

INSURANCE MANAGEMENT

The School Board shall maintain an insurance and/or self-insurance program, as it deems necessary or is required by law. The program may include, but not be limited to, such insurance coverage as property, liability, surety, workers' compensation, cybersecurity, and automobile loss exposure. Coverage may be provided for certain or all School Board members with the exception of worker's compensation, employees, student teachers, and other persons performing functions or services for any school in the school division, regardless of whether payment is made for such functions or services. Such insurance shall be provided by insurance carriers authorized to do business in Virginia or may be provided by insurance pools, groups, or self-insured programs authorized by the state Bureau of Insurance.

Coverages shall be deemed appropriate to safeguard all property and interests of the Board, Loudoun County Public School Division, and/or its authorized employees or representatives. Where applicable, insurance coverages may contain deductible or self-insured retention provisions as determined by fiscal and risk management considerations.

The Chief Financial Officer or Chief Financial Officer's designee shall be responsible for administering the insurance program for Loudoun County Public School Division.
