

SCHOOL DIVISION ADMINISTRATIVE ADVISORY COMMITTEE

A. Definition. A School Division Administrative Advisory Committee is a committee of Loudoun County Public Schools (LCPS) invested parties that is intended to provide support to and guidance on specific issues for the Superintendent's administration and to which the School Board appoints a School Board member liaison. While LCPS has the autonomy to create other administrative advisory committees for various purposes, a School Division Administrative Advisory Committee, by definition, is one to which a School Board member will be appointed as a liaison.

B. Creation. School Division Administrative Advisory Committees will be specially established and named as such by the Superintendent. Such Committees will be listed in an accompanying Regulation.

C. Board Liaisons. After the Superintendent designates an administrative advisory committee as a School Division Administrative Advisory Committee, the School Board Chair will appoint a School Board member as a liaison to that School Division Administrative Advisory Committee. Voting rights of School Board members serving as liaisons will be determined by the respective Committee.
