SPECIAL EDUCATION PROGRAMS

A. Purpose.

The Division Superintendent will establish administrative procedures to be implemented whenever a self-contained special education program is to be moved to a different location or when a new program is to be established in a school.

The Division Superintendent is authorized to promulgate procedures to implement this policy as needed.

B. Content of Procedures.

The content of procedures referenced in subsection A will include the following factors:

1. At the end of each school year, the special education administration will evaluate the IEPs, and on the basis of multiple factors, project enrollments for the following school year.

2. If it is determined that an existing program needs to be moved to a different location or a new program needs to be added, parents of impacted students will be notified in writing of the change.

3. Parent notification will be facilitated in accordance with the accompanying regulation.

The various factors that contributed to the decision to recommend a particular site will be outlined. Parents will then be provided the opportunity to communicate their feelings about the staff's recommendations.

Following the notification, any public input/reaction will be considered by the appropriate administrative staff in reaching a final decision.

This policy shall not be construed to modify any student rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.
