

FIELD TRIPS

This regulation supplements Policy 5070, Field Trips, by establishing procedures for planning, conducting, and financing field trips in support of instructional programs and student activities.

A. Definitions

1. Instructional Field Trip. Planned outings away from the school involving one or more students under the supervision of a teacher or other school official to enrich and extend the classroom instructional program. Field trips may be required for certain courses. For optional field trips, if a student does not participate, the school will provide an appropriate educational alternative.

2. Student Activity Field Trip. Planned outings away from the school involving one or more students under the supervision of a teacher or other school official in support of academic or athletic teams, performing groups, or other student activities. Student participation is encouraged yet not required by Loudoun County Public Schools (LCPS). Student activity field trips include trips related to interscholastic, co-curricular, and extracurricular activities.

3. Day Field Trips. Planned outings which begin and are completed during regular school hours.

4. Extended Day Field Trips. Planned outings which begin and/or end outside regular school hours.

5. Routine Field Trip. Does not present safety or liability exposures beyond those expected or experienced in the school or classroom (e.g., museum, planetarium, theatre, historical site, etc.); includes both Day Field Trips and Extended Day Field Trips; does not include overnight or international travel; does not include extreme physical exertion activities or water-related activities.

6. Non-Routine Field Trip. Presents increased liability and risk exposure to student safety or to LCPS; includes physical exertion activities or water-related activities (e.g., risks not limited to ropes courses, amusement parks, swimming, boating, etc.); includes both Day Field Trips and Extended Day Field Trips; includes overnight or international travel with overnight lodging away from the students' homes.

B. Sponsorship

1. LCPS-Sponsored Field Trips. Organized and supervised by LCPS staff members using LCPS resources. A booster club or PTA/PTO group may support and provide assistance. The principal should consider the following characteristics about a field trip to determine if it may be considered an LCPS-sponsored optional field trip.

FIELD TRIPS

- a. Takes place during the school day or it is an approved before or after-school field trip.
- b. Relates to curriculum or is recommended for an LCPS class.
- c. Makes use of LCPS resources and communications.
- d. Makes use of LCPS staff members for supervision in the course of their LCPS job duties.

The principal should not approve field trips for sponsorship by LCPS if they are judged to be too great a liability exposure and require the following.

- a. Travel time that is too long for the age of the students involved.
- b. Inordinate expense.
- c. Excessive or inappropriate absence from school.
- d. Trip involves high risk activities (e.g., aviation, bicycling, boating, climbing, trampolines, skiing, scuba diving, white water rafting, etc.)

2. Non-LCPS Sponsored Field Trips. Are independently organized by an employee, booster club, or PTA/PTO group. Non-LCPS independently sponsored field trips and associated fees do not require approval by the principal. The organizer will adhere to the following.

- a. Will provide written notification to students, parents, and other participants in advance that LCPS is not the sponsor of the trip.
- b. Will adhere to the appropriate Community Use of School Facilities directives if a booster club or PTA/PTO is using LCPS facilities.
- c. Will not advertise the trip as LCPS-sponsored or organize it during LCPS contract or instructional time.
- d. Will not name LCPS on any related contract or use school letterhead (including LCPS permission forms and emails) to advertise or convey information about the trip.
- e. Will clearly communicate the cost of the trip per student or participant.

FIELD TRIPS

C. Planning

1. Requirements in Planning for Field Trips. Proper planning and follow-up to each field trip must be carried out by teachers in cooperation with their principals. The trip must make a unique contribution to the accomplishment of specific objectives of the course of study, classroom activity, or co-curricular club activity and/or provide special training that can be accomplished best at a location away from school.

- a. Whenever possible field trips should be scheduled to minimize absence from school.
- b. When planning for a field trip the teacher will:
 - (i) gain the approval of the principal prior to any announcement of the trip to students and parents.
 - (ii) confirm that the trip is part of a planned sequence of educational, athletic, performance group or other student activities and is appropriate for the age of the students.
 - (iii) complete a site visit or other reasonable preparations.
 - (iv) complete and submit to the principal the field trip request form.
 - (v) collaborate with the principal or designee, at least five (5) weeks prior to the date of trip all contracts associated with the requested field trip will be submitted to Procurement/Risk Management for review.
 - (vi) collaborate with the principal or designee, at least four (4) weeks prior to the date of the trip, complete and submit a transportation request in the Trip Tracker on-line system, whether LCPS transportation is required or not.
 - (vii) create a detailed itinerary and give a copy to parents that includes travel and transportation arrangements, food, hotel details, etc. Communicate any updates to parents.
 - (viii) establish contingency plans in the event of bad weather, traffic, emergencies, national safety/security threats, or other unforeseen events. A copy of the plan will be kept on file at the school.

FIELD TRIPS

- (ix) collect completed appropriate field trip permission forms which must be in the trip sponsor's possession during the field trip.
- (x) At the middle and high school levels three additional areas that must be considered when planning a field trip are:
 - (a) the number of students who will be absent from direct instruction by the teacher who is on the field trip.
 - (b) the number of classes that are disrupted because of the absence of students who are on the field trip.
 - (c) the amount time students and teachers on the field trip will be absent from classes.

2. Requirements for Planning with Students

- a. establishing the academic purpose(s) of the field trip;
- b. assigning the information to be obtained and features to be observed;
- c. reviewing previous classroom experiences which provide background for the visit;
- d. providing the safety rules and appropriate dress code in writing;
- e. sharing information on food, rest stop accommodations, communications and contingency plans.

3. Requirements for Planning with Parents

- a. provide specific details on the date(s), destination(s), mode(s) of transportation, information on how the planned trip supports the curriculum and an itinerary of the field trip to allow parents to make informed decisions about their child's participation;
- b. providing field trip permission forms clearly identifying all significant activities. All field trip permission forms for overnight field trips should inform parents in writing of the following:
 - (i) Overnight field trips pose inherent safety risks.

FIELD TRIPS

- (ii) Trips may be cancelled without notice for safety or security reasons.
- (iii) Parents are responsible for all financial arrangements with travel agencies, including the payment of any cancellation penalties.
- (iv) obtaining the appropriate field trip permission forms signed by a parent or guardian for each student who participates in the field trip.

4. Evaluation of the Field Trip. Evaluation of the field trip will include:

- a. appropriate activities for students following the field trip; and
- b. student and teacher assessments to determine if objectives of the trip were met.

D. Approval Process.

1. Procedures for the Approval of Field Trips. A field trip will be considered for approval after the request has been submitted on the appropriate forms and within the time frame explained within this Regulation.

- a. Previously Approved Field Trips. Certain field trips for athletic activities associated with the Virginia High School League (VHSL), music activities associated with the Virginia Music Educators' Association (VMEA), or at the LCPS district level, do not require approval on a trip-by-trip basis. A field trip permission form for the entire athletic season or school year must be on file in the local school for each student. The procedures for requesting transportation for such trips are described in the Transportation section below.
- b. Routine Field Trips. Approval by the principal is required. Requests for Routine Day and Extended Day Field Trips shall be submitted on the appropriate form to the principal at least four (4) weeks in advance of the trip date for approval. The trip organizer, in collaboration with the principal or designee, shall request approval using the following:
 - (i) Request for Approval of Routine Field Trip form.
 - (ii) Parental Permission, Authorization and Acknowledgement of Risk Field Trip form (with the top section completed (school section)).

FIELD TRIPS

- (iii) Trip request to be completed in the Trip Tracker on-line request system.
 - (iv) The parent or guardian of the student must complete and return the Parental Permission, Authorization and Acknowledgement of Risk Field Trip form that was provided by the trip organizer.
 - (v) Review by Procurement/Risk Management is not required.
- c. Non-Routine Field Trips. Includes Continental United States, Alaska, Hawaii, and United States possessions.
- (i) Approval by the principal is required.
 - (ii) Requests for Non-Routine Day Trips, Extended Day Field Trips and Overnight Field Trips (except International field trips) approved by the principal shall be submitted to the Level Director of Instruction or their designee for approval at least five (5) weeks in advance. Requests for Overnight Field Trips which cause students to be absent from school more than five (5) days must be approved by the Assistant Superintendent for Instruction or their designee.
 - (iii) The trip organizer, in collaboration with the principal or designee, must request approval using the following:
 - (a) Request for Approval of Non-Routine Field Trip form.
 - (b) Parental Permission Form.
 - (c) Authorization and Acknowledgement of Risk Field Trip form with the top section completed (school section).
 - (d) A detailed itinerary describing all planned activities, travel arrangements, lodging details (name, address, and telephone numbers), and related contracts.
 - (e) Trip request to be completed in the Trip Tracker on-line request system.
 - (iv) Upon approval by the principal or designee, the request packet must be submitted to Procurement/Risk Management

FIELD TRIPS

for review at least five (5) weeks before the date of the trip. VHSL state-level culminating activities are an exception to this timeline. However, a trip exception should not be construed as an exception to the school bus request. School buses are allocated on a first come, first serve basis.

- (v) The parent or guardian of the student must complete and return the Parental Permission, Authorization and Acknowledgement of Risk Field Trip form that was provided by the trip organizer.

d. Non-Routine Field Trips. International Field Trips.

- (i) All international field trips require approval by the Principal, and review by the Director of High School Education, and the Assistant Superintendent for Instruction. No student shall be required to participate in an international field trip.
- (ii) Travel outside of the continental United States must receive final review by the Assistant Superintendent for Instruction. Copies of such requests approved by the principal shall be forwarded at least three (3) months in advance to the Administrative Assistant to the Assistant Superintendent for Instruction.
- (iii) Prior to principal approval, the trip organizer must review the guidelines outlined in the LCPS Procurement/Risk Management International Travel Guidelines. Tours may be planned to any country or state outside the contiguous United States, with the exception of those with threat levels of 3 or 4, as per the U.S. Department of State.
- (iv) The trip organizer may be any member of the certified teaching staff within a school or, under certain circumstances, members of the central office instructional staff.
- (v) Teachers who initiate the coordination of a trip must inform the principal, receive his/her permission to proceed, and obtain his/her permission to advertise the trip and solicit participants during the school day. Central office instructional staff members will inform their immediate supervisor.
- (vi) Teachers/coordinators will initiate contact with the travel agency and manage and coordinate all activities associated with the trip.

FIELD TRIPS

- (vii) Only LCPS high school students are eligible for international field trips. Each student's principal shall have the authority to deny eligibility on the basis of the student's school conduct record.
- (viii) A teacher/coordinator from one school may solicit student participants from other LCPS schools with the knowledge and permission of all principals involved.
- (ix) The trip organizer must also review the U.S. Department of State website for any current travel warnings or public announcements for countries that may pose a travel risk prior to the students' departure. The trip organizer is also required to monitor the threat level up to the date of departure.
 - (a) Field trips to countries with a threat level of 4 are not permitted.
 - (b) Field trip sponsors of trips to countries that rise to a threat level of 3 should adhere to the following:
 - (1) Consult with the school principal.
 - (2) Communicate the threat level to students and parents.
 - (3) Consider cancellation or rescheduling of the trip.
 - (4) Consider modifying the trip itinerary.
- (x) The trip organizer shall request approval by submitting the (a) completed International Travel Request form; (b) the Parental Permission, Authorization and Acknowledgement of Risk Field Trip form with the section completed (school section); (c) a detailed itinerary describing all planned activities, travel arrangements, lodging details (name, address, and telephone numbers), and related contracts; and (d) complete trip request in the Trip Tracker on-line request system.

FIELD TRIPS

- (xi) The trip organizer must submit the request packet to the Administrative Assistant to the Assistant Superintendent for Instruction after approval by the principal. Allow for at least three (3) months before the planned trip for Procurement/Risk Management to review and comment on the request. After Procurement/Risk Management reviews the request, the request will be forwarded to the Assistant Superintendent for Instruction for final review.
- (xii) The trip organizer must host a meeting to provide parents with the following details regarding the trip prior to departure:
 - (a) Itinerary, including planned activities, travel arrangements, and lodging details.
 - (b) Emergency Contacts. Establish a coordinated communication plan and discuss the details with parents and all trip participants.
 - (c) Financial Policies. LCPS is not responsible for advance payments or lost funds if a trip is canceled because of safety concerns or for any other reason. Parents should receive a copy of any travel agency refund policies related to the trip before they sign up or pay for the trip.
 - (d) It is recommended that the trip organizer develop a detailed outline of the trip and travel logistics to present at the meeting with participating students and families to have an open discussion of the trip details and to answer questions.
 - (e) The parent or guardian of the student must complete and return the Parental Permission, Authorization and Acknowledgement of Risk Field Trip form that was provided by the trip organizer.
 - (f) The trip organizer must enroll in the free Smart Traveler Enrollment Program (STEP) offered by the U.S. Department of State to receive automatic updates on travel warnings and assistance during emergencies. Go to <http://travel.state.gov/content/passports/english/go/step.html> It is recommended that all trip participants enroll.
 - (g) Threat levels must be checked before and during the

FIELD TRIPS

field trip. Threat levels, as determined by the federal government for the country being visited, must be evaluated by going to the U.S. Department of State website. If the threat level increases, the Assistant Superintendent for Instruction and the Director of High School Education will be notified by the principal and a decision reached to notify parents of the threat level change, changes in the itinerary, and/or cancelation of the trip.

- (h) The principal or administrative supervisor shall, as they deem necessary or unavoidable, have the authority to affect changes in the trip itinerary, cancel the trip, and institute procedures not otherwise covered elsewhere in the Field Trip Regulations.

E. Appropriated Funds. Funds appropriated for required field trips are allocated to the Department of Instruction and provided on a per pupil allotment basis to each school to cover the cost of transportation and to pay admission or special fees associated with a required Routine Regular Day or Extended Day Field Trip.

F. Non-Appropriated Funds. Fees associated with an optional field trip may be passed on to students if approved by the principal. The fees may not exceed the cost of the field trip. The cost of the field trip may include the cost of a reasonable number of chaperones. Communications to parents or students requesting payment of student fees must include information regarding the availability of financial assistance, including fee waivers. See Policy and Regulation 4020, Student Fees and Charges, for more information about student fees.

G. School Board and School Funds. No School Board or school funds will be committed to underwrite a trip or to reimburse individuals for financial loss due to trip cancellation or modification for loss of money or possessions during the trip.

H. School Activity Funds. School activity funds may be used to fund field trips when the field trip will benefit the student body. The principal is responsible for the decision to use school activity funds for a field trip.

I. PTA/PTO Groups, Booster Clubs, and Other Local Organizations. PTA/PTO groups, booster clubs, and other local organizations may provide funds for field trip transportation and fees with the approval of the principal.

J. Advance Payments. LCPS is not responsible for reimbursement to parents or students for money submitted as "advance payments" (e.g., Broadway shows, transportation, hotels, tours, etc.) for any cancelled field trip.

FIELD TRIPS

K. Securing Substitutes. Provisions for securing substitutes are as follows:

1. Substitutes will not be provided for elementary field trips unless the trip does not include a teacher's entire class.

2. Substitutes may be provided with proper justification for middle and high school field trips.

3. Substitutes for teachers will not be provided for field trips using appropriated funds, except for VMEA All-State events and VHSL tournaments taking place during school time. All other substitutes hired specifically for field trip purposes will be funded from non-appropriated funds and considered a cost of the field trip.

L. Cancellation of Field Trips. If school is canceled, delayed or dismissed early due to inclement weather or other reasons involving student safety or security, field trips may be canceled. Announcements will be made if campus delayed openings occur which may allow activities to continue. In some cases, authorization to proceed with a scheduled field trip when school is canceled, delayed, or dismissed early may be granted. A principal may request permission from the level office, which will consult with the Department of Support Services, to allow Non-Routine Field trips, such as trips out of the area. It is the responsibility of the principal to ensure student safety by monitoring travel conditions prior to requesting an exception.

M. Supervision. Effective supervision is critical to ensure the safety and success of field trips and activities.

1. Chaperones. At least one (1) teacher, coach, other LCPS staff member, or designated school official must accompany each class or group of students on a field trip or when traveling to a contest or competition. An LCPS employee authorized by the principal must attend every LCPS sponsored student field trip.

- a. Additional adult chaperones shall be provided based on the ratio of no less than one (1) chaperone per each ten (10) students for Routine Field Trips and one (1) chaperone per each eight (8) students for Non-Routine Field Trips.
- b. The principal will approve the individuals volunteering as chaperones for a field trip.
- c. Elementary students will have no unsupervised time while on a field trip.

FIELD TRIPS

- d. Middle and high school students may have limited unsupervised time while on a field trip.
- e. Adults who volunteer as field trip chaperones shall adhere to the following guidelines:
 - (i) Parents or guardians who currently have children enrolled in Loudoun County Public Schools may volunteer to chaperone school sponsored field trips. At the principal or program administrator's discretion, other adults who are a minimum of twenty-one (21) years of age may volunteer as chaperones.
 - (ii) Chaperones are prohibited from taking siblings of participating students or other children on LCPS sponsored field trips.
 - (iii) Any individual who is listed in the Virginia Sex Offender Registry or has been convicted of any offense related to children will not be permitted to chaperone a field trip.
 - (iv) Chaperones are expected to support the LCPS trip sponsor at all times, in all decisions, and with policies.
 - (v) Chaperones are expected to arrive on time, remain with the group, and report to their designated assignments.
 - (vi) A chaperone will never leave a student alone or apart from the trip activities for any reason. If a student is ill and unable to participate in planned activities, at least one chaperone must stay with the student at all times.
 - (vii) Smoking or drinking alcoholic beverages by any participant is prohibited while on LCPS field trips, including International Field Trips.
 - (viii) Chaperones are expected to assist in supervising students at all times during the trip as directed by the trip sponsor. For overnight field trips, no adult will share a room with a student unless that adult is the student's parent or legal guardian.
 - (ix) The Student Rights and Responsibilities Handbook and all School Board policies and regulations apply to all students and staff on all LCPS-sponsored field trips.

FIELD TRIPS

N. Medication Administered by LCPS Staff. Medication may be possessed and administered to students by LCPS employees that have been trained and approved to do so by LCPS.

1. A trained LCPS staff member must accompany students who require medication and/or health procedures as specified in their Individualized Health Care Plans and/or Emergency Action Plans.

2. LCPS staff will provide an alphabetized list of students participating in the field trip to the School Nurse or Health Clinic Specialist no later than two (2) weeks prior to the date of the field trip.

3. Student confidentiality regarding medication and/or health procedures shall be maintained.

4. Volunteers and chaperones who are not employees of LCPS are prohibited from carrying student medication and medication orders and from administering student medication and from performing health procedures for students.

5. LCPS staff will call 911 after the administration of an EpiPen, Diastat, or solucortef or Glucagon. The student will be transported to a medical facility for evaluation and accompanied by an LCPS staff member.

O. Medication Administered by Staff and/or Students. Students may be permitted to carry prescription or non-prescription medication on overnight and/or foreign field trips under the following conditions:

1. Physician's orders and written parental permission will be required for all prescription medication that is to be carried by the student or administered by staff members. Staff members must be trained and approved in accordance with Policy 8420, Student Medication.

2. Over-the-counter (OTC) medications may be carried and self-administered by the student or administered by school staff that have received Medication Administration Training and with written parental permission (using the LCPS Authorization for Medication Administration Form) and authorization by LCPS.

3. All prescription and OTC medication and paperwork will be submitted to the school nurse for verification and completeness no later than two (2) weeks prior to the departure date of the field trip.

4. Parents/guardians must supply both the OTC medication and/or

FIELD TRIPS

prescription medication for the overnight or foreign field trip. Medication will not be provided by the school health office. The OTC medication must be stored in the original manufacturer's container with no more medication than is required for the duration of the field trip. The prescription medication must be stored in the pharmacy-dispensed and labeled prescription container with no more medication than what is required for the duration of the field trip.

P. Searches for Overnight Trips

1. Parents will certify that they have searched the student's luggage and that it does not contain any illegal or prohibited items.

2. Parents will give consent to officials of LCPS and designated representatives to search, at their discretion, the student's belongings, lodging space and luggage prior to, and while on the trip.

Q. Removal from Field Trip Participation. Students and parents will acknowledge that if the student engages in any illegal or prohibited activities or is found in possession of any illegal or prohibited items as listed in the Student Rights and Responsibilities Handbook while on the trip, the parent will be contacted, and the student may be immediately sent home or picked up by the parents at the parent's sole expense.

R. Transportation. Procedures for Requesting and Receiving Approval of Transportation Services.

1. Requesting Transportation. All requests for field trips and transportation for field trips will be submitted by the principal or their designee to the Transportation Division via the web-based Trip Tracker system. The Trip Tracker system records all LCPS field trip activity whether transportation is requested or not.

a. Modes of Transportation.

- (i) LCPS school buses or designated fleet vehicles are for trips of up to one hundred (100) miles outside the Commonwealth of Virginia.
- (ii) Transportation for VHSL events during the regular season and district level competition will be provided via school bus when available, on a first come, first serve basis.
- (iii) With principal approval, leased/rented, commercial, LCPS owned, or parent-driven vehicles by authorized licensed drivers may be used for approved LCPS sponsored field trips.

FIELD TRIPS

- (iv) After appropriate approvals have been received, transportation for trips over one hundred (100) miles outside of the Commonwealth of Virginia must be arranged by commercial charter bus, rail, or air carrier.
- (v) Leased or rented vehicles must have prior approval by the principal or a central office administrator and shall be rented according to the most current edition of the LCPS Rental Car Guidelines.
- (vi) All potential drivers must be named on the lease.
- (vii) All drivers must complete the LCPS Field Trip Driver's License and Vehicle Insurance Information Form. The completed forms must be kept on file at the school.
- (viii) The school principal or central office administrator authorizes the vehicle rental and is responsible for all charges and costs associated with the leased/rented vehicle(s) such as rental fees, fuel charges, tolls, parking fees, etc.
- (ix) A list of approved commercial bus carriers is maintained by the Transportation Services Department and the Procurement/Risk Management Office. The approved carriers meet insurance and criminal certification requirements and may be found at the Procurement/Risk Management or the Transportation services websites.
- (x) Privately owned vehicles may be used with the prior approval of the principal.
- (xi) All drivers must complete the Field Trip Driver's License and Vehicle Insurance Information. Completed forms must be kept on file at the school.
- (xii) The school principal or central office administrator is responsible for the funding of mileage reimbursement for use of approved privately owned vehicles. Mileage expense reimbursement is intended to cover the cost of fuel, tolls, insurance, and vehicle maintenance expenses.

2. Vehicle Capacity – Use Other than Buses

FIELD TRIPS

- a. Vehicles used to transport ten (10) or more students must be approved school buses or commercial buses.
- b. Fifteen (15) passenger vans are not allowed. Larger groups must use multiple vehicles, commercial carriers, or school buses.
- c. Vans with a capacity greater than ten (10) passengers (including the driver) are prohibited from transporting students in accordance with federal and state directives.
- d. Groups of fewer than ten (10) students, staff, and faculty may travel by vehicles designed to transport ten (10) passengers or less (a maximum of one (1) driver and nine (9) passengers).
- e. All field trip vehicles must meet Federal Motor Vehicle Safety Standards (FMVSS) specifications and state standards applicable to passenger car occupant protection criteria at the time the vehicle was manufactured. These standards and limitations include occupant capacity established by available seat belts, hauling weight capacity, towing weight, etc. Further, each passenger transported in a vehicle other than a bus must have a seat and seat belt that are certified by the vehicle manufacturer. Owner or dealer-installed seats and/or seat belts are not certified.

3. School Bus Transportation. Local field trips shall be planned to allow the LCPS bus(es) to return to the base school in time for their regularly scheduled run.

- a. Assignment of school buses and Drivers. Field trips will be supported by Transportation Services subject to driver and equipment availability.
- b. The request for a school bus must be made using the online Trip Tracker field trip system. Submit the request for school buses upon approval of the field trip by the principal. Allow for at least four (4) weeks before the planned trip for the request to be reviewed in the Trip Tracker system approval path.

4. Bus Passenger Safety.

- a. All passengers must be safely seated before any bus shall be permitted to move. Under no circumstances shall passengers be allowed to sit on floors, on the laps of other passengers, in aisles, in the driver's compartment area, or in the stairwell (LCPS bus drivers shall immediately report any violation of these rules to their Transportation Supervisor).

FIELD TRIPS

- b. Extreme caution in the operation of vehicles shall be exercised when hazardous conditions, such as those caused by snow, ice, sleet, fog, mist, rain, dust, or smoke, adversely affect visibility or traction. Speed shall be reduced when such conditions exist. If conditions become sufficiently dangerous, the operation of the vehicle shall be discontinued and shall not be resumed until the vehicle can be safely operated. Whenever compliance with the foregoing provisions of this rule increases hazards to passengers, the vehicle may be operated to the nearest point at which the safety of passengers is assured. When transportation is provided by LCPS buses, the bus driver(s) shall determine the extent of the hazardous conditions and if the buses can be safely operated.
- c. Only authorized passengers will be permitted to ride a bus on field trips. Authorized passengers are limited to students, teachers, chaperones, coaches, or other school personnel with assigned responsibilities, and will be approved in advance by the principal. The number of authorized passengers transported must not exceed the vehicle capacity. (Children of a school bus driver are authorized to ride if space is available) in accordance with the rules, regulations and practices of the Transportation Division.
- d. Food is not to be consumed on the school bus while on a field trip. This is to protect the students of LCPS that suffer from severe food allergies, potential choking and the overall cleanliness of LCPS buses. The only beverage allowed will be water. Note: if a LCPS student has a medically required need to have food on hand, Transportation Services will make a reasonable accommodation.
- e. All accidents must be immediately reported to the police at the time of the accident and to LCPS Dispatch/Safety and Security. Wait for police/rescue to arrive; note the date and time of the accident; gather information on all drivers and passengers and vehicles involved to include name, address, phone number, insurance company, policy number, driver's license number, license plate number, make, model, and year of the vehicle; note eyewitness contact information, accident scene location/address; police officer's name, badge number and police report number. If it is safe to do so, take photographs of all vehicles involved as well as the accident scene.
