

NON-LOCALLY FUNDED PROGRAMS

In order to further the goals and objectives of the School Division, the School Board may seek sources of revenue to supplement the funds provided through local, state, and federal appropriations. All monies from any outside organization or individual (Grantor) to Loudoun County Public Schools (LCPS) shall be managed by the terms and conditions of the award, applicable federal and state regulations, and School Board policies.

A. Definitions.

1. Grant. A contractual arrangement between LCPS and the grantor. Acceptance of a grant may require specific/special financial reporting requirements, progress reports, and return of unused funds. Allowable grant expenditures must meet the grant objectives utilizing LCPS purchasing guidelines, regulations, and best practices.

2. Donation. An unsolicited nonreciprocal monetary gift (the transfer of funds) or gift of property (the transfer of real property or any other kind of personal property) from a donor to LCPS.

3. Monetary Proffer. The Code of Virginia authorizes Virginia Counties, Cities, and Towns to accept proffers through conditional zoning that would offset the development's impact on the identified locality, including benefitting local schools. These types of funds stipulate how the proffer monies will be utilized. Once the proffers have been accepted, they become obligated as stated in the provided conditions.

B. General Guidelines.

1. Grants.

- a. To promote efficiency in developing proposals and applying for specially funded programs, the Superintendent or designee may establish standard procedures for the preparation of proposals and their review. The Superintendent or designee shall ensure that none of the conditions of acceptance are in conflict with the policies of the School Board, the objectives of the School Division, or federal, state, and local.
- b. Grant applications or proposals shall only be submitted after obtaining appropriate approval by either the Superintendent or designee or by the School Board, if required.

2. Donations.

- a. All donations are considered an act of presenting a gift or contribution designating LCPS as the beneficiary which requires the

NON-LOCALLY FUNDED PROGRAMS

appropriate approvals in compliance with School Board policies, regulations, and financial procedures.

- b. When any real or personal property is given to and accepted by the School Division, it is bestowed with the terms of the gift and is managed by the School Division according to the wishes of the donor or testator.

3. Monetary Proffer.

- a. Monetary proffers and contributions are approved by the governing locality as part of a land use development application process and are distributed according to adopted conditions.
- b. Upon review of available cash proffer funds allocated to the identified locality for public school use, the School Board requires a supplemental increase to the capital or operating budgets to utilize the proffered monies received by LCPS.
- c. Proffers must be utilized by LCPS as identified in the localities' approved land use development application.
