

MANAGEMENT OF FUNDS

A. Position Control.

1. All hired full-time personnel will have a budgeted position corresponding with the staffing level authorized by the School Board.

2. The Chief Financial Officer (CFO) and the Chief Human Resources Officer (CHRO) shall establish processes and provide written guidance for requesting an addition or modification of positions.

a. Dual Incumbent Full-Time Equivalents (FTE).

- (i) For exceptional circumstances, Cabinet Members may request in advance a Dual-Incumbent FTE for a position. A Dual-Incumbent full-time equivalent is the temporary assignment of an additional FTE, above what is already authorized in the budget, for an already existing and approved position.
- (ii) Dual Incumbent FTEs may only be requested when the incumbent employee is on extended leave and unable to perform the job duties or when onboarding a new hire and it is imperative that the new hire and the incumbent work concurrently for a period of time.
- (iii) The written guidance provided by the CFO and CHRO shall identify when senior staff, school based administrator, school-based/school facing, and non-school based positions are eligible for Dual Incumbent FTE, the circumstances for which requests for Dual Incumbent FTE may be considered, and whether Departments are responsible to offset the cost of the Dual Incumbent FTE.
- (iv) Written requests for Dual Incumbent FTE must include position name, employee names, reason, beginning and end dates and funding source to cover the cost of the Dual Incumbent FTE as needed. If the requesting Department does not have sufficient funding to cover the cost, the Department should coordinate with the Division of Budget and Financial Analytics.
- (v) If a Dual Incumbent FTE spans across fiscal years, a funding source for each fiscal year must be identified.

MANAGEMENT OF FUNDS

- (vi) All requests for Dual Incumbent FTE must be approved by the CHRO and the CFO in advance.
- (vii) If the request is approved, Business and Financial Services and Human Resources and Talent Development will enact changes in Enterprise Resource Planning (ERP) system. Business and Financial Services will manage position control accordingly.

b. Adding or Modifying Positions.

- (i) Requests to add or modify positions should be addressed through the annual budget development process. Staff may submit Position Change Requests or Off-Cycle Review Requests outside of the annual budget development process under exceptional circumstances.
- (ii) Requests to add or modify positions outside of the annual budget development process must include a specific offsetting cost savings from either Operations and Maintenance (O&M) accounts or non-Full Time Equivalent (FTE) accounts budgeted by the requesting Department
- (iii) All recommendations for offsetting costs will cover expected costs of the position addition or modification from the effective date to the end of the current fiscal year. All recommendations submitted after the “Establish Base Budget” milestone identified in the annual budget calendar will also include offsetting costs for the following fiscal year.

B. Budget Control. Budgetary controls will be established to ensure all programs maintain a positive fund balance across Operations and Maintenance accounts and across Capital Outlay and Capital Acquisitions accounts in all Funds. Discretionary accounts for Salaries-Part Time must also maintain a positive fund balance within each program.
