

INVENTORY AND REPORTING OF LOSS OR DAMAGE

The Superintendent shall devise an adequate system of inventory of school property to identify items for the purpose of insurance and to control the loss of property. The Department of Business and Financial Services is responsible for the reporting of inventory, assets, and property loss/damage.

A. Inventory. Inventory is the assets owned by Loudoun County Public School (LCPS). Inventory management shall be conducted to ensure that the most economical use of equipment, supplies, textbooks, and library materials is accomplished through adequate accountability, use, maintenance, and disposal practices.

B. Non-capitalized Assets. The Building Administrator is responsible for the accurate inventory of all audiovisual equipment, textbooks, library books, cafeteria food and supplies, technology including computers, printers and furniture, with a value less than \$5,000. Information is reported to federal, state and local authorities as required.

C. Capitalized Assets. All LCPS furniture and equipment purchases valued at \$5,000 or more shall be recorded in the fixed asset system. Donations or purchases with funds provided from sources other than LCPS funds must be reported to the Department of Business and Financial Services. The Building Administrator is responsible for the capitalized assets assigned to his/her school or administrative office(s).

1. The Department of Business and Financial Services shall transmit a capitalized asset report to each Building Administrator once a year. That report shall be reviewed for completeness and accuracy by the Building Administrator, noting any changes, and returned to the Department of Business and Financial Services. An examination of the capitalized assets is included in the scope of the annual audit performed by an independent audit firm.

2. The Department of Business and Financial Services is responsible for the input and maintenance of capitalized assets and for the accuracy of the data in the established financial system.

D. Reporting Losses. All loss of or damage to school property shall be concurrently reported to the Departments of Business and Financial Services and Support Services.
