

ANNUAL OPERATING BUDGET

The annual school budget is the financial outline of Loudoun County Public School's education program. It presents a proposed plan of expenditures and the expected means of financing those expenditures. After adoption, it provides the primary means of managing expenditures.

A. The fiscal year begins on the first day of July and ends on the thirtieth day of the following June.

B. The Superintendent shall prepare, and with the approval of the School Board, submit to the governing body (Board of Supervisors), by the date specified in § 15.2-2503 of the Virginia Code, the estimate of the amount of money deemed to be needed during the next fiscal year for the support of the public schools of the school division. The estimate shall set up the amount of money deemed to be needed for each major classification prescribed by the Board of Education and such other headings or items as may be necessary.

C. The Superintendent or the Chief Financial Officer prepares a budget calendar identifying all deadlines for the annual budgetary process. The calendar includes at least one work session for reviewing the budget and at least one public hearing on the budget. Notice of the time and place for the public hearing is published at least seven days in advance, in a newspaper having general circulation within the school division.

D. Upon funding the school division's budget by the appropriating body, the school division publishes the approved budget in line item form, including the estimated required local match, on its website and the document is also made available in hard copy as needed to citizens for inspection.
