

QUALIFICATIONS OF SCHOOL BOARD MEMBERS

State law provides that a school board member must, at the time of his/her election or appointment, be a qualified voter and a bona fide resident of the district from which he/she is elected or appointed if the election or appointment is by district or of the school division if the election or appointment is at large. If the member thereafter ceases to be a resident of the district or school division, his/her position on the school board becomes vacant; except that if the loss of residency is due to reapportionment, he/she may serve the remainder of the unexpired term. No employee of the School Board may serve on the Board.
