend ray and her husband along with her family have served congregations across the commonwealth wealth for the past 15 years they They remain committed to serving God and their communities through the United Methodist Church, and I am lucky to call her a friend, Madam President, and Madam President, I'd ask if you'd give her the warm welcome of the Senate. Thank you, Senator, for the introduction, and welcome to

[00:32:38] our Reverend Heather Ray and to Reverend Daniel Ray. Thank you for bringing your family. Also, thank you for joining us. We deeply appreciate your words this morning of prayer and blessings. thank you for all that you do for your communities and senators I ask that we give the very warm welcome of the Senate to Reverend Heather Ray and her family

[00:33:03] the chair recognizes the senator from Eastern Henrico thank you madam president I rise for three introductions three or four thank you madam president I would like to begin with an introduction for the students of John Roth Middle School, and if they could please stand.

[00:33:41] Madam President and members of the Senate, I'm so pleased to welcome the students from John Roth, including the educators, accompanying them. At this stage in their education, these students have already shown an interest in learning about the legislative process and the role of government. And today, they are here visiting us. They have taken a tour and met with their representatives.

[00:34:01] uh and they have been accompanied by a past page from this previous session who served over in the house and he's been showing them around as well um blake aired and so i'm excited that they are joining us and i'd ask that you give them a warm senate welcome thank you senator for the just a quick reminder we're going to hold the applause until i've had the opportunity to provide the senate's welcome and senator thank you for that introduction thank you for our former page blake

[00:34:36] aired for being here and for showing uh these these students around in the capitol and also encouraging them i'm sure to apply to our page program and we are just delighted to welcome our middle school students from john rolfe thank you to the adults who are also with our students i hope you've had a wonderful opportunity this morning to meet with legislators and to think about adding your voice to the work that we do here in the general assembly senators i ask that

[00:35:08] we give the warm welcome of the senate to the students from john rolf middle school senator from eastern henrico thank you madam president i would now ask that the varina high school football team please rise madam president and members of the senate on in december 2025 verina high school captured the virginia high school league class 4 state championship madam president the verina

[00:35:45] high school blue devils defeated loudon county high school with a score of 47 and oh madam president They seized control from the opening kickoff and building a commanding 34-0 halftime.

[00:36:02] In the Verina Blue Devils on Route 5, a fence produced more than 6,000 total yards during the 2025 season, establishing itself as one of the most explosive and productive units in the Commonwealth and setting the tone for a dominant postseason run.

[00:36:18] And Madam President, the Verina Blue Devils defense delivered a historic performance in the state championship game by allowing only 57 total yards throughout the season it's held opponents to an average of 6.8 points per game reflecting disciplined execution relentless effort and pride in representing Verena High School and most notable madam president the head coach Marcus Lewis is a graduate of Verena High School and most notable Caleb Weitz became the first quarterback in Verena High School

history to third for more than 2,000 yards, Madam President, in a single season, and he earned All-Metro Player of

[00:36:56] the Year, All-State Offense Player of the Year, and All-Region Offensive Player of the Year. And lastly, Madam President, also most notable, we have a team captain, Braylon Hood, who played a significant role in this, Jayshon Richardson. So many amazing players, Madam President, that contributed to this state championship, and so I would ask that the Senate join me in giving them a warm Senate welcome. Thank you so much, Senator, for that introduction. Amazing statistics that our Senator just shared. Congratulations to each and every one of you. I know there are individual

[00:37:34] stars among this wonderful crew that we have in front of us. Individual stars are all supported by the work of the team, and so it is the team that has led this particular cohort to its victory, its successes. We know that you have an amazing future ahead of you as well. Senators, I ask that we give the very warm welcome of the Senate to the Blue Devils of Verina High School football

[00:38:03] state champions. The Senator from Eastern Henrico. Madam President, I would now ask that the petersburg high school boys basketball team please stand madam president if you can't tell there are some amazing talent in senate district 13 and that is why today i am also proud to

[00:38:43] introduce the petersburg high school boys basketball team who earned the virginia high school league class three state title on march 14 2026 with a commanding 56 35 victory over lake Taylor High School at the Segal Center. Madam President, the Petersburg High School Crimson Wave brought the state title home for the first time since the legendary Moses Malone led teams of 1973 and 1974 ending a 52 year state championship drought defined by decades of "almost there" but it was their turn

[00:39:19] now and under the leadership of head coach Ty White, a Petersburg High School school alum and with a season record of 22 to 4 and an impressive 18 game winning streak to close the season and madam president with standout performances by Kelvin Anderson LaDarius Gibby and Cam Claiborne Latrell almond King Baker and many many many amazing players and talent on the team they took home the championship and so madam president I would ask that you now give them the warm welcome of the Senate senator thank you for that introduction congratulations to the petersburg high school basketball state champions we heard

[00:39:59] from the senator how remarkable this team is and the fact that you have worked so hard with honor and integrity to bring home this championship just says so much about the commitment that you have made to ensure that you and your teammates deserve this recognition we are delighted to have you in the gallery this morning and senators i ask that we give the very warm welcome of the senate

[00:40:25] to the petersburg high school basketball state champions senator i do have one more introduction from you but if you do not have that then okay we will uh the chair will now recognize the senator

[00:40:56] from eastern fairfax county uh madam president rise for an introduction senator has the floor Thank you, Madam President. Ladies and gentlemen of the Senate, I do not have any football players or other state champions with us today, but I do have to introduce to you all a whole bunch of people who help to keep us safe every day.

[00:41:18] Joining us today in the gallery are members of the Virginia Professional Firefighters from all over the Commonwealth. They're here today to watch our legislative action. There's a bill of interest that

they're hoping we take certain action on today. And, Madam President, if you could just pass along to them the warm welcome to the Senate, thanking them for all they do to keep us safe every day.

[00:41:41] Thank you, Senator, for the introduction and welcome to the Virginia Professional Firefighters. We are honored to have you here. Thank you for the commitment and service that you provide to so many in our communities and the dedicated work that you do to save lives.

[00:41:58] are so indebted to the work that you do each and every day. Senators, I ask that we give the very warm welcome of the Senate to the Virginia professional firefighters. Is there any other business to come in the morning hour? The chair

[00:42:35] recognizes the senator from Hanover. Madam President, would the journal reflect that the senator from Botetat is away from the Capitol pressing personal business thank you senator the journal will so reflect the clerk will call the calendar senate calendar for wednesday april 22nd 2026 senate bills with governor's recommendations

[00:43:09] senate bill two the chair recognizes the senator from northern the chair recognizes the senator

[00:43:38] from eastern fairfax um thank you madam president okay um madam president i move that the senate bills with governor's recommendations um set forth on the pink sheet that was distributed to everybody be placed in a block with the understanding that any senator designing move a bill from the bill move a bill from the block will do so after the clerk has read the number of the bill and then i would move that that that those bills then go by for the day the question

[00:44:13] is shall the senate bills with the governor's recommendations be placed in a block with the understanding that any senator desiring that a bill be removed from the block will do so after the clerk has read the number of the bill all in favor of that motion will say aye those opposed no the ayes have it the motion is agreed to the bills are now before us in the block and the clerk will read the number of the bills on the pass by for the day list page three senate

[00:44:43] bill 62 page 7 senate bill 173 page 8 senate bill 199 page 9 senate bill 218 page 12 senate bill 229 page 13 senate bill 253 madame president senator from eastern fairfax i'd ask that that bill come out of the block can you repeat the number of the bill senator 253 253 253 is out of the block

[00:45:21] Page 15. Senate Bill 258. Page 17. Senate Bill 335. Page 20. Senate Bill 351. Page 21. Senate Bill 352. Page 22. Senate Bill 378. Page 24. Senate Bill 494. Senate Bill 26. Excuse me. Page 26. Senate Bill 542.

[00:45:54] Senator from Eastern Fairfax. Thank you, Madam President. I would now move that those Senate bills be passed by for the day. Senator from Hanover. Thank you, Madam President. Madam President, parliamentary inquiry. Senator has the floor.

[00:46:13] Thank you, Madam President. Madam President, if the motion to pass these bills by for the day is granted, that means that the governor's amendments or recommendations on each of the bills will be rejected. Is that accurate?

[00:46:45] Senator I believe the answer to your question is that the bills will be returned to the governor in the original form by which they passed without the amendments thank you madam president and madam president further inquiry senator has the floor madam president once they're returned in the original form the governor at that point will still have two options or I guess three options one let them

become law without a signature one to sign the bill and And then the final option would be to veto the bill as it's returned to her.

[00:47:22] That is correct, Senator. Thank you, Madam President. The question is, shall the Senate bills be passed by for the day on block? That is, all bills except for Senate Bill 253.

[00:47:39] All in favor of that motion will say aye. Those opposed, no. The ayes have it. Seeing at least eight hands, this will be a recorded vote.

[00:47:57] all those in favor of the motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close

[00:48:13] the roll ayes 21 nose 18 the motion is agreed to so page 13 returning to senate bill 253 the senate the chair recognizes the senator from portsmouth thank you madam president madam president first

[00:48:47] thing i will do is move to sever the amendments without objection madam madam president i move that we accept amendments seven nine and ten in a block and madam president um move that the the remaining amendments be passed by for the day thank you senator we will do

[00:49:24] take up those motions separately the question is shall the governor's recommendations numbers 7 9 and 10 to Senate bill 253 be agreed to as many as are in favor of that motion will record their votes I those opposed no are the senators ready to vote. Have all the senators voted? Do any senators desire to

[00:49:55] change their vote? The clerk will close the roll. Ayes 37, noes 2. Ayes 37, noes 2. The governor's recommendations are agreed to. 7, 9, and 10. Senator, would you like to make the motion to reject the other amendments? Pass by for the day. Thank madam president madam president i move the remaining amendments go by for the day the

[00:50:29] question is shall the remaining amendments go by for the day all in favor of that motion will record their votes aye those opposed no are the senators ready to vote aye this is a recorded vote madam president senator from eastern fairfax sorry parliament the board says we're adopting the governor's recommendation i think we were going by for the day is that right we're going by for

[00:51:00] the day was the recommendation just having a drink we will strike this vote senator from eastern fairfax that's fine the question is shall the remaining recommend amendments to senate bill 253

[00:51:35] be passed by for the day all in favor of that motion we'll say aye those opposed no the ayes have it the remaining amendments are passed by for the day returning to page one Senate bill to the chair recognizes the senator from Eastern Fairfax I'm sorry northern Fairfax madam president thank you so much yes I'm from northern Fairfax County and and I madam president I move that the governor's

[00:52:11] recommendations to SB 2 be agreed to and speaking to the motion senator has the for. Thank you, Madam President. This will establish the paid family and medical leave program for the Commonwealth, bringing us into line with 18 other states and the District of Columbia to provide a paid family and medical leave program. The governor's substitute makes some technical changes. It does eliminate the advisory board. It narrows the definition family members, it limits the covered individuals authorized to work in the United States at the

[00:52:51] time they are applied for the program, and it limits the safety services for the maximum of four weeks, which puts us into conformment with the rest of the country. There's no there's no program that goes further than that on safety. There are other some other technical amendments but i believe that they're all in order and they honor the intent of the bill and i move that we approve the governor's substitute the chair recognizes the senator from hanover thank you madam president madam president speaking to the motion briefly senator

[00:53:28] has the floor madam president this is one a bill that we debated at length during the regular session and madam president i think the senator articulated the governor's amendments accurately they're more technical in nature than they are substantive and with that in mind Madam President I would say the bill the with the governor's amendments before you still makes every employee in the Commonwealth of Virginia have to pay into this fund they will take home less money in their paycheck most

[00:54:03] businesses will also have to pay into this fund but every employee will take home less money with the enactment of this bill. The question is, shall the governor's recommendations to Senate Bill 2 be agreed to? As many as are in favor of the motion will record their votes aye, those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to

[00:54:38] change their vote? The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. the governor's recommendations are agreed to. Senate Bill 24. Senator from Eastern Prince William. There you go. Thank you, Madam President. Madam President, I move that the governor's recommendations be agreed to and speaking to that. Senator has the floor. Thank you, Madam President. Madam President, the governor's amendment conforms this bill with House Bill 118 by removing the second

[00:55:15] enactment clause. This bill and House Bill 118 are nearly identical. However, However, the enrolled version of Senate Bill 24 includes a study and report in the second enactment clause. The governor signed House Bill 118 into law, making the second enactment clause redundant.

[00:55:33] The governor supports both bills, which require the defense counsel to have access to prosecutors' discovery, leveling the playing field between prosecutors and defense. The question is, shall the governor's recommendations to Senate Bill 24 be agreed to?

[00:55:52] many as are in favor of the motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll I was 38 knows one ice 38 knows one the governor's recommendations are agreed to Senate bill 28 the chair recognizes the senator from Eastern Prince William thank you madam president madam president move that the governor's recommendations be agree to and speaking to that Senator has the floor.

[00:56:29] Thank you, Madam President, Madam President, uh, the governor's amendment puts a reenactment clause on this bill to be considered in the 2027 general assembly session. The governor recognizes the importance of ensuring worker protections for domestic workers, such as childcare providers, house cleaners, and direct care workers.

[00:56:47] However, the bill needs to provide greater clarity on questions of eligibility, record keeping, and resources available to employers and employees for successful implementation the question is shall the governor's recommendations for Senate bill 28 be agreed to as many as are in favor of this motion will

record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote

[00:57:17] the clerk will close the roll I was 25 nose 14 eyes 25 nose 14 the governor's recommendations are agreed to senate bill 60 the senator from hampton thank you madam president i move that the governor's recommend recommendations to senate bill 60 be agreed to and speaking to that senator has the floor thank you madam president uh the governor's uh substitute removes the expansion of the parole board to at least uh 11 members uh leaving it at only five

[00:57:56] members and it removes board members criteria by profession and specific experience keeping only specific experience in specified areas and it removes language that explicitly directs the board not to deny parole for juvenile principally as a result of the nature of the offense and with that explanation madam president I again move that the governor's recommendations be agreed to. The question is, shall the governor's recommendations to Senate Bill 60 be agreed to?

[00:58:30] All in favor of that motion will record their votes aye, those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to.

[00:58:56] Senate Bill 72. The junior senator from Loudoun. Thank you, Madam President. Madam President, I move that the governor's recommendation to Senate Bill 72 be agreed to and speaking to that motion.

[00:59:16] Senator has the floor. Thank you, Madam President. As a reminder, Senate Bill 72 directs phase one and phase two utilities to provide energy efficiency measures to at least 30% of qualifying low-income households, or respectively 2000 or 8400 qualifying households whichever is less the governor's amendment is a technical clarification confirming that the prohibition on penalizing the utility applies to its inability to meets to meet either the 30 target or the applicable household target i hope

[00:59:52] it's a will of this body to accept the governor's recommendation the question is shall the governor's recommendations to senate bill 72 be agreed to as many as are in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll ayes 21 noes 18. ayes 21

[01:00:23] noes 18 the governor's recommendations are agreed to senate bill 81. the senator from eastern fairfax thank man president i move that we adopt the governor's recommendation and speaking to that motion senator has the floor thank you man president say ladies gentlemen senate senate bill 81 is the bill that has to do with the little tiny road in my district the george washington parkway the governor made this substitute at my request it basically restores the bill the bill

[01:00:58] to what it was when it passed the senate originally 26 to um everything else 14. um the thing it adds back is the option um for the fairfax county police department of virginia state police to install speed cameras with the blessing of the national park service which um i'm not sure if that'll ever happen but at least creates that option it's a little tiny stretch of road it's about seven miles down where i live and it's about 10 miles up close to where the center of northern fairfax represents but basically again restores this bill to the 26 to

[01:01:34] 14 version that passed the senate before it went into conference hope we get past this the question is shall the governor the senator from lynchburg will the gentleman from northern fairfax rise

for question will the senator from fairfax yield i will yield senator from lynchburg under this amendment if they put the speed cameras on the the parkway where will that money go senator from fairfax madam president it would go to first of all whatever the contract they end up entering into the National Park Service says the National Park Service

[01:02:11] would probably get the bulk of it they the reason that the National Park Service hasn't done it is because under federal law if they put it in the Park Service doesn't get to keep the money it goes the federal general fund and and nobody pays for the cameras they can't get the money to pay for it so I assume there's a contract it'll pay for the program. Senator from Lynchburg. Just speak briefly to the Senator has the floor. Another opportunity to expand a tax on our citizens and maybe citizens of Maryland and DC by imposing some more

[01:02:44] photo speed cameras. The question is shall the governor's recommendations to Senate Bill 81 be agreed to? As many as are in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 24, noes 15. Ayes 24, noes 15. The governor's recommendations are

[01:03:20] agreed to. Senate Bill 83. Senator from Central Fairfax. Thank you madam president. With the recommendation that it be rejected I move that the governor's recommendation to senate bill 83 uh be agreed to and speaking to that motion senator has the floor uh thank you madam president on senate bill 83 uh the this was a bipartisan effort and uh bill that went out from both chambers and the governor essentially put a reenactment clause uh that i would like for us to reject the with the recommendation that it be rejected the question

[01:03:59] is, shall the governor's recommendations to Senate Bill 83 be agreed to? As many as are in favor of the motion will record their votes. Aye. Those opposed, no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? Senator

[01:04:37] from Central Fairfax. Madam President, could I have this go by temporarily? Without objection, The clerk will first strike the vote.

[01:04:56] Without objection, Senate Bill 83 will go by temporarily. Senate Bill 106. Senator from Franklin County.

[01:05:13] Thank you, Madam President. I move that we adopt the Governor's recommendation of Senate Bill 106 and speaking to that motion. Senator has the floor. Thank you, Madam President. Members of the body, Senate Bill 106, which passed out of here unanimously, is a penalty to Tiennipotin. if you'll remember a gas station heroin. What the governor did in the bill was just to make sure that it referenced back in the code section that it is classified as a Schedule I controlled substance under Virginia law. If you remember, this bill was a civil penalty for those that operate convenience stores and gas stations that sell this herbal supplement that has been very

[01:05:49] deadly to a lot of Virginia citizens. And so for those reasons, Madam President, I renew my motion that we adopt the governor's recommendation. Thank you. The question is, shall the governor's recommendations to Senate Bill 106 be agreed to? As many as are in favor of that motion will record their votes. Aye. Those opposed, no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 39, Ayes 39, no 0.

[01:06:22] Ayes 39, no 0. The Governor's recommendations are agreed to. Senate Bill 106. The Senator from Eastern Fairfax.

[01:06:38] SB 107. Actually, it's 107, I'm sorry. Not Eastern. Western Fairfax. Thank you, Madam President. I move that we accept the Governor's recommendations in speaking to that. Senator has the floor. Thank you, Madam President.

[01:06:54] would allow an exemption for caretakers or parents who have a sick child that requires continuous care to be exempt from jury duty and the governor agreed with that sentiment and just had a line amendment to clarify that this is not for doesn't apply to all children under 16 just those who are chronically sick and require care oh I move that we accept that the question is shall the governor's recommendations to Senate Bill 107 be agreed to. As many as are in

[01:07:30] favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted. Do any senators desire to change their vote? The clerk will close the roll. Ayes 35, noes 4. Ayes 35, noes 4.

[01:07:49] The governor's recommendations are agreed to. Senate Bill 125. The senator from Arlington. Good afternoon, Madam President. Madam President, I move that the governor's recommendations be agreed to in speaking to the motion. Senator has the floor. Thank you. Madam President, the governor's recommendations are certainly very technical in nature. One of them strikes the word of and inserts in and the other recommendation strikes with respect. These are grammatical corrections. The underlying bill actually describes the roles and responsibilities

[01:08:26] of the Office of the Children's Ombudsman and the underlying bill passed the Senate 39 to 0 in the House 97 to 0. I hope it is the will of the body to accept these two minor technical changes. Thank you Madam President. The question is shall the governor's recommendations to Senate Bill 125 be agreed to as many as are in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any Senators desire to change their vote. The clerk will close the roll. Ayes 39, no zero. Ayes 39,

[01:09:06] no zero. The governor's recommendations are agreed to. Senate bill 126. The senator from Western Fairfax. I move that we accept the recommendations from the governor and speaking to that motion.

[01:09:21] Senator has the floor. Madam President, this bill dealt with extending the filing deadline if um an incumbent fails to file um by the date for re-election and um while we dealt with the filing deadline in this bill it became aware i think from the state board of elections that we needed to add language into it to deal with some of the other uh deadlines that go along with that um such as uh the state board providing information to party chairs so it's just a

[01:09:57] clarification and an alignment of what needs to happen and what happens when when an extension would be in place so I move that we accept the question is shall the governor's recommendations to Senate bill 126 be agreed to as many as are in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to to change their vote. The clerk will close the roll. Ayes 23, noes 16. Ayes 23, noes 16. The

[01:10:35] governor's recommendations are agreed to. Senate Bill 128. Senator from Western Henrico. Thank you. Thank you, Madam President. Madam President, members of the body, I move that governor's

recommendation number one to SB 128 be agreed to in speaking to that motion. The senator has the floor. Thank you, Madam President, members of the body, the First Amendment softens up the non-solicitation language a little bit that's in the bill to ensure that a

[01:11:09] provider can can give their information out to their patients about their new contact information where they're practicing medicine and so I think this is a good thing and I move that we adopt Amendment 1. The question is, shall the governor's recommendation to Senate bill 128 recommendation 1 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to

[01:11:46] change their vote the clerk will close the roll I was 39 no zero ayes 39 noes zero recommendation one is agreed to senator from Western Henrico hey thank Thank you, Madam President. Madam President, I move that we take amendment two by for the day in speaking to that motion.

[01:12:05] Senator has the floor. Thank you, Madam President. Madam President, members of the body, I think the administration at first saw this second amendment as technical, but I did not agree and some of the stakeholders did not agree and we convinced them that we were right. And so I move that we take this amendment by for the day.

[01:12:23] The question is, shall recommendation two for Senate Bill 128 go by for the day? in favor of that motion will say aye those opposed no the ayes have it recommendation 2 goes by for the day senate bill 137 senator from western fairfax i move that we accept the governor's recommendations to this bill and speaking to that senator has the floor this is another technical line amendment that the governor put in place on the recommendation of dls we had some words

[01:13:03] in this bill that said the quote unquote regulated areas um but they are not defined in the bill and they were in reference to the reproductive health care facility so we're just going to put reproductive health care facility to ensure that all of these are in alignment so i move that we accept the question is shall the governor's recommendations to senate bill 137 be agreed to as many as are in favor of that motion will record their votes i those opposed no are the

[01:13:36] senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll ayes 21 nose 18 the governor's recommendations are agreed to senate bill 162 the senator from hampton thank you madam president i move that the governor's recommendation to senate bill 162 be agreed to and speaking to that senator has the floor the changes made with this substitute as the compensation board to the agencies responsible

[01:14:15] for transmitting data about individuals released from incarceration it asks language to clarify that data transmitted to the department of elections is for persons being released from incarceration and it delays the monthly deadline for data by 30 days and it also adds language to indicate that this data transmitted to the Department of Elections will be done if said data is available and for purposes of voting to register changes require proof of release from incarceration it changes the language from certified copy to just documentation and with that explanation

[01:14:52] madam president again I move that the governor's recommendations to be agreed to the question is shall the governor's recommendations to Senate bill 162 be agreed to. All in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators

voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to. Senate

[01:15:27] Bill 176. Senator from Western Henrico. Thank you, Madam President. Madam president I move that the governor's recommendations to Senate bill 176 be agreed to and speaking to that senator has the floor thank you madam president man president members of the body these are two technical amendments one to establish how results must be posted online to ensure that we have voter privacy and then second is clarifying that an audit of RC RCV race is limited to an audit of first rankings because the technology doesn't exist for going

[01:16:07] further down the choices and so that is what these two amendments do and I move that we accept them the question is shall the governor's recommendation to Senate bill 176 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted. Do any senators desire to change their vote? The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are

[01:16:45] agreed to. Senate Bill 181. Senator from Norfolk. Thank you, Madam President. Madam President, I move that we accept the governor's recommendations and speaking to that motion. Senator has the floor. Senate Bill 181 has technical amendments to the bill. They are line amendments. The original bill requires the building owner of a property for which the owner receives a partial tax exemption pursuant to the bill to provide a written notice to the purchaser. The amendment here simply ensures that the subsequent building

[01:17:21] owner who sells the properties are also included in the notice requirements. Again, it is technical in nature and i move that we accept the governor's amendments the question is shall the governor's recommendations to senate bill 181 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll ayes 21 noes 18. ayes 21 noes 18. the

[01:17:59] And the governor's recommendations are agreed to. Senate Bill 197. Senator from Norfolk. Thank you, Madam President. Madam President, I move that the governor's recommendations be accepted and speaking to that motion. Senator has the floor.

[01:18:15] Thank you, Madam President. Again, this amendment is a line item amendment and it is technical in nature. The technical amendment, which was recommended from the Secretary of Natural and Historic resources and DCR adds cancellation in addition to completion as enrolled the bill only provides for interest or repayment after completion of a project there are projects that are simply canceled and we want to make sure that those projects are included as well again I renew my motion that we accept the governor's recommendation the question is shall the governor's

[01:18:51] recommendations to Senate bill 197 be agreed to all in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 39, no 0. Ayes 39, no 0. The governor's recommendations are agreed to. Senate bill 215. Senator from Northern Fairfax.

[01:19:24] Thank you madam president. I move that the recommendations to SB 215 be agreed to senator has a floor speaking to it so the governor and the governor made some some reasonably large changes she changed uh she uh under the substitute the attorney general is the one who would bring cause of action to

enforce provisions of the bill this is the um equal pay wage transparency bill that we've heard in this chamber eight eight times and i've been carrying it for

[01:20:01] 11 years i think um so she would give it would give the attorney general the ability to cause bring the cause of action it would reduce the penalty from ten thousand dollars for a subsequent offense to five thousand dollars um and an aggrieved prospective employee may bring action to recover actual damages and other legal and equitable relief as may be appropriate within one year i believe that these are reasonable changes and i move that we accept her amendments

[01:20:37] the question is shall the governor's recommendations to senate bill 215 be agreed to as many as are in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote. The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to. Senate Bill 223. Senator from Western Henrico. Thank you, Madam

[01:21:14] President. Madam President, I move that the governor's recommendations to Senate Bill 223 be agreed to and speaking to that. Senator has the floor. Thank you, Madam President. Madam President, members of the body, this is the Distributed Energy Resources Task Force and really the only change is that she wants the chair to be the chief energy officer and I think that is a fantastic idea and so I hope we accept these amendments that make the chief energy officer the chair the question is shall the governor's recommendations to Senate bill 223 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready

[01:21:53] to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll I has 22 no 17 eyes 22 no 17 the governor's recommendations are agreed to Senate bill 225 senator from Eastern Fairfax madam president I would ask that we sever amendment number numbers four

[01:22:29] through eight and move to adopt those amendments in a block the question is Shall the governor... Speaker 2: Speaking of that motion. I'm sorry. Speaker 2: Senator has the floor. Speaker 2: Thank you, Madam President.

[01:22:45] Ladies and gentlemen, the Senate, this is the bill for the Clean Energy Innovation Bank. The four amendments that I pulled out, this basically clean up some specifics about who's on the board and who isn't the board of the bank.

[01:23:02] There was some inconsistencies, I think, in the number of people listed versus the number it said were authorized to be on it, and this just cleans that up. And I'm going to ask that we go by for the day on the other amendments, which I think is language that's more appropriate for the budget, creating subfunds or whatever.

[01:23:20] There's issues with that in terms of the budget. So before you, I'd ask that we adopt those to just clean this up. It's mostly technical. The question is, shall the governor's recommendations to Senate Bill 225, recommendations 4, 5, 6, 7, and 8 be agreed to?

[01:23:40] As many as are in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 39, noes 0.

[01:23:58] Ayes 39, noes 0. The governor's recommendations 4 through 8 are agreed to. Senator from Fairfax. I would ask the remaining amendments go by for the day. The question is, shall recommendations 1, 2, and 3 go by for the day?

[01:24:15] All in favor of that motion, we'll say aye. Those opposed, no. The ayes have it. The recommendations 1, 2, and 3 go by for the day. Senate Bill 226. Senator from Eastern Fairfax.

[01:24:32] Thank you, Madam President. Likewise, I would ask that we sever amendments number 1, 4, and 5 and move that we adopt those amendments and speak to that motion. Senator has the floor. Take a minute, President. Ladies gentlemen, Senate, land amendments one, four, and five. This is the bill that has to do with allowing localities to mandate composting if they choose to do so. These amendments just make clear that if there's a business or if there is no business that will accept compost, a business can say they don't have to comply with the ordinance because there isn't anybody who will

[01:25:11] accept what they're trying to give them. And so I thought that was a good amendment. I would ask we adopt that the question is shall the governor's recommendations to Senate bill 226 recommendations 1 4 & 5 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the Clerk will close the roll.

[01:25:48] Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations, 1, 4, and 5, are agreed to. Senator from Fairfax. Madam President, I'd ask the remaining amendments goodbye for the day and speak to that motion. Senator has the floor. Thank you, Madam President. Ladies and gentlemen, the Senate, the remaining two amendments basically would say that the Commonwealth doesn't have to comply with this statute, and I didn't think that was a good idea.

[01:26:08] So we ought to have to do the same thing that other people do if a locality adopts that. So I'd ask that this go by for the day. The question is, shall amendments two and three go by for the day? All in favor of that motion will say aye.

[01:26:26] Those opposed, no. The ayes have it. Amendments two and three go by for the day. Senate Bill 230. Senator from Eastern Fairfax. Thank you, Madam President.

[01:26:42] Madam President, I'd ask that we sever amendments number one and three from the bill and adopt those amendments and speak to that motion. Senator has the floor. Thank you, Madam President. Ladies and gentlemen, Senate, this was an expungement cleanup bill. The two amendments that are before you would eliminate the requirement that a Commonwealth attorney explain the factual basis of why they object to an expungement.

[01:27:07] The governor didn't like that. It's not a big deal. I thought it was sort of the right thing to do, but she didn't. So for now, I'll accept that. So I'd ask that we had to accept it also. The question is, shall the governor's recommendations to Senate Bill 230 be agreed to, recommendations one and three.

[01:27:28] As many as are in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll.

[01:27:49] Ayes 24, noes 15. Ayes 24, noes 15. The governor's recommendations one and three are agreed to. Senator from Fairfax. Thank you, Madam President. I'd ask that the remaining amendments go by for

the day and speaking to that motion. Senator has the floor. Thank you, Madam President.

[01:28:05] Ladies and gentlemen, the other two amendments were simply seeking to codify a Supreme Court of Virginia case, which has already held the same thing. So I think it needs to be in statute so it's clear, given the Supreme Court's already said that's what the law says. So I think that needs to go by for the day.

[01:28:24] The question is, shall recommendations two and four go by for the day? in favor of that motion will say aye. Those opposed, no. The ayes have it. Recommendations two and four go by for the day. Senate bill 250. Senator from Eastern Fairfax. Move that we adopt the governor's recommendation. Speak to that motion. Senator has the floor. Thank you, Madam President. Ladies and gentlemen, this is the balcony solar, trailer solar, hang it wherever you want, solar bill. The

[01:29:00] governor's amendments basically just say that the the governor's new energy czar or energy director whatever the title is can sit on this workgroup and not just the person in the bill that's all it does so I think it was a good idea I'd hope we can adopt it the question is shall the governor's recommendations to Senate bill 250 be agreed to as many as are in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted. Do any senators desire to change their vote? The clerk will close

[01:29:37] the roll. Ayes 27, Noes 12. Ayes 27, Noes 12. The governor's recommendations are agreed to. Senate Bill 256. The senior senator from Prince William. Thank you Madam President. Inquire the clerk, did the Rules Committee make a determination of bill limits for next year? My seatmate wanted to know. Thank you

[01:30:12] President, so I'd move we adopt the governor's amendments to Senate Bill 256 and speaking to the motion. Senator has the floor. Thank you. As you can see on the calendar, there are more technical amendments in terms of the timing of any federal change to this section in terms of a 12-month sort of delayed enactment and then a follow-up report to Senate Finance and Appropriations that aligns actually with the House version of the bill and move their adoption.

[01:30:37] The question is, shall the governor's recommendations to Senate Bill 256 be agreed to? in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll ayes 21 noes 18. ayes 21 noes 18. the governor's recommendations are agreed to senate bill 270. senator from western henrico thank you madame president madame president i move that the governor's recommendations to senate bill 270 uh be agreed to and speaking to

[01:31:16] that senator has the floor thank you mad president uh mad president members of the body uh the amendments do three things uh one is this bill went through a lot of drafts and we got a little sloppy with the word entity and agency and so this just ensures that it says entity all the way through uh secondly they speed up a report that is due for part of this bill uh to be have to be due at the end of this year so they want to work faster and then third is they want to sunset the work group that was created after five years to see if it's still necessary after those five years do we want to make it permanent so these are all good and necessary

[01:31:56] changes and so i would hope that we would agree to them the question is shall the governor's recommendations to senate bill 270 be agreed to all in favor of that motion will record their votes aye

those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll i was 21 nose 18. ayes 21

[01:32:25] nose 18. the governor's recommendations are agreed to senate bill 271. the senator from charlottesville i'm madam president i move that the governor's recommendations go by for the day senator your recommendation was to go by? I move that the recommendations go by for the day.

[01:32:49] Thank you, Senator. With the recommendation that the governor's recommendations to Senate Bill 271 go by for the day, all in favor of that motion will say aye. Those opposed, no. The ayes have it. The recommendations go by for the day. Senate Bill 285. Senator from Eastern Henrico.

[01:33:22] thank you madam president I move the governor's recommendations to Senate bill 285 be agreed to and speaking senator has the floor thank you so much madam president this legislation had just one you know minor change and it removes the entity the state agency in which the grant will be administered by the question is shall the governor's recommendations to Senate bill 285 be agreed to all in favor of that motion will record their votes aye those

[01:33:59] opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll.

[01:34:15] Ayes 39, no 0. Ayes 39, no 0. The governor's recommendations are agreed to. Senate Bill 324. The senior senator from Prince William. Thank you, Madam President. Move that the governor's recommendations be adopted and speaking to the motion. Senator has the floor.

[01:34:36] Thank you, Madam President. The Governor's recommendations are primarily technical. It also includes provision to exempt transportation related construction projects as VDOT already has a process that greatly covers much of the same subject in the bill.

[01:34:52] And so I move it to adoption. The question is, shall the Governor's recommendations to Senate Bill 324 be agreed to? All in favor of that motion will record their votes aye. Those opposed, no. Are the Senators ready to vote?

[01:35:08] all the senators voted do any senators desire to change their vote the clerk will close the roll ayes 21 nose 18 the governor's recommendations are agreed to Senate bill 337 the senior senator from Loudoun thank you madam president madam president I move that we agree with the governor's recommendations and speaking to that motion senator has the floor

[01:35:44] Madam President, the governor's amendments remove language from the bill that could leave have unintended consequences of threatening Virginia's National Guard readiness and the Commonwealth's emergency response capabilities by putting parameters around the circumstances under which other state's territories or the District of Columbia could enter Virginia. And they also do maintain the requirement for the Judient General to report to the General Assembly on the use of the National Guard by federal authorities. So with that, I would move that we accept those amendments. Thank you, Madam President.

[01:36:08] The question is, shall the governor's recommendations to Senate Bill 337 be agreed to? All in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote?

[01:36:28] The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to. Senate Bill 342.

[01:36:42] The senior senator from Loudoun. Thank you, Madam President. Madam President, with a recommendation that it be rejected, I move the governor's recommendation to Senate Bill 342 be agreed to in speaking to that motion. Senator has the floor. Madam President, the governor put a reenactment clause on this bill. This is the open space conservation easement bill that makes it harder for the government to come in and condemn land for things like natural pipelines and transmission lines. Madam President, and we believe that this is a bill that the folks in common in the commonwealth need now to make sure that we continue to preserve people's

[01:37:17] land um so madam president with that uh explanation i move that we reject the governor's amendment with the recommendation that they be rejected the question is shall with the recommendation that they be rejected the question is shall the governor's recommendations to senate bill 342 be agreed to as many as are in favor of the motion will record their votes aye those opposed no

[01:37:51] are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll ayes 10 noes 29 ayes 10 noes 29 the governor's recommendations are rejected senate bill 344 madam president senator from eastern senior senator from loudon thank you madam president madam president i have a secondary motion as well senator potion senator has the floor thank you madam president madam president

[01:38:29] um i move that senate bill 342 be passed in its enrolled form notwithstanding the objection of the governor and speaking to that motion senator has the floor um madam president for the reasons i just stated on the reasons why we rejected the amendment this is a bill that protects folks land um and protects it from the overreach by the government um in coming and taking land that has been devalued because we have forgone property taxes on that land and so it's being eaten up for these projects gas pipelines transmission lines things like that so for folks who would prefer to protect property rights and keep the gas pipelines and transmission lines and other things like that out of property madam president I would suggest that we vote green on this bill thank you madam

[01:39:06] president the question is shall Senate bill 342 pass and the in senator from I apologize, Madam President.

[01:39:21] Yes. From King George. I'd like to speak to the motion, if I may. Senator has the floor. Madam President, I join with the Senator from Loudon. What I have seen in my tenure is oftentimes these projects force power lines and gas lines and other lines out of certain areas, and they encroach into farmland and other preserved areas.

[01:39:44] And I think this bill goes a long way to address that. but at a minimum if we're going to protect our farmland we've at least got to make them pay for the damages and the money that the taxpayers are submitting which this bill does so I think it's only fair for Virginians and I hope that everybody will vote yes on this motion the question is shall the bill pass in its enrolled form as many as are in favor of that motion will record their

[01:40:20] votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 32, no 7. Ayes 32, no 7. The

enroll form of the bill passes. Senate bill 344. Senator from Northern Fairfax. Thank you, Madam President. I would recommend that we accept the governor's amendments and speaking to the bill.

[01:41:00] Senator has the floor. Thank you Madam President. This is affectionately known as the giraffe bill as you are aware. There was a zoo that was selling tiny baby exotic animals and this is a way of preventing that from happening in the future. The governor's amendments even strengthened it further by giving the the Board of Wildlife Resources the ability to prescribe regulations to

[01:41:34] specific age for the each species outside of just the four-month separation that's in the original bill. It also clarifies that licensed veterinarians must have expertise with exotic animals and that they have training and experience in the care and management of the species being attended to I believe this actually makes it far stronger and appreciate the amendments and I think that other other people who care about this issue will as well and I urge the

[01:42:10] body to accept the governor's recommendation the question is shall the governor's recommendations to Senate bill 344 be agreed to as many as are in favor of that motion will record their votes aye those opposed no are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 24, noes 15. Ayes 24, noes 15.

[01:42:44] The governor's recommendations are agreed to. Senate Bill 347. The senator from Western Henrico. Thank you, Madam President. Madam President, I move that the governor's recommendations to Senate Bill 347 be agreed to and speaking to that. Senator has the floor. Thank you, Madam President. Madam President, members of the body, these are these are technical amendments. One is aligning the definition of agrivoltaics with that of Senator Perry's bill and then the other

[01:43:19] section just adds laws. The enrolled bill said you have to follow all state and state and local regulations and permitting and this just adds law to to that, so I would move that we accept these amendments. The question is, shall the governor's recommendations for Senate Bill 347 be agreed to? All in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote?

[01:43:52] the clerk will close the roll I was 18 knows 18 eyes 18 knows 18 the chair votes I the governor's recommendations are agreed to Senate bill 348 senator from northern Fairfax thank you madam president I move that we accept the governor's recommendations and I'm speaking to the bill senator has the

[01:44:29] floor thank you madam president this is the bill dealing with a safe storage of firearms in the home where children are are present the governor listening to many people who had concerns about about how to safely store their firearms then feeling that was a bit too prescriptive loosened it up a bit but still feels that they are saved by adding the ability for a gun lock that is specifically created for that firearm could be an acceptable use also remove

[01:45:06] the requirement that ammunition be stored and put an additional penalty of a class 2 misdemeanor on it and I accept her amendments and encourage my colleagues to vote for it the question is shall the governor's recommendations to Senate bill 348 man president senator from King George I apologize again, I'm slow on the draw today. Speaking to the motion. Senator has the floor. Madam President, I just want to make sure everybody knows this was changed from a class four misdemeanor to a class two misdemeanor, if I understand this correctly. And that means you can serve up to six months in

[01:45:44] jail so that anyone who has firearms in their home and they're trying to be responsible, but for whatever reason they don't, and nobody has to be hurt by this. It's just that a certain class of people have to be in your home and the firearm not put away properly, you can now get six months in jail. And I think that's awfully stiff. I hope we vote no.

[01:46:16] The question is, shall the governor's recommendations to Senate Bill 348 be agreed to? All in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote?

[01:46:40] The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to. Senate Bill 361. Senator from Western Prince William. Thank you, Madam President.

[01:47:14] Madam President, I move that the governor's recommendations be agreed to in speaking to that. senator has the floor thank you madam president madam president the bill has enrolled prohibits carriers from requiring anything but a claim for coverage under the aca and exceptions form is used to document these cases and ensure that cost sharing is waived when a preferred product is not appropriate for an individual member the governor's amendment clarifies that an exemptions process can be used to document the necessary the medical necessary necessity of alternative treatment to preserve coverage without cost sharing consistent with the ACA this preserves consumer

[01:47:51] choice and carrier flexibility the question is shall the governor's recommendations to senate bill 361 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll ayes 23 no 16. ayes 23 no 16. the governor's recommendations are agreed to senate bill 364. senator from eastern prince william thank you madam president

[01:48:30] madam president i move that the governor's recommendation be agreed to and speaking to that motion senator has the floor thank you madam president madam president the governor's amendments recommended by the secretary of public safety and homeland security clarify that that participants in the work group have experience in gun violence prevention and community safety.

[01:48:50] The governor supports this work group to develop policy and legislative recommendations to establish the Virginia Gun Violence Prevention Center. These clarifying amendments would ensure that participants in the work group have the experience and background necessary to be great contributors to determining how we can prevent gun violence in Virginia.

[01:49:12] - The question is, shall the governor's recommendations Senate Bill 364 be agreed to. All in favor of that motion will record their votes aye, those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to Senate bill 388 the senior senator from Fairfax from Prince William

[01:49:49] thank you madam president move the adoption of the governor's recommendations and speaking to the motion senator has the floor thank you madam president so the governor provided 13 amendments to the faith and housing bill it provides I think a little bit more stricter view in many areas some of the amendments more technical some of them are limiting in in terms of providing localities a little bit more clarity in terms of use.

[01:50:14] It also narrows the types of buildings that can be used as a comparison for allowable density or building height, ensures that the projects are receiving by right permission through this process or subject to taxes, allows the localities to increase densities in certain areas if they choose to, and clarifies both the utility and environmental review requirements, and moves the adoption of the recommendations.

[01:50:34] The question is, shall the governor's recommendations to Senate Bill 388 be agreed to. All in favor of that motion will record their votes aye. Those opposed, no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote?

[01:50:51] The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to. Senate Bill 398. The senior senator from Loudoun. Thank you, Madam President.

[01:51:07] Madam President, I move that we adopt governor's recommendations and speaking to that motion. Senator has the floor. Thank you, Madam President. The governor had two amendments to this bill. This is the Virginia birth-related neurological injury bill that seeks to put some guardrails around that program. We've seen several issues with the program over the years, and the fund is meant to protect and take care of families that have terrible and traumatic injuries that happen to children in the birthing process, madam president and the governor's amendments does two things it adds in the attorney general in the office of the governor to review those potential settlements and it removes the trail treble damages provision from the bill

[01:51:45] and say madam president with that explanation I move we accept the governor's amendments the question is shall the governor's recommendations for Senate bill 398 be agreed to as many as are in favor of that motion will record their votes aye, those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 39, noes 0. Ayes 39, noes 0. The governor's recommendations are

[01:52:24] agreed to. Senate bill 443. The senior senator from Prince William. Thank you madam president. Move the adoption of the governor's recommendations and speaking to the motion. Senator has the floor. Thank you madam president. As And so the governor's recommendations touched on a number of different areas, but what it changes in the bill regarding siding of batteries in approved solar projects is it does require the developer or host locality to attempt to negotiate a siding agreement, which is previously carved out of the bill.

[01:53:01] It includes essentially a right siding in the storage. So if you have a 10 megawatt solar facility, it can't exceed the existing megawatt in terms battery storage so it's sort of a one-to-one in these amendments so if you had some concerns these amendments and recommendations limit the bill more and provides a little bit more I think control to localities and those are the essential recommendations as well as some technical amendments to this but it does provide I think a little bit more control to localities in process and move the adoption of the recommendations the question is shall the governor's

[01:53:40] recommendations to senate bill 443 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll i was 24 nos 15. ayes 24 nos 15. the governor's recommendations are agreed to senate bill 490 senator from western henrico thank you madame president madame president i move that the governor's recommendations to senate bill 490 be

[01:54:20] agreed to in speaking to that senator has the floor thank you madame president uh madame president members of the body this is the revolving fund this is probably the number one bill we will we will pass this year to increase housing supply throughout the course of this legislation we've kind of had a do we put it in the housing trust fund do we not conversation so it's been in the housing trust fund it went out of the housing trust fund and went back into the housing trust fund and now it's coming out of the housing trust fund and uh we're gonna we're gonna create a separate fund essentially and advocate for separate money through the budget and so uh once again this is

[01:54:58] taking it out of the housing trust fund creating a separate fund and I would ask that we agree to that the question is shall the governor's recommendations to Senate bill 490 be agreed to as many as are in favor of that motion will record their votes aye those opposed no are the senators ready to vote all the senators voted do any senators desire to change their vote the clerk will close the roll. Ayes 39, no zero. Ayes 39, no zero. The governor's recommendations are agreed to.

[01:55:34] Senate Bill 508. Senator from Western Henrico. Thank you, Madam President. Madam President, I move that the governor's recommendation to Senate Bill 508 be agreed to in speaking to that. Senator has the floor. Thank you, Madam President. Madam President, members of the body, this adds two words in two places. It adds the words up to in front of 100 megawatts and 500 megawatts for the two utilities. This was the intent of the legislation and as it went back and forth over time it was accidentally dropped out and so this is to clarify the original intent

[01:56:11] and once again we're adding the words quote up to unquote and I ask that we agree. The question is shall the governor's recommendations to Senate Bill 508 be agreed to? As many as are in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 22, noes 16, rule 36-1.

[01:56:47] Ayes 22, noes 16, rule 36-1, the governor's recommendations are agreed to. Senate bill 518. The junior senator from Virginia Beach. Thank you, Madam President.

[01:57:03] I move that the governor's recommendation be agreed to, speaking to that motion. Senator has the floor. Thank you, Madam President. The governor's amendments, nature of a substitute just requires that the surveys for prevailing prevailing wage be moved every three years instead of every two years. It removes the penalty on employers of $500 per day each individual is paid less than the prevailing wage rate. It removes the requirement placed on employers who submit payroll records in

[01:57:36] 10 days after payment of wages and associated violations. The governor's substitute also changes the date by which the commissioner shall effectuate uh regulations from january 1 28 to july 20 to july 1st 2027 and requires the commissioner to require work groups review logistics for establishing a certified payroll reporting portal and database for use by employers and to submit a report of the work group's finding to the general assembly by july 1 2027.

[01:58:14] um and with that i move that we agree to the governor's recommendations the question is shall the governor's recommendations to Senate Bill 518 be agreed to. As many as are in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted. Do any senators desire to change their vote? The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to. Senate Bill 536. Senator from

[01:58:53] Rockingham. Madam President I move that the governor's recommendations be adopted speaking to that. Senator has the floor. This was the minor change the medical malpractice cap bill that turned into a disclosure bill at the end of session. You may remember at the very end of session when the conference report was presented I told you that we were going to request some changes from the governor these reflect some of those changes it does couple of things one it includes some technical changes like substituting medical care

[01:59:30] facility for hospital or a health system but second it provides for disclosures from health care providers to state corporation commission bureau of insurance as opposed to the chairs of the respective courts committees in the House in the Senate and it changes the timetable for making those disclosures giving health care providers an additional 30 days in year one it's not going to change the date by which the State Corporation Commission generates a report to what the legislature so with that I would request the adoption of

[02:00:06] the governor's recommendations the question is shall the governor's recommendations to Senate bill 536 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll eyes 37 knows two

[02:00:35] eyes 37 knows two the governor's recommendations are agreed to senate bill 543 senator from eastern henrico madam president i move the governor's recommendations to senate bill 543 be agreed to and speaking to that motion the senator has the floor thank you madam president um there were some additions made to senate bill 543 which is relative to the enforcement of cannabis and hemp products in the governor's amendments we create a civil action pursuant to the virginia fraud

[02:01:13] against taxpayer taxpayers act for the unlicensed sale of products that have thc levels that are higher than the packaging speaks to. There are also some changes that speak to the administration of the tip line. And further, there is technical changes that clarify that the requirement for a decal for retail establishments also includes micro businesses, pharmaceutical processors, and any entity's dispensing facility that might also sell certain types of paraphernalia.

[02:01:48] The question is, shall the governor's recommendations to Senate Bill 543 be agreed to? All in favor of that motion will record their votes. Aye. Those opposed, no. Are the senators ready to vote?

[02:02:04] Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to.

[02:02:21] Senate Bill 550. The junior senator from Loudoun. Madam President, I move that the governor's recommendations to Senate Bill 550 be agreed to. I'm speaking to that motion. The senator has the floor. Thank you, Madam President. As a reminder, Senate Bill 550 is my legislation to standardize transparency and fairness for ride-share drivers on pay and account deactivations. The governor's amendment extends from five to seven days the timeline for the transportation network companies to remit,

[02:02:54] remaining driver earnings after deactivation and secondly provides tnc's greater flexibility to disaggregate data by type of service in the required weekly summary i urge my colleagues to accept the governor's amendments the question is shall the governor's recommendations to senate bill 550 be agreed

to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change

[02:03:27] their vote the clerk will close the roll eyes 39 no zero eyes 39 no zero the governor's recommendations are agreed to senate bill 582 the senator from central fairfax thank you madam president i move that the governor's recommendation be agreed to and speaking to that motion senator has the floor uh thank you madam president senate bill 583 uh the amendments to this bill aligns it with other bills related to elections and the new enactment clause clarifies that the general registrar shall review the provisional ballot form prior to the electoral board's

[02:04:06] determination if there are any material omissions the voter is then notified to cure it also provides for regulations regarding a uniform review period for all voter registration application and of course um in this amendment the uh enactment date was changed to july 4 i'm sorry january 1st 2027 so that elect has additional time as well with that i renew my motion that we agree to the recommendation the question is shall the governor's recommendations to senate bill 582

[02:04:40] be agreed to all in favor of that motion will record their votes aye those opposed no are the the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll as 21 nose 18 eyes 21 nose 18 the governor's recommendations are agreed to Senate bill 597 senator from Eastern Henrico thank you so much I'm madam president I move the governor's recommendation to Senate bill 597 be agreed to and speaking to that most senator has the floor thank you so much madam president and this

[02:05:20] legislation we swap out one change moving the power that the treasurer had to make a determination of whether someone intentionally can avoid paying their garnishment to now requiring that decision to be made by the court the question is shall the governor's recommendations to Senate bill 597 be agreed to all in favor of that motion will record their votes aye those opposed no, are the senators ready to vote? Have all the senators voted? Do any senators

[02:05:52] desire to change their vote? The clerk will close the roll. Ayes 39, noes 0. Ayes 39, noes 0. The governor's recommendations are agreed to. Senate bill 599. The junior senator from Loudoun. Thank you, Madam President. Madam President, I move that the governor's recommendations to Senate bill 599 be agreed to and speaking to that motion? Senator has the floor. Thank you, Madam President. Senate Bill 599 is one of the Joint Commission on Health Care's recommendations to address the fentanyl and opioid crisis. The

[02:06:28] governor's amendments reflect a recommendation from the Department of Criminal Justice Services to remove a three-year restriction on grant funding that would limit DCJS's flexibility to award extent or supplement grants.

[02:06:45] Flexibility they have previously used to support effective treatment and re-entry programs and made subsequent technical corrections. I ask that we accept the Governor's recommendations. The question is, shall the Governor's recommendations to Senate Bill 599 be agreed to? All in favor of that motion will record their votes aye. Those opposed no. Are the Senators ready to vote?

[02:07:10] All the senators voted do any senators desire to change their vote the clerk will close the roll. Ayes 39 no zero. Ayes 39 no zero the governor's recommendations are agreed to. Senate bill 620. Senator from Western Henrico. Thank you Madam President. Madam President I move that the governor's

recommendations to Senate bill 620 be agreed to in speaking to that. Senator has the floor. Thank you President members body this is the Vape Enforcement Act and there's a couple

[02:07:49] technical amendments but the one substantive thing is that the Attorney General's office flagged that the bill's current forfeiture language creates a implementation challenge because contraband vape products are not yet included in the existing statutory framework governing the streamlined forfeiture procedures because of this the enforcement would have been very burdensome especially with the amount of the volume of cases anticipated and so to address this the amendments explicitly include vape products within the established forfeiture framework mirroring existing provisions for contraband cigarettes so that seizures can be processed efficiently and

[02:08:25] consistently across product types so I would move that we accept these to make enforcement stronger the question is shall the governor's recommendations to Senate bill 620 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll as 37 nose to ice 37 nose to the governor's recommendations are agreed

[02:09:00] to Senate bill 648 the senior senator from Loudon thank you madam president madam president I move that we adopt the governor's recommendation and speaking to that motion senator has the floor thank you madam president madam This is Senate Bill 648. This is the bill that deals with some of the issues that we've been having up in the town of Percival in Loudoun County.

[02:09:19] The governor's amendments put an emergency clause on this bill, which means that the folks in Percival can get some relief from what's been going on up there sooner than July 1 if we pass it today, Madam President. In addition to that, the governor removed a portion of the bill that said if a person were suspended because of indictment or because of a recall, then their pay would be held in an account pending the outcome of those potentially two separate trials.

[02:09:51] And the governor's amendment said, no, they're still going to get paid pending the outcome. And so, Madam President, with that explanation, I'd move that we agree to the governor's amendments. The question is, shall the governor's recommendations to Senate Bill 648 be agreed to? All in favor of that motion will record their votes aye.

[02:10:09] those opposed know, are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll.

[02:10:26] Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to. Senate Bill 666. The junior senator from Loudoun.

[02:10:41] Thank you, Madam President. I move that the governor's recommendations to Senate Bill 666. We agreed to and speaking to that motion. Senator has the floor. Thank you Madam President. The governor's proposed amendment is in the nature of a substitute that preserves the bill's intent to improve reporting on local permitting and approval timelines but eliminates the proposed new section 36 dash 139.03 and incorporates the reporting framework and core provisions into the Department of Housing and Community Development's existing housing survey for localities to ease the implementation. The only substantive

[02:11:20] change is the removal of the requirement for localities to report square footage per housing unit which would be difficult for localities to reliably provide. I renew my motion that we accept the

governor's recommendations. The question is, shall the governor's recommendations to Senate Bill 666 be agreed to. As many as are in favor of that motion will record their votes aye.

[02:11:45] Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to. Senate Bill 706. The junior senator from Loudoun. Thank you, Madam President. Madam President, move that the governor's recommendation to senate bill 706 be agreed to and speaking to that motion

[02:12:22] senator has the floor thank you madam president senate bill 706 is also one of the joint commission on healthcare's recommendation to address the fentanyl and opioid crisis the governor's proposed substitute confirms the bill with the bill confirms this bill with house bill 1063 reflecting DLS recommendations to align committee terminology and update quarterly report recipients. I renew my motion that we accept the governor's recommendation and the substitute. The question is, shall the governor's recommendations to Senate Bill 706 be agreed to? All in favor of that motion will record their votes aye.

[02:13:02] Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote. The clerk will close the roll. Ayes 39, no zero. Ayes 39, no zero. The governor's recommendations are agreed to. Senate bill 727. The senator from Richmond City. Thank you madam president. I move that we adopt the governor's recommendation and speaking to the recommendation. The senator has the floor. Thank you madam president. The the governor's

[02:13:38] substitute simply brings into alignment HB 217 and SB 49 or SB 727 the amendment just repair some inconsistencies in between or between the House and the Senate version of the bills and brings in line one basic striking of an exception that was given to security guards it removed that exemption and so with that I renew the motion to accept the governor's recommendation. The question is, shall the governor's recommendations to Senate

[02:14:18] Bill 727 be agreed to? All in favor of that motion will record their votes aye, those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote. The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to. Senate Bill 731. Senator from Central Fairfax. Thank you, Madam President. I move that the governor's recommendation to Senate Bill 731 be agreed to and speaking to

[02:14:56] that motion. Senator has the floor. Thank you, Madam President. This bill relates to uh the private companies providing public transportation services and of course the benefits what the governor has done is the bill creates a working work group to work through some of the implementation questions that were raised during session by local governments and the amendment puts a reenactment clause on the wage protections while allowing the work group study portion to continue so that they can come back with additional recommendation so that when this gets reenacted those will be taken into consideration and with that I ask that

[02:15:36] we accept the governor's recommendation the question is shall the governor's recommendations to Senate bill 731 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to. Senate bill 749. Senator from Central Fairfax. Madam

[02:16:12] President, I move that the governor's recommendation go by for the day. The question is, shall the governor's recommendations to Senate bill 749 go by for the day? All in favor of that motion will say aye. Those opposed, no. The ayes have it the governor's recommendations to Senate bill 749 will go by for seeing at least eight hands this will be a recorded vote the question is shall the

[02:16:48] governor's recommendations to Senate bill 749 go by for the day all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll eyes 21 nose 18 eyes 21 nose 18 the governor's recommendations go by for the

[02:17:20] day senate bill 767 senator from prince edward thank you madam president i move the governor's recommendations be accepted and speaking of that senator has the floor madam president sb 767 is consumer protection bill the governor's recommendations don't remove any of the protections at all it just clarifies the entity responsible for enforcement is the Office of the Attorney General and I renew my motion that we accept the question is shall the governor's recommendations to Senate bill 767 be

[02:17:57] agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any any senators desire to change their vote. The clerk will close the roll. Ayes 38, noes 0. Ayes 38, noes 0. The governor's recommendations are agreed to. Senate Bill 783. Senator from Central Fairfax. Madam President, I move that the

[02:18:34] governor's recommendation be agreed to and speaking to that motion. Senator has the floor. Thank you, Madam President. This bill that puts the requirement on 287g in order for our state and local law enforcement to enter into these agreements. The amendment from the governor was made to a section that was to ensure that law enforcement is able to act on valid detainers issued by ICE for people held in police custody which was consistent with our intention in the added section and with that explanation I ask that we agree to the governor's recommendation. The question is shall the governor's recommendations to Senate

[02:19:12] Bill 783 be agreed to. All in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll.

[02:19:30] One, no's 18. Ayes 21, no's 18. The governor's recommendations are agreed to. Senate Bill 803. Senator from Charlottesville. Madam President, I move that the governor's recommendation be agreed to and I'd like to speak to that.

[02:19:46] Senator has the floor. Madam President, ladies and gentlemen of the Senate, this bill is a simple Section 1 bill that directed the Virginia Fair Housing Board make some policy or make some regulations.

[02:20:03] The governor's amendment is a recommendation of the DLS and is simply technical. It cuts the real estate board into the action as well. So I'll reiterate my motion that I pat. be agreed to the question is shall the governor's recommendations to Senate Bill 803 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll I was 22

[02:20:42] no 17 eyes 22 no 17 the governor's recommendations are agreed to returning to page four, Senate Bill 83.

[02:20:59] Senator from Central Fairfax. Thank you, Madam President. Could that recommendation from the Governor go by for the day? The question is, shall the recommendation by the Governor for Senate Bill 83 go by for the day?

[02:21:15] All in favor of that motion, we'll say aye. Aye. Those opposed, no. The ayes have it. The recommendation for Senate Bill 83 goes by for the day. Senate bills vetoed by the governor.

[02:21:31] Madam President. Senator from? Roanoke. Roanoke. Before we move to that block of bills the governor vetoed that passed the two democratic chambers, I'd like us to go back to page 21.

[02:21:49] And having voted on the prevailing side by which we adopted the governor's amendment to Senate Bill 361, I'd ask we reconsider that vote so it can pass by a larger margin. Thank you.

[02:22:04] Returning to Page 21, Senate Bill 361, the question is: Shall the vote by which the Senate adopted the recommendations from the Governor for Senate Bill 361 be reconsidered?

[02:22:28] All in favor of that motion will record their votes, aye, those opposed, no. Are the Senators ready to vote? Have all the Senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 39, no zero.

[02:22:45] Ayes 39, no zero. The motion is agreed to. Senator from Eastern, Prince William. Thank you, Madam President. Having previously spoke on the bill, we ask that you accept the governor's recommendation.

[02:23:04] The governor's amendment was recommended by the Secretary of Health and Human Resources. does is clarify that the exceptions included in the affordable care act are also applied to state regulated plans the question is shall the governor's recommendations to senate bill 361 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote

[02:23:36] the clerk will close the roll. Ayes 24, noes 15. Ayes 24, noes 15. The governor's recommendations are agreed to. Senate bills vetoed by the governor. Senate bill 17. Senator from eastern Fairfax.

[02:24:03] Madam President, I move that the senate bills with governor's vetoes be placed in the block with the understanding that any senator's desiring a bill be removed from the block. The clerk has read the number of the bill. The question is, shall the senate bills with the the governor's vetoes be placed in a block with the understanding that any senator desiring a bill be removed from the block will do so after the clerk has read the number of the bill all in favor of that motion will say aye those opposed no the ayes have it the motion is agreed to the bills are now before us

[02:24:40] in the block the clerk will read the number of the bills Senate bill 17 Senate bill 23, Senate bill 661, Senate bill 756, Senate bill 764. Madam president. Senator from Franklin County. Yes, madam president, thank you. May Senate bill 764 come out of the block, please. Without objection, Senate bill 764 is out of the

[02:25:12] block. Senator from Eastern Fairfax. Thank you, madam president. I'd move that

[02:25:22] the bills in the block go by for the day. Senate will be at ease. The Senate will

[02:26:38] return to order. The question is, Senator from Roanoke. Thank you, Madam President. Speaking to the motion. Senator has the floor. Thank you, Madam President. At the very start of this block is legislation I carried this year that was so controversial, only 79 of the 86 Democrats in the General Assembly voted for it, and it only updated existing law that had been in effect for multiple decades and I never heard once heard from the governor until they were

[02:27:15] calling to say that they were vetoing the bill so I look forward to talking with her about it next between now and next year and see if she can support the same sort of policy that 79 of 86 Democrats in the General Assembly did thank you madam president the question is the question is shall the Senate bills vetoed by the governor that is all bills on page 34 through 35 except for Senate

[02:27:51] bill through 36 except for Senate bill 764 on page 36. Madam President can we pull senator has the floor thank you madam president can we pull 661 and 756 out of the block can senator repeat those bills 756 can we pull 661 756 out of the block. Pages 35 and 36. Without objection, Senate Bill 661 and Senate Bill 756 are out of the

[02:28:24] block. The motion is, shall Senate Bill 17 and Senate Bill 23 be passed by for the day? All in favor of that motion, we'll say aye. Those opposed, no. The ayes have it. Senate Bill 17 and Senate

[02:28:50] bill 23 go by for the day. The chair recognizes the junior senator from Virginia Beach. Senator from eastern Fairfax. Thank you madam president. Madam president I would ask that we recess for 10

[02:29:24] minutes. Without objection the senate will be in recess for 10 minutes. The senate will return to

[03:01:29] order. On page 35, senate bill 661. The junior senator from Virginia Beach. Thank you madam President, I know there are members who are wished to speak to this piece of legislation and I want to yield the floor to them before making a motion for it to go by for the day. Senator, I don't have anyone in my queue. Yes, I do now. Senator from Franklin County. Thank you,

[03:02:08] Madam President. Speaking to Senate Bill 661 in its current form of haitus. Senator has the floor. thank you madam president members of the body uh as you know i have represented uh many people in the skill game industry corporations but most importantly i just want to make sure that you all understand that recently i've been representing people who own small businesses who have been in and it's strange because most of these prosecutions are happening in the areas of where we find some of these uh casinos and and those that have uh gambling offered but there have been charges

[03:02:43] levied misdemeanor charges felony charges listed against good Virginians who own small businesses who work 14 hours 16 hours a day have their family in the in the business trying to make a living and in its current form ladies and gentlemen what we have is a law if you remember I was able to get an injunction that stopped the skill game ban and one year here when the budget came back there was then language put in the budget that they thought whoever put it in at the time would then end skill games in the Commonwealth of Virginia but the way they

[03:03:20] wrote it was not only vague but unenforceable and I don't say that just as a lawyer who has that opinion I have gone before courts which have agreed with me that the law is currently written is vague and unenforceable and then under what we call the rule of lenity our Virginians who are charged with crimes have a right to understand what they're charged with and the elements that can convict them. That is a constitutional protection. And what we've seen is that when

[03:03:54] you apply the law, because if you read the law right now, 18.2.3.25, you read it, it says that a skill game is a game where predominantly the player's skill determines the outcome, not a game of chance. And then it is illegal if you put a coin, token, something of tangible value into the machine itself to operate and activate it to play. Current games where my clients have been charged with misdemeanors that could send them to jail, ruin their business, take away their ABC license to steal beer and wine off-premises, have

[03:04:31] been charged with this when they have games on their premises that are games that do not require the insertion of any coin, thing of value, money, or tangible object in order to activate or play. Which then demonstrates that the games that they have are not illegal skill games or illegal gambling devices. They're are plenty of illegal gambling devices out there, games of chance that are out there.

[03:04:55] But the ones that my clients have been charged with are skill games, predominant skill of the player, that are non-insertion games that do not require that putting of the coin or that money into the machine itself, the physical machine, in order to make a play. In courts, and I've sat next to co-councils who have been with me in courts across the Commonwealth of Virginia now,

[03:05:22] and one just most recently, Monday, found, and the Commonwealth eventually and ultimately agreed that the games that they were being prosecuted for having, possessing, activating, and operating were in fact legal.

[03:05:38] So many defendants, many, no, many small business owners who have been turned into defendants are suffering under the current law and being prosecuted. And quite frankly, they're being prosecuted in justification from the prosecution is simply this.

[03:05:59] That our former Attorney General wrote a memorandum that said it was so. Which I completely and utterly, Madam President, disagree with. People's liberty and livelihoods are at stake unless we do something about this.

[03:06:16] And the junior senator from Virginia Beach has worked very, very hard to put together a piece of legislation that is both tax regulation and cleans up the industry of the illegal games. while allowing small businesses in limited roles to participate in the gaming industry that we created when we allowed casinos, it started with sports betting, fantasy betting, and we've just opened the door.

[03:06:47] We've opened the door to people outside the Commonwealth of Virginia to come in and take citizens of the Commonwealth of Virginia's money and not allowed our small businesses to participate in the gaming industry. Ladies and gentlemen and Madam President, I submit to you that that is wrong.

[03:07:03] It is not right. It is not just, and if I may say, while we've been passing the junior senator from Virginia Beach's fine regulatory and taxation bill, it's gotten vetoed by a governor and vetoed by a governor.

[03:07:19] And you know what we've done? We've not only put these small business owners in peril for the freedom and their liberty and their jobs and their businesses, but we've also missed out on $1.9 billion, with a B, dollars in tax revenue.

[03:07:38] And from my point of view, that is something that we're not just harming the Virginians who have these small convenience stores and operate these things or have a restaurant or have a truck stop. We're also harming the Commonwealth of Virginia. What we could do to modernize our schools, to take care of our localities, to take care of law enforcement.

[03:07:58] And as long as I continue to go to court and defend these small business owners, then court after court after court will agree with me that in its current form, skill games, as written are legal. So why don't we clean this up? Why don't we take the very good bill that the junior senator from Virginia Beach has worked so very hard on and pass it? Because we're harming Virginians and we're taking money out of our revenues that we need so desperately. I have a way to fix the budget impasse.

[03:08:36] Would you like to hear it? Pass this bill notwithstanding the veto of the governor. I think Virginians deserve it. They're here. This will clean up the marketplaces will tax and regulate it will do everything that we need to do and it will close the budget loophole thank you madam president the chair recognizes the senator from Lynchburg not present not Ross to see if the senator from Franklin County will respond Ross for a question well the senator from Franklin County yield my president he sits right in front of me

[03:09:15] he could have turned around and asked I am a perfect senator from Lynchburg I - I am perplexed, Senator. You said during this deal, this whole deal-- - Senator will address comments through the chair. - I will address the question.

[03:09:32] He said when he talked about the money or tokens or anything of value that there is no insertion, but then he says that there'd be $1.9 billion in tax revenue. I am perplexed as to where the $1.9 billion comes from.

[03:09:51] Is this immaculate conception through skill games? Senator from Franklin County. Madam President, I'd answer the gentleman by saying, if you'd read the code section, he would say that a skill game can be operated, if it's operated with the insertion of money into the machine itself, it is an illegal skill game.

[03:10:13] However, if it is not, in order to activate the game, money does not go into the machine, then it is not an illegal skill game. One does use money, but it is not inserted into the machine.

[03:10:29] And again, that is what my point is. The people that wrote that bill to try to overcome my injunction in the Sadler case were basically trying to get around something because it's a very complex issue. And that was because there are a lot of young men and women that play iGaming, play sports gaming, Madden.

[03:10:49] And they weren't trying to make that illegal. And skilled games themselves have been in the Commonwealth of Virginia since the beginning of time, man versus machine, man versus horse, man versus man, woman versus man, woman versus woman, all the time we have had skill games. And this game has been found that is now here in Virginia, one type, a non-insertion game to be compliant with the law. Well, let's clean it up and let's collect the taxes from it and let's get it done. Thank you,

[03:11:24] President. Does the Senator from Lynchburg wish to speak again? The junior senator from Virginia Beach. Thank you, Madam President. Foreman knew my motion that this bill go by for today. I'd like to speak to it. Senator has the floor.

[03:11:48] Thank you, Madam President. The veto of this bill, SB 661, came at a total surprise. As you all know, we worked in a bipartisan manner to get this bill to the place that it is now. It is the strongest enforcement bill we have, not only to regulate skill games, but to support small businesses, support our localities, and also support law enforcement who have to go out and try to get rid of an illicit market where over 90,000

[03:12:22] illegal games are out there right now. This bill sought to regulate these skill games and to bring that in all the way down to 25,000 games while bringing in hundreds of millions of dollars to our Commonwealth. That's money right now. We're in our taxing that we're missing when we're trying to find and fill gaps in our budget. And so this to me is very, very simple. I know it's a complex issue, but as a Virginian, someone a native of this fine Commonwealth, to me, to allow out-of-state

[03:12:58] corporations like Casino to come in Virginia and not support for homegrown Virginia businesses, small businesses, not give them the opportunity to level the playing field, it's just a true misstep. And so this veto did come as a surprise. I didn't receive any communication throughout the entire 60 days as well. And that's something where I think we can definitely be better at. As a member of the finance committee, we met a week ago and it was asked if this bill

[03:13:33] was vetoed and hundreds of million dollars came off the table reducing our budget especially in the house in the senate now what is that money going to be replaced with and the administration had no answer and so when we're facing uh 2.1 believe it was 2.1 billion to 2.6 billion dollar deficit when it comes to snap and medicaid beginning of january 2027 um we have some really big shoes to fill. And so this revenue generating bill sought to do that. It sought to

[03:14:09] rein in an illicit market. It sought to give small businesses a fighting chance in this economy, in this economy. In fact, I just read a story a nice long ago that said a major change such as 7-Eleven is closing doors. A lot of their doors and business owners are closing. A lot of small business owners' doors are closing because they're having a hard time keeping their doors open.

[03:14:33] And so I sincerely want to thank the bipartisan effort that we worked on this bill to get it where it is and get it to the governor's desk. Unfortunately, we'll try, try, and try again.

[03:14:53] So with that, I move that the bill go by for the day. The question is, shall Senate Bill 661 be passed by for the day? All in favor of that motion will say aye. Those opposed, no. The ayes have it. Senate Bill 661 goes by for the day.

[03:15:21] Senator from Eastern Fairfax. Thank you, Madam President. I ask if this bill go by for the day. The question is, shall Senate Bill 756 go by for the day?

[03:15:43] All in favor of that motion will say aye. Aye. Those opposed, no. The ayes have it. Senate Bill 756 goes by for the day. Senate Bill 764. senator from franklin county thank you madam president i now move that we pass that bill 764 notwithstanding the veto of the governor and speaking today senator has the floor thank you madam president i've been here now 16 sessions it's been an honor and a privilege to be here and and one of the things that has never happened until recently was i never had a veto

[03:16:23] of any of my bills and um when i got the call from an assistant to the governor certainly kind of laughed because i thought wait a minute this bill actually seems non-partisan what could be the reason she said to me the governor's taking drastic action on your bill i think oh that sounds like an amendment well it's in the form of a veto that's pretty drastic but ladies and gentlemen if you recall the bill that we passed overwhelmingly here in the senate it is actually it's addressing a need that we need to have in when it comes to our judicial system see before 2015 2015 2016 we

[03:17:02] had the ability we allowed our judges to have the discretion when they saw a case and all cases are unique when they came before the court that they could look at the defendant and maybe the prosecutor and prosecution didn't agree but the defense attorney could ask for a certain disposition

something not that throws away the case but makes that defended who may be a first-time offender who may be under a certain disability to have the opportunity to prove to the court and to society and community that they weren't what they were charged with, and that if they perform certain duties in the form of a DUI, so it's

[03:17:39] an 08, 07, something slight, that they could go through the program of ASAP, they could do community service, they could do whatever the court ordered them to do based on the court's discretion, and then at the end, the charge would be reduced perhaps to reckless or maybe even dismissed.

[03:17:58] It happens in rare cases, but what it does, and this bill tries to do, is acknowledge what we had in our court system until 2015 when the Commonwealth versus Hernandez case came out. I say that because you know I had a client, a young man who decided he was gonna buy a lot of marijuana for his friends at college, was driving through Franklin County, saw the sign to the Bojangles, decided he had the munchies, pulled over, went inside, got himself some Bojangles, got back to his car, and he had locked himself out of his car. He had

[03:18:33] locked his keys in his car. So what does the young man do? He calls the police. He called the cops to come slim-jim his car. And of course, they open it up and they smell a little marijuana. He goes, oh yeah, and I got a lot of it back here in my knapsack. In fact, the court named this the Munchies case. And the court took it under itself to say, okay, young man, if you want to clear yourself, because it's a felony with the amount of marijuana that he had. He said, do you want to take the felony? I'm standing

[03:19:12] next to him and you can leave with your lawyer today and serve a day in jail or do you want to spin the wheel? And he said, I want to do whatever it takes to clear myself of this. And the judge said, okay. So he threw him in jail for almost six months, put him on a work detail, made him jump through all these flaming hoops. And by the time we came back for the sentencing, the judge,

[03:19:39] Commonwealth said you can't do this under Hernandez. You don't have the discretion to take this under advisement and reduce it unless the legislature gives you that ability. So there is now a young man who's now 30 something years old, has a child and a felony conviction when he was promised, when he was deprived of liberty and promised by the court, if you do everything I tell you to do, you will not be stuck with a felony, either a misdemeanor or a dismissal.

[03:20:06] The court was even upset and on appeal sent in a letter saying that he wanted to do this but felt like he couldn't do it. The Supreme Court, and don't get me started, said, sorry, Hernandez says, unless the legislature allows you to do it, to have that discretion, you can't do it.

[03:20:25] And they stuck him with the felony. And I actually heard from a Supreme Court justice who leaned in and said, well, why don't you just ask him for a pardon? Because that's not how the judicial system works. Ladies and gentlemen, Madam President, we appoint judges that are vetted by us and our local bars. We put them on the bench because we know that they are good lawyers, men and women, and you know what?

[03:20:48] They make decisions, and each case that comes before them is unique. Many times, there are Commonwealth's attorneys who run on tough-on-crime. I will not break down any charges. I will not hand out, and I've got, I know them, I could list them right now.

[03:21:03] I will not give plea agreements. I will not break down the DUI on an 08 or 07. So you have to try the case and maybe, usually you win, I win. But what does that teach the defendant when actually we can

engage them with the system itself and at the end, if they jump through those hoops like that young man did, they would be rewarded and returned to our community having served what was to get from point A to point B without a permanent mark on their record.

[03:21:33] I hear all the time, Madam President, my friends on the other side of the aisle saying, we don't want to get these people in trouble. We don't want to do this. We want our court system to be rehabilitative, restorative, to temper justice with mercy.

[03:21:49] And I agree as a criminal defense attorney. And what this bill simply did, Madam President, was it said that the legislature trusts the people we appoint to the bench in our various districts, in the circuit courts, we trust them to look at every case individually.

[03:22:07] And even though you might have Mr. Tough-On Crime Commonwealth Attorney who is not going to break down any of the charge, that the court, upon a motion of the defense counsel, can look at that case and if it feels, based on the totality of the circumstances and facts, that this person deserves a second chance.

[03:22:27] And this is what this bill did. It returned the ability of discretion on a case-by-case basis to the judges where it belongs. Because think about it this way, when we talk about the scales of justice, they are equal, are they not?

[03:22:45] But when a prosecutor says, I will not break this down ever, ever, ever because I need to get reelected, and this is my tough-on-crime stance that gets me reelected, then what we've done is we've tilted those scales in a manner which they should not be tilted.

[03:23:03] I know there are lawyers that I've practiced with, some, the senator from Eastern Fairfax, since the very beginning of our law practice, where it depended on the courthouse as to whether you could be reasonable with the commonwealth's attorney, even in Northern Virginia at the time, or you could go straight to the judge and ask. And most times the judges said no, but at least you had that part of impartial justice that was balanced and not run by the commonwealth's attorney's offices. So Madam President, I didn't know what I was going to do about this. I was going to pass it by. But you know, when I started thinking about

[03:23:41] this because I've even had people from my party on the other side of this building sit there and say the soft on crime bill got passed today. And that's ignorant, Madam President, because that's not what this is. This is about justice and fairness and equality. And that's what this bill tried to accomplish. And I'm proud that I worked on it with the senator from Eastern Fairfax. And so while I should go away, I will not, not quietly at all, into that good night. So I ask again and renew my motion that notwithstanding the veto of the governor that we do something that

[03:24:20] protects the individual defendants it was overwhelmingly passed in this body and in the other I hope that we think of this in the same way and let's put politics aside I'm a Republican working with Democrat this is about ruling what's right in our courts of law thank you madam president the chair recognizes the senator from orange thank you madam president speaking to the bill senator has the floor not because this might surprise many in the chamber but I'm going to ask that we override the governor's veto, and here's why.

[03:24:59] Most of you know that I work with the veterans all the time, and for about three years, we tried to get very similar legislation passed for the Veterans Treatment Court that go through that process of 18

months only to find out they can't get their driver's license back because it's an administrative rule.

[03:25:17] So this chamber voted unanimously after the delegate Bell left, who was the Alamo over in the House to pass the bill and so now if you go through the veterans treatment docket you have that opportunity that the senator from Franklin is talking about in general if you go through the veterans treatment court and I want to thank this chamber this body for allowing us to do that because these folks work very very hard I do believe if you made a promise you should fulfill that promise unlike what happened to my seatmate's client and so I would ask you know I know it's political or anything else but I think it's a good bill I wouldn't stand up if I didn't I am not

[03:25:57] somebody who is soft on crime but I do believe in second chances and if somebody's willing to put in the effort to make their lives better they should be able to have that opportunity thank you madam president the senator from Eastern Fairfax thank you madam president speak to the motion senator has the floor thank you madam president I appreciate the senator from Franklin County's thoughts about this and appreciate him carrying it this year this is a conversation that actually I started back in 2020 in the special session that year and that year I carried a bill that was even more

[03:26:34] aggressive than this one they basically said that a judge could overrule or a judge could defer and dismiss a charge for anything anything any crime this bill is much narrower this bill says that if an offense cannot be sealed then then a judge doesn't have that discretion, which means violent crimes are out, sex crimes are out, most serious felonies are out.

[03:27:01] That bill that was more aggressive passed this chamber 30 to 6. There are only two people here left who voted no, according to the LIS I'm looking at right here.

[03:27:17] Now, there was three other people that didn't seem to vote. But in terms of the no's, no, you're close. McDougal's won, yes, but... But point being, Madam President, this bill is not some super aggressive criminal justice reform bill.

[03:27:42] It's a bill that inserts some fairness into the system. And I was very disappointed when the governor vetoed it, especially without any dialogue or conversation about it, because all it does is restores the law for a narrow subset of cases to what it was before 2014 when the Supreme Court changed what a lot of us thought the law already was and so I would hope we could continue this conversation move it along I'm not sure the house is gonna do with it but that's not my problem and I would hope we could pass we could override on this because it's not this this bill is not it's not it's not a big it's not a big

[03:28:22] step and it inserts some fairness back to the process the chair recognizes the senator from king george thank you madam president speaking to the motion senator has the floor um thank you madam president when i was a young lawyer this was standard practice and i i just thought people need to to hear that and oftentimes you would have a client who what i would call suffered an indiscretion and the DUI laws are very complicated and people think oh as long as I'm under a 0.08 I'm okay and I can have two or three glasses of wine or one

[03:29:02] glass of wine at dinner that's not true the law is more about how you react how you do on your field tests and things like that and it's relatively complicated and so you see honest good people who have an indiscretion and years ago we We could go in, we could talk to the court about that, and the judge would listen.

[03:29:26] And I've had cases where the judge said, "Okay, I'm going to let you keep your record clean because if you're convicted of it, it costs you thousands and thousands of dollars going forward for a long period of time on your driving record. Some estimate $10,000, $20,000 just in insurance alone."

[03:29:45] And nobody ... I mean, this is just for the act of driving and you being stopped. I've had judges make people go and talk to school children about the ills of driving while drinking.

[03:30:03] And the impacts that we heard on those school children were incredible. We got reports back on that. And so that's just one example of good that can come out of these situations if you give the judge discretion.

[03:30:18] And what this bill really does, it removes a prosecutor's veto. That's what it does. Right now, a prosecutor can stand up and say, "No, judge, you can't consider taking this case under advisement."

[03:30:35] And what this bill does is it removes that veto power from the judge, from the Kamas attorney, and it allows the judge to hear it, hear the evidence, consider it on a fact-by-fact basis, case-by-case basis, and hopefully render his own decision.

[03:30:54] And oftentimes I will tell you, when the judge gives people a chance to clear their record, you never see them again. They learn from that experience. And I think we need to continue to give those folks an opportunity like we used to, and I hope we can support this motion.

[03:31:16] Senator from Western Prince William. Thank you, Madam President. Madam President, will the Senator from Franklin yield for a question? Will the Senator from Franklin yield? Yes, Madam President, I will yield. Senator from Prince William. Thank you, Madam President. Madam President, I asked the Senator where the ideological consistency is on dealing with this issue, the way that the debate has unfolded today versus when, say, we were giving discretion about principals being able to have to report to police if an autistic student, for example, was involved with an altercation in school and we had debates that came through

[03:31:55] both chambers. And some of us had happy little mail pieces that were sent to our districts saying what horrible, soft-on-crime people we were for supporting discretion that came from the principal about whether to have a student who is neurodivergent be required to be turned over to police. And yet, what we're looking at right now is something where we are giving discretion to judges about whether or not something as severe as a DUI should go forward to the maximum extent

[03:32:34] of the law. And I asked that, Madam President, recognizing I voted with most of the rest of the Senate on this as we were going about it, but at the same time, the argument that I'm hearing today, Madam President, I would say to the Senator, is not necessarily consistent with the way that the politics of this body have worked over the last few years.

[03:32:55] Senator from Franklin County. Madam President, I'd answer the gentlelady by saying I think in many ways what we're talking about in this bill is our judiciary system, not a school system. We're talking about a judiciary system where police have investigated or made an arrest, brought a warrant to the magistrate, start the process, the commonwealth's attorney has it, a defense lawyer is engaged, the defense lawyer receives discovery, facts are developed to the case.

[03:33:26] At the time when the case matures and is ripe for trial, then what we have is the ability of the fact finder, not the person that reports the crime, but the fact finder who makes the determinations of

guilt or innocence and something tempering justice with mercy in terms of a disposition.

[03:33:46] So I think those differences are there. That sounds like a debate on another topic, which I believe I supported at the time, and I have some of my friends on this side of the aisle that recall the same. But when we're talking about restoring discretion to the court that it had up until the year 2015, when it's dealing with freedom, liberty issues, whether a person can keep a job or not and feed his family or her family, then I think there is a distinction here when we talk about granting the discretion to court, judiciary personnel known as judges, compared to a principal.

[03:34:26] Thank you, Madam President. Madam President, speaking to the bill. Senator has the floor. Thank you, Madam President. Madam President, a few things. There are a number of members on this floor who have introduced a lot of bills throughout the year regarding discretion in the judiciary system.

[03:34:42] And we've watched members on the other side consistently vote against those bills time and time and time and time again. We very much have when we've been trying to make, when we've been trying to have our discretion, our restorative justice push, as we saw in 2020 and 2021.

[03:35:01] For example, we had members who had bills like this. Number two, again, Madam President, I would say to the Senator and to others that the bottom line of what we're trying to get across here about that discretion, we will hope is used for good.

[03:35:18] We will hope it is used for restorative justice. And I think that when you have a system in the case that the Senator explained, you can find someone who has suffered an injustice. And right now, that person is dealing with a really hard time because of something that probably there should have been discretion for the judge.

[03:35:40] But at the same time, there's a lot of other people who've done less severe things, who are serving a lot more time right now, where that discretion did not come up. And then the last thing, Madam President, on this is, is there equal application of the law with that discretion?

[03:35:59] Because that is not always equally applied based on someone coming in when a lot of people are able to get a slap on the wrist, even though they have an identical offense to someone else who looks different from them, who does a lot more time.

[03:36:15] Thank you, Madam President. The chair recognizes the senior senator from Prince William. Thank you, Madam President, speaking to the motion. Senator has the floor. Thank you, Madam President. know I hope that the body of remembers over time different things we've all dealt with a member under the previous governor's first year I had a bill that the governor approached me on state of good repair to help agriculture farmers go through bridges and making sure that those investments happen I struck the bill as a courtesy next year I brought it back and lessons of time teach us a little things about working with governors and different things that they

[03:36:54] might not be right on they might be right over time and it's about a conversation the next year I brought that back and our previous governor vetoed the bill even after working with the secretary in the office and then vetoed the bill after he had a last-minute amendment that i didn't agree with because we had already worked through this over two years and having great amount of patience and so you know it's one of those things that we might be passionate i was very passionate about that that time we did not override that veto even though it it impacted people's lives and livelihood to make sure that they had a bridge and logging bridge to get their goods to the mills right there's so many different impacts

[03:37:31] like that we've dealt with over years and so i would simply say there's perspective over years sometimes that even as we look and work through different things sometimes in working with different administrations over years we arrive at different conclusions and different outcomes despite our disappointments about vetoes and so i'd urge my colleagues to not support the motion thank you the chair recognizes the senator from arlington thank you madam president with the The Senator from Franklin, rise for a question.

[03:38:05] Will the Senator yield for a question? Yes, Madam President, I'll yield. Senator from Arlington. Thank you, Madam President. Wouldn't a Commonwealth attorney have some discretion in considering mitigating circumstances and making a recommendation to the judge?

[03:38:24] Senator from Franklin County. Madam President, I would answer the gentlelady by saying yes. But what we have found is that many of those Commonwealth attorneys determined for themselves or it's a policy in their office that they will not break down a charge no matter what the facts are and that what we're removing we're kind of we're placing human justice with walmart justice this is your one low low price this is the way it's going to be you can't negotiate it you can't change it because i need to get reelected is the posture that these commonwealth attorneys not all of them but some of them most a lot of them take i can tell you when they heard it was vetoed they

[03:39:03] were at the conference high-fiving each other it's not a good look and quite frankly madam president, I'd answer the gentlelady by saying that what we've seen is because politics enters the Commonwealth's attorney's office, like it enters the sheriff's office, like it enters these offices which we hold, that sometimes what you have is they put the marker down so that they can put out those brochures that say, I'm tough on crime, I put people in jail, I don't even think about their children that they have to care for. This should not be a partisan issue. What this

[03:39:39] should be, Madam President, is that the Commonwealth's attorney in this scenario can still say, Your Honor, I don't agree with that disposition. But as the Senator from Eastern Fairfax says, or even Prince George says, they don't have a veto. King George, sorry. King George, my apologies, Madam President. That's not a veto. They can make the argument. I can go to that judge right now and say, Judge, I think this is a proper disposition. Here's the person's life. Here's the man or woman's life. This is why we're asking for this disposition. These are some of the facts of the case which may

[03:40:15] warrant this disposition. And the Commonwealth is always then under this scenario to say, Your Honor, I disagree with Mr. Stanley's position. I disagree. And here's why. A, B, and C. And then after that, because we appoint them to sit on the bench and make these determinations, they, the judges, when taking all facts into account, then make a decision based on the person before them, not based on an algorithm, not based on a political policy of the Commonwealth's Attorney's Office, and they make the decision as we intended them to be able to do from the very beginning.

[03:40:53] That is a working judiciary. That is a fair judiciary, and we don't have rogue judges out there letting everybody go. We've not heard anything like that. If anything, when we're interviewing judges for reappointment, we get, "I hear you're a little grumpy on the bench."

[03:41:12] What I have yet to see in my 16 years of sitting on the Courts Committee, that anyone who has come before us is too soft. Thank you, Madam President. Madam President, I'd like to speak to the motion. Senator, has the floor. Thank you. After that explanation, rather lengthy explanation, I do believe the

answer to my question was, yes, the Commonwealth attorneys do have some discretion in their recommendation to the judge.

[03:41:38] So there is already built into the system the ability to assess, if you will, mitigating circumstances. It is unclear to me what guardrails would be in place by giving the judge complete discretion in some of these cases.

[03:41:58] Not all. There is an exemption for the more serious cases. I would ask the body that we not support the override of the veto, but that we take this bill and go back and do more work on the actual issue that we're trying to address, which I think may be the opportunity for a more rehabilitative look at some actions or a more tailored or personalized look or decision

[03:42:38] based on a specific mitigating circumstance. If that's where we wanna go, I think that there's a way we can put some guardrails in So the entire judicial system can be more nimble and perhaps more fair.

[03:42:55] And the system can be applied in a way that makes some sense and not just rely on the judge. Because by the time it gets to the judge, somebody's gone through a whole lot of questioning, interrogation, trials, fact-finding, the whole nine yards.

[03:43:14] There's no harm in taking this bill and working on it again, given the governor's explanation, which I think is valid. So let's just take a pause, not override the governor's veto, and continue to work on this bill.

[03:43:31] I do hope it is the will of the body to follow my wise advice. Thank you. The chair recognizes the senator from Hanover.

[03:43:51] Thank you, Madam President. Madam President, speaking to the bill. The senator has the floor. Madam President, this is not quite as grueling as a court's meeting, but it could easily go there. Madam President, this is an issue that has many different sides.

[03:44:08] And when this bill was first introduced, I think it was very limited in scope and applied to one particular set of categories, and that was DUIs. As the bill came to the Senate, it got expanded to cover everything, even murder and rape and abduction.

[03:44:29] When it went through the process, it ended up being scaled back, and now it includes some felonies, some misdemeanors, but it's more than just DUIs. Madam President, this is a pretty significant policy change, and when we're going through these policy changes, we should be looking at all sides, including the victim's ability to be able to have their voice heard.

[03:44:55] The judge does have discretion in the case. The judge has discretion to say the evidence that's presented by the government doesn't line up for the person to be found guilty of what they're charged with. The judge has the ability to set a penalty, to make a determination if the evidence does line up.

[03:45:18] Madam President, I do not think that the form of this bill, as it returned back to us from the House, was one where it needs to be. I think there are other things that need to be in place. And I think it needs to have additional conversation before this significant policy decision would move forward.

[03:45:39] I have no question that the Senator from Franklin's heart's in the right place. I don't think the words get there. But I didn't want to address one other thing. The senator from Prince William indicated there's a bill in previous years dealing with "discretion" in other areas.

[03:45:58] When we're talking about whether information is reported to law enforcement to make a decision about whether a crime, and in that case sexual assault or salt or some other crimes occurred, we're not talking about whether the person is ultimately found guilty, there are services that are available for them in the school setting.

[03:46:19] talking about whether that is completely hidden away from the public that is different than what we're talking about in this situation i did not support that bill and i'm not going to support this motion today but i do think that there are different topics i wanted to make that clear the chair recognizes the senator from king george madam president if no one else wishes to speak the senator has the floor could this be my second time and i apologize in advance but

[03:46:54] But I listened to the discussion, and we talk about guardrails and judicial discretion, and it's almost as if judicial discretion is a bad thing, and it shouldn't be. So just think about this. We, this body, elect judges that we trust in our communities, and make no mistake about it, they are the most powerful people there are in the communities.

[03:47:22] They literally hold people's futures in the palm of their hand. Your future as to whether or not you're going to be locked away, your future as to whether or not you get a second chance, they are the most powerful person in our communities, kind of scary powerful.

[03:47:41] And we make the decision to elect them because we believe that they have the ability to make good decisions. But I can't tell you how many times I've heard a judge on the bench say, you know, I don't know what to do. I have no choice. I have no choice but to convict you.

[03:48:04] The evidence is sufficient to convict you, but I don't really want to, and I have no alternative processes for that. Well, here, this is what we're giving them. We're giving them an alternative process. We're allowing them to say, we think this is that one case or whatever where this person made a mistake, they're not coming back here again, and if they jump through these hoops, their record can be clean. And I think we need to give them that opportunity. I get the fact that the senator from Hanover is concerned about certain things. There aren't violent felonies.

[03:48:44] There aren't other things in here. They are the bills that we believe the judge should have the discretion to give people the chance to keep their record clean. And that's really, really important because once you start down that process of having convictions, it's hard for some people to come back from it, I'll tell you.

[03:49:04] And I've been doing this for 35 years, and I've seen it, and I've seen the difference that giving them a chance makes. And this is the right way to give them a chance because these judges have the discretion, they know the system, they know how it works, so let's support this motion.

[03:49:22] Seeing no other senators who wish to speak, we return to the original motion. The question is, shall the bill pass in the enroll form, notwithstanding the objections of the governor?

[03:49:40] As many as are in favor of the motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote?

[03:50:01] The clerk will close the roll. Ayes 9, noes 28. Ayes 9, noes 28.

[03:50:11] The objections of the governor stand.

[03:50:43] Senator from Eastern Fairfax. Thank you, Madam President. Madam President, I ask that we stand at ease until 4:20 so that the staff can communicate with the House and get together the list of the House bills that we have to take up.

[03:50:57] The Senate will be at recess until 4:20 to order.

[04:32:50] Working off of your yellow list that has just been distributed, on page 37, House Bill 2. The chair recognizes the senator from Charlottesville. Madam President, I move that the governor's amendment be agreed to, and I'd like to speak briefly to that.

[04:33:19] Senator, we'll pause for just a minute. Thank you. Senator from Eastern Fairfax. Sorry, Madam President, I move to waive the reading of the communication from the House of Delegates.

[04:33:39] The question is, shall the reading of the communication from the House of Delegates be waived? All in favor of waiving that reading will record their votes. Aye. Those opposed, no. are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 35, noes 4. Ayes 35, noes 4. The reading of the communication is waived. House Bill 2. Thank you. Senator from Charlottesville. Madam President, I move that the governor's recommendations be agreed to and I'd like to speak to that. Senator has the

[04:34:18] floor. Madam President, my understanding is these are technical amendments and I hope we will agree to the amendments. The question is, shall the governor's recommendations to House Bill 2 be agreed to? All in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote?

[04:34:47] The clerk will close the roll. Ayes 21, noes 17. Ayes 21, noes 17. The governor's recommendations are agreed to. Has Bill 27. Senator from Charlottesville. Madam President, I move that the amendment be agreed to and I'd like to speak to that. Senator has the floor. Madam President, this bill is identical to Senate Bill 28 that was carried by the Senator from Eastern Prince

[04:35:23] William. It's a reenactment calls and I'm not sure why anybody would agree to that but it's been agreed to and we agreed to it earlier so I move that we agree to it. The question is, Shall the governor's recommendations on House Bill 27 be agreed to?

[04:35:39] All in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll.

[04:35:56] Ayes 24, noes 15. Ayes 24, noes 15. The governor's recommendations are agreed to. House Bill 41. The junior senator from Virginia Beach. Thank you, Madam President. I move that the governor's recommendations be agreed to and speaking to that.

[04:36:14] Senator, as the floor. Thank you, Madam President. This bill deals with the procedure of removal of electoral board members and general registrars. The governor amendment just removes that the absolute prohibition on appeal and clarifies that such decisions subject to judicial review only in accordance with the Administrative Process Act.

[04:36:36] With that, I move passes. be agreed to. The question is, shall the governor's recommendations on House Bill 41 be agreed to? All in favor of that motion will record their votes aye, those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The

clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to. House

[04:37:12] Bill 61, numbers 1 through 3. The senior senator from Prince William. Thank you, Madam President. Move the adoption of the governor's recommendations and speaking to the motion. Senator has the floor. Thank you, Madam President. The amendment strike provisions related to utilization of disparity studies to update statewide SWAM and similar individual procurement goals and technical and add state council of higher education for Virginia and relevant provisions to provide consistency across collaborating entities and move the adoption of the amendments. The question is, shall the governor's recommendations to House Bill 61,

[04:37:48] recommendations 1, 2, and 3, be agreed to? All in favor of that motion will record their votes aye. Those opposed no, are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 21, noes 18. The governor's recommendations one two and three on house bill 61 are agreed to as bill 77 the senior senator from henrico

[04:38:25] and president the senator from eastern fairfax thank you madam president um move to adopt the governor's recommendations and speak that motion senator has the floor thank you madam president ladies and gentlemen senate this bill is identical to my senate bill 81 which we passed earlier today 24 to 15. this is the one about the gw parkway i hope we can adopt this one as well the question is shall the governor's recommendations on house bill 77 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators

[04:39:00] voted do any senators desire to change their vote the clerk will close the roll eyes 23 no six eyes 24 nose 15 eyes 24 nose 15 the governor's recommendations are agreed to as bill 95 numbers 2 through 4 7 through 9 11 through 12. The senator from Alexandria. Thank you madam president. I move that the governor's recommendations 2 through 4 7 through 9 11 and 12 to House Bill 95 be agreed to and speaking to that motion

[04:39:39] Senator has the floor. Thank you madam president. These recommendations delay the enactment of the bill to July 1st 2027. Direct the Department of Housing and Community of Gentlemen to develop a sample payment plan and post it on their website and align the bill with the 14-day pay or quit provisions already signed into law by the governor. I renew my motion. The question is, shall the governor's recommendations to House Bill 95, recommendations 2 through 4, 7 through 9, 11, and 12, be agreed to? All in favor of that motion will record their votes, aye. Those opposed, no. Are the senators

[04:40:14] ready to vote? Have all the senators voted? Do any senators desire to change their vote. The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. Those specific recommendations are agreed to. Has bill 101. Does the senator from, junior senator from Virginia Beach. Senator from Eastern Fairfax. Thank you, Madam President. I move the governor's recommendation and speak to that motion.

[04:40:46] Senator has the floor. Thank you, Madam President. Let's jump in the Senate. This bill has to do with allowing alternate ways to submit concealed handgun permits to remove the bill original bill removed the requirement that that be in writing so you could do it electronically the governor's amendments make clear the application has to be submitted either in writing or electronically I'm not really sure what other way you could do it but that's what the bill does get adopted the question is shall the governor's recommendations to House Bill 101 be agreed to all in favor of that motion will record their votes aye those opposed no

[04:41:23] are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the role ayes 39 no zero ayes 39 no zero the governor's recommendations are agreed to as bill 112 this senator from northern fairfax thank you madam president um i move that we accept the governor's amendments and speaking to the bill senator has the floor madam president this is the exact same cognate to my bill SB 344 dealing with premature separation and hybridization of mammals that are in

[04:42:02] captivity and I move that we accept the amendments the question is shall the governor's recommendations for House bill 112 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote. Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 23, no 16. Ayes 23, no 16. The governor's recommendations are agreed to.

[04:42:33] Pass Bill 172. Senator from Eastern Fairfax. Thank you, Madam President. I move the governor's recommendation. Speaking to that motion. Senator has the floor. Thank you, Madam President. This is the bill that has to do with when you withdraw a request for jury sentencing. The governor added a reenactment clause and like the senator from charlottesville i don't understand why you'd accept that but patron did and so i would move we do so as well the question is shall the governor's recommendations to house bill 172 be agreed to all in favor of that motion will record their votes

[04:43:07] aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote. The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to. House Bill 196. Senator from Portsmouth.

[04:43:32] Senator from Eastern Fairfax. All right, Madam President, I move the governor's recommendation to speak to that motion. Senator has the floor. Thank you, Madam President. House Bill 196 requires any funding for a pilot program offering loan origination and servicing activities uh to be utilized up to 15 percent of the annual deposit made the virginia housing trust fund the governor's amendment removes the funding restriction um that's basically what it does

[04:44:10] we adopt it the question is shall the governor's recommendations for house bill 196 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll. Ayes 39 no zero. Ayes 39 no zero. The governor's recommendations are agreed to.

[04:44:41] House bill 215. The junior senator from Virginia Beach. Thank you Madam President. I move that the governor's recommendations be agreed to speaking to that motion. Senator has the floor. Thank you Madam President. This bill deals with voter registration list maintenance and third-party data is staying just approved by the state board of elections. The governor amendment provides that that such requirements do not apply to any data sharing agreements established between the department and any other entity mandated by law to exchange data with the department in order to operate and maintain a Virginia voter registration system.

[04:45:16] With that, I move that the recommendations be agreed to. The question is, shall the governor's recommendations to House Bill 215 be agreed to? All in favor of that motion will record their votes, aye. Those opposed, no. Are the senators ready to vote?

[04:45:31] Have all the senators voted? any senators desire to change their vote. The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to. House Bill 234. The junior senator from Virginia Beach. Thank you, Madam President. I move that the governor's recommendations be agreed to and speaking to that. Senator has the floor. Thank you, Madam President. House Bill 234 just deals with electoral board members wearing identification um badges so to speak and if they failure to do so results in a one thousand dollar

[04:46:09] civil penalty the governor's amendment just reduces that civil penalty to 250 dollars and with that i move it the governor recommendation to agree to the question is shall the governor's recommendations to house bill 234 be agreed to all in favor of that motion will record their votes i those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll it's 21 knows 18 eyes 21 knows 18 the governor's recommendations are agreed to as bill 238

[04:46:45] the senator from Charlottesville madam president I move that the governor's recommendations be agreed to and that's like to speak to that senator has the floor madam president ladies and gentlemen the Senate this bill is identical or it's identical to language it was contained in Senate bill 644 that was introduced by one of our good friends, but didn't make it out of the conference committee toward the end of session.

[04:47:08] The changes are substantive. It removes provision from the enrolled bill, amending the current law and retaliatory action. It removes references to lower tier additional subcontracts. It reinstates the knowledge requirement for general contractor liability.

[04:47:26] It replaces provisions in the enrolled bill authorizing the Commissioner of Labor and Industry to enter into an employer's premises to review records during the course of the investigation. It prohibits any additional damages or penalties beyond unpaid wages when an employer acted in good faith.

[04:47:47] It prohibits an employer from using good faith. In general, it just tightens up a whole lot of the language in the bill. makes it um probably less objectionable to the people that voted against it but the the changes are substantive and i hope you'll read it again i move that the changes be agreed to the question is shall the governor's recommendations to house bill 238 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators

[04:48:17] voted. Do any senators desire to change their vote? The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to. That's bill 281.

[04:48:39] Senator from Northern Fairfax. Thank you, Madam President. I move that we accept the governor's amendment and speaking to the bill. Senator has the floor. Thank you, Madam President. This is dealing with the Virginia Landlord and Tenant Act. It is exactly the same as SB 373 as amended by the governor. We actually passed mine without a delayed enactment and as HB 281 did have a delayed enactment so we'll just make them exactly the same and I move that we accept the amendment. The question is shall the governor's recommendation

[04:49:19] to HB 281 be agreed to? All in favor of that motion will record their votes aye, those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to. House bill 285. Senator

[04:49:53] from Western Henrico. Thank you Madam President. Madam President, I move that the governor's recommendations to House bill 285 be agreed to and speaking to that motion senator has the floor thank you my president president members of the body this is the same as my distributed energy resources task force bill this is a bill to build more energy where I live unless where you live and this if you remember the amendments we made or to make the chief energy officer the chair so I hope we would pass it again the question is shall the governor's recommendations to House Bill 285 be agreed to all in favor of that motion

[04:50:33] will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll ayes 22 no 17 ayes 22 no 17 the governor's recommendations are agreed to House Bill 286 the senior senator from Loudoun thank you madam president president I move that we accept the governor's amendments and speaking to that motion senator has the floor um madam president this this bill

[04:51:11] is identical to senate bill 337. this is the national guard bill that we previously um accepted the governor's amendments and so i would move that we accept these amendments as well the question is shall the governor's recommendations to house bill 286 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted. Do any senators desire to change their vote? The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to. House Bill 308. Senator from Western Henrico. Thank

[04:51:50] you, Madam President. Madam President, I move that the governor's recommendation to House Bill 308 be agreed to and speaking to that motion. Senator has the floor. Thank you, Madam President. Madam President, members of the body, this is the vape enforcement act it's the house version and if you remember the amendments were around forfeiture language and adding vape to the to the code for that and so I hope we would adopt this as well the question is shall the governor's recommendations to House bill 308 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to

[04:52:24] vote have all the senators voted do any senators desire to change their vote the clerk will close the roll. Ayes 37, noes 2. Ayes 37, noes 2. The governor's recommendations are agreed to. That is Bill 312. Senator from Charlottesville. Madam President, I move that we agree with the governor's substitute and I'd like to speak to that. Senator has the floor. Madam President, this is identical to Senate Bill 767 that was carried by the senator from Prince Edward

[04:53:01] County and these amendments I think are identical to them the substitutes identical to the one that we've already adopted the question is shall the governor's recommendations for House bill 312 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll ayes 38 noes 1 ayes 38 noes 1 the governor's

[04:53:35] recommendations are agreed to house bill 318 senator from hampton thank you madam president i move that we agree to the governor's recommendations to house bill 318 and speaking to that senator has the floor thank you madam president house bill 318 is identical to senate bill 60 which addresses uh changes to the parole board with regard to powers and duties and juvenile offenders again i move that we agree to the governor's recommendations to house bill 318.

[04:54:06] the question is shall the governor's recommendations to house bill 318 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll ayes 21 noes 18. ayes 21 noes 18. the governor's recommendations are agreed to has bill 320. the senior senator from Henrico. Thank you, Madam President. I move that the amendments be agreed to.

[04:54:44] And speaking to that. Senator has the floor. Thank you, Madam President. HB 320 was focused on live streaming while driving. The governor's amendments limits the prohibition on interacting with any live stream to a prohibition or manipulating any electronic device in order to interact with any live stream.

[04:55:08] and i renew that motion to agree the question is shall the governor's recommendations for house bill 320 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll eyes 25 nos 14. ayes 25 nos 14. the governor's recommendations are agreed to. As bill 328. Senator from Charlottesville. Madam

[04:55:46] President, move that the recommendation be agreed to and I'd like to speak to that. Senator has the floor. Madam President, this is the Herc bill. Health Insurance Reform Commission involves the updates to the state benchmarks. This, unlike a reenactment clause, this emergency clause actually does something, what it means is that law takes effect now instead of July 1. I hope you will agree with it. The question is, shall the governor's recommendations for

[04:56:21] House Bill 328 be agreed to? All in favor of that motion will record their votes aye, those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 22, noes 17. Ayes 22, noes 17. The governor's recommendations are agreed to. House bill 329. The senior senator from Prince William. Thank you Madam President. Move that we adopt recommendations one and two from the

[04:56:57] governor. Speaking to the motion. Senator has the floor. Thank you Madam President. So there's a this is these are two technical amendments that cross reference the appropriate code section of the bill so it is a technical amendment the question is shall the governor's recommendations to House Bill 329 recommendations 1 and 2 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk

[04:57:36] will close the roll ayes 25 noes 14 ayes 25 noes 14 governor's recommendations one and two are agreed to. Senator from Prince William. Thank you, Madam President. I move that recommendation number three be taken by for the day, which is the removal of the delayed enactment. With the recommendation, the question is, shall recommendation three go by for the day?

[04:58:03] All in favor of that motion will say aye. Those opposed, no. The ayes have it. The recommendation goes by for the day. House Bill 333. Senator from Arlington. Thank you Madam President. Madam President, I move that the governor's recommendation be agreed to and speaking to that motion. Senator has the floor.

[04:58:26] Thank you Madam President. What the governor's substitute does, it instructs the Board of Education to review the standards of learning framework and consider if it is necessary to include additional instructional material on 21st century events including the January 6th insurrection that is the

governor's recommendation and I renew my motion that we agree to that the question is shall the governor's recommendations to House bill 333 be agreed to all in favor of that motion will record their votes aye those opposed

[04:59:02] no are the senators ready to vote any have all the senators voted do any Senators desire to change their vote. The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to. House Bill 379. The senator from Alexandria.

[04:59:28] Thank you, Madam President. I move that the governor's recommendation to House Bill 379 be agreed to and speaking to that motion. Senator has the floor. Thank you, Madam President. This recommendation delays the enactment from January 1st to July 1st, 2027 to align with the release of to the Department of Housing and Community Development's issuance of its Landlord Handbook.

[04:59:45] And I renew my motion. The question is, shall the governor's recommendations to House Bill 379 be agreed to? All in favor of that motion will record their votes aye. Those opposed, no. Are the senators ready to vote? Have all the senators voted?

[05:00:01] Do any senators desire to change their vote? The clerk will close the roll. Ayes 23, noes 16. Ayes 23, noes 16. Governor's recommendations are agreed to. House Bill 391. Senator from Western Henrico. Thank you Madam President. Madam President, I move that the governor's recommendation to House Bill 391 be agreed to in speaking to that. Senator has the floor. Thank you Madam President. Madam President members of the body, this is a bill dealing with delivery of medical cannabis. It's a bill that passed

[05:00:38] Senate 40 to 0 and what the governor has done is tightened up the language around it originally said delivery agent and she replaced it with marijuana delivery operators which are officially licensed by the CCA and so this is to have a little bit more regulatory and enforcement control over these delivery agents and so that's what it does it'll also tie it to a future legal market it'll be similar language so I would move that we adopt the question is shall

[05:01:15] governor's recommendation to House Bill 391 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll ayes 34 noes 5 ayes 34 noes 5 the governor's recommendations are agreed to senator from Fairfax just waiting for the next

[05:01:49] bill house bill 391 senator from eastern fairfax 395 thank you madam president house bill uh move through the governor's recommendation and speaking to that motion senator has the floor thank you president ladies and gentlemen senate this is the balcony solar bill the my cognate senate bill 250 uh the amendment passed 27 to 12. hope we could adopt this one by the same margin the question is shall the governor's recommendations to house bill 395 be agreed to all in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators

[05:02:29] voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 28, noes 11. Ayes 28, noes 11. The governor's recommendations are agreed to. House Bill 455.

[05:02:48] Senator from the junior senator from Loudoun. Thank you, Madam President. I move that the governor's recommendations to the house bill 455 be agreed to and speaking to that motion senator has the floor thank you um thank you madam president house bill 455 is identical to my senate bill 599 which is one of the jchc's recommendation to address the fentanyl and opioid crisis the governor's amendments

reflect a recommendation from the department of criminal justice services to remove the three-year restriction on grant funding that would limit

[05:03:23] DCJSS flexibility to award extent or supplement grants, a flexibility they've previously provided they were previously used to support the effective treatment and re-entry programs and make a subsequent the the amendment also makes a subsequent technical correction I ask that we accept the governor's recommendations. The question is shall the governor's recommendations to house bill 455 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire

[05:04:00] to change their vote the clerk will close the roll is 39 no zero eyes 39 no zero the governor's recommendations are agreed to as bill 460 the senior senator from prince william thank you madam president move that we adopt the governor's recommendation and speaking to the motion senator Senator has the floor.

[05:04:25] Thank you, Madam President. The substitute strikes the amended provisions of the enrolled bill. The substitute, instead, adds the Department of Small Business and Supplier Diversities power and duties, the duty to coordinate with the Department of General Services and other state agencies with procurement responsibilities to enhance the participation of employment service organizations and service-disabled veteran-owned and military family-owned businesses in procurement transactions.

[05:04:49] And move we adopt the Governor's recommendations. The question is, shall the governor's recommendations for House Bill 460 be agreed to? All in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted?

[05:05:06] Do any senators desire to change their vote? The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to. House Bill 484.

[05:05:23] Senator from Charlottesville. Madam President, I move that the governor's recommendations be agreed to in speaking to that. Senator has the floor. This bill prohibits a carrier, intermediary, administrator, or representative of a carrier from downcoding the claim unless the decision to downcode is determined by a real person or electronic system that meets certain standards and requires notice to the provider.

[05:05:49] The governor's amendments, which are fairly extensive, but they make the bill identical to Senate Bill 164, which has already passed the General Assembly. I reiterate my motion that the governor's recommendations be agreed to. The question is, shall the governor's recommendations to House Bill 484 be agreed to?

[05:06:09] All in favor of that motion will record their votes aye. Those opposed, no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 39, noes 0.

[05:06:27] i 39 0 the governor's recommendations are agreed to house bill 505 the senior senator from loudon thank you madam president madam president i move that we adopt the governor's recommendations and speaking to that motion senator has the floor thank you madam president madam president this bill is identical to my senate bill 648 on the town of percival bill the um and as i said earlier the difference is the emergent the governor put emergency clause on this and change the provision about pay um the original underlying bill passed the senate um with 30 um votes and i'd move that

[05:07:02] we adopt the governor's amendment the question is shall the governor's recommendations to house bill 505 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll as 19 as 19 eyes 19 nose 19 the chair votes aye the

[05:07:36] governor's recommendations are agreed to as bill 518 the senior senator from prince william thank you madam president move the adoption of the governor's recommendations and speaking to the motion senator has the floor thank you uh two technical amendments uh that really focus uh the technical moments around conforming and defining the term normalization as it relates to volume control. So those are the moments and move their adoption. The question is, shall the governor's

[05:08:10] recommendations to House Bill 518 be agreed to? All in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote. The clerk will close the roll. Ayes 39 no zero. Ayes 39 no zero. The governor's recommendations are agreed to. Ayes bill 547. The senator from central Fairfax. Thank you madam president. Madam president I move that the governor's recommendation be agreed to and

[05:08:48] speaking to that motion. Senator has the floor. Thank you madam president. This is the cognate to my senate bill 731 related to private companies providing public transportation services and employee protections in this bill what ended up happening is that a work group is to be convened to look at the implementation and of course a reenactment was clause was put in so that the work group can make those recommendations and I ask that we accept those amendments the question is shall the governor's recommendations for a house bill 547 be agreed to all in

[05:09:26] favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll eyes 21 knows 18 eyes 21 knows 18 the governor's recommendations are agreed to

[05:10:00] has bill 553 senator from Western Henrico thank you madam president men President, I move that the governor's recommendations to House Bill 553 be agreed to and speaking to that. Senator has the floor. Thank you, Madam President.

[05:10:22] Madam President, members of the body, this is about language services for people in the Department of Corrections and the amendment just basically says that they can use translation services that are over that are AI that are certified when necessary or are needed and so I move that we adopt the amendments. The question is, shall the governor's recommendations for House Bill 553 be agreed to? All in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators

[05:11:00] desire to change their vote? The clerk will close the roll. Ayes 22, noes 17. Ayes 22, noes 17. The governor's recommendations are agreed to. House Bill 569. Senator Senator from Charlottesville.

[05:11:20] Madam President, I move that the governor's recommendations be agreed to, and I'd like to speak to that. Senator has the floor. Madam President, this bill is identical to Senate Bill 518 from the junior senator from Virginia Beach, and we adopted the same amendments, these same amendments to substitute an hour or so ago.

[05:11:43] So I reiterate my motion that we pass the amendments. The question is, shall the governor's recommendations to House Bill 569 be agreed to? All in favor of that motion will record their votes aye.

Those opposed, no. Are the senators ready to vote? Have all the senators voted?

[05:12:00] Do any senators desire to change their vote? The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to. House Bill 614. Senator from Arlington.

[05:12:17] Thank you, Madam President. Madam President, I move that the governor's recommendations be agreed to and speaking to that motion. Senator has the floor. Thank you, Madam President. What the governor's recommendations do is they change the responsibility from the Virginia Department of Education to the Board of Education to actually look at the presentation of historically marginalized communities in our history and our social science standards of learning.

[05:12:44] The Board of Education will review the curriculum based on certain perspectives, contributions and the experiences of these marginalized communities, and also provide recommendations on how the curriculum should be updated. A report is required.

[05:13:01] That's a summary of the governor's recommendations. I renew my motion that they be agreed to. Question is, shall the governor's recommendations for House Bill 614 be agreed to? in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll ayes 21 noes 18. ayes 21 noes 18. the governor's recommendations are agreed to house bill

[05:13:37] 627. senator from western henrico thank you madam president uh madam president i move that the governor's recommendations to house bill 627 uh the amendment be agreed to and speaking to that senator has the floor thank you president uh mad president members of the body this is that language around non-solicitation ensuring that doctors have the ability to communicate where they are moving uh so i hope we would approve it again senator are you moving both recommendations or just one there's just there should just be one isn't there just one

[05:14:14] only there are two but you are moving number one only one came over right only one is before us okay we didn't receive two the question is shall the governor's recommendation to house bill 627 number one be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote. The clerk will close the roll. Ayes 39, no 0. Ayes 39, no 0. The governor's

[05:14:54] recommendation is agreed to. House Bill 630. Senator from Western Henrico. Thank you, Madam President. Madam President, I move that the governor's recommendation to House Bill 630 be agreed to and speaking to that. Senator has the floor. Thank you, Madam President. Madam President, members of the body, this is the same as my rank choice voting bill where we adopted the two amendments that are technical in nature and so i would move that we approve them again does the

[05:15:26] senator from northern fairfax wish to speak the question is shall the governor's recommendations to house bill 630 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote. The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's

[05:15:57] recommendations are agreed to. Ayes bill 636. Senator from Northern Fairfax. Thank you, Madam President. I move that we agree to the governor's amendments. Speaking briefly. Senator has the floor. This is exactly the same as the cognate that I carried on employers prohibiting employer seeking a

salary history and posting away wage transparency we just approved all of those a few minutes ago on the Senate version I move that we

[05:16:32] agree to the governor's recommendations the question is shall the governor's recommendations for House Bill 636 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll as 21 knows 18 eyes 21 knows 18 house the governor's recommendations are agreed to has bill 640 the junior senator from

[05:17:10] Virginia Beach thank you madam president move that the governor's recommendation be agreed to speaking to that motion senator has the floor thank you madam president this bill deals with the challenges to a voter or a voter registration following a petition notice of appeal the enroll bill prohibits petition challenging a registration of a voter from being filed within 60 days of a primary general election. The rule bill also requires the petition to give 15 days notice to any persons who registration is objected to the governor's amendment stipulate that this notice requirement is subject to a

[05:17:42] contrary court order. With that a move it be agreed to. The question is shall the governor's recommendations to House Bill 640 be agreed to? All in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll i was 21 nose 18. ayes 21 nose 18. the governor's recommendations are agreed to as bill 670.

[05:18:18] the senator from charlottesville madame president um i move that the amend that the governor's reenactment calls be agreed to and i'd like to speak to that senator has the floor this was agreed to on the other side you all have heard what i think about reenactment causes but the the delegate found needed this bill with a reenactment call so so let's give it to her

[05:18:56] does the senator from portsmouth wish to speak the question is shall the governor's recommendations for house bill 670 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire

[05:19:29] to change their vote the clerk will close the roll ayes 22 no 17 ayes 22 no 17. the governor's recommendations are agreed to has bill 678 the senior senator from prince william thank you Thank you, Mr. President.

[05:19:49] Move that the governor's recommendations be adopted and speaking to the motion. Senator has the floor. Thank you, Mr. President. Extends the enrolled bill's delayed effective date from January 1, 2027 to July 1 of 2027. What that actually does is allow DHCD to update guidance.

[05:20:05] So it actually gives them a little bit more time and then publish the updates. And so we, and also strikes a redundant clause within the bill that appears in the same sentence for clarity. the amendments and recommendations and move their adoption the question is shall the governor's recommendations for house bill 678 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators

[05:20:36] desire to change their vote the clerk will close the roll as 22 no 17. ayes 22 no 17. the governor's recommendations are agreed to has bill 702 The Senator from Eastern Fairfax.

[05:20:55] Move the Governor's recommendation in speaking to the motion. Senator has the floor. Thank you, Madam President. Ladies and gentlemen, Senate House Bill 702 authorizes locality police departments to have gun buyback programs or giveback programs.

[05:21:16] For some reason, people don't like the word buyback, and they wanted it replaced with sellback all throughout the bill. So I guess some people don't like the government buying their guns, they just want to sell them their guns. So that's what the bill does, practically it doesn't make any difference, just seems like some kind of word change people wanted.

[05:21:39] The question is, shall the governor's recommendations to House Bill 702 be agreed to? All in favor of that motion will record their votes aye, those opposed no, are the senators ready to vote? Have all the senators voted? any Senators desire to change their vote. The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to. House Bill 711.

[05:22:07] Senator from Eastern Henrico. Senator from Western Henrico. Sorry, madam president, I move that the governor's recommendations to House Bill 711 be agreed to in speaking to that motion. Senator has the floor. Thank you, madam president members of the body this is the same as the bill that I had on the earlier 347 and so this is the agrivoltaics definition and adding federal

[05:22:45] and state law to regulations and permits and so I would move that we adopt these amendments the question is shall the governor's recommendations to House Bill 711 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll ayes 20 nos 18 the governor's

[05:23:18] recommendations are agreed to has bill 773 the junior senator from virginia beach thank you madam president i move that the governor's recommendation be agreed to speaking to that motion senator has the floor thank you madam president um this bill just deals with elections certainty voting to cure process the road bill has a delay effective date of September 1st 2026 and the government amendment just extends that delay effective date to January 1st 2027 the question is shall the governor's recommendations to House bill 773 be agreed to all in favor of that motion

[05:23:56] will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the clerk will close the roll. Ayes 21, noes 11. Ayes 18, I'm sorry. Ayes 21, noes 18. The governor's recommendations are agreed to. House bill 774. The junior senator from Virginia Beach. Thank you madam president. I move that the governor recommendation be agreed to and speak into that motion. Senator has the floor. Thank you madam president. HB 774 deals with elections, SMT and

[05:24:35] provisional ballot secure process delayed effective date the governor substitutes requires the state board to promulgate regulations regarding the uniform review and processing of voter registration application submitted after the close of registration records and the governor substitute provides that the secretary of administration must convene a workgroup for the purpose of studying potential changes to the same-day registration provisional vote process, and this has a delayed effective date to January 1st, 2027. The question is, shall the governor's recommendations to House Bill 774 be agreed to? All in favor of that motion

[05:25:14] will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 21, Ayes 21,

noes 18.

[05:25:34] Ayes 21, noes 18. The governor's recommendations are agreed to. That's Bill 796. The senior senator from Prince William. Thank you, Madam President. I move that the governor's recommendations be adopted in speaking to the motion.

[05:25:50] Senator has the floor. Thank you, Madam President. The governor's substitute conforms and aligns to the senator from Bata Todd's bill, Senate Bill 680, which passed this body 39 to nothing. technical bill around deep war which passed the body so this substitute now aligns and conforms both of those and remove its passage the question is shall the governor's recommendations to House bill 796 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change

[05:26:28] their vote. The clerk will close the roll. Ayes 39, no zero. Ayes 39, no zero. The governor's recommendations are agreed to. House Bill 820. The senator from Portsmouth. Senator from Eastern... I got it. Senator from Western Fair...

[05:27:00] Henrico. Thank you, Madam President. Madam President, members of the body, I move that the governor's recommendations to House Bill 820 be agreed to and speaking to that. Senator has the floor. Thank you, Madam President. Madam President, members of the body, this is the revolving fund that I talked about earlier. This was the should it be in the housing trust fund, should it not. And so I would move that we accept the amendments so we can build houses. The question is, shall the governor's recommendations for House Bill 820 be agreed to?

[05:27:31] All in favor of that motion will record their votes. Aye. Those opposed, no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 39, no 0. Ayes 39, no 0. The governor's recommendations are agreed to. House Bill 834. Senior Senator from Prince William. Thank you, Madam President. I move that the recommendations go by for the day. The question is, shall the

[05:28:05] recommendations for House Bill 834 go by for the day. All in favor of that motion will say aye. Those opposed, no. The ayes have it. The recommendations will go by for the day. The senior senator from Prince William. Thank you, Madam President.

[05:28:26] And I also ask that this go by for the day on removing the enactment that the Housing Subcommittee worked out very thoughtfully. So this would maintain the delayed enactment by passing it by for the day the question is shall the governor's recommendations go by for the day all in favor of the motion will say aye those opposed no the ayes have it the recommendations for house bill 848 go by for the day senator from Western Henrico thank you madam president madam

[05:29:04] president I move that the governor's recommendation to house bill 857 be agreed to and speaking to that senator has the floor thank you madam president Madam President, members of the body, this amends the provision in the bill for pregnant and postpartum women who are pending trial to mirror language that's in a previous section on line 70 and 74, so it's purely technical to make the code line up and I move we accept.

[05:29:31] The question is, shall the governor's recommendations for House Bill 857 be agreed to? All in favor of that motion will record their votes aye, those opposed no. Are the senators ready to vote? have all the senators voted do any senators desire to change their vote the clerk will close the roll ayes 38 no zero

ayes 38 no zero the governor's recommendations are agreed to has bill 871 senator from northern fairfax thank you madam president i move that we accept the

[05:30:11] governor's amendments and speaking to the bill briefly senator has the floor madam president this is the safe storage bill that keeps children safe in homes where they are firearms these are the exact amendments that we just approved a few minutes ago identical to my bill and a move that we accept the question is shall the governor's recommendations for house bill 871 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the

[05:30:46] clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to. That's bill 888. Senator from Eastern Henrico. This one is me. Thank you, Madam President.

[05:31:07] I move the governor's recommendation to Senate bill 888 be accepted and speaking to that motion. Senator has the floor. Thank you, Madam President. The changes made by the governor change the definition of designated area it also changes the definition of mass transit and it removes the entire section on locality's ability to adopt ordinances regarding setbacks and lot sizes the question is shall the governor's recommendations for House Bill 888 to be agreed to all in favor of that motion will record their votes I those opposed no are the senators ready

[05:34:04] renewable energy portfolio standards this the governor's amendments simply anonymize the location specific and customer specific information so in order to protect people's privacy and so you I guess you would call these amendments the question is shall the governor's recommendations to House Bill 892 be agreed to all in favor of that motion will record their votes aye those opposed no, are the senators ready to vote? Have all the senators voted? Do any

[05:34:39] senators desire to change their vote? The clerk will close the role. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to. House Bill 909.

[05:34:56] The junior senator from Virginia Beach. Thank you, Madam President. I move that the governor's recommendations be agreed to and speak into that motion. The senator has the floor. Thank you, Madam President. The road bill, um, excuse me, the HB 909 deals with the election, certain conduct prohibited at polling places applicable to locations for aspartite voting, uh, and the road bill was 100 feet and, uh, that a person should not, um, it would prohibit any person from knowingly within, knowingly do so carry the firearm within 100 feet.

[05:35:32] The governor's amendment just clarifies that the prohibition only applies while the building or part thereof is being used for such purpose. The question is, shall the governor's recommendations for House Bill 909 be agreed to? All in favor of that motion will record their votes aye.

[05:35:50] Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 21, noes 18. Ayes 21, Nose 18, the governor's recommendations are agreed to.

[05:36:09] House Bill 931. Senator from Western Henrico. Thank you, Madam President. Madam President, I move that the governor's recommendations to House Bill 931 be agreed to. And speaking to that, please. Senator has the floor. Thank you, Madam President. Madam President, members of the body, this is the House version of my recovery residence's bill.

[05:36:28] If you remember, the amendments do three things. One is technical fixes to make sure that we're using entities rather than the agencies throughout, throughout the bill. It moves up a report to November one, 2026, and it creates a sunset in five years for the work group so that we can reassess whether it is still necessary.

[05:36:48] And so I ask that we adopt those amendments. The question is, shall the governor's recommendations for House Bill 931 be agreed to? All in favor of that motion will record their votes aye. Those opposed, no.

[05:37:03] Are the senators ready to vote? Have all the senators voted. Do any senators desire to change their vote? The clerk will close the roll. Ayes 24, noes 15.

Senate Bill 164 which is the enabling legislation for the constitutional amendment regarding the restoration of political rights upon release from incarceration and we addressed this

[05:38:56] bill earlier with the Senate bill and I move that we agree to the governor's recommendations. The question is, shall the governor's recommendations to House Bill 964 be agreed to? All in favor of that motion will record their votes aye.

[05:39:11] Those opposed no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 21, noes 18.

[05:39:29] Ayes 21, noes 18. The governor's recommendations are agreed to. House Bill 969. Senator from Eastern Fairfax. Madam President, move the governor's recommendation and speak to that motion. Senator has the floor.

[05:39:45] Thank you, Madam President. House Bill 969 is the House Cognitive Senate Bill 364 by the senator from Eastern Prince William County. This directs the Secretary of Public Safety Convenient Workgroup to develop policy and legislate recommendations to establish the Gun Violence Prevention Center.

[05:40:03] The governor's amendment simply makes clear or substitute makes clear that the members of the workgroup have to have experience in gun violence prevention. prevention and community safety cognate amendment passed here 2118 and hope we could do the same thing here the question is shall the governor's recommendations for House Bill 969 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote have all the senators voted do any senators desire to change their vote the

[05:40:54] Oh the senior senator from Loudoun. Thank you madam president. Madam president I move that we accept the adopt the governor's recommendations and speaking to that motion. Senator has the floor. Thank you madam president. Madam president this house bill is identical to my Senate bill 398 related to the birth injury fund the amendments are the same as I as I previously mentioned earlier this morning they do two things they remove the trouble damages provision and they include the AG's office and the governor's office in the review of any settlement and I would move that we adopt those recommendations the question is shall the governor's recommendations for House bill 1007 be

[05:41:31] agreed to all in favor of that motion will record their votes aye those Opposed? No. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 39, no zero. Ayes 39, no zero. The governor's recommendations are agreed to. [05:42:08] Fairfax. Thank you, Madam President. I move the governor's recommendation and speaking to the motion. Senator has the floor. Thank you, Madam President. Ladies and gentlemen, House Bill 1011 is the cognate to my Senate Bill 226, which had to do with compost. The House adopted the exact same amendments that we did, 21 to 18. I would hope we could do the same.

[05:42:28] The question is, shall the governor's recommendations for House Bill 1011 be agreed to? All in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all

the senators voted?

[05:42:45] Do any senators desire to change their vote? The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to. House Bill 1015. The senator from Eastern Fairfax.

[05:43:02] Move the governor's recommendations and speaking to that motion. Senator has the floor. Please, gentlemen, the Senate, this is the bill that makes it, takes away somebody's gun rights if they are convicted of a hate crime. The governor's recommendation limits the restriction on gun rights to only three years, so it automatically expires after three years instead of being indefinite.

[05:43:26] So if you like for people who are convicted of hate crimes to carry guns, this should make it better for you. I hope we can vote green. The question is, shall the governor's recommendations for House Bill 1015 be agreed to?

[05:43:42] All in favor of that motion will record their votes. Aye. Those opposed, no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 21, noes 18.

[05:44:00] Ayes 21, noes 18. The governor's recommendations are agreed to. House Bill 1030. the senator from Western Henrico. Thank you, Madam President. Madam President, I move that the governor's recommendations to House Bill 1030 be agreed to and speaking to that. The senator has the floor. Thank you. Madam President, members of the body, this is a bill that passed out of here 40 to 0 about creating discretionary criteria guidelines for parole and what the governor did was to propose delaying enactment until July 1, 2027. This came at the request of the parole board

[05:44:37] to allow the board and DOC staff time to be properly trained on the necessary data collection under the bill. So move that we adopt the governor's amendment. The question is, shall the governor's recommendations for House Bill 1030 be agreed to? All in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote?

[05:45:00] Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 32, noes 7. Ayes 32, noes 7. The governor's recommendations are agreed to.

[05:45:22] Ayes Bill 1037. Senator from Arlington. Thank you, Madam President. Madam President, I move that the governor's recommendations be agreed to and speaking to the motion. The senator has the floor. Thank you, Madam President. What the governor's recommendation does is it changes the bill to a section one bill, directs the board of education to review the science standards of learning and to include instructional materials on climate change and environmental literacy in the curriculum and to also provide guidance to our local school boards on those issues again I renew my motion that the

[05:46:01] governor's recommendation be agreed to the question is shall the governor's recommendations for House bill 1037 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote. Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 21, noes 18. Ayes 21, noes 18. The governor's recommendations are agreed to. House Bill 1043. The senior senator from Prince

[05:46:39] William. Thank you Madam President. Move the committee, I'm sorry, the governor's recommendations be adopted and speaking to the motion. Senator has the floor. Thank you. These are

largely technical expanses sunset provisions in the enrolled bill, which applied only to the first provision of the first enactment to include both provisions of the first enactment at the enrolled bill, but they're necessary to tie them both together.

[05:47:00] So this is a technical amendment and correction that does just that. So I move its adoption. The question is, shall the governor's recommendations to House Bill 1043 be agreed to? All in favor of that motion will record their votes aye. Those opposed, no.

[05:47:16] Are the Senators ready to vote? Of all the Senators voted, do any Senators desire to change their vote? The Clerk will close the roll. Ayes 39, no 0.

[05:47:32] Ayes 39, no 0. The Governor's recommendations are agreed to. House Bill 1046. The Senior Senator from Prince William. Thank you, Madam President. Move the Governor's recommendations in speaking to that motion. The Senator has the floor. Thank you, Madam President.

[05:47:48] This is identical to my Senate Bill 324. adopted the amendments earlier which were one section was technical the other section of removed and exempted transportation construction related projects as VDOT has a process that is similar to the intent of the bill so those companies that do transportation projects are exempt from the bill under these amendments so I move its adoption the question is shall the governor's recommendations for House bill 1046 be agreed to all in favor of that motion will record their votes aye those opposed no are the senators ready to vote

[05:48:23] have all the senators voted do any senators desire to change their vote the clerk will close the roll I was 21 nose 18 eyes 21 nose 18 the governor's recommendations are agreed to has bill 1065 senator from Western Henrico thank you madam president ban president move the governor's recommendation to house

[05:49:02] bill 1065 be agreed to and speaking to that? Senator has the floor. Thank you Madam President. Madam President members of the body this is the surplus interconnection bill that is about maximizing the grid that we already have and we're adding two words twice and those two words are up to so up to 100 megawatts and up to 500 megawatts rather than exactly 100 or exactly 500 so I would hope we would make this change. The question is shall the governor's recommendations for House Bill 1065 be agreed to. All in favor of that motion will record their votes aye. Those opposed no. Are the senators ready

[05:49:40] to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 22, no 17. Ayes 22, no 17. the motion. The Senator has the floor. Thank you, Madam President.

[05:51:12] Under our current requirements, a candidate for superintendent of a school division must have certain educational experiences and certain administrative experiences in a school system. What the recommendation does is it provides the option of a waiver, but the Board of Education would have to establish criteria that a candidate could appear before the Board of Education and be granted a waiver to be an applicant for superintendent's position i hope it is the will of the body to adopt the governor's recommendation the question is shall the governor's recommendations to house bill 1165 be agreed to all in favor of that motion will record their votes aye those

[05:53:03] recommendations are agreed to. As bill 1207. Senator from Charlottesville. Madam President. Senator from Northern Fairfax. Thank you Madam President. HB 1207 is exactly the same as SB 2. The amendments are identical as the paid family medical leave bill and I move that we accept the governor's amendments. The Question is, shall the governor's recommendations for House Bill 1207 be agreed to?

[05:53:41] All in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote? Have all the senators voted. Do any senators desire to change their vote? The clerk will close the roll. Ayes 21, noes 18.

[05:53:59] Ayes 21, noes 18. The governor's recommendations are agreed to. House Bill 1270. The senator from, the junior senator from Loudoun. Thank you, Madam President. Madam President, I move that the governor's recommendations to House Bill 1270 be agreed to, and speaking to that motion.

[05:54:19] The senator has the floor. Thank you, Madam President. House Bill 1270 is identical to my Senate Bill 550 regarding TNCs. The governor's two amendments extend five to seven days, the timeline for transportation network companies, or TNCs, to remit the remaining driver earnings after deactivation, and secondly, provides TNC's greater flexibility to disaggregate data by type of service in their required weekly summary.

[05:54:48] I urge my colleagues to accept the governor's amendments. The question is, shall the governor's recommendations for HB 1270 be agreed to? All in favor of that motion will record their votes aye. Those opposed no. Are the senators ready to vote?

[05:55:05] Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 39, noes 0. Ayes 39, noes 0. The governor's recommendations are agreed to.

[05:55:22] House Bill 1273. The senior senator from Henrico. Thank you, Madam President. Madam President, I move that the governor's recommendation be adopted and be agreed to and speaking to that. Senator has the floor. Madam President, House Bill 1273 deals with TNC protections and requirements.

[05:55:48] The Governor's recommendation is to remove the reenactment, and I move that we agree. The question is, shall the Governor's recommendations for House Bill 1273 be agreed to? All in favor of that motion will record their votes aye.

[05:56:06] Those opposed, no. Are the senators ready to vote? Have all the senators voted? Do any senators desire to change their vote? The clerk will close the roll. Ayes 39, no 0. Ayes 39, no 0.

[05:56:23] The governor's recommendations are agreed to. House bill 1279. The senator from Eastern Henrico. The senior senator from Prince William.

[05:56:39] Thank you, Madam President. Move the adoption of the governor's recommendations and speak to the motion. Senator has the floor. Thank you, Madam President. This is the Faith in Housing bill. We adopted the amendments earlier. As I stated earlier, the bill's recommendations from the governor included sort of additional controls from localities, limitations on building heights, and move its adoption.

[05:57:03] The question is, shall the governor's recommendations for House Bill 1279 be agreed to? All in favor of that motion will record their votes aye. Those opposed no.
