

POLICY IMPLEMENTATION

The Loudoun County School Board directs the Superintendent to implement all School Board policies and to develop administrative regulations specifying the practices and procedures necessary to carry out those policies.

The School Board authorizes the Superintendent to promulgate such regulations as necessary to effectively implement Board-adopted policies. The Superintendent is further authorized to make non-substantive, technical, and/or conforming changes to policies and regulations. The Superintendent shall ensure that all policies and regulations are made available to School Board members, employees, and the public via the Division website.
